A.1 DESCRIPTION OF THE ACTION

A.1.1 This solicitation is issued under the authority of 41 United States Code (USC) Section 1903, Special Emergency Procurement Authority, as implemented by Federal Acquisition Regulation (FAR) Subpart 18.001, Emergency Acquisition Flexibilities, and is intended to result in the award of a five-year, firm-fixed price, Indefinite Delivery/Indefinite Quantity (IDIQ) type contract with first delivery order under FAR 16.504, Indefinite-Quantity Contracts, for the supplies specified. The resulting contract will establish pricing that remains in effect for the period identified in the Schedule. Delivery orders will be placed as Government needs arise.

A.1.2 For further guidance related to a IDIQ type contract, refer to FAR Subpart 16.5, Indefinite-Delivery Contracts.

A.1.3 The quantities listed in CLINs 0011-0015 of this solicitation and the resulting contract are estimates only and not a representation that they will be ordered, nor is it a representation that conditions affecting Government needs will be stable.

A.1.4 As further detailed in Section B, the resulting contract will consist of one initial delivery, to be executed at contract award, plus five ordering years (OYs). The total estimated production quantity for each OY is as follows:

| CLIN | OY | NSN              | PART NO.   | EST. QTY      |
|------|----|------------------|------------|---------------|
| 0011 | 01 | 6665-01-546-4513 | 5-15-30819 | 285 Each (EA) |

A.1.5 Under an IDIQ contract, the U.S. Army Contracting Command - Detroit Arsenal (ACC-DTA) guarantees to buy only the minimum quantity. Once the minimum guaranteed amount has been met, the Government is under no obligation to order additional quantities under the resulting contract. Additional quantities above the minimum order may be placed up to the maximum quantity for the five-year IDIQ contract, if the Government requires them. Specified minimum and maximum quantities will apply to the entire five-year contract and the cumulative total for all delivery orders will not exceed the maximum quantities for each CLIN in the contract.

A.1.6 In accordance with FAR 16.504-1, the minimum quantity of supplies that the Government will acquire under this contract is 15 Each. The Government will satisfy this minimum quantity requirement by issuing a first delivery order at contract award.

Minimum Guaranteed Contract Quantity: 15 EA  
Maximum Five-Year Quantity: 856 EA

A.1.7 Delivery orders will be awarded in accordance with FAR clause 52.216-18, Ordering; FAR clause 52.216-19, Order Limitations; FAR clause 52.216-22, Indefinite Quantity; and Section B of this solicitation.

DESCRIPTION/SPECIFICATIONS/WORK STATEMENT

C.1 TECHNICAL DATA PACKAGE INFORMATION

The following Xd item applies to this solicitation:

[ ] There is no Technical Data Package (TDP) included with this solicitation.

[X] The TDP for this solicitation resides within the System for Award Management (SAM)(<https://SAM.gov>) associated with this solicitation number:

W912CH-26-R-0075

To access the data through SAM:

- Log on to the SAM web site: <https://SAM.gov>
- Search for the solicitation number.
- Click on the attachment you would like to view.
- If the attachment is restricted, request access to the document.

C.1.1 TDPs that have an Export Control Warning Notice are subject to the Arms Export Control Act (Title 22, U.S.C., Sec 2751, et.seq.) or the Export Administration Act of 1979, as amended, Title 50, U.S.C, App. 2401 et. seq..

C.1.2 Further dissemination must be in accordance with provisions of DoD Directive 5230.25. This also applies to distribution of the TDP to all SUBCONTRACTORS at every level.

C.1.3 To obtain these TDPs, contractors must have a current DD 2345, Militarily Critical Technical Data Agreement on file with Defense Logistics Information Service (DLIS). To obtain certification, go to <https://public.logisticsinformationservice.dla.mil/jcp/search.aspx>

C.1.4 Upon completion of the purposes for which Government Technical Data has been provided, the Contractor is required to destroy all documents, including all reproductions, duplications, or copies thereof as may have been further distributed by the Contractor. Destruction of this technical data shall be accomplished by: shredding, pulping, burning, or melting any physical copies of the TDP and/or deletion or removal of downloaded TDP files from computer drives and electronic devices, and any copies of those files.

C.1.5 If technical data is otherwise restricted, select Request Explicit Access. This will generate an email to the Contract Specialist and Contracting Officer at Army Contract Command - Warren (DTA) with all the information needed to grant contractor access to restricted documents. SAM will automatically generate an email stating when the requesting contractor has permission to view or download TDP items.

C.1.6 If multiple individuals in the contractors organization need access to the Technical Data Package (TDP) for a solicitation and an explicit access request is required, each individual MUST submit an explicit access request to be granted approval to view the TDP. Those same individuals MUST be registered in SAM. Any individuals no longer with the company should be deleted. Questions related to registration in SAM should be directed to <https://www.sam.gov/>. The SAM helpdesk phone number is (866) 606-8220. Vendors are responsible for placing correct information in SAM.

C.1.7 It is strongly suggested that contractors submit the explicit access request and provide the buyer with the completed Use and Non-Disclosure Agreement at the same time if the solicitation requires both to gain access to view the TDP.

C.2 CONFIGURATION MANAGEMENT DOCUMENTATION

C.2.1 The Contractor may submit Engineering Change Proposals (ECPs), Requests for Variance (RFVs), and Notices of Revision (NORs) for the requirements in the Government-provided Technical Data Package (TDP).

