Data shall delineate total number of warranty returns, number of Could Not Duplicate (CND), number of failures attributable to GFE component failures, and number and nature of failures attributable to the Offerors delivered product.

(3) Section 3 Subcontracts. Offerors shall provide an outline of how the effort required by the RFP will be assigned for performance within the Offerors corporate entity and among the proposed subcontractors. The information provided for the prime Offeror and each proposed major subcontractor must include the entire company name, company address, CAGE Code, UEI Number, DUNS Number and type of work to be performed by citing the applicable Government SOW subparagraph number. This includes all subcontractors who will be providing critical hardware/ services or whose subcontract is for more than 25 % of the total proposed cost/price. This section will further include written consent of major subcontractors to allow the disclosure of their subcontractors past performance information to the Offeror. In addition, letters of commitment shall be included for all major subcontractors.

(4) Section 4 New Corporate Entities. New corporate entities may submit data on prior contracts involving its offices and employees. However, in addition to the other requirements in this section, the Offeror shall discuss in detail the role performed by such persons in the prior contracts cited. Information should be included in the files described in the sections above.

(5) Past Performance Questionnaire. For all contracts identified in Section 1, Contract Descriptions, a Past Performance Questionnaire must be completed and submitted. The Offeror shall complete Part I of the Past Performance Questionnaire and e-mail the questionnaire to the Government contracting activity POC for the past/current contract for completion with Government technical input. The POCs shall be instructed to electronically complete Part II of the questionnaire and e-mail the entire questionnaire to the Contracting Office no later than the proposal due date, to michael.j.kline56.civ@army.mil and jennifer.m.hughes56.civ@army.mil. The Offeror shall e-mail to the Contracting Officer a list of all the POCs who were sent a questionnaire. The Government must receive this list no later than the proposal due date. The POC List shall be submitted in Word for Windows Table Format to include the following fields: Solicitation Number; Company Name; Contract Number; Government Agency; POC Last Name, First Name; POC Title; POC Telephone Number; POC E-mail Address; and Date E-Mail to POC (month/day).

(6) Submissions. Offerors shall provide and submit the prime contract number and all Governmental agency POCs in lieu of subcontract numbers or prime contract POCs in situations as described above.

(7) Small Business Participation Past Performance. All Offerors shall submit information substantiating the Offerors past performance in complying with FAR 52.219-8, Utilization of Small Business Concerns, maximizing opportunities for U.S. small business subcontractors. Offerors shall also provide a statement indicating whether any negative information has been reported in the past six years concerning the Offerors past compliance with FAR 52.219-8. If any such negative information has been reported, the Offeror may submit explanations or comments responding to such negative information. Offerors with no prior contracts containing FAR 52.219-8 shall certify the same.

(iii) VOLUME III Price. The volume shall be organized into the following sections:

(1) Electronic Copy. Files contained on the Volume III Price may not be password protected. The Offeror shall provide a completed Section J, Attachment 0011 Price Matrix. The Offerors Price Matrix and any documentation that is based on or includes mathematical calculations (e.g., calculations for rental value of government property in the Offerors possession, calculations where there is the appearance of unbalanced pricing, etc.) shall be submitted in electronic, executable format utilizing Microsoft Excel. Any additional information necessary to explain the proposed pricing that does not contain mathematical calculations may be submitted in Adobe, Microsoft Word or Microsoft Excel format. Electronic links are only permissible within the Price Volume. If files contain links, the links must be intact and maintained through all revisions. The Offeror shall not include pivot tables in Excel spreadsheets.

(2) Compliance. Failure to comply with the RFP requirements for Price information may result in an adverse assessment of an Offerors proposal and reduce or eliminate its chance of being selected for award. Offerors shall ensure that the information presented in this volume is consistent and correlates with the information contained in the other proposal volumes. Also, the Offeror shall ensure that the information submitted in this volume is consistent with and fully supports the amounts set forth in the SF 33 and continuation sheets.

(3) General Instructions. In accordance with Federal Acquisition Regulation (FAR) 15.402 and 15.403-1, certified cost or pricing data are not required based on the fact that adequate competition is expected for this procurement. If after receipt of proposals the Contracting Officer determines that there is insufficient information available to determine price reasonableness, the Offeror may be required to submit cost or pricing data. Information other than certified cost or pricing data may be provided in contractor format providing that sufficient information is made available. Information submitted shall be prepared following the instruction in FAR 15.403-5.

