Special Notes and Instructions:

1. This is a notice that this order is a **Full & Open Unrestricted**. Only quotes submitted by Offerors holding **NAICS Code 517111 and the size standard of 1500 employees** will be accepted by the Government.

2. Basis for Award. 502 CONS/PKBD will issue a purchase order to the vendor who is determined to offer the best value to the Government. Failure to acknowledge Amendments will result in your quote not being considered for award. Contract type shall be Firm Fixed Price (FFP).

3. Best Value Determination. The Offeror who is deemed responsible and responsive with the **Lowest Priced, Technically Acceptable (LPTA)** quote will be determined to represent the best value. Technical acceptability will be determined by an evaluation of the quoted requirements that meet the technical criteria that is contained in the solicited item description. Quotes initially will be ranked from lowest to highest based on total cost. The Government will then evaluate the three lowest priced quotes for Technical Acceptability. However, the Government reserves the right to evaluate additional quotes for technical acceptability if deemed to be in the best interest of the Government. If additional quotes are evaluated for technical acceptability, they will be evaluated in the order of total cost. Award will be made to the responsible vendor whose quote is the lowest evaluated price among technically acceptable quotes.

4. Interchanges. The government intends to award a purchase order without interchanges with respective vendors/offerors. The government, however, reserves the right to conduct interchanges if deemed in its best interest. Under appropriate circumstances, interchanges can be an effective method to improve the Government's evaluation of Offerors' quoted approaches and may reduce acquisition cycle time. Interchanges may be written, email, phone call, etc., or any method which would accurately capture the contemporaneous sharing of information between the Government and the Offerors. Interchanges may also be oral conversations between the Government and the Offerors.

5. Mandatory Registrations. To be eligible for award, registration with the System for Award Management (SAM) must be current (legacy for On-line Registration and Certifications Application (ORCA) and Central Contractor Registration (CCR) registrations). To register or update former CCR and Reps & Certs that are not current go to <https://www.sam.gov/portal/public/SAM/> and provide mandatory information.

6. Period of Performance. It is the government intent to award this requirement as a 12-month Base Year (to include cutover installation) with Four (4) one-year option period and optional six-month Extension Period.

7. Quote Preparation: The offeror's quote shall consist of four (4) Volumes as indicated in Table 1 below. Proposals must be in English. All information, except for document numbers, page number, etc., shall be provided in a page image area with no less than one (1) inch margin on an 8.5" x 11" paper. (B) Have ☐ have not ☐, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks "have", the offeror shall also see 52.209-7, if included in this solicitation);

(C) Are ☐ are not ☐ presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision; and

(D) Have ☐, have not ☐, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-S(a) (2) for which the liability remains unsatisfied. Federal taxes are considered delinquent if both of the following criteria apply:

(1) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if a pending administrative or judicial challenge remains. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(2) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the Government will consider the certification in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) This provision does not require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a). The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If the Government later determines that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

52.209-13 Violation of Arms Control Treaties or Agreements-Certification. (Deviation)

(Feb 2026)

Violation of Arms Control Treaties or Agreements-Certification (Feb 2026) (Deviation)

(a) This provision does not apply to acquisitions at or below the simplified acquisition threshold or to acquisitions of commercial products and commercial services as defined in Federal Acquisition Regulation 2.101.

(b) Certification. [Offeror shall check either (1) or (2).]

☐ (1) The Offeror certifies that-

(i) It does not engage and has not engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). The report is available at <https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/>; and

(ii) No entity owned or controlled by the Offeror has engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). The report is available at <https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/>; or

☐ (2) The Offeror is providing separate information with its offer in accordance with paragraph (d)(2) of this provision.

(c) Procedures for reviewing the annual unclassified report (see paragraph (b)(1) of this provision). For clarity, references to the report in this section refer to the entirety of the annual unclassified report, including any separate reports that are incorporated by reference into the annual unclassified report.

(1) Check the table of contents of the annual unclassified report and the country section headings of the reports incorporated by reference to identify the foreign countries listed there. Determine whether the Offeror or any person owned or controlled by the Offeror may have engaged in any activity related to one or more of such foreign countries.

(2) If such activity might have occurred, review all findings in the report associated with those foreign countries to determine whether or not each such foreign country was determined to be in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or to be not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. For clarity, in the annual report an explicit certification of non-compliance is equivalent to a determination of violation. However, the following statements in the annual report are not equivalent to a determination of violation:

(i) An inability to certify compliance.

(ii) An inability to conclude compliance.

(iii) A statement about compliance concerns.

(3) If so, determine whether the Offeror or any person owned or controlled by the Offeror has engaged in any activity that contributed to or is a significant factor in the determination in the report that one or more of these foreign countries is in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. Review the narrative for any such findings reflecting a determination of violation or non-adherence related to those foreign countries in the report, including the finding itself, and to the extent necessary, the conduct giving rise to the compliance or adherence concerns, the analysis of compliance or adherence concerns, and efforts to resolve compliance or adherence concerns.

(4) The Offeror may submit any questions with regard to this report by email to NDAA1290Cert@state.gov. To the extent feasible, the Department of State will respond to such email inquiries within 3 business days.