C.2.2 The Configuration Change Management section of SAE EIA-649-1(current revision) Configuration Management Requirement for Defense Contracts, Paragraph 3.3, shall be used for configuration control of material with the following exclusions: paragraph 3.3(3); the second sentence of paragraph 3.3.1.8.1(1).

C.2.3 Furnished item(s) shall conform to the approved configuration requirements/revision, unless a Request for Variance (RFV) is processed and approved as provided by Paragraph C.4.6 below. The term "Request for Variance" includes Requests for Deviations and Waivers.

C.2.4 Value Engineering Change Proposals (VECPs) for cost saving improvements to the TDP should not be processed per SAE EIA-649-1 and should be referred to Section I FAR Clause 52.248-1 - Value Engineering.

C.2.5 All ECPs submitted will be deemed routine. If an ECP is considered as an emergency or urgent; that justification for the rationale shall be included in the ECP submittal with all applicable supporting documentation.

C.2.6 For ECPs, RFVs, or NORs, the Contractor must submit the documentation listed in sub-paragraphs C.2.6.1 through C.2.6.3. Failure to submit a complete legible package may result in return of the ECP/RFV/SCN/NOR without processing.

C.2.6.1 for ECPs, the Contractor shall prepare and deliver the ECP in accordance with (IAW) CDRL A001.

C.2.6.2 for RFVs, the Contractor shall prepare and deliver the RFV IAW CDRL A002.

C.2.6.3 for NORs, the Contractor shall prepare and deliver the NOR IAW CDRL A003.

C.2.7 The Governments acceptance of the data deliverable required by CDRL/DD Form 1423 in C.2.6.1 - C.2.6.3 above signifies only that the data satisfies the requirements of the DID and is considered acceptable for Government processing. Acceptance of the data deliverable does not signify "technical approval" of the change proposed by the deliverable and should not be interpreted as authorizing the Contractor to proceed with the work proposed by the change. Disposition of the change (approval/disapproval) will follow acceptance of the CDRL at the Governments sole discretion. Incorporation of an approved RFV or ECP will require execution of a contract modification.

C.2.8 The Contractor should direct questions regarding the status of an ECP or RFV to the Procuring Contracting Officer (PCO) and copy the Administrative Contracting Officer (ACO).

- DA personnel scheduled to travel (official, unofficial, permanent change of station) to or through countries with a high foreign intelligence or terrorist threat level as identified by Defense Intelligence Agency or the Department of State, will receive a special CIAR briefing prior to the travel and will be debriefed upon return. AR 38112 13 June 2025 11

- Such personnel will receive foreign intelligence threat briefings prior to foreign travel or event.
- Personnel with access to Sensitive Compartmented Information and Special Access Programs.
- Personnel assigned to or supporting defense critical infrastructure or associated assets, pursuant to DoDD 3020.40 and DoDI 5240.19, will receive an in-person special CIAR briefing on an annual basis. - Professional and educational exchange programs with foreign governments.

C.7.2.1 These briefings will be tailored to the particular risk or threat involved, including methods the person may use to minimize the risk, and will place special emphasis on reporting responsibilities. Debriefings will be conducted as soon as feasible following completion of travel, duty, or visit to a foreign country, or attendance at a conference with foreign personnel by an ACI Special Agent. Failure to receive training does not relieve individuals from their reporting responsibilities in chapter 4 of this regulation.

**C.8 USE OF CLASS I and CLASS II OZONE DEPLETING SUBSTANCES**

**C.8.1 Definitions.**

C.8.1.1 Class I and Class II Ozone-Depleting Substances (CIODS) refers to the class of substances identified in Section 602(a) of the Clean Air Act, (42 U.S.C. 7671a(a)), complete list provided at:

STATEMENT OF WORK:  
SPECIAL PACKAGING INSTRUCTIONS

D.1 Military preservation, packing, and marking for the item identified above shall be accomplished in accordance with the specific requirements identified below, all the applicable requirements of, MIL-STD-2073-1 and the Special Packaging Instruction (SPI) contained in the TDP.

D.1.1 PRESERVATION: MILITARY

D.1.2 LEVEL OF PACKING: B

D.1.3 QUANTITY PER UNIT PACKAGE: 001

D.1.4 SPI NUMBER P5-15-30819, DATED25 JUNE 25, REV A

D.1.5 Unitization: Shipments of identical items going to the same destination shall be palletized if they have a total cubic displacement of 50 cubic feet or more unless skids or other forklift handling features are included on the containers. Pallet loads must be stable, and to the greatest extent possible, provide a level top for ease of stacking. A palletized load shall be of a size to allow for placement of two loads high and wide in a conveyance. The weight capacity of the pallet must be adequate for the load. The pallet shall be a 40 x 48 inch, 4-way entry pallet although variations may be permitted as dictated by the characteristics of the items being unitized. The load shall be contained in a manner that will permit safe handling during shipment and storage.

D.1.6 Marking: In addition to any special markings called out on the SPI;

D.1.6.1 All unit packages, intermediate packs, exterior shipping containers, and, as applicable, unitized loads shall be marked in accordance with MIL-STD-129, including bar coding and a MSL label. The contractor is responsible for application of special markings as discussed in the Military Standard regardless of whether specified in the contract or not. Special markings include, but are not limited to, Shelf-life markings, structural markings, and transportation special handling markings. The marking of pilferable and sensitive materiel will not identify the nature of the materiel. Passive RFID tagging is required in all contracts that contain DFARS clause 252.211-7006. Contractors must check the solicitation and/or contract for this clause. For details and most recent information, see <http://www.acq.osd.mil/log/sci/ait.html> for the current DoD Suppliers' Passive RFID Information Guide and Supplier Implementation Plan. If the item has Unique Item Identifier (UII) markings then the concatenated UII needs to be 2D bar coded and applied on the unit package, intermediate and exterior containers, and the palletized unit load.

