

GSA Office of Fleet Management Center for Vehicle Acquisition

This meeting is being recorded

A vibrant, stylized illustration of a city street scene. In the foreground, a yellow school bus is stopped at a crosswalk, with its door open. A group of diverse pedestrians, including children and adults, are crossing the street. To the right, a modern yellow transit bus is also visible. The background features a dense urban skyline with various skyscrapers, including the Chrysler Building, and a large, ornate clock tower. A large, metallic globe sculpture is positioned on the left side of the street. The overall atmosphere is bright and modern, with a clear blue sky and soft lighting.

GSA 2025 Fall Open Season Conference Joint Program - OCONUS, Main Bus, Transit Bus

**Global Vehicles Acquisition Division (QMAAA)
September 17, 2025
James Purdy, Host**

Agenda

- ❑ Welcome: Leonard Fedoruk, GSA Vehicle Purchasing Director
- ❑ Welcome & Open Season Process: James Purdy, GSA Contracting Officer
- ❑ Technical Specifications: John Hampson, Vehicle Engineering Branch Chief
- ❑ [GSAFleet.gov](https://www.gsa.gov/transaction/gsa-fleet) Bid Process: James Purdy, Contracting Officer

**GSA Office of Fleet Management
Center for Vehicle Acquisition**

Welcome

**Leonard Fedoruk,
Director, GSA Vehicle Purchasing**

Open Season (OS) Process

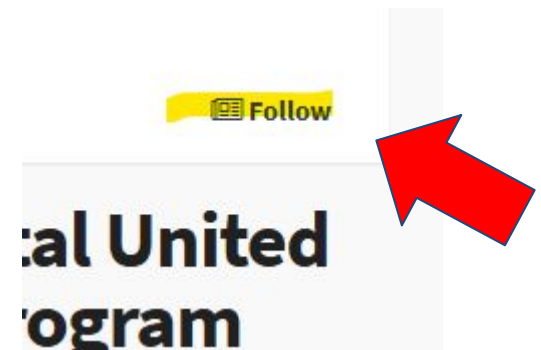

James Purdy
GSA Contracting Officer

Joint Programs

- ❑ Programs for 2025 Fall Open Season:
 - ❑ [47QMCA23R0011 - Outside the Continental U.S. \(OCONUS\) Vehicle Program](#)
 - ❑ [47QMCA24R0006 - Main Bus Program](#)
 - ❑ [47QMCA21R0013 - Transit Bus Program](#)

The screenshot shows the SAM.GOV website interface. At the top, there's a navigation bar with 'Home', 'Search', 'Data Bank', 'Data Services', and 'Help'. Below this, the GSA logo is visible on the left. The main content area displays a contract opportunity titled '2024 Outside the Continental United States (OCONUS) Vehicle Program'. The status is 'ACTIVE' and the notice ID is '47QMCA23R0011'. The department is listed as 'GENERAL SERVICES ADMINISTRATION'. A sidebar on the left contains links for 'Contract Opportunity', 'General Information', 'Classification', 'Description', 'Attachments/Links', 'Contact Information', 'History', 'Award Notices', and 'Interested Vendors List'. A 'Follow' button is visible in the top right corner of the contract detail section.

Important Dates

- ❑ Comment Collector & Bid Intention periods are closed
- ❑ Fall Open Season Industry Day: September 17, 2025 at 9:00 AM Eastern
- ❑ Bid Period Opening: September 22, 2025
- ❑ Bid Period Closing: October 29, 2025 at 12:00 PM Eastern
- ❑ Supplemental Documents Due (if applicable): October 29, 2025 at 12:00 PM Eastern
- ❑ ~December - Awards / Opening in [GSAFleet.gov](https://www.GSAFleet.gov)

Open Season Process

- ❑ Automated process completed via GSAFleet.gov
- ❑ Allows updated pricing for new model years and specifications
- ❑ *Potential* onboarding of new offerors
 - ❑ New offerors require full proposal package
- ❑ New models (if submitted during Bid Intentions)
- ❑ FY26 Federal Standards (Published Summer of 2025) will govern submissions

