The primary method for all payments under this contract is through submission of invoice through the Third-Party Payment System (TPPS), and the current TPPS is **Syncada by U.S. Bank Freight Payment Service**. While this rate is established by U.S. Bank and may be subject to change at its discretion, fluctuation within 1% of the current rate shall not require a contract modification. Special Contract Requirements

ORDERING

(1) Orders shall be issued on a Firm-Fixed Price (FFP) basis. Services shall be ordered via a Task Order (SF1449) issued by the Contracting Officer (CO) or a small-scale order placed by a duly appointed Ordering Officer (OO). A list of duly appointed OOs will be provided after the award.

(2) Oral requests (e.g., telephonic) are not considered valid orders unless and until they are confirmed in writing via electronic mail, a bill of lading document or SF1449 Task Order. The Government's obligation for oral orders is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government may arise until the Contractor receives notice of such availability, to be confirmed in writing by OO on a bill of lading document, SF 1449 Task Order, or other written documentation provided by the OO. The Government will not be obligated to reimburse the contractor for work performed, items delivered, or any costs incurred, nor shall the contractor be obligated to perform, deliver, or otherwise incur costs except as authorized by duly executed orders. The Government may request proposals with no assurance of funding and provides no assurance that orders will be issued. Authorization for Oral Orders under this section supplements RFO 52.216-18, Ordering.

FAIR OPPORTUNITY AND ORDERING PROCEDURES

All services under this contract shall be ordered IAW following procedures, which are based on the estimated dollar value of the requirement and adhere to the principles of Fair Opportunity, primarily be based on readily available price, capacity, and utilization information rather than through direct contact of each of the contractor as set forth in RFO 16. However, the CO reserves the right to conduct a more formal Fair Opportunity Proposal Request (FOPR).

(1) **Orders At or Below the Micro-Purchase Threshold (MPT):** For requirements with an estimated value below the MPT, a Fair Opportunity process is not required. An OO may place an order directly with the Contractor that is deemed to provide the best value and is most advantageous to the Government. Although not required to solicit from a specific number of contractors, OO should attempt to distribute orders among contract holders within the relevant "family".

(2) **Orders Above MPT up to \$25,000:** For requirements with an estimated value exceeding the MPT but not exceeding \$25,000, the OO shall consider Fair Opportunity among all contract holders within the relevant "Family". The OO will place the order with the Contractor selected based on this consideration.

(3) **Orders Above \$25,001 up to the Simplified Acquisition Threshold (SAT):** For requirements with an estimated value exceeding \$25,001 but not exceeding the SAT, the Government will provide a Fair Opportunity to all contract holders within the relevant "Family." The CO will provide the final approval for any order in this tier.

(4) **Orders Exceeding the SAT or In-Scope, Unpriced Requirements:** A formal FOPR process is required for two distinct types of requirements: 1) Any requirement above the SAT and 2) Any requirement that the CO determines to be within the general scope of the contract but is not specifically priced in the PWS or its associated Price Exhibits. This formal process is required regardless of the estimated dollar value of the requirement. The CO will determine the appropriate pool of contract holders for each FOPR, which may be defined by "Family," geographic region, required capabilities, or may include all contract holders, as deemed in the best interest of the Government. Based on the evaluation of proposals received in response to the FOPR, the CO will issue a firm-fixed-price Task Order to the successful Contractor(s). The FOPR Letter will include, at a minimum, the following information:

- 1) Date
- 2) Description of services
- 3) Quantity
- 4) Delivery Location(s)
- 5) Delivery Date
- 6) Response Date
- 7) Permissibility for oral response to FOPR (oral presentations)
- 8) Selection Criteria
- 9) Other pertinent data such as planned closures for federal holidays, family days, and goal days.

(5) Exceptions to Fair Opportunity in accordance with RFO 16.507-6 may apply.

(6) Initial Task Orders. Each awardee will receive an initial task order for the minimum guarantee of \$500.

