Project

Technical and Program support for Forest Health and Protection

General Information

1.0 Scope of Work

The International Institute of Tropical Forestry (IITF) is seeking technical support services to strengthen forest health monitoring and stakeholder engagement in Puerto Rico and US Virgin Islands. The goals and objectives of this project will be to increase forest monitoring and provide technical support to FHP program staff, federal, state and private stakeholders. The contractor will work under the guidance of Forest Health and Protection Program (FHP) staff in forest health monitoring activities, planning, coordination, and reporting, including workshops, symposium organization, stakeholder engagement and training.

2.0 Background

The SPTF Unit and IITF provide technical, financial, and professional assistance to state agencies and non-profit organizations in Puerto Rico and the U.S. Virgin Islands (a.k.a. the U.S. Caribbean Region). The program emphasizes forest health monitoring, outreach, education, and support to the continued health of the United States' forested land. There is an urgent need to protect forests in the U.S. Caribbean Region from pests, diseases, wildland fires and invasive species. This requires an increase in forest monitoring, pest control, wildfire prevention, invasive species removal and stakeholder engagement to form long-term collaborations that will have a real impact in forested lands. We have a vision of increasing monitoring and forest health education and activities in the U.S. Caribbean region by leveraging the strengths of current organizations and supporting self-sustaining forest monitoring programs. We aim to fulfill this vision by providing on the ground support for forest monitoring and opportunities for collaboration among entities. Through this approach we expect to improve the forest health of Puerto Rico and US Virgin Islands' forests through the Forest Health and Protection Program to deliver its statutory requirements under the Cooperative Forestry Assistance Act of 1978, as amended (Pub. L. 95-313, 16 U.S.C 2101-2114) and the Healthy Forest Restoration Act of 2003 (117 Stat. 1887, 16 U.S.C. 6501).

Contractor Requirements

3.0 Technical Requirements / Tasks

The contractor will provide support to the forest health and protection (FHP) program and its program manager in delivering the following goals and objectives:

Goal 1: *Increase forest monitoring support to FHP program staff, federal, state and private cooperators.*

The contractor will provide support to the FHP program manager coordinating, executing and reporting field monitoring efforts. The contractor will support field record keeping and desk record keeping. The contractor will also assist existing or new cooperators with field work as necessary. The contractor will write and report summaries of their forest monitoring activities and compare findings against existing information. Together with the FHP program manager, the contractor will conduct desk research, prepare summaries and give written oral reports on forest health trends in the U.S Caribbean region.

Goal 2: *Develop forest health goals and understand local needs for the long-term monitoring in Puerto Rico and the US Virgin Island.*

The contractor will assess training needs to develop long-term forest health goals for forest health monitoring in Puerto Rico and the U.S Virgin Islands. To do so, the contractor will need to hold one-on-one meetings with stakeholders on the islands in English or Spanish as necessary. The contractor will report these needs to the forest health program manager to help guide forest health program delivery. The contractor will also develop written questionnaires and solicit feedback from federal, state, private, university and other stakeholder cooperators on forest health needs. Based on these needs, desk literature reviews and existing curriculum designs, the contractor will develop a Forest Health Training Curriculum. The contractor will support the FHP program manager in organizing, delivering and assessing two workshops where technical monitoring skills, knowledge and abilities are provided to cooperators. The contractor will support the events' advertisement, record keeping of attendance and reporting on the workshop's effectiveness.

Goal 3: *Sustain and increase the working relationships between the USFS Forest Health and Protection Program and regional stakeholders.*

The forest health and protection program in Puerto Rico holds an annual hybrid (in person and online) symposium for stakeholders to gather and exchange current information on forest health trends. The contractor will support the symposium's delivery in all phases of planning and execution. The contractor will support the development of a written report of the information exchanged at the symposium and make it available in writing, to all stakeholders, barring any privacy restrictions. The contractor will hold quarterly virtual or in-person meetings with stakeholders to sustain strong working relationships.