Open Season Process

- ❑ Refer to section C of your contract or solicitation
- ❑ Bi-annual (usually Spring & Fall)
- ❑ **Existing contractors** under this program may:
 - ❑ Update **new model year** pricing, base vehicle minimum data, optional equipment availability/pricing/conflicts, clarifications, and engine and fuel tab data
- ❑ **New offerors** not currently under contract may:
 - ❑ Submit proposals for the next model year for existing models

New Models

- ☐ New models can be configured in GSAFleet.gov at the bid line level (if previously approved)
- ☐ Chassis Make and Model *may* be required
 - ☐ If required and not applicable, enter make/model (e.g. *Honda Element*)
- ☐ Models proposed must already be approved by engineering
 - ☐ Supplier will be notified of approval / rejection via email

Supplemental Submission

- ☐ **Pricing** is entered into [GSAFleet.gov](https://gsafleet.gov) under Solicitations
- ☐ **Technical Exceptions Worksheet (TEW)**: No longer needed. Done via Bid in GSAFleet.gov
- ☐ **Line Item Availability Template**: Offered items for this Open Season (OS)
 - ☐ Cutoff and reopening dates, shipment times, and any explanations of price increases
 - ☐ Please provide accurate, realistic shipment timing After Receipt of Order (ARO)
- ☐ **Law Enforcement Upfit (LU) Quote Worksheets**: *ALL* Law Enforcement Upfit (LU) options proposed
- ☐ Additional Systems & Equipment (AS&E) itemized price calculations for items subject to Statutory Price Limitations (SPL) entered at SIN level in [GSAFleet.gov](https://gsafleet.gov)

Statutory Price Limitation (SPL)

- ❑ SPL is \$40,000 for sedans
- ❑ SPL is \$41,140 for passenger vans and station wagons
- ❑ “Additional Systems & Equipment (AS&E)”
- ❑ AS&E = anything above what is necessary for the “ordinary operation” of the vehicle
- ❑ AS&E figure is entered in the Bid for applicable SINs
- ❑ Evaluated price (offered price - AS&E - destination charge) must be below Statutory Price Limitation (SPL)

New Offerors

- ❑ New offerors must also submit full proposal documents as outlined in the program solicitation
 - ❑ See Solicitation (links on slide 5 to program SAM.gov) Section F for proposal instructions, Section G for Evaluation criteria
- ❑ New proposals will go through a full evaluation for responsiveness, responsibility, and technical acceptability just as all contractors have upon initial submission
- ❑ New offerors reach out to the contracting team to set up an intake meeting to discuss proposal submission requirements
- ❑ New offers will be reviewed as quickly as possible. GSA cannot guarantee award concurrent with incumbent offerors

Competition

- ❑ During open season, MY26 models not currently awarded will be awarded on a lowest price, technically acceptable basis.
- ❑ Incumbent vendors will maintain awards on all previously awarded makes and models such as they do not attempt to increase unit prices or change to the next model year.
- ❑ Vendors may lower prices at any time for any make and model.
- ❑ Price increases for awarded models will not be accepted.

New Optional Equipment Codes

- ❑ Pay close attention to all available option **codes** and **conflicts**
- ❑ Several new optional equipment codes have been added for MY26

The left screenshot shows the 'Line Item 236C.1' details page. It includes tabs for 'Bid detail', 'Minimum requirements', 'Optional equipment', 'Engine and fuel', 'Colors', and 'Documentation'. The 'Optional equipment' tab is active, showing a table with columns for 'Equipment Code', 'Title', 'Minimum requirements', 'Bid input', 'Comply', 'Ready', and 'Actions'. The table lists 'BA-BRAKES-AIR' with a minimum requirement of '57 PASSENGERS'. Below the table is a 'Clarification' section for providing additional information about the item.

The right screenshot shows a list of bid items. The selected item is '236C.1' with a description of '54 CHILDREN, TYPE D REAR ENGINE, SCHOOL BUS, BASIC'. The 'BID STATUS' section shows 'Bid detail' as the active status. The 'CLASSIFICATION' section shows 'Program: BUS-Buses', 'Vehicle Group: 41-Buses', 'Vehicle Type: 40-School and Adult Work Buses', and 'Standard Item: 236C-54 CHILDREN, TYPE D REAR ENGINE, SCHOOL BUS, BASIC'. The 'MODEL AND MAKE' section shows 'Review status: Approved'.

