- Miscellaneous Asphalt Concrete and Asphalt Concrete Binder on an as needed basis if special projects should arise.

Quantities will be determined on individual BPA calls. The quantities may range from no less than 1 Ton up to 18,000 Tons. The unit of measure shall always be Net Tons.

Fort Drum personnel will pick up the hot asphalt material at the Contractor Location. Contractor physical location is limited to 10 miles from Fort Drum, NY.

Generally, calls that are placed through the BPA will be below \$10,000.00, and may be sporadic in nature. Calls below \$10,000.00 shall be paid via Governmentwide Purchase Card.

The Contractor shall invoice calls above \$10,000.00 in Wide Area Workflow (WAWF) in accordance with (IAW) DFARS Clause 252.232-7006. When invoicing in WAWF, the Contractor shall round up to the nearest whole Net Ton (example: actual delivery 1,873.28 Net Tons shall be invoiced as 1,874 Net Tons.)

Calls to draw material may be placed on the same day the material is requested.
