16. REMARKS BLK 4: Deliverables shall be submitted electronically and shall capture all required data fields per the A005 template. Submit in Microsoft Office 2016 or higher. BLK 10: Contractor Property Management System (CPMS) GFP reports are required to be submitted quarterly for all GFP accountable to this contract. The report for the quarter ending 30 September shall document the contractor's annual physical inventory; the report shall be signed and dated by the contractor's property administrator, attesting to the veracity and accuracy of the inventory. Substantiating documentation (e.g., iRAPT transfer, DD 250, DD 1149, DD 1348) shall be provided in conjunction with the GFP report for all GFP transactions occurring during the quarter. BLK 8: Disapproved submission(s) shall be re-submitted within fifteen (15) calendar days from receipt of Government comments. The contractor shall continue to resubmit until approval is received from the Government. BLK 12: First submission to be provided following the quarter that GFP is initially received by the contractor. For example, if the contractor receives GFP on January 10th, the first GFP report will be due April 10th, for the quarter ending 31 March. If a submission date falls on a weekend or holiday, the submission is due the next working day. BLK 13: January 10th, April 10th, July 10th, and October 10th for the preceding quarter. If a submission date falls on a weekend or holiday, the submission is due the next working day. BLOCK 14: The Contractor shall post contract data deliverables to PMW 160 CMPRO site at https://cmpropac.navy.mil/ unless otherwise specified. The Contractor shall notify the PMW 160 ADNS CDRL Manager via CMPRO of the CDRL delivery. All deliveries shall be in native formats; Adobe PDF or document images shall be unacceptable unless explicitly directed by the Government or prior written approval has been obtained from the Government. 16. Remarks Blocks 10 - 13: Prepare the Cost and Hour Report (FlexFile) in accordance with DI-FNCL-82162 and the OSD CAPE Deputy Director, Cost Assessment (DDCA)-approved contract CSDR Plan. The DID, DI-FNCL-82162, is available from the Cost Assessment Data Enterprise (CADE) website at https://cade.osd.mil/policy/dids . The CSDR Plan is included as a contract attachment. The following tailoring of the DID is acceptable: 1. Data Group B - Item 4 - Additional Data Fields #1-#12 Not required. Contractors shall be required to submit the Cost and Hour Report (FlexFile) at frequencies specified in the CAPE-approved CSDR plan. The contract CSDR plan uses the event field as the driver for the submission of the reports, not the "as of date." If the event slips, the contractor must notify the Government Program Office that a date change is needed. It is the responsibility of the Government Program Office to submit a request for change in the event-driven date for reporting through the CADE website for CAPE approval before relief is given for the date reflected in the CAPE-approved CSDR Plan. The FlexFile shall be delivered in either a) MS Excel (.xlsx) or comma separated values (.csv) in the contractor's format of choosing, so long as it fulfills the requirements of the DD FORM 2794 and is in accordance with the FlexFile DID or b) JavaScript Object Notation (JSON) as described in the FlexFile File Format Specification (FFS) and Data Exchange Instructions (DEI) referenced in the FlexFile DID Requirements Section 2. All files shall be submitted electronically using the CADE website. Data submitters must register through the CADE website and possess a DoD-approved ECA digital certificate or DoD-issued CAC to obtain a CADE Portal account and be authorized to upload CSDR content. Users can obtain access by submitting user information about themselves and their organizations to the CADE Portal and requesting a CSDR submitter user role. After the registration information has been verified, CAPE shall authorize the user account and requested roles. All CADE Portal accounts need to be renewed at least annually. Subcontractor Reporting: Prime contractors shall ensure CSDR requirements contained in their prime contracts are flowed down to all subcontractors who meet the reporting thresholds specified in the DoDI 5000.73, or as required by the cost working integrated product team (CWIPT). This includes requiring subcontractors to electronically report directly to CAPE using the CSDR Submit-Review System. The prime contractor shall be required to work with the CWIPT and all appropriate subcontractors to prepare separate subcontract CSDR plans for submission to the CAPE for approval. The Office of the Secretary of Defense (OSD) Cost Assessment & Program Evaluation (CAPE) may use a CADE management support contractor to review the data submitted under this CDRL to ensure contractual requirements are met and to facilitate distribution of the data to authorized Government users (hereinafter referred to as "the support contractor"). This data may include information that is considered a trade secret, proprietary, business sensitive, or otherwise protected pursuant to law or regulation (hereinafter referred to as "protected information"). Execution of this contract by the contractor is considered consent to CAPE's permitting access to any information, irrespective of restrictive markings or the nature of the information submitted, by its CADE management support contractor for the limited purpose of executing its CADE management support contract responsibilities. BLOCK 14: The Contractor shall notify the PMW 160 ADNS CDRL Manager of the delivery to CADE via the PMW 160 CMPRO site at https://cmpropac.navy.mil/ unless otherwise specified. 