Question 1: We would appreciate clarification regarding the document safeguarding requirement under this solicitation. If performance under this contract will occur in Government-provided space and contractor personnel will not be authorized to perform remote work, will the Government consider removing or modifying the contractor document safeguarding requirement, since classified information and materials would remain under Government control within Government facilities?

Government Answer: The effort is accomplished in a government facility however, this does not remove the responsibility of all individuals safeguarding documentation from CUI to classified.

Question 2: In reference to the DC3 SETA opportunity, can the Govt please clarify the number of required key personnel resumes to be included with the submission. We are not clear based on the language included in the Section L instructions and SOW Appendix A.

Government Answer: Only one key personnel resume is required as only one key personnel is required for the base and options years. As a reminder the base year will consist of 8 FTE's and 5 FTE's for the option years.