Technical Requirements:

Requirements for Goal 1:

- Technical expertise in Puerto Rico and the US Virgin Island's Flora and Fauna, ecosystems, protected or private forests and the ecosystem services they provide.
- The contractor should have the capacity to walk on irregular terrain, carrying monitoring equipment (up to 25lb) in hot and humid tropical conditions.
- Requires experience in reviewing technical and scientific literature, as well as preparing summaries and written reports.

Requirements for Goal 2:

- The training needs assessment will require the contractor to have broad experience on invasive species, forestry diseases and other forest health related topics.
- Contractor should have experience conducting one-on-one interviews/meetings with diverse stakeholders from the forest health sector.
- Should have experience building surveys, receiving feedback and implementing findings both in English and Spanish.
- The contractor should have experience in developing curriculums or instructional content as well as knowledge of learning practices and theories.
- Contractor should have experience coordinating technical workshops on forestry, invasive species or other forest health related topics and developing evaluation forms to gather participant's feedback and to ensure the workshops meet stakeholders' expectations.

Requirements for Goal 3:

- The contractor will be required to have experience planning and delivering gatherings for up to 100 participants with a wide variety of stakeholders, both virtual and in-person.
- Contractor should be able to facilitate meetings both in English and Spanish.
- Broad knowledge and experience developing and implementing interactive dynamics and networking activities for fostering collaborations.

4.0 Government Furnished

The contractor will be of a hybrid nature and is expected to be on site as required to deliver on the contract goals. The contractor will have access to IITF headquarters in San Juan, Puerto Rico, but a desk space will not be assigned. If available, the contractor will use floating/hoteling desk while on site. Government Furnished Equipment will be provided (i.e Laptop, mouse, keyboard and peripherals). The contractor will have access to government vehicles as necessary to achieve the projects goals.

Progress and final reports will be monitored and approved by the Forest Health Program Manager.

5.0 Deliverables / Schedule

Key Deliverables

Item No.	Deliverable	Objective	Due
1	Monitoring Visit Report Template	Increase forest monitoring support to FHP program staff, federal, state and private cooperators. Ref. Goal 1	Within 0-3 months after contract award
2	Monitoring Visit Reports	Increase forest monitoring support to FHP program staff, federal, state and private cooperators. Ref. Goal 1	Biannual; within 0-6 months and 6-12 months after contract award
3	Written report on forest health trends	Increase forest monitoring support to FHP program staff, federal, state and private cooperators. Ref. Goal 1	Within 0-3 months after contract award
4	Two (2) forest health technical workshops	Develop forest health goals and understand local needs for long-term monitoring in Puerto Rico and the US Virgin Island. Goal 2	Biannual; within 0-6 months and 6-12 months after contract award
5	Forest health training needs questionnaire	Develop forest health goals and understand local needs for long-term monitoring in Puerto Rico and the US Virgin Island.. Ref. Goal 2	Within 0-3 months after contract award
6	Forest health training needs assessment report	Develop forest health goals and understand local needs for long-term monitoring in Puerto Rico and the US Virgin Island. Ref. Goal 2	Within 3-6 months after contract award
7	Forest health training program curriculum	Develop forest health goals and understand local needs for long-term monitoring in Puerto Rico and the US Virgin Island. Ref. Goal 2	Within 6-12 months after contract award
8	Forest Health and Protection symposium	Sustain and increase the working relationships between the USFS Forest Health and Protection Program and regional stakeholders. Ref. Goal 3	Within 6-12 months after contract award
9	Forest Health and Protection Symposium written report	Sustain and increase the working relationships between the USFS Forest Health and Protection Program and regional stakeholders. Ref. Goal 3	Within 30 days of delivery of the symposium
10	Meetings with forest health working group	Sustain and increase the working relationships between the USFS Forest Health and Protection Program and regional stakeholders. Ref. Goal 3	Quarterly
11	Up-to-date directory of forest health working group members	Sustain and increase the working relationships between the USFS Forest Health and Protection Program and regional stakeholders. Ref. Goal 3	Within 7 days of every working group meeting, workshop and symposium
12	Quarterly written progress reports	These reports will document the progress of all three goals.	Quarterly
13	Bi-weekly progress report	These reports will communicate to the program manager the progress of all three goals.	Bi-weekly

6.0 Travel

The contractor will have access to use the official vehicle to fulfill the contract's objectives and according to its availability. Travel cost for the Contractor will include airplane transportation, lodging, per diem and incidental expenses, terrestrial transportation, and other travel related expenses as necessary.

