

Solicitation F3YTAK6021A001 RFIs Part II

1. Clarify the scope of “lifetime support,” including whether it includes security patches, minor releases, major upgrades, and support through product end-of-life- lifetime support meaning to include security patches, minor releases, and upgrades.
2. Clarify the intended licensing model, including whether tracked personnel are distinct from licensed users;- only licensed users will be 552 IPE personnel(9 people).
3. Clarify what implementation activity is permissible notwithstanding the prohibition on custom software development.- WASP, Smart Rack and WSA are permissible.