Name of Offeror or Contractor:

(4) Single Offeror: Additionally, in the event that adequate competition is not obtained (i.e. single responsible Offeror), IAW DFARS 215.371-3, the Contracting Officer shall obtain additional cost or pricing data, if needed to determine a fair and reasonable price. If the acquisition exceeds the certified cost or pricing data threshold and an exception to the requirement for certified cost or pricing data at FAR 15.403-1(b)(2) through (5) does not apply, the cost or pricing data shall be certified and the Contracting Officer shall incorporate FAR 52.215-20 entitled, Requirements for Cost or Pricing Data or Information Other Than Cost or Pricing Data, into the solicitation and request a Certificate of Current Cost or Pricing Data. The Government will evaluate the cost or pricing data when determining whether the competitive offered price is fair and reasonable utilizing price and cost analysis procedures IAW FAR 15.404-1. However, should negotiations be warranted, the negotiated price will not exceed the offered price.

(5) If no additional cost or pricing data are required to determine through cost or price analysis that the offered price from the single offeror is fair and reasonable, the Contracting Officer shall require that any cost or pricing data provided in the proposal be certified if the acquisition exceeds the certified cost or pricing data threshold and an exception to the requirement for certified cost or pricing data at FAR 15.403-1(b)(2) through (5) does not apply.

(6) There are no page limitations for this volume. Proposal information included in this volume which is not directly related to Cost will be disregarded.

(7) The Offerors shall submit pricing in the Price Matrix for all priced CLINs, for all ordering periods, for all specified quantities. Failure to provide a price for any item/CLIN/ordering period may result in the offer not being considered for award.

(a)Production CLINs: The Offeror shall propose a Firm Fixed Price (FFP) unit price for each CLIN for all ordering periods for all specified quantities reflected in the Price Matrix Production CLINs Worksheet. The proposed unit prices for Production CLINs shall be inclusive of all fabricating, testing, inspection, packaging, and delivery of the solicited item.

(b) First Article Test (FAT) CLINs. The Offeror shall propose a Firm Fixed Price for each Initial FAT and Additional FAT (AFAT) CLIN for all ordering periods reflected in the Price Matrix FAT CLINs Tab. Failure to provide a price for all required Initial FAT and AFAT CLINs for all ordering periods may result in the offer not being considered for award.

(8) Delivery Orders will be issued in accordance with the procedures for future Delivery Orders as stated in Section H of the Solicitation/Contract.

(9) Based upon the unit prices proposed for the specified quantities for the Production CLINs, corresponding pricing curve formulae will be automatically calculated, and the formulae will be reflected in the applicable cell in the Price Matrix. A separate pricing curve will be established for every interval between two specified quantities, based upon the unit prices proposed for those quantities, and the corresponding power curve formula will be utilized to calculate a unit price for the quantities within that interval. Offerors shall not change or edit the curve formulae provided in the Price Matrix. Any alteration of the formulae for the pricing curve may result in the Offerors proposal being rejected. The power curve formula will be $Y = Ax^b$, whereby:

- Y represents the unit price to be calculated,
- A represents the T-1 value, which is the theoretical unit price for the first unit based upon the respective curve formula,
- x represents the quantity to be ordered, and
- b represents the slope for the applicable quantity curve.

(10) The resultant curve formulae will be incorporated into the awarded contract(s) and utilized on future delivery orders to calculate a unit price when quantities other than the specified quantity points are ordered.

(11) In accordance with FAR 45.202(a), the Government shall consider any potentially unfair competitive advantage that may result from an Offeror using Government property. To eliminate the competitive advantage, a rental equivalent evaluation factor shall be added to each offer which is predicated on the use of Government property already in the offerors or subcontractors possession. Offerors shall propose the per unit value of Government property for each CLIN/specified quantity in accordance with FAR 52.245-9, Use and Charges in the Price Matrix Production Govt Property and FAT Govt Property Worksheets, as applicable. If proposed, offerors shall provide detailed calculations demonstrating how the per unit rental value was derived and documentation supporting the rental charges in sufficient detail to permit verification of the rental charges and evaluation of the per unit rental value.

(12) Unbalanced Pricing. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more line items is significantly over or understated as indicated by the application of cost or price analysis techniques. The greatest risks associated with unbalanced pricing occur when (a) Startup work, mobilization, first articles, or first article testing are separate line items; (b) Base quantities and option quantities are separate line items; or (c) The evaluated price is the aggregate of estimated quantities to be ordered under separate line items of an indefinite-delivery contract. Offerors shall provide documentation, including data, calculations and supporting rationale, for any apparent unbalanced pricing which will be used to determine if the proposed prices are balanced.