Travel requirements

Travel purpose	Type of travel	Location	Duration	Number of trips	Per diem required	Lodging required
----------------	----------------	----------	----------	-----------------	-------------------	------------------

Monitoring visits	Terrestrial travel	Throughout Puerto Rico	Day trip (~8hrs)	Up to 12	No	No
Technical workshop #1	Terrestrial travel	Puerto Rico (Municipality to be determined)	Day trip (~8hrs)	1	No	No
Technical workshop #2	Airplane travel	St. Croix, US Virgin Islands	3 days	1	Yes	Yes
FHP Symposium	Terrestrial travel	Puerto Rico (Municipality to be determined)	Overnight	1	Yes	Yes

7.0 Contractor's Key Personnel

- **Forest Health Program and Training Specialist** should meet the following requirements:
 - A master's degree in biology, forestry, environmental science or a related field.
 - Technical expertise in Puerto Rico and the US Virgin Island's Flora and Fauna, ecosystems, protected or private forests and the ecosystem services they provide.
 - Capacity to walk on irregular terrain, carrying monitoring equipment (up to 25lb) in hot and humid tropical conditions.
 - At least two years of experience reviewing technical and scientific literature, as well as preparing summaries and written reports.
 - Broad experience conducting one-on-one interviews and meetings with varied stakeholders.
 - At least two years of experience building surveys, receiving feedback and implementing findings.
 - At least one year of experience in developing curriculums or instructional content as well as knowledge of learning practices and theories.
 - At least one year of experience coordinating workshops and developing evaluation forms.
 - Experience planning and delivering gatherings for up to 100 participants with a wide variety of stakeholders.
 - Broad knowledge and experience developing and implementing interactive dynamics and networking activities for fostering collaborations.

8.0 Security Requirements

The contractor will conduct field visits in compliance with the personal protection equipment requirements to minimize exposure to hazards that could cause injury or illness.

9.0 Data Rights

All data/information produced, furnished, acquired, or used in meeting contract requirements belong to the Government. The Government shall have sole unlimited rights to use and disclosure. Data collected and documents belong to the IITF.

10.0 Section 508 – Electronic and Information Technology Standards

Not applicable. No technology will be acquired under this contract.

127EAV26Q0014 Technical and Program Support Forest Health and Protection

Federal Acquisition Regulation (FAR) and United States Department of Agriculture Acquisition Regulation (AGAR) Clauses and Provisions

The clauses and provisions contained herein are applicable to any order awarded as a result of this solicitation. The terms and conditions set forth herein supersede all other terms and conditions. Acceptance of the order in accordance with (IAW) FAR 12.201-1(b)(2) constitutes acceptance of all terms and conditions contained herein.

As part of the Revolutionary FAR Overhaul (RFO), system updates may lag policy updates. The System for Award Management (SAM) may continue to require entities to complete representations based on provisions that are not included in this solicitation. Contracting officers will rely on representations from offers based on provisions in the solicitation. Entities are not required to, nor are they able to, update their entity registration to remove these representations in SAM.

52.252-2 Clauses Incorporated by Reference

Feb 1998

This solicitation incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also the full text of the clause may be accessed electronically at Internet address <https://www.acquisition.gov/far-overhaul/far-part-deviation-guide/far-overhaul-part-52>

- 52.212-4 Terms and Conditions—Commercial Products and Commercial Services (Nov 2025)
 - ☐ Alternate I (Nov 2025) of 52.212-4
- 52.203-17 Contractor Employee Whistleblower Rights (Nov 2023)

Other Applicable Clauses

127EAV26Q0014 Technical and Program Support Forest Health and Protection

- 52.217-8 Option to Extend Services (Nov 1999)
30 calendar days prior to contract expiration
- 52.217-9 Option to Extend the Term of the Contract (Mar 2000)
 - (a) 30 Calendar days prior to contract expiration and 60 days
 - (c) five years and 6 months.
- 52.232-90 Fast Payment Procedures (Nov 2025)
- 52.245-1 Government Property (Sep 2021)
 - ☐ Alternate I (Sep 2021) of 52.245-1
- 52.245-2 Government Property
- 52.245-9 Use and Charges

AGAR Clauses

- 452.203-71 Anti-Discrimination and Diversity, Equity, and Inclusion (DEI) Compliance (Dec 2025)

(a) By entering into this contract, the Contractor certifies that:

- (1) It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution, and it will remain compliant for the duration of the contract.
- (2) Neither it nor any subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution, and the Contractor and any subcontractor or teaming partner will not do so for the duration of the contract.