(d) Do not submit an offer unless-

(1) A certification is provided in paragraph (b)(1) of this provision and submitted with the offer; or

(2) In accordance with paragraph (b)(2) of this provision, the Offeror provides with its offer information that the President of the United States has

(i) Waived application under 22 U.S.C. 2593e(d) or (e); or

(ii) Determined under 22 U.S.C. 2593e(g)(2) that the entity has ceased all activities for which measures were imposed under 22 U.S.C. 2593e(b).

(e) Remedies. The certification in paragraph (b)(1) of this provision is a material representation of fact upon which reliance was placed when making award. If the Government later determines that the Offeror knowingly submitted a false certification, in addition to other remedies available to the Government, such as suspension or debarment, the Contracting Officer may terminate any contract resulting from the false certification.

52.229-11 Tax on Certain Foreign Procurements-Notice and Representation.

(Jun 2020)

Tax on Certain Foreign Procurements-Notice and Representation (Jun 2020)

(a) Definitions. As used in this provision-

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area of the United States.

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and

(5) Any trust if-

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. S000C and its implementing regulations at 26 CFR 1.S000C-1 through 1.S000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.S000C-1(d)(S) through (7). The Offeror may claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service (IRS) Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. S000C tax are adjudicated by the IRS as the 26 U.S.C. S000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. S000C, the Offeror represents that

(1) It ☐ is ☐ is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that-I am claiming on the IRS Form W-14 ☐ a full exemption, or ☐ partial or no exemption [Offeror must select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then-

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the IRS as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.

Evaluation Factors for Award

1.0 Provision at FAR 52.212-2, Evaluation-Commercial Products and Commercial Services (Nov 2021) and RFO 52.212-2, Evaluation-Commercial Products and Commercial Services (MAR 2026) are NOT used in this solicitation. The evaluation procedures are outlined in this document.

2.0 Basis of Award: 502d CONS/PKBD will issue a one Firm Fixed Price purchase order to the vendor who is determined to be offer the best value to the Government. By submitting a quote to the Government, the contractor concedes that all required services shall be done in accordance with the attached Statement of Work at the firm fixed price that the contractor notes within the submitted quote.

3.0 Best Value Determination: For this procurement, Best Value determination will be made based on a Lowest Priced, Technically Acceptable. The following factors shall be used to evaluate quotes: pricing and technical acceptability. Only quotes received from offerors that provide unit pricing for all CLINs using the Attachment 2, Pricing Schedule will be considered, and only technically acceptable quotes are eligible for award. The following process will be followed:

3.1 Technical Evaluation: The technical acceptability team will evaluate the factors identified below. For the quote to be technically acceptable, each technical factor must be rated as acceptable. The failure of a Offeror to meet any or all of the technical criteria will result in a technically unacceptable rating and be ineligible for award. The technical factors will receive one of the ratings listed below:

- a. Acceptable - Pass: Quote clearly meets the minimum requirements of the solicitation.
- b. Unacceptable - Fail: Quote does not clearly meet the minimum requirements of the solicitation

3.2 Technical Acceptability: Technical Acceptability is evaluated on a Pass/Fail basis. Any contractor that fails to meet all technical factors stated herein will not be considered for award. The government reserves the right to award to the contractor who, after meeting. The requirements of technical acceptability, offers the lowest price. In order to be considered Technically Acceptable, the Contractor must clearly demonstrate the following with their quote:

3.2.1 Technical Factor 1 - Pricing Evaluation:

(1) The two (2) lowest priced quotes submitted timely will be evaluated for Technical Acceptability. If two (2) or fewer quotes are received, the government will evaluate all quotes for technical acceptability. If more than two (2) quotes are received, the government will evaluate the two (2) lowest ranked quotes for technical acceptability; however, the government reserves the right to evaluate additional quotes for technical acceptability if deemed to be in the Government's best interest. If additional quotes are evaluated for technical acceptability, they will be evaluated in the order of rank. Prior to award, the Contracting Officer shall determine if the lowest priced, technically acceptable quote is a balanced, fair and reasonably priced.

(2) Quotes will be reviewed to ensure that all line-item have been priced. Offerors that submitted prices for ALL line items will initially be ranked based on total evaluated price (TEP). The TEP will be calculated as the sum of the offeror's proposed prices for 12-month Base Period (to include cut-over), four one-year Option Periods, and an optional six-month Extension Period IAW RFO 52.217-8 "Option to Extend Services." The six-month Extension Period unit prices will be based on the proposed OY 4-unit prices. The six-month Extension Period under RFO 52.217-8 will only be utilized if necessary. TEP will be used for evaluation purposes only. Evaluation of options shall not obligate the Government to exercise such options. The six-month Extension Period is not to be considered part of OY 4 and will be a separate option exercise if it is utilized. Various price analysis techniques may be used including comparison of prices submitted through competition, historical pricing, current market conditions, comparison to the Independent Government Estimate, a balanced pricing analysis and/or other proposal analysis technique. The Government may require submission of information other than certified cost and pricing data to the extent necessary to evaluate price reasonableness.

3.2.2 Technical Factor 2 Comprehensive Work Plan: The Technical Factor is met when (1) the Offeror presents a sound approach to meeting the minimum performance or capability requirements to provide local telecommunication services required in the PWS to include site-specific (Appendices 1A & 1B); Management, Technical Capability and Approach, Subcontracting Plan (if applicable), and Installation and Cutover Plan requirements.