(iv) VOLUME IV Small Business Participation. The volume shall be organized and consist of the following:

- (1) The Small Business Participation Factor Volume is comprised of a single volume. Offerors are responsible for including sufficient

Name of Offeror or Contractor:

detail to permit a complete evaluation. Any information provided as part of the Small Business Participation Factor Volume may be used to correlate the evaluation of the other proposal volumes.

(2) This provision applies to every Offeror (U.S. and non-U.S.), regardless of size status or locations of working facilities or headquarters. For proposal preparation purposes, the Offeror's Small Business Participation proposals shall be consistent with any subcontracting references/identification contained elsewhere in any other Factor Volume. Percentages are calculated using proposed total contract price as the denominator and include first-tier subcontractors only. This price becomes the denominator and includes first-tier subcontractors only. Offerors shall also explain their rationale as to why the percentage of small business (SB) participation being utilized for this effort is appropriate for their company. Offerors shall describe their approach and efforts undertaken to utilize SB. SB targets will be incorporated into any resulting prime contract and contractors will be required to report SB participation.

(3) All Offerors, including Offerors who are themselves U.S. small business concerns based on the NAICS code assigned to this requirement, are to identify the extent to which U.S. small business concerns will be utilized as first-tier subcontractors in the performance of this proposed contract. U.S. small business concerns are defined (1) in FAR 19.001 and (2) by the criteria and size standards in FAR 19.102 for the applicable NAICS code. U.S. small business concerns include Small Businesses (SBs), Small Disadvantaged Businesses (SDBs), Woman-Owned Small Businesses (WOSBs), HUBZone Small Businesses (HUBZone SBs), Veteran-Owned Small Businesses (VOSBs), and Service-Disabled Veteran-Owned Small Businesses (SDVOSBs).

(4) If the Offeror (to include any U.S. small business concerns who are proposing as part of a joint venture or teaming arrangement) is itself a U.S. small business concern, the Offeror's own participation as a SB, SDB, WOSB, HUBZone SB, VOSB, or SDVOSB shall be detailed in the same manner as subcontracts to first-tier U.S. small business concerns.

(5) Small Business Amounts: All Offerors shall address anticipated U.S. small business concern participation and subcontracting based on the total contract dollars proposed by the Offeror.

(6) The Offeror shall provide information for small business participation and subcontracting in a table format in accordance with the following example:

Small Business Participation Table (in Millions)			
Business Category	\$ Cost All Contracts	% of SB Participation	Cost Total SubK
SB	\$10.34	24.00%	\$10.34 of \$43.00
SDB	\$2.86	6.65%	\$2.86 of \$43.00
WOSB	\$1.55	3.60%	\$1.55 of \$43.00
HUBZone SB	\$1.08	2.50%	\$1.08 of \$43.00
VOSB	\$1.55	3.60%	\$1.55 of \$43.00
SDVOSB	\$1.46	3.40%	\$1.46 of \$43.00

(7) Guidance for filling in the above "Small Business Participation" Table:

(a) Include first-tier subcontractors only. Note that members of a joint venture may be considered the Offeror or the first-tier subcontractors, depending on the legal form of the joint venture as defined in its agreement document.

(b) If the Offeror is a U.S. small business concern, detail the extent of the Offeror participation as a U.S. small business concern in the same manner as subcontracts to first tier U.S. small business concerns.

(c) Percentages should be rounded to the nearest hundredth of a percent.

(d) Additional Guidance for particular Business Categories:

For "Contract Total Price": Include the Offeror's proposed Total Contract Price on this line.

For SB: Include U.S. small business concerns from all categories (i.e. SB, SDB, WOSB, HUBZone SB, VOSB, and SDVOSB and in the dollars and percentage on this line. The SDB, WOSB, HUBZone SB, VOSB and SDVOSB are subcategories of SB and the dollars in each of these may not add to match the total dollars in the SB line due to the following: In some cases the same dollars may be reported in more than one block (i.e., a \$10,000 subcontract to a Woman-Owned Small Business that is also a Service-Disabled Veteran-Owned Small Business should be entered on four rows: \$10,000 under SB, \$10,000 under WOSB, \$10,000 under VOSB and \$10,000 under SDVOSB). Be sure that the dollars are counted in the SB line only once and not four times (e.g. \$40,000 representing the same firm participating at \$10,000 in differing categories). Note that the SB percentage is not simply a total of the percentages of each SB subcategory and must be calculated separately as shown in the chart.

