

QUESTIONS AND ANSWERS SHEET NO. 1

Solicitation Number: 19CG5026Q0001
Amendment Number: P00001
Subject: Cellphone Service Contract
Date Issued: February 18, 2026

INSTRUCTIONS TO OFFERORS:

This Questions and Answers document is provided to clarify questions received regarding Solicitation 19CG5026Q0001, as amended by Amendment P00001. All offerors must consider this information when preparing their quotations.

QUESTIONS AND ANSWERS:

Question 1: *(Received February 6, 2026)*

Could you provide the list of countries for Europe, Asia, and Africa referenced in the international calling requirements?

Answer 1:

In response to this question and to simplify the solicitation, **Amendment P00001** has removed the separate international calling line items from the pricing tables.

International calling capability to all worldwide destinations remains a requirement per Section 1.7 of the Performance Work Statement. However, offerors are no longer required to quote specific minute allocations by region.

Instead:

- Include international calling capability in your monthly plan rates
- Provide your standard international calling rate card with your quotation
- International calls will be billed monthly based on actual usage

Please refer to Amendment P00001 and the revised pricing tables for complete details.