(b) If the Contractor participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other detention facilities, the Contractor certifies that it will remain compliant with those laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.

(c) The Contractor affirms that the above requirements are conditions of payment that go to the essence of the contract and are therefore material terms of the contract. Payments under the contract are predicated on compliance with the above requirements, and therefore the Contractor is not eligible for funding under the contract or to retain any funding under the contract absent compliance with the above requirements.

127EAV26Q0014 Technical and Program Support Forest Health and Protection

- (d) This certification reflects a change in the Government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this contract.
 - (e) Submission of a knowing false statement relating to Contractor's compliance with the above requirements and/or eligibility for the contract may subject the Contractor to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.
 - (f) The Contractor must include the provisions of this clause in all subcontract solicitations.
 - (g) Failure on the part of the Contractor or its subcontractors to comply with the terms of this clause may be grounds for the Contracting Officer to terminate this contract for default.
- (End of Clause)

452.204-70 Modification for Contract Closeout (Nov 2025)

- (a) If unliquidated funds in the amount of \$1000 or less remain on the contract, the Contracting Officer (Contracting Officer) shall issue a unilateral modification for deobligation. The contractor will receive a copy of the modification but will not be required to provide a signature. The Contracting Officer shall immediately proceed with contract closeout upon completion of the period of performance, receipt and acceptance of supplies or services, and final payment.
 - (b) Upon contract closeout for contracts utilizing SAP: if unliquidated funds of more than \$1000 remain on the contract, the Contracting Officer shall issue a bilateral modification for deobligation. The contractor will receive a copy of the modification and will be required to provide a signature. (The Contracting Officer may also request a "Contractor Release of Claims" be completed by the contractor, although not required for contracts and orders using SAP.) If the bilateral modification and Release of Claims are not returned to the Contracting Officer within 60 days, the Contracting Officer shall release the modification as unilateral and proceed with contract close-out upon completion of the period of performance, receipt and acceptance of supplies or services, and final payment.
 - (c) Upon contract closeout for contracts utilizing anything other than cost reimbursement, if unliquidated funds of more than \$1000 remain on the contract, the Contracting Officer shall issue a bilateral modification for deobligation. The contractor will receive a copy of the modification and a "Contractor Release of Claims" and will be required to provide a signature on both forms. If the bilateral modification and Release of Claims are not returned to the Contracting Officer within 120 days, the Contracting Officer shall release the modification as unilateral and proceed with contract closeout upon completion of the period of performance, receipt and acceptance of supplies or services, and final payment.
- (End of Clause)

452.204-71 Personal Identity Verification of Contractor Employees (Nov 2025)

- (a) The contractor shall comply with the personal identity verification (PIV) policies and procedures established by the United States Department of Agriculture (USDA) Directives 4620-002 series.
- (b) Should the USDA Directives 4620-002 require the exclusion of a contractor's employee, the contracting officer will notify the contractor in writing. The contractor must appoint a representative to manage compliance with the PIV policies established by the USDA Directives 4620-002 and to maintain a list of employees eligible for a USDA LincPass required for performance of the work.

127EAV26Q0014 Technical and Program Support Forest Health and Protection

(c) The responsibility of maintaining a sufficient workforce remains with the contractor. Contractor employees may be barred by the Government from performance of work should they be found ineligible or to have lost eligibility for a USDA LincPass. Failure to maintain a sufficient workforce of employees eligible for a USDA LincPass may be grounds for termination of the contract.

(d) The contractor shall insert this clause in all subcontracts when the subcontractor is required to have routine unaccompanied physical access to a Federally controlled facility and/or routine unaccompanied access to a Federally controlled information system.