D.1.7 Heat Treatment and Marking of Wood Packaging Materials: All non-manufactured wood used in packaging shall be heat treated to a core temperature of 56 degrees Celsius for a minimum of 30 minutes. The box/pallet manufacturer and the manufacturer of wood used as inner packaging shall be affiliated with an inspection agency accredited by the board of review of the American Lumber Standard Committee. The box/pallet manufacturer and the manufacturer of wood used as inner packaging shall ensure tractability to the original source of heat treatment. Each box/pallet shall be marked to show the conformance to the International Plant Protection Convention Standard. Boxes/pallets and any wood used as inner packaging made of non-manufactured wood shall be heat-treated. The quality mark shall be placed on both ends of the outer packaging, between the end cleats or end battens; on two sides of the pallet. Foreign manufacturers shall have the heat treatment of non-manufactured wood products verified in accordance with their National Plant Protection Organization's compliance program. In addition, wood used as dunnage for blocking and bracing, to include ISO containers, shall be ordered with ALSC certified marking for dunnage or the markings may be applied locally at two foot intervals.

D.1.8 This SPI has been validated and the method of preservation/packing has proven successful in meeting the needs of the military distribution system, including indeterminate storage and shipment throughout the world. Special instructions and/or tailoring of the SPI is detailed in the Supplemental Instructions below. A prototype package is required to validate the sizes and fit requirements of the SPI. Minor dimensional and size changes are acceptable provided contractor provides the PCO and ACO with notification 60 days prior to delivery. Any design changes or changes in the method of preservation that provide a cost savings without degrading the method of preservation or packing or affecting the serviceability of the item will be considered and responded to within 10 days of submission to PCO and ACO. Government reserves the right to require testing to validate alternate industrial preservation methods, materials, alternate blocking, bracing, cushioning, and packing.

D.1.9 Hazardous Materials (as applicable):

D.1.9.1 Hazardous Materials is defined as a substance, or waste which has been determined by the Secretary of Transportation to be capable of posing an unreasonable risk to health, safety, and property when transported in commerce and which has been so designated. (This includes all items listed as hazardous in Titles 29, 40 and 49 CFR and other applicable modal regulations effective at the time of shipment.)

D.1.9.2 Unless otherwise specified, packaging and marking for hazardous material shall comply with the requirements for the mode of transport and the applicable performance packaging contained in the following documents:

E.5.2 If the contractor is not the actual manufacturer of the item being procured (i.e. dealer, distributor, etc.) the contractor shall ensure that subcontractor technical data is available for review to support the Government's inspection requirements.

E.6 USE OF MIL-STD 1916

E.6.1 The Government will not accept lots whose samples submitted for acceptance contain non-conformances unless appropriately documented and approved by the contracting officer. The contractor shall use MIL-STD 1916, DOD Preferred Methods of Acceptance of Product. The Verification Level (VL) shall be VL I for major characteristics and VL II for minor characteristics.

E.6.2 MIL-STD HDBK-1916 provides guidance on the use of MIL-STD 1916. This handbook is not contractually binding.

E.7 PRODUCTION LOT TESTING (CONFORMANCE INSPECTION Contractor)

E.7.1 The Contractor shall conduct production lot testing (PLT) for each production lot to be tendered to the Government for acceptance.

E.7.2 A lot shall consist of the items produced by one manufacturer, at one plant, from the same materials, under the same manufacturing conditions, and at the same time. Samples shall be randomly selected from lots. Sampling shall be in accordance with ANSI/ASQ Z1.4, general inspection level II, unless otherwise specified. If required, special sampling, inspection, and acceptance criteria are contained in Part III of QAP 5-15-30819.

E.7.3 The samples shall be randomly selected from the entire lot by, or in the presence of, the Government Quality Assurance Representative (QAR). The Contractor shall notify the QAR in writing at least five (5) business days in advance, when the lot is ready for sample selection. The Contractor shall inspect production lots for conformance to the contracts requirements prior to selecting PLT samples. Unless otherwise authorized by the Contracting Officer, test samples shall not be submitted pursuant to this provision where the Contractor has determined that the lot does not conform to all contract requirements.

E.7.4 Within 15 days of completing PLT on any given lot, the Contractor shall deliver to the Government a report, in accordance with CDRL A006, that documents whether production lots conform to PLT requirements in the Technical Data Package. The PLT report shall verify whether all required inspections and tests have been completed successfully. The report shall be submitted to the Government in accordance with CDRL A006 in Section J.

E.7.5 Within 30 workdays after receipt of the PLT report, the Government will notify the Contractor in writing whether the specific lot has been approved, conditionally approved, or rejected. The Contractor shall maintain PLT report(s) for a period of two years after contract expiration, during which time they shall be available for Government review.

