Contractor Questions & Government Answers

Q1. For CLIN 0001AA, the quantity states 1,925 each. Can you please confirm that this quantity represents the total annual laundering quantity for the base year, not the weekly quantity?

Same questions for CLIN 0001AB (1,925) & CLIN 0001AC (4,160). Please confirm weekly, monthly, and annual basis.

Gov't Answer: That is the annual number for laundered items, not weekly for all CLINs in question.

Q2. For CLIN 0001AC, based on the annual quantity of 4,160, the assumption is that two coveralls per member would be laundered each week over the course of the year. Can you confirm?

Gov't Answer: That is the assumption for coveralls, each military mechanic will be issued 4 and allowed up to 2 for laundry each week.

Q3. Is this a brand new contract or is there an incumbent? If not a brand new contract, please provide the current/previous contract number.

Gov't Answer: Previous contract number was FA461323P0022.

Q4. How many employees will require uniforms?

Gov't Answer: 11 civilians (Shirts and Pants) and up to 40 military (Coveralls)

Q5. In attachment 6, Column D, does the total amount represent a weekly or annual requirement? For example, are the 1,925 shirts to be provided on a weekly basis?

Gov't Answer: That is the annual requirement for laundering