For HUBZone SB: Include only "SBA certified" HubZone SBs. Note that this is different from some of the state HUB certifications.

(8) Small Business List: All Offerors shall provide the names and CAGE codes, UEI Number of small business concerns (including the Offeror if a small business concern) who would participate in accomplishing the proposed contract; the small business classification of

each U.S. small business concern (i.e. SB, SDB, WOSB, HUBZone SB, VOSB and SDVOSB); a short description of the specific services to be provided by each small business concern; and the estimated total dollars for each service or product.

(a) This data shall be provided in a table format in accordance with the following example:

Name of SB Concern	Cage Code	Location	SB Class	Description of Supplies or Services	Total \$ (in Millions)
ABC Co.	123XX	City, USA	SB	Wire	\$0.50
DEF Co.	XX123	City, USA	SB	Plating	\$0.75
GHI, Inc.	DD123	City, USA	SB, WOSB, VOSB	Circuit Cards	\$1.20

(b) If a small business does not have a CAGE code, UEI number, insert the word "None" in the table above. Note that during the evaluation, the Government may request that the Offeror submit a letter from the small business affirming the information provided in your proposal.

(c) For SB Classifications(s), list all SB classifications that apply to each concern in the table above.

(9) If the Offeror IS NOT a U.S. small business concern and must submit a Small Business Subcontracting Plan under the RFP in accordance with FAR 52.219-9, the Small Business Subcontracting Plan shall be consistent with the Offeror's Small Business Participation proposal information provided (recognizing that the Small Business Subcontracting Plan percentages will be different in that the percentage calculation denominator is total subcontracting amount as opposed to this Small Business Participation Factor where the percentage calculation denominator is the Offerors proposed Total Contract Price).

(10) Compliance with FAR 52.219-9.

(a) Offerors which are both: (a) other than U.S. small business concerns (as defined by the NAICS code applicable to the RFP), and (b) have had prior contracts requiring the submission of a Small Business Subcontracting Plan in accordance with FAR 52.219-9 are to:

Provide a description of their performance in complying with the requirements of FAR 52.219-9, including documentation of both their goals and their accomplishment of the goals established under subcontracting plans of prior contracts performed over the past twelve (12) months (from date of solicitation issuance). This documentation shall include Individual Subcontracting Reports (ISRs/DD Form 294s) which list both goals and accomplishments against individual or master plans. If over the last twelve (12) months from the date of RFP release, the Offeror reported accomplishments against commercial or comprehensive subcontracting plans in lieu of individual or master plans, the Offeror shall submit the plans to document the goals and the Summary Subcontract Reports (SSRs/DD Form 295s) to document the accomplishments. (Note: if the Offeror has not performed a contract over the past twelve (12) months, which included FAR 52.219-9, the Offeror shall so state).

(c) Offerors which have had prior contracts requiring a Small Business Subcontracting Plan IAW FAR 52.219-9 and provide the information requested above shall not respond to paragraph 11 below.

(d) If the reporting entity listed on a subcontracting report is different from the name of the proposing prime, provide an explanation of the legal relationship between the other entity and the proposing prime and a description of how the other entity's small business accomplishments reported are applicable to the current proposal. This explanation should include Business Name, CAGE Code, UEI Number and DUNS number of the other entity and the proposing prime.

(11) Approach to meeting FAR 52.219-8. Offerors which are either U.S. small business concerns, or other than U.S. small business concerns (as defined by the NAICS code applicable to the RFP) having had no prior contracts requiring a Small Business Subcontracting Plan in accordance with FAR 52.219-9 shall substantiate their proposed approach to meeting the requirement of FAR 52.219-8. Substantiation may include providing:

(a) A description of the Offeror's performance, over the past twelve (12) months (from date of solicitation issuance), in complying with the requirements of FAR 52.219-8 (Note: if the Offeror has not performed a contract over the past twelve (12) months (from date of solicitation issuance), which included FAR 52.219-8, the Offeror shall so state);

(b) A description and available documentation of any methods or techniques used to promote small business participation;

(c) Any listings of U.S. small business concerns who are subcontracting candidates;

(d) Internal procedures used to monitor small business participation during contract performance; and/or

(e) Any other information substantiating that the Offeror will satisfy the requirements of FAR 52.219-8.