E.7.6 If the PLT sample fails to meet any contractual requirement, the lot from which the test samples were drawn shall be rejected by the Government. In that event, the Contractor shall take immediate corrective action at no increase in the contract price, and shall submit an additional PLT sample (from the Government approved repair/reworked lot or from a new lot) for inspection. Corrective action shall apply to all items including, if applicable, basic items, repair parts, and in-process or final assembly items produced or in

| (a) The Contractor shall test three (3) units of Sample Canister (NSN: 6665-01-546-4513, Part Number: 5-15-30819) as specified in this contract. At least 15 calendar days before the beginning of first article tests, the Contractor shall notify the Contracting Officer, in writing, of the time and location of the testing so that the Government may witness the tests.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |                        |                                                                                                               |             |
| (b) The Contractor shall submit the first article test report within 45 calendar days from the date of this contract in accordance with CDRL A004, marked "First Article Test Report: Contract No. _____, CLIN 0016". Within 30 calendar days after the Government receives the test report, the Contracting Officer shall notify the Contractor, in writing, of the conditional approval, approval, or disapproval of the first article. The notice of conditional approval or approval shall not relieve the Contractor from complying with all requirements of the specifications and all other terms and conditions of this contract. A notice of conditional approval shall state any further action required of the Contractor. A notice of disapproval shall cite reasons for the disapproval.                                                                                                                                                      |                        |                                                                                                               |             |
| (c) If the first article is disapproved, the Contractor, upon Government request, shall repeat any or all first article tests. After each request for additional tests, the Contractor shall make any necessary changes, modifications, or repairs to the first article or select another first article for testing. All costs related to these tests are to be borne by the Contractor, including any and all costs for additional tests following a disapproval. The Contractor shall then conduct the tests and deliver another report to the Government under the terms and conditions and within the time specified by the Government. The Government shall take action on this report within the time specified in paragraph (b) above. The Government reserves the right to require an equitable adjustment of the contract price for any extension of the delivery schedule, or for any additional costs to the Government related to these tests. |                        |                                                                                                               |             |
| (d) If the Contractor fails to deliver any first article report on time, or the Contracting Officer disapproves any first article, the Contractor shall be deemed to have failed to make delivery within the meaning of the Default clause of this contract.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |                        |                                                                                                               |             |

(a) Definitions. As used in this clause

Long-term contract means a contract of more than five years in duration, including options. Small business concern

(2) Affiliates, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(a) This provision does not apply to acquisitions at or below the simplified acquisition threshold or to acquisitions of commercial products and commercial services as defined at FAR 2.101.

(b) Certification. [Offeror shall check either (1) or (2).]

- \_\_\_ (1) The Offeror certifies that--
- (i) It does not engage and has not engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). \_\_\_ (2) The Offeror is providing separate information with its offer in accordance with paragraph (d)(2) of this provision.

(c) Procedures for reviewing the annual unclassified report (see paragraph (b)(1) of this provision). For clarity, references to the report in this section refer to the entirety of the annual unclassified report, including any separate reports that are incorporated by reference into the annual unclassified report.

(1) Check the table of contents of the annual unclassified report and the country section headings of the reports incorporated by reference to identify the foreign countries listed there. Determine whether the Offeror or any person owned or controlled by the Offeror may have engaged in any activity related to one or more of such foreign countries.

(2) If there may have been such activity, review all findings in the report associated with those foreign countries to determine whether or not each such foreign country was determined to be in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or to be not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. For clarity, in the annual report an explicit certification of non-compliance is equivalent to a determination of violation. However, the following statements in the annual report are not equivalent to a determination of violation:

- (i) An inability to certify compliance.
- (ii) An inability to conclude compliance.
- (iii) A statement about compliance concerns.

(3) If so, determine whether the Offeror or any person owned or controlled by the Offeror has engaged in any activity that contributed to or is a significant factor in the determination in the report that one or more of these foreign countries is in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. Review the narrative for any such findings reflecting a determination of violation or non-adherence related to those foreign countries in the report, including the finding itself, and to the extent necessary, the conduct giving rise to the compliance or adherence concerns, the analysis of compliance or adherence concerns, and efforts to resolve compliance or adherence concerns.

(a) Definitions. As used in this provision--

"Foreign person" means any person other than a United States person.

"Specified Federal procurement payment" means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area.

"United States person as defined in 26 U.S.C. 7701(a)(30) means--

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available via the internet at [www.irs.gov/w14](http://www.irs.gov/w14). Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that--

(1) It ☐ is ☐ is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that--I am claiming on the IRS Form W-14 ☐ a full exemption, or ☐ partial or no exemption [Offeror shall select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then--

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.

**L.1 GENERAL PURPOSE INFORMATION**

L.1.1 The proposal, subject to the Submission, Modification, Revision, and Withdrawal paragraph of Instructions to Offeror(s) Competitive Acquisitions (FAR Provision 52.215-1) contained in Section L of the solicitation, shall be submitted in the format and quantities set forth below. All information necessary for review and evaluation of a proposal is to be contained in the proposal. The offeror's proposal, as required by this section, will be evaluated as set forth in Section M of the solicitation. The Government will not assume the offeror possesses any capability, with adequately detailed information, which clearly demonstrates an understanding of the ability to comply with the solicitation requirements to allow for a meaningful evaluation. The Government does not assume the duty to search for data to cure problems it finds in proposals.

**L.1.2 Minimum Acceptance Period**

L.1.2.1 This provision supersedes any language pertaining to the acceptance period that may appear elsewhere in this solicitation (e.g. SF 33 Box 12).

ACCEPTANCE PERIOD means the number of calendar days available to the Government for awarding a contract from the date specified in this solicitation for receipt of offers.

L.1.2.2 The Government specified minimum acceptance period is 180 calendar days.