16. Remarks Contractors shall be required to submit 1921-3 Contractor Business Data Report on an annual basis within 60 days subsequent to the end of the contractor's fiscal year for the life of the contract in accordance with DI-FNCL-81765C. Only one report is required to be completed and submitted by each FPR (Forward Pricing Rate) unit (e.g., plant, site, business unit) per year, independent of the number of contracts within the FPR unit which contain this CDRL item. The Contractor Business Data Report is to be prepared by and for the business entity (e.g., plant, site, or business unit) responsible for submitting the Forward Pricing Rate Proposal (FPRP) representing the basis for Forward Pricing Rate Agreement (FPRA) negotiations with the government. In the absence of a FPR requirement, the term "FPR unit" should be interpreted for reporting purposes as "business unit" as defined in the FAR. All 1921-3 reports shall be submitted electronically using the 1921-3 & FPR Submit-Review System. The required form and file type for each 1921-3 report is specified in its Data Item Description (DID) located here: https://cade.osd.mil/csdrreportingguidance/dids.html . Data submitters must register through the CADE website (https://cade.osd.mil) and possess a DoD-approved ECA digital certificate or a DoD-issued CAC to obtain a CADE Portal account and be authorized to upload CSDR content. Users can obtain access by submitting user information about themselves and their organizations to the CADE Portal and requesting a CSDR submitter user role. After the registration information has been verified, CAPE shall authorize the user account and requested role. All CADE Portal accounts need to be renewed at least annually. CSDR requirements contained in their prime contracts to all subcontractors with an anticipated eventual contract value expected to exceed \$250M unless given relief by the Government. This includes requiring subcontractors to electronically report directly to CAPE using the CSDR Submit-Review System. If the company is foreign to the United States or if the business units are based solely on MTA program contracts they are not required to report a 1921-3. The Office of the Secretary of Defense (OSD) Cost Assessment & Program Evaluation (CAPE) may use a CADE management support contractor to review the data submitted under this CDRL to ensure contractual requirements are met and to facilitate distribution of the data to authorized Government users (hereinafter referred to as "the support contractor"). This data may include information that is considered a trade secret, proprietary, business sensitive, or otherwise protected pursuant to law or regulation (hereinafter referred to as "protected information"). Execution of this contract by the contractor is considered consent to CAPE's permitting access to any information, irrespective of restrictive markings or the nature of the information submitted, by its CADE management support contractor for the limited purpose of executing its CADE management support contract responsibilities. 16. REMARKS Submit in Microsoft Office 2016 or newer, Contractor's format, using DID as guidance. BLOCK 4: The Contractor shall provide a detailed packing list which confirms that all required materials, per the Delivery Order and TDP, are being delivered to the Government at the time of CLIN delivery. This packing list shall include the date, confirmation of each item being delivered (i.e., check mark next to each item being delivered) and signature of individual performing final QA inspection. BLOCKS 8 and 13: Disapproved submission(s) shall be re-submitted within fifteen (15) calendar days from receipt of Government comments. The contractor shall continue to resubmit until approval is received from the Government. BLK 13: Subsequent submissions due January 10th, April 10th, July 10th, and October 10th for the preceding quarter. If a submission date falls on a weekend or holiday, the submission is due the next working day. BLOCK 14: The Contractor shall post contract data deliverables to PMW 160 CMPRO site at https://cmpropac.navy.mil/ unless otherwise specified. The Contractor shall notify the PMW 160 ADNS CDRL Manager via CMPRO of the CDRL delivery. All deliveries shall be in native formats; Adobe PDF or document images shall be unacceptable unless explicitly directed by the Government or prior written approval has been obtained from the Government. Digital media will conform to the guidance in ASN RDA Policy Memo, "DON Policy on Digital Product/Technical Data" of 23 Oct 04.								See BLOCK 16		0		1
