PRE-SOLICITATION SYNOPSIS QUESTIONS & ANSWERS

**N62742-26-R-1803 INDEFINITE DELIVERY/INDEFINITE QUANTITY CONTRACT FOR
ARCHITECT-ENGINEER SERVICES FOR ENVIRONMENTAL INVESTIGATIONS, PERMIT
APPLICATIONS AND RELATED STUDIES AT VARIOUS NAVY AND MARINE CORPS
ACTIVITIES, PACIFIC BASIN AND INDIAN OCEAN AREAS**

3. According to the IDIQ Statement of Work (SOW), the engineering services are for environmental investigations, permit applications and related studies of water, wastewater, storm water, hazardous waste, solid waste and pollution prevention. We are a small firm but specialized only in water, wastewater and storm water. We do not want to team with other firms for the hazardous wastewater and solid waste. Our question is that is it acceptable if our firm wanted to do water, wastewater and stormwater as prime only?

RESPONSE: A Prime contractor must submit a complete SF330 package in accordance with the Synopsis requirements.

4. Past Performance Questionnaire – We cannot find the Past Performance Questionnaire (PPQ) through the web. Our question is that is it acceptable if we use the PPQ from another IDIQ proposal?

RESPONSE: The PPQ form was uploaded as a pdf in the attachments section under "Attachment_A_PPQ". Please use the form provided for this synopsis.