L.1.2.3 An offer allowing less than the Government's minimum acceptance period, or fails to provide a proposal acceptance period, may be rejected.

**L.2 PROPOSAL CONTENT, FORMAT AND INSTRUCTIONS**

**L.2.1 Proposal Content**

L.2.1.1 All proposals shall be in English (American Standard) and shall be in US dollars. Proposals not in English (American Standard) or in US dollars may be rejected. The proposal shall include all information specified and shall address all requirements outlined in Section L.

L.2.1.2 A Proposal Executive Summary or transmittal letter is optional. It will neither be considered as part of the proposal, nor will it be evaluated. If a Proposal Executive Summary is submitted, it should be no more than five pages in length.

**L.2.2 Proposal Method of Submission, Format, and Instructions**

L.2.2.1 The proposal shall be electronically submitted, via e-mail, to the Contract Specialist, Danielle Campbell, at the following e-mail address with the subject header: Proposal Submission - W912CH-26-R-0075 (company name):

Contract Specialist: [danielle.r.campbell9.civ@army.mil](mailto:danielle.r.campbell9.civ@army.mil)

Fax, hardcopy, and DVD/CD-ROM proposals will NOT be accepted. Hand-carried offers, whether hardcopy or electronic, will NOT be accepted.

Maximum size of each e-mail shall be 10 megabytes. The offeror may use multiple e-mail messages for each submission; however, it should annotate the subject lines as described above for each message, and number them in this manner: Message 1 of 3, 2 of 3, 3 of 3.

Note: There is no "expected" or "target" length of time for proposal submission via e-mail; size and content may be factors, therefore offerors are strongly cautioned when submitting proposals to allow adequate time for submission.

L.2.2.1.1 Each submitted File shall be labeled so it is easily identifiable for which information it pertains.

L.2.2.1.2 Acceptable File Formats. All electronic information provided in response to the solicitation must be provided in Microsoft (MS) Office 2013 compatible or Adobe Portable Document Format (PDF), or as noted in the proposal instructions below. For files in PDF format, scanners should be set to 200 dots per inch. The proposal shall not contain citations for, or active links to, live Internet sites or pages. All linked information shall be contained within the electronic proposal. Any linked information that is not contained in the proposal will not be accepted.

L.2.2.1.3 Electronic Files. The proposal file name should not exceed 50 characters in length (not including the file extension). Ensure the file name does not contain any periods, does not contain any spaces, and does not contain special characters, which should limit Government virus scanners rejecting the e-mail as unscannable.

L.2.2.1.4 Unless otherwise specified, it is recommended that the proposal be formatted for 8.5 inch x 11 inch paper with a minimum font size of 10 pt. and with a minimum of 0.5 inch margins. Schedules, drawings, and other documents more appropriate to larger size should be formatted for no larger than 8.5 inch x 14 inch dimensions.

L.2.2.1.5 If providing spreadsheets, include all formulas, functions, macros, computations, or equations used to compute the proposed amounts. For each workbook, all rows, columns, cells, and worksheets are to be visible. Do not include zero height and zero width rows and columns in Worksheets. Do not format Worksheet cells with the font color equal to the fill color. If Workbooks or Worksheets are password protected, the passwords must be provided. Do not submit Print image files or pictures or files containing only values. Failure to provide fully functional excel spreadsheets in the proposal may result in the proposal being rejected. See Section M.

L.2.2.1.6 The offeror shall make every effort to ensure that the proposal is virus-free. Proposals (or portions thereof) submitted which indicate the presence of a virus, or which are otherwise rendered unreadable by damage in electronic transit, shall be treated as "unreadable" as described in FAR 15.108(c).

L.2.2.2 Submission Due Date

The offeror must ensure its proposal, in its entirety, reaches the required destination prior to the date and time set for closing of the solicitation as indicated on the front page of the solicitation.

L.2.2.2.1 Lateness

The lateness rules for submitted proposals are outlined in FAR 52.215-1, Instructions to Offerors - Competitive Acquisitions, and are incorporated into this solicitation.

L.2.2.3 Single Proposal Submission

Offerors are limited to submitting one proposal with one approach to meeting the requirements of this solicitation.

L.2.2.4 All or None

Offers in response to this solicitation must be submitted for all the requirements identified in this solicitation. Offers submitted for less than all the requirements called for by this solicitation may be rejected or deemed ineligible for award. Proposals that contain alternative terms and conditions may be considered as taking exception to the requirements of the solicitation.

L.3 RESTRICTION ON DISCLOSURE AND USE OF DATA

L.3.1 Offerors that include in their proposals data that they do not want disclosed to the public for any purpose, or used by the Government except for evaluation purposes, shall:

L.3.1.1 Mark the title page with the following legend:

This proposal includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed in whole or in part -- for any purpose other than to evaluate this proposal. If, however, a contract is awarded to this offeror as a result of -- or in connection with -- the submission of this data, the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the Governments right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets [insert

Price

**L.4.1 Price Factor**

L.4.2 In accordance with FAR 15.403-1(b)(1), certified cost or pricing data is not required for initial proposal submission. However, after initial proposal submission, if only one offer is received, the Government reserves the right to request certified cost or pricing data in accordance with DFARS 252.215-7008. In the event that certified cost or pricing data is required, the offeror may submit a written request for exception based on the applicable clauses contained herein.

L.4.1.2 For initial proposal submission, the offeror shall provide its proposed prices by providing a filled-in Section B of this solicitation.