FAIR OPPORTUNITY ORDER SELECTION CRITERIA

Source selection approach as described in RFO 15.103 are not applicable. The Government will award to the contractor who is deemed most advantageous to the Government based upon consideration of price and readily available non-price value indicators. The OO has broad discretion in determining the level of detail and specificity of individual transportation actions to meet the unique needs of their mission. Generally, after preliminary consideration of all contractors in the "family", OO will identify from the "family" pool one contractor that is suitable to the user for the specific requirement and quickly screen lower priced contractors from the "family" pool based on prescribed value indicators for selection. The following value indicators may be used as selection criteria in addition to price to provide fair opportunity to be considered for each order, if fair opportunity applies:

(i) Contractor Capacity to Perform

(ii) Overall Contract Utilization

ON RAMP AND OFF RAMP PROCEDURE

(a) The Government reserves the right to reopen competition at any time during the term of the contract. The CO intends to periodically review the need for additional Contractors during the contract Period of Performance (PoP)/Ordering Periods.

(b) When an on-ramp is used, the Government will advertise the reopening of the competition on SAM (<https://sam.gov/>), and awardees shall meet the criteria established in the initial Multiple Award CTSC solicitation. The solicitation process will be the same as during the original solicitation, but changes may occur if law, regulation, or policy have changed and require alteration to the process. Any new awardees will be afforded equal opportunity to be considered for award with any existing or remaining CTSC Contractors for all subsequent task orders (excluding the need to meet the minimum obligation amount). Any additions due to on-ramps will not increase the contract ceiling and the ordering period for new awardees will not exceed the overall maximum term of the original contract. The Government will not consider unsolicited requests for addition to the competitive pool. The anticipated number of awards will be announced in the reopening announcement posted to SAM; however, the CO has the discretion to award more or fewer contracts than the number anticipated in the solicitation depending upon the quality of the offers received. The Government will follow the procedures described in RFO 52.216-22, Alternate II for Off Ramping.

Supplier Performance Risk System (SPRS) - Annual Eligibility Checks

(1) Compliance Monitoring: For all decentralized orders, the Contracting Office will verify SPRS records annually rather than querying the system at the time of each individual order.

(2) Review Process: The Contracting Office will conduct a batch review of all contract holders on the first business day of each ordering period. If a record is missing or non-compliant, that contractor will be suspended from receiving orders.

(3) Notification & Resolution: Transportation offices will be notified of any non-compliant contractors. Eligibility will only be restored once the contractor resolves the SPRS discrepancy and the Contracting Office verifies the update.

Ombudsman

1. An ombudsman has been appointed to hear and facilitate the resolution of concerns from offerors, potential offerors, and others for this acquisition. When requested, the ombudsman will maintain strict confidentiality as to the source of the concern. The existence of the ombudsman does not affect the authority of the program manager, CO, or source selection official. Further, the ombudsman does not participate in the evaluation of proposals, the source selection process, or the adjudication of protests or formal contract disputes. The ombudsman may refer the interested party to another official who can resolve the concern.

2. Before consulting with an ombudsman, interested parties must first address their concerns, issues, disagreements, and/or recommendations to the CO for resolution. Consulting an ombudsman does not alter or postpone the timelines for any other processes (e.g., agency level bid protests, GAO bid protests, requests for debriefings, employee-employer actions, contests of OMB Circular A-76 competition performance decisions).

3. If resolution cannot be made by the CO, the interested party may contact the ombudsman:

AFICC/KH CEM AFICC/KH CEM
25 E Street, Suite C-320
JBPH-H, HI 96853-5427
Phone: (808) 447-6128
mail: afica.kh@us.af.mil

Concerns, issues, disagreements, and recommendations that cannot be resolved at the Center/MAJCOM/FLDCOM/DRU ombudsman level, may be brought by the interested party for further consideration to the Department of the Air Force ombudsman, Associate Deputy Assistant Secretary (ADAS) (Contracting), SAF/AQC, 1060 Air Force Pentagon, Washington DC 20330-1060, phone number (571) 256-2395, facsimile number (571) 256-2431.

