

Do you require installation of motor?

No, just delivery of the motor and all requested items.

What shaft length do you will need?

20" Short Shaft

What Hp 50,60,75, or 90Hp?

Anything between 50-90 that is the best price (ie. if there is a sale on a 75 that makes it cheaper than a 50 quote the best price).

They do not come with gas tanks.

Fuel tanks are required as part of the quote.