L.4.1.1.1 The Government reserves the right to request additional or more detailed cost or price information to support its evaluation.

**L.5 ADMINISTRATIVE**

In addition to the requirements stated above, offerors shall provide the following information:

L.5.1 Signature Actions/offeror Fill-Ins. A scanned image of a signed copy of the SF33 cover page, a copy of all completed fill-ins for Sections A through K, and (if applicable) a signed copy of all Amendments to the solicitation. System for Award Management (SAM) certifications need not be separately submitted; however, all offerors must be successfully registered and valid in SAM prior to award.

L.5.1.1 Where certifications and approved systems are required for an offeror, if the proposal is being submitted by a Joint Venture, certifications and approved systems for the principals (partners) of the joint venture will be considered as valid for that offeror providing the necessary documentation from all principals (partners) is provided with the proposal.

A copy of the agreement establishing the JV must contain the signatures of all of the members comprising the JV.

L.5.2 The offerors proposal acceptance period in terms of calendar days from the date for receipt of offers specified in the solicitation. (See Section L.1.2)

L.5.3 In order to demonstrate receipt of access to the latest, most up to date TDP, offerors must provide a copy of Sheet 1 of 32 from Performance Specification PRF EA-D-10041, Amendment 1, with Original Date of Performance Specification. Failure to provide this in the proposal may result in the proposal being rejected (See Section M).

L.5.5 Assumptions. The offeror shall consolidate and identify all offeror's generated "assumptions" contained anywhere in the proposal. Also, the offeror shall include a statement that none of the "assumptions" contradict or take exception to any terms, conditions, or requirements of the solicitation. #### L.7 PROVISION FOR WAIVER OF REQUIRED FIRST ARTICLE APPROVAL

L.7.1 The requirement entitled FIRST ARTICLE APPROVAL (52.209-3) in Section E of this solicitation may be waived by the Government, provided that the offeror meets the conditions outlined below.

L.7.1.1 Offerors who intend to request a waiver or partial waiver of the First Article Test must provide sufficient information in order for the Government to determine whether the request is to be approved. If the offeror intends to request a waiver, a First Article Waiver Worksheet must be completed and submitted to the Government along with any supporting documentation. The worksheet can be found in Section J, Attachments, of this solicitation. The offerors request will not be considered if the worksheet and any supporting documentation is not submitted to the Government. The worksheet must be completed in its entirety. For those sections of the worksheet which do not apply, annotate with N/A (not applicable). To substantiate or clarify information provided by the offeror, the Government may request additional information. Incomplete worksheets can result in the waiver request being denied; Offerors should contact the Contract Specialist listed on the face page of this solicitation for assistance in filling out the worksheet completely.

L.7.1.2 Offerors should not assume that the FAT waiver request will be granted even if the completed worksheet and any supporting information is submitted to the Government.

L.7.1.3 The worksheet and any additional supporting documentation is part of your quote/offer and must be submitted as part of the response to this solicitation on Company letterhead and signed by an agent of the Company.

L.7.1.4 The offeror may request a waiver for only a portion of the First Article Test, such as a vibration test or a saltwater spray test, or the test on a component or subassembly of the procured item.

L.7.1.5 The offeror shall list specifically on the worksheet, by technical data package reference, that portion of the test requested to be waived. The references shall include but may not be limited to the following as applicable:

L.7.1.5.1 Identification of the specification or standard along with the specific specification or standard paragraph(s)

L.7.1.5.2 Identification of the drawing with specific references to the drawing notes.

L.7.1.5.3 Identification of the Quality Assurance Provision (QAP), or Quality Assurance Requirement (QAR) or Supplemental Quality Assurance Provision (SQAP) with specific references to the specific paragraph.

L.7.1.6 Supporting documentation.

L.7.1.6.1 The request for waiver must be accompanied by documentation in support of the request. The documentation may include information such as the following; (1) Copy of the Administrative Contracting Officers (ACOs) or Procuring Contracting Officers (PCO) letter approving a First Article Test report on a recent contract for the same or similar item. (2) Copy of a First Article Test report for the same or a similar item as that herein solicited. (3) Copy of an ACO or PCO letter approving a prior waiver request. (4) If the waiver request is based on similarity, a copy of the drawing/other appropriate technical requirements of the similar item.

L.7.1.6.2 If a copy of a First Article Test report is submitted in support of a request for waiver under this solicitation, the test report must have been approved and signed by an authorized representative of the Government.

L.7.1.6.3 The FAT report and all supporting documentation should be submitted by electronic media and should accompany the offerors proposal. If the FAT report and supporting documentation cannot be transmitted by electronic media, the offeror shall contact the PCO for further instruction.

L.7.2 Note that if a waiver is granted to the successful offeror, an accelerated delivery schedule will apply. See Section F.

L.7.3 Note: Cost considerations shall apply for approving a waiver or a portion thereof of a First Article Test.

#### L.8 ARMY CONTRACT WRITING SYSTEM (ACWS) TRANSITION INFORMATION FOR OFFERORS

L.8.1 The Army Contracting Enterprise (ACE) is in the process of deploying new solicitation and contract writing software to Army contracting offices worldwide. Known as the Army Contract Writing System (ACWS), this modern software suite will soon replace most existing Army contract writing systems, including the system used to create and release this Solicitation.