4. The ombudsman has no authority to render a decision that binds the agency.

5. Do not contact the ombudsman to request copies of the solicitation, verify offer due date, or clarify technical requirements. Such inquiries shall be directed to the CO.

Inserted as new paragraph: Except as otherwise provided in this contract, any disagreement arising under this contract which is not resolved by the parties to this contract may be submitted to the United States - Japan Joint Committee for conciliation in accordance with Paragraph 10, Article XVIII of the Status of Forces Agreement under Article VI of the Treaty of Mutual Cooperation and Security between Japan and the United States of America. Requests by the Contractor shall be made in accordance with the following procedures:

(1) In the event the Contractor desires conciliation after the decision of the Contracting Officer has been served upon him, he will first file his appeal from such findings of fact with the appropriate authority in accordance with the clause of this contract entitled, "Disputes" and within the time limits described therein before filing a request for conciliation with the Joint Committee and then request the appellate authority under the "Disputes" clause to suspend its action on his appeal until such time as the Joint Committee has had an opportunity for effecting conciliation.

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from the date of award for 5 years plus 6 months if option is exercised.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) A delivery order or task order is considered "issued" when-

(1) If sent by mail (includes transmittal by U.S. mail or private delivery service), the Government deposits the order in the mail;

(2) If sent by fax, the Government transmits the order to the Contractor's fax number; or

(3) If sent electronically, the Government either-

(i) Posts a copy of the delivery order or task order to a Government document access system, and notice is sent to the Contractor; or

(ii) Distributes the delivery order or task order via email to the Contractor's email address.

(d) Orders may be issued by methods other than those enumerated in this clause only if authorized in the contract.

(End of clause)

52.216-19 **Order Limitations. (Tailored)** **(Oct 1995)**

Order Limitations (Oct 1995)

(a) *Minimum order.* When the Government requires supplies or services covered by this contract in an amount of **less than one (1) Truck**, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) *Maximum order.* The Contractor is not obligated to honor-

(1) Any order for a combination of items in excess of **\$500,000.00 (or JPY equivalent)**;

(2) A series of orders from the same ordering office **within 1 day** that together call for quantities exceeding the limitation in paragraph (b)(1) of this section.

(c) If this is a requirements contract (*i.e.*, includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office **within 2 days** after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

(End of clause)

52.216-22 Indefinite Quantity. (Deviation 2026-O0038) (Alternate II)

(Feb 2026) Alternate II (Feb 2026)

Alternate II (Feb 2026) (Deviation 2026-O0038). As prescribed in 16.505(e)(2), add paragraphs (e) and (f) substantially the same as the following to the basic clause:

(e) The Government may cancel this contract in whole or in part by providing written notice. The cancellation will take effect 30 calendar days after the contractor receives the notice of cancellation. No further orders may be issued against the contract, but orders already awarded will be completed unless a termination action is taken against the order.

(f) The Contractor may request to cancel this contract by submitting a written cancellation request to the contracting officer. The cancellation will take effect 30 calendar days after the Government receives the cancellation request, unless the contracting officer informs the contractor, before cancellation is effective, that cancellation is not approved. A contractor who requests cancellation is not eligible for the minimum guarantee. If cancelled, no further orders may be issued against the contract, but orders already awarded will be completed unless a termination action is taken against the order.

52.216-22 Indefinite Quantity. (Deviation 2026-O0038) (Tailored)

(Feb 2026)

Indefinite Quantity (Feb 2026) (Deviation 2026-O0038)

(a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the "maximum." The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum."

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the ordering period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order, which may include order options to be exercised after the ordering period of this contract but before the end of the period of performance of the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order, including options exercised, to the same extent as if the order were completed during the contract's ordering period; provided, that the Contractor shall not be required to make any deliveries under this contract **after 12 months from the end of the ordering period of the contract, including any exercised option period.**

The Contracting Officer may exercise the option by written notice to the Contractor before the contract expiration.

