

**Statement of Requirements (SOR)**  
**Digital Badging and Micro-Credentialing Solution**  
**Air University (AU)**

**1.0. BACKGROUND.**

**1.1.** Air University (AU) is the intellectual and leadership center of the U.S. Air Force and Space Force. AU's mission is to educate and develop warfighters, strategists, and national security professionals to ensure air, space, and cyber dominance in alignment with the National Security Strategy. Located at Maxwell Air Force Base, Alabama, AU operates globally with multiple offsite and satellite locations.

**1.2.** VECTOR is Air University's Center of Excellence for Learning Professionals. The VECTOR mission is to advance learning professionals and deliver transformative education and scholarly excellence.

**2.0. PURPOSE.**

**2.1.** AU has a requirement for commercial digital badging and micro-credentialing solution to support enterprise-wide faculty and student development. The system will provide a scalable automated capability to issue, manage, and verify digital credentials aligned with modernizing learning, incentivizing faculty development and enhancing recognition of competency-based achievement.

**2.0. DESCRIPTION OF ITEMS.** As a minimum, the digital badging system must be comprehensive with the following:

- 2.1.** Enables creation, issuance and management of digital badges and micro-credentials.
- 2.2.** Allows badges to include verifiable metadata and provides secure validation.
- 2.3.** Integrate with AU's LMS, automate badge issuance upon completion, and minimize manual administrative processes.
- 2.4.** Enables development of stackable credential pathways, aggregation of multiple badges into a higher-level certification, and provide visual representation of progression.
- 2.5.** Supports initial deployment to 1,500 users, scales to support enterprise-wide implementation across AU programs.
- 2.6.** Provides an intuitive user interface for administrative and end users, enables learners to easily claim, manage and share credentials.
- 2.7.** Enables sharing of credentials to professional platforms, provide verifiable credential links tied to AU as the issuing authority.
- 2.8.** Provides administrative dashboards and analytics, track credential issuance, participation and progression.
- 2.9.** Provides implementation services, administrator training and technical support.

**3.0. DELIVERY REQUIREMENTS:**

- 3.1.** Fully operational digital badging platform
- 3.2.** Initial set of digital badges and pathways (as defined by AU)
- 3.3.** Administrator training and user guides

**3.4.** Ongoing technical and customer support

**4.0. PERIOD OF PERFORMANCE.** 1 June 2026 – 1 June 2029

**4.1. Base Years:** 1 June 2026 – 31 May 2027

**4.2. Option Year 1:** 1 June 2027 – 31 May 2028

**4.3. Option Year 2:** 1 June 2028 – 31 May 2029