(e) The PIV Sponsor for this contract is a designated program point of contact, which in most cases is the COR, unless otherwise specified in this contract. The PIV Sponsor will be available to receive contractor identity information from [hours and days to be added by CO] to [hours and days to be added by CO] at [office address for registration to be added by CO]. The Government will notify the contractor if there is a change in the PIV Sponsor, the office address, or the office hours for registration; however, it is the contractor's responsibility to meet all aspects of paragraphs (c), (d), and (e).

(End of Clause)

Solicitation Information

Award Type

It is anticipated that a firm fixed price contract will be awarded as a result of this synopsis/solicitation.

The Government reserves the right to make more than one award (multiple awards) for different line items, if, after considering the additional administrative cost to the Government of awarding and administering separate purchase orders, it is determined that the multiple awards will result in the best value to the Government. For purposes of evaluating the cost of making multiple awards, it is assumed that the administrative cost of awarding and administering a purchase order is \$500.

The Government intends to make one award from this solicitation. Therefore, to be considered responsive, contractors must submit pricing for all items.

SECTION L – INSTRUCTIONS TO QUOTERS

L.1 General

This Request for Quotation (RFQ) is for a single award and will be made in accordance with FAR 13.106-2 comparative evaluation procedures to the responsible offeror whose quotation represents the most advantageous value to the government.

The Government intends to make award without discussions but reserves the right to seek clarifications.

L.2 Volume I – Technical Approach (Max 10 Pages)

Quoters shall describe their approach to accomplishing the three SOW goals:

- Forest Monitoring Support (Goal 1) – Tropical forest monitoring experience, reporting, trend analysis.
- Training & Curriculum (Goal 2) – Needs assessment, survey development, curriculum design, workshop delivery.
- Stakeholder Engagement (Goal 3) – Hybrid event coordination, symposium support, quarterly meetings, bilingual capability.

L.3 Volume II – Key Personnel (Max 3 Pages)

Provide resume and qualifications for the proposed Forest Health Program & Training Specialist:

- Master's degree (required)
- Relevant experience in PR/USVI ecosystems
- Bilingual proficiency (English/Spanish)
- Field monitoring capability

L.4 Volume III – Past Performance (Max 3 Pages)

Provide up to three relevant efforts within the past five years including scope, dollar value, period of performance, and client contact information.

L.5 Volume IV – Price

Provide pricing for Base Year, Option Year 1, and Option Year 2.

Price must reflect full scope including travel, workshops, reporting, and recurring deliverables.

SECTION M – EVALUATION FACTORS

M.1 Basis of Award

The Government will conduct a comparative evaluation of quotations in accordance with FAR 13.106-2. The Government will evaluate the relative strengths, weaknesses, benefits, and risks of each quotation in relation to the stated evaluation factors. Award may be made to other than the lowest-priced quotation if the Government determines that the technical advantages of a higher-priced quotation provide the most advantageous value to the Government.

M.2 Evaluation Factors

To be considered for award, a quotation must demonstrate, at a minimum:

- Ability to perform all three SOW goals
- Qualified key personnel meeting stated requirements
- Relevant experience in Puerto Rico and/or U.S. Virgin Islands ecosystems
- Bilingual English/Spanish capability for stakeholder engagement

Factor 1 – Technical Capability

Evaluation will consider understanding of tropical forest monitoring, methodology for Goals 1–3, feasibility of approach, and performance risk.

Factor 2 – Key Personnel

Evaluation will consider education, regional experience, bilingual capability, and ability to meet field requirements.

Factor 3 – Past Performance

Evaluation will consider recency, relevance, and quality. Confidence ratings: Substantial, Satisfactory, Limited, or Neutral.

Factor 4 – Price

Price will be evaluated for fairness, reasonableness, balance across periods, and consistency with scope.