(End of clause)

52.232-34 Payment by Electronic Funds Transfer-Other than System for Award Management. (Tailored)

(Jul 2013)

Payment by Electronic Funds Transfer-Other than System for Award Management (Jul 2013)

(a) Method of payment.

(1) All payments by the Government under this contract shall be made by electronic funds transfer (EFT) except as provided in paragraph (a)(2) of this clause. As used in this clause, the term "EFT" refers to the funds transfer and may also include the payment information transfer.

(2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either-

(i) Accept payment by check or some other mutually agreeable method of payment; or

(ii) Request the Government to extend payment due dates until such time as the Government makes payment by EFT (but see paragraph (d) of this clause).

(b) Mandatory submission of Contractor's EFT information.

(1) The Contractor is required to provide the Government with the information required to make payment by EFT (see paragraph (j) of this clause). The Contractor shall provide this information directly to the office designated in this contract to receive that information **by the date when the contractor submit first invoice., using EFT Form established by DFAS.** If not otherwise specified in this contract, the payment office is the designated office for receipt of the Contractor's EFT information. If more than one designated office is named for the contract, the Contractor shall provide a separate notice to each office. In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to the designated office(s).

(2) If the Contractor provides EFT information applicable to multiple contracts, the Contractor shall specifically state the applicability of this EFT information in terms acceptable to the designated office. However, EFT information supplied to a designated office shall be applicable only to contracts that identify that designated office as the office to receive EFT information for that contract.

(c) *Mechanisms for EFT payment.* The Government may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR part 210.

(d) Suspension of payment.

(1) The Government is not required to make any payment under this contract until after receipt, by the designated office, of the correct EFT payment information from the Contractor. Until receipt of the correct EFT information, any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.

(2) If the EFT information changes after submission of correct EFT information, the Government shall begin using the changed EFT information no later than 30 days after its receipt by the designated office to the extent payment is made by EFT. However, the Contractor may request that no further payments be made until the updated EFT information is implemented by the payment office. If such suspension would result in a late payment under the prompt payment terms of this contract, the Contractor's request for suspension shall extend the due date for payment by the number of days of the suspension.

(e) Liability for uncompleted or erroneous transfers.

(1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for-

(i) Making a correct payment;

(ii) Paying any prompt payment penalty due; and

(iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect, or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and-

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously directed funds; or

(ii) If the funds remain under the control of the payment office, the Government shall not make payment and the provisions of paragraph (d) shall apply.

(f) *EFT and prompt payment.* A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(g) *EFT and assignment of claims.* If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall provide the EFT information required by paragraph (j) of this clause to the designated office, and shall be paid by EFT in accordance with the terms of this clause. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (d) of this clause.

(h) *Liability for change of EFT information by financial agent.* The Government is not liable for errors resulting from changes to EFT information provided by the Contractor's financial agent.

(i) *Payment information.* The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address in the contract.

(j) *EFT information.* The Contractor shall provide the following information to the designated office. The Contractor may supply this data for this or multiple contracts (see paragraph (b) of this clause). The Contractor shall designate a single financial agent per contract capable of receiving and processing the EFT information using the EFT methods described in paragraph (c) of this clause.

(1) The contract number (or other procurement identification number).

(2) The Contractor's name and remittance address, as stated in the contract(s).

(3) The signature (manual or electronic, as appropriate), title, and telephone number of the Contractor official authorized to provide this information.

(4) The name, address, and 9-digit Routing Transit Number of the Contractor's financial agent.

(5) The Contractor's account number and the type of account (checking, saving, or lockbox).

(6) If applicable, the Fedwire Transfer System telegraphic abbreviation of the Contractor's financial agent.

(7) If applicable, the Contractor shall also provide the name, address, telegraphic abbreviation, and 9-digit Routing Transit Number of the correspondent financial institution receiving the wire transfer payment if the Contractor's financial agent is not directly on-line to the Fedwire Transfer System; and, therefore, not the receiver of the wire transfer payment.

(b) The offeror [] has [] does not have current active Federal contracts and grants with total value greater than \$10,000,000.