L.8.2 During this transition period, Offerors are hereby advised:

L.8.2.1 The Contracting Office may use any combination of contract writing systems to create and release documents related to this solicitation (e.g. solicitation amendments and awards, if any). Due to this:

L.8.2.1.1 This solicitation may contain different offer submission instructions than other solicitations released by the same

**Name of Offeror or Contractor:**

Contracting Office (e.g. requiring offer submission via the PIEE Solicitation Module vs. e-mail). Offerors should review all offer submission instructions contained in the solicitation documents and direct any questions or concerns to the Contract Specialist or Contracting Officer.

L.8.2.1.2 If the Contracting Office switches contract writing systems prior to award, documents you receive from the Contracting Officer or view on SAM.gov or other forums may appear noticeably different than the initial solicitation or previous solicitations or awards from the same Contracting Office. This is normal and expected.

L.8.2.1.3 A change between contract writing systems may cause important information concerning solicitation response (amendments) or accepted terms (awards) to take on different formatting or appear in different parts of later documents issued. Offerors shall review all documents carefully to locate this important information and direct any questions or concerns to the Contract Specialist or Contracting Officer.

L.8.2.2 The Government does not intend to use the transition between contract writing systems to effect any changes to solicitation or award terms and conditions without accompanying document narratives explicitly stating such changes are deliberate and desired. While the Contract Specialist and Contracting Officer will take care to minimize or eliminate any inadvertent changes when adapting to the new contract writing software, you, as the Offeror, may still be the first to spot such errors. Therefore, Offerors shall:

L.8.2.2.1 Notify the Contracting Officer immediately if any observed changes, removals, or additions affect your award eligibility, violate or alter existing quote/proposal terms, or could affect Contract performance post-award.

L.8.2.2.2 Take special care to ensure all fill-in Clauses are populated and remain populated across documents received from the Contracting Office throughout the Solicitation and Award process.

L.8.2.2.3 Contact the Contracting Officer listed on the first page of the solicitation or solicitation amendment for guidance if you notice or suspect any inadvertent change has occurred between document issuances.

L.8.2.3 The Contracting Officer will correct problems affecting award documents (if any) via bilateral modification, at no cost to the Contractor. Any such modification will reconcile the award with the latest version of this solicitation reflecting deliberate action by the Contracting Officer (e.g. the first issuance if no amendments, or the latest amendment with accompanying narratives), inclusive of any documented pre-award negotiations or accepted supplemental offer terms.

L.8.2.4 In the unlikely event a network disruption, contract writing system error, or financial system error threatens timely award of the requirement set forth in this solicitation, the Contracting Officer:

L.8.2.4.1 May elect to use alternative mechanisms to obligate funds and allow work or deliveries to legally begin to the benefit of, and with legal protection for, both parties.

L.8.2.4.2 Will incorporate the latest version of this Solicitation into such mechanisms to serve as a framework for contract execution until any such system problems are resolved.

L.8.2.4.3 Will ensure any action taken does not conflict with the stated offer evaluation and award methodology of this requirement.

L.8.2.4.4 Will issue a complete, properly-formatted award accurately reflecting this requirement and all applicable terms and conditions once systems return to normal.

This document incorporates one or more provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a provision may be accessed electronically at these addresses:

For FAR clauses: <https://www.acquisition.gov/>

**M.1 BASIS FOR AWARD**

**M.1.1 General**

Under the authority of 41 United States Code (USC) Section 1903, Special Emergency Procurement Authority, as implemented by Federal Acquisition Regulation (FAR) Subpart 18.001, Emergency Acquisition Flexibilities, the Government intends to award a single firm-fixed price contract for the supply of the Sample Canister, 400 (NSN: 6665-01-546-4513, Part Number: 5-15-30819) as a result of this solicitation. An award will be made to the offeror whose proposal represents the best value to the Government in accordance with the criteria set forth below and is otherwise eligible for award. The Government reserves the right to choose not to award a contract if such action is in the Government's best interest.

**M.1.1.1 There is one evaluation factor:**

**a. Price Factor**

**M.1.1.2 Award without Discussions:** This solicitation includes FAR Provision 52.215-1, Instructions to Offerors - Competitive Acquisition, in Section L, which advises offerors that the Government intends to make award without conducting discussions. Where awards will be made without discussions, exchanges with offerors are limited to Clarifications as defined in FAR 15.202(a)(2). Therefore, the offeror's initial proposal should contain the offerors best terms from a Price and non-Price Factor standpoint. However, under FAR 52.215-1(f)(4), the Government reserves the right to hold discussions, if necessary. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit efficient competition among the most highly rated proposals.

**M.1.2 Eligibility for Award**

**M.1.2.1 The Government will award a contract to the offeror that:**

**M.1.2.1.1** submits the lowest evaluated offer, if award is based on price only, or the offer that provides the best value to the Government if factors in addition to price are identified elsewhere in this solicitation,

**M.1.2.1.2** submits a bid or proposal that meets all the material requirements (including technical requirements of the specification, if applicable) of this solicitation,

**M.1.2.1.3** is registered in System for Award Management (SAM) (see provision 52.204-7), is self-certified to NAICS Code 334511 - Search, Detection, Navigation, Guidance, Aeronautical, and Nautical System and Instrument Manufacturing, and

**M.1.2.1.4** meets all the responsibility criteria at FAR 9.104.

**M.1.2.2 To make sure that an offeror meets the responsibility criteria at FAR 9.104, the Government may:**

**M.1.2.2.1** arrange a visit to the offeror's plant and perform a pre-award survey; or

**M.1.2.2.2** ask the offeror to provide financial, technical, production, or managerial background information.

**M.1.2.3** If the offeror does not provide the Government the data requested within 7 days from the date the request is received, or if the offeror refuses to have an onsite visit at the offeror's facility, the Government may determine the offeror to be non-responsible.