127EAV26Q0014 Technical and Program Support Forest Health and Protection

52.252-1 Solicitation Provisions Incorporated by Reference

Feb 1998

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es): <https://www.acquisition.gov/far-overhaul/far-part-deviation-guide/far-overhaul-part-52>

- 52.203-18 Prohibition on Contracting with Entities that Require Certain Internal Confidentiality Agreements or Statements-Representation (Jan 2017)
- 52.209-2 Prohibition on Contracting with Inverted Domestic Corporations - Representation (Sep 2025)
- 52.209-11 Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law (Sep 2025)
- 52.240-90 Security Prohibitions and Exclusions Representations and Certifications (Nov 2025)

The following provisions are applicable if checked:

- ☐ 52.203-11 Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions (Sep 2024)

127EAV26Q0014 Technical and Program Support Forest Health and Protection

- ☒ 52.204-7 System for Award Management—Registration (Nov 2025)
 - ☐ Alternate I (Nov 2025) to 52.204-7
- ☐ 52.204-90 Offeror Identification (Nov 2025)
- ☐ 52.207-6 Solicitation of Offers from Small Business Concerns and Small Business Teaming Arrangements or Joint Ventures (Multiple-Award Contracts) (Aug 2024)
- ☐ 52.209-12 Certification Regarding Tax Matters (Oct 2025)
- ☐ 52.219-2 Equal Low Bids (Nov 2025)
- ☒ 52.222-18 Certification Regarding Knowledge of Child Labor for Listed End Products (Feb 2021)
- ☐ 52.222-48 Exemption from Application of the Service Contract Labor Standards for Maintenance, Calibration, or Repair of Certain Equipment—Certification (Nov 2025)
- ☐ 52.222-52 Exemption from Application of the Service Contract Labor Standards for Certain Services—Certification (Nov 2025)
- ☐ 52.222-56 Certification Regarding Trafficking in Persons Compliance Plan (Oct 2020)
- ☐ 52.223-4 Recovered Material Certification (May 2008)
- ☐ 52.225-2 Buy American Certificate (Oct 2022)
- ☐ 52.225-4 Buy American-Free Trade Agreements-Israeli Trade Act Certificate (Nov 2025)
- ☐ 52.225-6 Trade Agreements-Certificate (Feb 2021)
- ☐ 52.226-3 Disaster or Emergency Area Representation (Nov 2007)
- ☒ 52.229-11 Tax on Certain Foreign Procurements—Notice and Representation (Jul 2025)

Other Applicable FAR Provisions

52.237-1 Site Visits (Apr 1984)

AGAR Provisions

452.203-70 Anti-Discrimination and Diversity, Equity, and Inclusion (DEI) Certification (Dec 2025)

(a) By submission of its offer, the offeror certifies that:

- (3) It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution.
- (4) Neither it nor any proposed subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution.

(b) If the offeror participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other detention facilities, by submission of its offer, the offeror certifies that it is compliant with those

127EAV26Q0014 Technical and Program Support Forest Health and Protection

laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.

(c) The offeror affirms that the above requirements are conditions of payment that go to the essence of the contract and are therefore material terms of the contract. Payments under the contract are predicated on compliance with the above requirements, and therefore the offeror will not be eligible for funding under the contract or to retain any funding under the contract absent compliance with the above requirements.

(d) This certification reflects a change in the Government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this contract.

(e) Submission of a knowing false statement relating to offeror's compliance with the above requirements and/or eligibility for the contract may subject the offeror to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.

(f) Failure on the part of the offeror or its subcontractors to comply with the terms of this clause may be grounds for the Contracting Officer to terminate the contract for default.
(End of Provision)

NOTICE FOR FILING AGENCY PROTESTS United States Department of Agriculture (USDA) Ombudsman Program

The USDA is committed to issuing solicitations and awarding contracts in a fair and prompt manner. The Ombudsman Program for Agency Protests (OPAP) was established to address protest issues within the agency, providing an alternative to costly and time-consuming litigation. Operating independently, OPAP offers relief comparable to that granted by the Government Accountability Office (GAO). Interested parties are encouraged to resolve concerns through USDA's internal Alternative Dispute Resolution (ADR) process before pursuing external forums such as the GAO. Concerns may be addressed informally or through a formal agency protest filed with either the Contracting Officer or the Ombudsman.