(c) If the offeror checked "has" in paragraph (b) of this provision, the offeror represents, by submission of this offer, that the information it has entered in the Federal Awardee Performance and Integrity Information System (FAPIS) is current, accurate, and complete as of the date of submission of this offer with regard to the following information:

(1) Whether the offeror, and/or any of its principals, has or has not, within the last five years, in connection with the award to or performance by the offeror of a Federal contract or grant, been the subject of a proceeding, at the Federal or State level that resulted in any of the following dispositions:

(End of provision)

52.229-11 Tax on Certain Foreign Procurements-Notice and Representation.

(Jun 2020)

Tax on Certain Foreign Procurements-Notice and Representation (Jun 2020)

(a) Definitions. As used in this provision-

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area of the United States.

United States person as defined in 26 U.S.C. 7701(a)(30) means

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and

(5) Any trust if-

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror may claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service (IRS) Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that

(1) It ☐ is ☐ is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that-I am claiming on the IRS Form W-14 ☐ a full exemption, or ☐ partial or no exemption [Offeror must select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then-

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the IRS as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.

Instructions to Offerors-Commercial Products and Commercial Services (Feb 2026) (Deviation 2026-O0038)

(a) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. As a minimum, offers shall include-

(1) The solicitation number;

(2) The name, address, telephone number of the Offeror;

(3) The Offeror's Unique Entity Identifier (UEI) and, if applicable, Electronic Funds Transfer (EFT) indicator;

(4) Information necessary to evaluate the factors contained in the provision at 52.212-2 or as described in the solicitation;

(5) Responses to provisions that require Offeror completion of information, representations, and certifications (other than those collected via the System for Award Management (SAM)); and

(6) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and any solicitation amendments.

(b) *Period for acceptance of offers.* The Offeror agrees to hold the prices in its offer **until the contract award is made. The government intends to make award without negotiations by 30 Sep 2026. However, if negotiations are required, the government intends to make award by 31 Dec 2026.**

(c) *Late submissions, modifications, revisions, and withdrawals of offers.*

(1) Offerors are responsible for submitting offers and any modifications or revisions to the Government office designated in the solicitation by the time specified in the solicitation.

(2) Any offer, modification, or revision received after the time specified for receipt of offers is "late" and will not be considered unless it is received before award is made and the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition. However, a late modification of an otherwise successful offer that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

(3) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(4) Offerors may withdraw their offers by written notice to the Government received at any time before award.

(d) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with Offerors. Therefore, the Offeror's initial offer should contain the Offeror's best terms. However, the Government reserves the right to conduct discussions, if necessary. The Government may reject any or all offers if such action is in the public interest, accept other than the lowest offer, and waive informalities and minor irregularities in offers received.

(e) *Debriefings*. If a postaward debriefing is given to requesting Offerors, the Government will disclose the following information, if applicable:

(1) The agency's evaluation of the significant weak or deficient factors in the debriefed Offeror's offer.

(2) The overall evaluated cost or price and technical rating of the successful Offeror and the debriefed Offeror and past performance information on the debriefed Offeror.

(3) The overall ranking of all Offerors when any ranking was developed by the agency during source selection.

(4) A summary of the rationale for award.

(5) For acquisitions of commercial products, the make and model of the product to be delivered by the successful Offeror.

(6) Reasonable responses to relevant questions posed by the debriefed Offeror as to whether the agency followed source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities.

Deviation 2026-O0048 (Mar 2026)

ONLY ONE OFFER (DEVIATION 2026-O0048) (MAR 2026)

(a) Cost or pricing data requirements. After initial submission of offers, if the Contracting Officer notifies the Offeror that only one offer was received, the Offeror agrees to--

(1) Submit any additional cost or pricing data that is required in order to determine whether the price is fair and reasonable (10 U.S.C. 3705) or to comply with the statutory requirement for certified cost or pricing data (10 U.S.C. 3702); and

(2) Except as provided in paragraph (b) of this provision, if the acquisition exceeds the certified cost or pricing data threshold and an exception to the requirement for certified cost or pricing data at FAR 15.403-2(b)(2) through (5) does not apply, certify all cost or pricing data in accordance with paragraph (c) of DFARS provision 252.215-7994, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, of this solicitation.