**M.1.2.4** If the Government visits the offeror's facility, please make sure that current certified financial statements and other data relevant to the bid or proposal are available for Government personnel to review.

**M.2 EVALUATION CRITERIA**

| <b>Name of Offeror or Contractor:</b> |                                                                                          |                                        |

M.2.2 Price Factor

The Price Factor evaluation will result in a determination of the Total Evaluated Price to the Government. The Government will also evaluate the offeror's price proposal for price reasonableness and unbalanced pricing. The following information will be used to determine the Total Evaluated Price for the solicitation:

M.2.2.1 Total Evaluated Price: The unit price for each separately priced CLIN will be multiplied by the estimated quantity for the corresponding CLIN and the results added together to produce the overall price.

M.2.2.2 Price Reasonableness: A price is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person in the conduct of competitive business. The Government may make a determination of price reasonableness by any means allowable under FAR 15.404-1.

M.2.2.3 Unbalanced Pricing: Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items or ranges is significantly over- or understated as indicated by the application of cost and price analysis techniques. Offerors are cautioned that a proposal the Government assesses to be unbalanced as to price may either be rejected or determined unacceptable for award. See FAR 15.404-6(b)(2) for more information on unbalanced pricing.

M.3 EVALUATION FACTORS FOR FIRST ARTICLE TEST REQUIREMENT

M.3.1 If the offeror submits a request for waiver of First Article Testing but fails to comply with the requirements of paragraph L.7 PROVISION FOR WAIVER OF REQUIRED FIRST ARTICLE APPROVAL, the requested waiver may not be granted. If the waiver is not granted, more favorable alternative offers of price or delivery, conditioned upon the granting of a waiver, will not be considered in the evaluation process.

M.3.2 DELIVERY EVALUATION FACTORS

M.3.2.1 As specified in this solicitation, the Government reserves the right to waive the requirement entitled FIRST ARTICLE APPROVAL (52.209-3), and will require an accelerated delivery schedule if the successful offeror is granted such a waiver. However, in no case will a delivery schedule predicated upon waiver of the First Article Test requirement be considered as an evaluation factor for award, even if such a schedule would be more advantageous to the Government.

M.3.2.2 If an offeror requests waiver of First Article Testing but takes exception to the accelerated delivery schedule set forth in the Section F clause narrative entitled DELIVERY SCHEDULE herein, such offeror is not eligible for the requested waiver. In consequence, any award to that offeror will reflect either (i) the Government-proposed delivery schedule shown in that same clause, or (ii) the contractor-proposed schedule in that clause, if the Government has accepted it.

M.3.3 PRICE EVALUATION FACTORS. As specified in this solicitation, the Government reserves the right to waive the requirement in Section E entitled FIRST ARTICLE APPROVAL (52.209-3), and requests the price of the proposed First Article Test (at Section B, Item 0016) from offerors who elect to seek such a waiver. In the event that the offeror requests and receives a waiver of First Article Test requirements, the price for such testing, as identified by the offeror in Section B, Item 0016, shall be deducted from the total price otherwise cited for the materiel herein solicited. The offer will then be evaluated for award at the resulting alternate price.

M.3.3.1 If the offeror requests a waiver of First Article Test requirements, but fails to separately identify the cost of First Article Testing in Section B, Item 0016 of this solicitation, the Government reserves the right to evaluate the offer based upon the price for 0011, and to require that offeror perform on the contract at such price whether or not the First Article Requirement is waived, at no additional cost to the Government.

M.3.3.2 If the offeror requests but is not granted a waiver of First Article Testing, evaluation for award will be based upon the full amount entered for 0011: the amount entered for item 0016 will not be deducted by the Government.

M.4 REJECTION OF OFFERS

M.4.1 The Government may reject any proposal if doing so is in the Government's best interest at any time after receipt of proposals. Examples include, but are not limited to, the following proposal conditions:

M.4.1.1 The proposal fails to meaningfully respond to the instructions in Section L of this solicitation (e.g., a proposal provides some data but omits significant material data and information required by Section L, the proposal fails to follow key proposal instructions or format requirements in Section L, etc.); or

M.4.1.2 A proposal merely offers to perform work according to the solicitation terms or fails to present more than a statement indicating its capability to comply with the solicitation terms and does not provide support and elaboration as specified in Section L of this solicitation; or

M.4.1.3 The proposal proposes exceptions to the solicitation requirements, attachments, exhibits, enclosures, or solicitation terms and

M.4.1.4 The proposal is unbalanced as to price; or

M.4.1.5 The proposal submitted is for less than all the requirements called for by the solicitation; or

M.4.1.6 The proposal's acceptance period does not meet the Government's required minimum acceptance period, or the offeror fails to provide a proposal acceptance period (Refer to Section L); or

M.4.1.7 The proposal is not in English (American Standard) or in U.S Dollars; or

M.4.1.8 The proposed delivery schedule(s) is later than 45 days after the solicited schedule; or

M.4.1.9 The offeror is not a self-certified U.S. small business concern to the size standard for the North American Industry Classification System (NAICS) code identified in this solicitation in SAM; or

M.4.1.10 The offeror fails to demonstrate it received access to the latest, most up to date TDP by providing a copy of Sheet 1 from Drawing 5-15-30819 with Original Date of Drawing.