Informal Forum with the Ombudsman

1. **Initial Point of Contact:** Interested parties who believe a specific USDA procurement is unfair or otherwise defective should first direct their concerns to the applicable Contracting Officer.
2. **Escalation:** If the Contracting Officer is unable to address their concerns, interested parties are encouraged to contact the USDA Ombudsman for Agency Protests. Under this informal process, the agency is not required to suspend contract award performance. Utilization of the informal forum does not suspend any time requirement for filing a formal protest with the agency or other forums.

127EAV26Q0014 Technical and Program Support Forest Health and Protection

3. **Required Information:** To ensure a timely response, interested parties should provide the following information to the Ombudsman: solicitation/contract number, contracting office, Contracting Officer, and solicitation closing date (if applicable).

Formal Agency Protest with the Ombudsman

1. **Effort to Resolve:** Prior to submitting a formal agency protest, protesters must first use their best efforts to resolve their concerns with the Contracting Officer through open and frank discussions.
2. **Independent Review:** If the protester's concerns remain unresolved, an Independent Review is available by the Ombudsman. The protester may file a formal agency protest with either the Contracting Officer or, alternatively, with the Ombudsman under the OPAP program. Contract awards or performance will be suspended during the protest period unless justified in writing for urgent and compelling reasons or determined in writing to be in the best interest of the Government.
3. **Resolution Timeline:** The agency's goal is to resolve protests within 35 calendar days from the date of filing.
4. **Required Information:** Protests shall include the information set forth in FAR 33.104(a)(3). Failure to submit the required information may result in a delay or dismissal of the protest.
5. **Timeliness:** Protests must be filed within the timeframes specified in FAR 33.104.
6. **Submission:** Formal protests under the OPAP program should be submitted electronically to SPE.inquiry@usda.gov and the Contracting Officer.

Election of Forum. By initiating a protest with the USDA, the protester agrees not to pursue the same matter with the Government Accountability Office (GAO) or any other external forum while the agency protest is pending. If a protest is filed externally, the agency protest will be dismissed.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$5.55 per hour, up to 40 hours per week, or \$222.00 per week or \$962.00 per month

HEALTH & WELFARE EO 13706: \$5.09 per hour, up to 40 hours per week, or \$203.60 per week, or \$882.27 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 3 weeks paid vacation after 1 year of service with a contractor or

successor; and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of twelve paid holidays per year: New Year's Day, Martin Luther King Jr's Birthday, Washington's Birthday, Good Friday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least \$27.63 per hour (or at least \$684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY:
If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am.

If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** HAZARDOUS PAY DIFFERENTIAL ****

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder.

All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such

cleaning
and maintenance at a rate of \$3.35 per week (or \$.67 cents per day).
However, in
those instances where the uniforms furnished are made of "wash and wear"
materials, may be routinely washed and dried with other personal garments,
and do
not require any special treatment such as dry cleaning, daily washing, or
commercial
laundering in order to meet the cleanliness or appearance standards set by
the terms
of the Government contract, by the contractor, by law, or by the nature of
the work,
there is no requirement that employees be reimbursed for uniform maintenance
costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the
"Service Contract Act Directory of Occupations", Fifth Edition (Revision
1),
dated September 2015, unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE,
Standard
Form 1444 (SF-1444) ****

Conformance Process:

The contracting officer shall require that any class of service employee
which is
not listed herein and which is to be employed under the contract (i.e., the
work to
be performed is not performed by any classification listed in the wage
determination), be classified by the contractor so as to provide a
reasonable
relationship (i.e., appropriate level of skill comparison) between such
unlisted
classifications and the classifications listed in the wage determination
(See 29 CFR
4.6(b)(2)(i)). Such conforming procedures shall be initiated by the
contractor
prior to the performance of contract work by such unlisted class(es) of
employees
(See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final
determination of conformed classification, wage rate, and/or fringe benefits
which
shall be paid to all employees performing in the classification from the
first day
of work on which contract work is performed by them in the classification.
Failure
to pay such unlisted employees the compensation agreed upon by the
interested
parties and/or fully determined by the Wage and Hour Division retroactive to
the
date such class of employees commenced contract work shall be a violation of

the Act
and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond

paper.

When preparing a conformance request, the ""Service Contract Act Directory of Occupations"" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."