(4) As specified in FAR 15.403-1(d), an offeror who does not comply with a requirement to submit data that the U.S. Contracting Officer has deemed necessary to determine price reasonableness or cost realism is ineligible for award unless the head of the contracting activity determines that it is in the best interest of the Government to make the award to that offeror.

Evaluation Factors for Award

FAR Clauses Incorporated by Full Text

52.212-2 Evaluation-Commercial Products and Commercial Services. (Deviation 2026-O0038) (Tailored)

(Feb 2026)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

- Price
- Technical

(b) Options (if applicable). The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) Notice of award. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

Addendum to RFO 52.212-2, Evaluation - Commercial Products and Commercial Services

The following is inserted as new paragraph (d) of the provision:

(d) **BASIS FOR CONTRACT AWARD:** This is a competitive best value acquisition utilizing the Lowest Price Technically Acceptable source selection in accordance with Federal Acquisition Regulation (RFO) Parts 12 and 15. Award will be made on the basis of the lowest evaluated price of proposals meeting or exceeding the requirements for acceptability. By submission of its offer in accordance with the instructions provided in clause RFO 52.212-1, Instructions to Offerors Commercial Products and Commercial Services, the offeror accedes to the terms of this contract. Failure to meet a requirement may result in an offer being determined unacceptable. The evaluation process will include the following:

(i) **Price.** In order to appropriately assess the pricing of this requirement and determine price reasonableness, comparison of the proposed prices will satisfy the requirement for price analysis. Per RFO 15.404-1(b)(1) the evaluation team will determine fair and reasonable price, based on comparison of proposed prices received in response to the RFP. Price analysis will be conducted considering the transportation families being proposed, to allow proper analysis of "in-part" proposals. Each offeror's proposal will be analyzed to determine if the prices are unbalanced in accordance with RFO 15.404-6. RFO 52.217-8 will be included in the solicitation and will be evaluated prior to award. The price of a six-month extension authorized by 52.217-8, Option to Extend Services, will be added to the proposed price for each potential contract ordering period for evaluation purposes only to meet the requirements of RFO Parts 6 and 17. Evaluating the Option to Extend Services value does not obligate the Government to exercise the Options. Award decisions will be based on technically acceptable offers providing fair and reasonable pricing for the applicable transportation requirements.

(ii) **Technical.** The Government will evaluate technical capability information on all offerors based on the offerors' daily capacity tables and submission of applicable required licenses/permits as indicated in RFO 52.212-1, Instructions to Offerors Commercial Products and Commercial Services, Part III. To account for "in part"-proposals, offerors will only be evaluated against families of transportation requirements for which they propose. Offerors will receive a technical rating by family of transportation as described in Table 1 below:

Table 1, Technical Evaluation Ratings

(e) Offerors may submit proposals for all or part of the requirements within each transportation family. Partial proposals shall be submitted only in accordance with the proposal instructions and the defined requirement groupings specified in the solicitation and applicable attachments or exhibits. The Government anticipates making multiple awards per family of transportation; however, the number of awards will depend on the capacity offered and the Government's requirements. The Government reserves the right to make a single total award or partial awards to multiple offerors if it is determined to be in the best interest of the Government. The Government intends to award 10 to 15 total contracts in response to this solicitation but reserves the right to adjust the number of awards if determined to be in the best interest of the Government.

(f) Offerors are cautioned to submit sufficient information and in the format specified in 52.212-1, Instructions to Offerors Commercial Products and Commercial Services, of this solicitation. Offerors may be asked to clarify certain aspects of their proposals. Clarifications conducted to resolve minor or clerical errors will not constitute negotiations and the Contracting Officer reserves the right to award a contract without the opportunity for proposal revision. The Government intends to award a contract without negotiations with respective offerors. The Government, however, reserves the right to conduct negotiations if deemed in its best interest.