TAA

- ☐ Other than U.S. or designated country end products
- ☐ Approved SINs with updated list of Estimated Quantities are included in the Bid environment and posted to [SAM.gov](https://sam.gov)
- ☐ Not accepting any new models not already approved
- ☐ Exceptions:
 - ☐ Vehicles from “other than U.S. or designated country end products that meet the Gov’t’s requirement.
- ☐ DO NOT propose any new models other than above
- ☐ GSA *may* seek a waiver for other than U.S. models
- ☐ GSA reserves the right to reject any models submitted
- ☐ Propose units in approved SINs ONLY

**GSA Office of Fleet Management
Center for Vehicle Acquisition**

GSA Engineering

**John Hampson
Chief, Vehicle Engineering Branch
Vehicle Purchasing Division**

Federal Standard Development

- ❑ Open season based on 2026 Federal Vehicles Standards/change notices/amendments/purchase descriptions all on gsafleet.gov
- ❑ Draft standards are released each year and are commented on through public comment collector - industry and customers
- ❑ Standards finalized based on industry, customers, and GSA specification, National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT), & other Federal Regulations
- ❑ Separate minimums and options for each SIN
- ❑ Commercially available vehicles only

Engineering Support Services

- ❑ Market Research and Analysis
- ❑ Make/model evaluation
- ❑ Assistance with the GSA process
- ❑ Option “collisions/conflicts” analysis and support
- ❑ Industry Expertise
- ❑ Technical evaluation boards
- ❑ Warranty/Post Delivery Support
- ❑ Certified Contracting Officer’s Representatives (COR)

GSA Office of Fleet Management
Center for Vehicle Acquisition

GSAFleet.gov

James Purdy
Contracting Officer

About GSAFleet.gov

- ❑ GSAFleet.gov will be used by suppliers for *all* bid/proposal contract administration activities.
 - ❑ Bid Management (formerly AutoBid)
 - ❑ Contract Management
 - ❑ Order Management including weekly status reports
 - ❑ Reports (Bid and Contract)
 - ❑ Vendor Updates for awarded contract lines
 - ❑ Colors
 - ❑ Photos and Documents
 - ❑ Allocation

GSAFleet.gov System Access

- ❑ New Vendors:
 - ❑ Download the following forms:
 - 1) **GSAFleet.gov [Vendor Company Request Form](#)**
 - 2) **GSAFleet.gov [User Account Request Form](#)**
 - ❑ Send both forms to Contracting POC
 - ❑ Ensure all fields are completed
 - ❑ SAM.gov registration must be active - system will flag
- ❑ Incumbent Vendors:
 - ❑ No action
 - ❑ New users can be added by company vendor manager
 - ❑ No need to contact GSA

Vendor Company Profile

- ❑ Vehicle supplier vendor company profiles are fully self-managed in [GSAFleet.gov](https://gsafleet.gov). This includes:
 - ❑ Vendor Company General Information
 - ❑ Order Transmission Method
 - ❑ Associated Locations
 - ❑ Assembly Points: Plant locations in which vehicles are assembled
 - ❑ Inspection Points: Where GSA will come to conduct first production and end item inspections.

Bid Management - OCONUS & Main Bus

- ❑ Vehicle Suppliers will now create bid within [GSAFleet.gov](https://gsafleet.gov).
- ❑ Vendors can import contract lines if program was awarded in [GSAFleet.gov](https://gsafleet.gov) (OCONUS and Main Bus ONLY).
- ❑ Ability to copy data from one line item to another.
- ❑ Ability to provide clarifications at the line item, equipment code and engine and fuel level
- ❑ Enter technical exceptions within the system.

Bid Management - Transit Bus

- ❑ Enter bid data for any awarded line items you wish to keep as is (MY25).
 - ❑ *ex. Currently awarded 2025 Honda Element with no changes still must have bid data entered*
- ❑ Enter bid data for all line items MY26 you wish to propose
 - ❑ Makes/Models
 - ❑ Minimum Vehicle Data
 - ❑ Optional Equipment Data
 - ❑ Conflicts
- ❑ Note: Download Contracting Pricing Report from the Run Reports menu in GSAFleet.gov
