4. The statutory authority permitting other than full and open competition is 10 U.S.C. 3204(a)(1) as implemented by FAR 6.302-1.
5. The Government requires spare parts that are form, fit, and functionally interchangeable with those currently used on the supported end item or weapon system. The acquisition is restricted to the following source(s) of supply, which are the only source(s) known to have the capability of furnishing the required supplies and the only source(s) currently approved by the design control activity.

CAGE	COMPANY NAME
55752	PARKER-HANNIFIN CORPORATION

The use of the authority at 10 U.S.C. 3204(a)(1) is based on:

[X] AMC 3. Acquire, for the second or subsequent time, directly from the manufacturer.

The following AMSC descriptions are-available in DFARS PGI 217.7506 Part 2.

[X] *AMSC C.* This part requires engineering source approval by the design control activity in order to maintain the quality of the part. Existing unique design capability, engineering skills, and manufacturing knowledge by the qualified source(s) require acquisition of the part from the approved source(s). The approved source(s) retain data rights, manufacturing knowledge, or technical data that are not economically available to the Government, and the data or knowledge is essential to maintaining the quality of the part. An alternate source must qualify in accordance with the design control activity's procedures, as approved by the cognizant Government engineering activity. The qualification procedures must be approved by the Government engineering activity having jurisdiction over the part in the intended application. If one source is approved, AMCs 3, 4, or 5 are valid. If at least two sources are approved or if data is adequate for an alternate source to qualify in accordance with the design control activity's procedures, AMCs 1 or 2 are valid.

On 12/10/2025, the Product Specialist from SAPD, [REDACTED], certified the accuracy of the approved source(s) and applicable AMC/AMSC codes. A copy of the certification is attached.

6. The following efforts are being taken to ensure that offers are solicited from as many sources as practicable:
[X] The acquisition will be synopsized on or about 3/5/2026 for a period of 15 days.

- ☐ A synopsis exception cited in FAR 5.202 applies (Explain): _____.
- ☐ Dealers of the approved source(s) will be solicited.
- ☒ The solicitation will be posted to the DLA Internet Bid Board System for a minimum of 20 days.
- ☐ Other (Explain): _____.

7. I hereby determine that the anticipated cost to the Government will be fair and reasonable.

A price analysis will be conducted based on a comparison of proposed prices received in response to the solicitation and/or a comparison of proposed prices to historical prices paid. Certified cost or pricing data, when required by FAR 15.403-4, and data other than certified cost or pricing data, will be requested and obtained as necessary to establish a fair and reasonable price, and a cost analysis may be performed on the data submitted.

8. Market Research/Efforts to Obtain Competition:

Sources Sought Notice:

☒ A Sources Sought Notice was posted to Contract Opportunities on SAM.gov on 1/8/2026 for a period of five business days and yielded the following results: No new potential sources of manufacture or supply responded to the sources sought notice.

Market Survey:

☒ A market survey was conducted 1/8/2026 through 1/15/2026.

Names and CAGE Codes of vendors contacted: DIRECT LINE, INC (0GE52), NEAL SUPPLY AND RENTAL, LLC (99V43), FLEET SUPPLY WAREHOUSE LLC (6GS07), AER SUPPLY, LTD. (3TXD4), VEHICLE MAINTENANCE PROGRAM INC (0HBG3), JGILS, LLC (1N8T8), ECHELON SUPPLY AND SERVICE, INC. (61125), GLOBAL LOGISTICS STRATEGIES INC. (7BUL6), QPI PRO, INC. (6SMS8), and CENTRAL DIESEL, INC. (7A013). These vendors are from procurement history or provided a quote on past procurement.

[REDACTED] See Attachment 2 -
Market Research Commerciality Determination Memo (MRCDM) for greater details of market research.

Procurement History:

[X] A review of procurement history for potential manufacturing sources other than those listed above Section 5 above yielded the following results (If none, so state): None as all historical awardees were included in the market research survey.

The last two procurements were delivery orders made against Auto Indefinite Delivery Contract (AIDC) SPE7L325D61LR, awarded to Direct Line, which will expire on 5/8/2026. There were 14 procurements prior to the award of the AIDC, dating back to 8/24/2021, all of which were purchase orders made under Simplified Acquisition Procedures. There were three awardees who received these purchase orders that included Direct Line, Neal Supply and Rental and Fleet Supply Warehouse LLC. All three of these vendors were contacted with the market research survey along with other vendors who provided quotes for recent procurements. See Attachment 3 – Procurement History for a detailed list.

General Internet Search:

[X] A general internet search for potential manufacturing sources other than those listed above Section 5 above yielded the following results (If none, so state): None. The source approval authority has determined Parker-Hannifin to be the only approved source for this item who has the existing unique design capability, engineering skills, and manufacturing knowledge necessary to maintain the quality of the part. There is a robust commercial market for similar fluid filters used in diesel vehicles owned by private individuals as well as commercial and agricultural vehicles/applications. It is anticipated that the relatively low cost of this item (roughly [REDACTED] each) will likely prevent other manufacturers from exhausting resources to become an approved source as the definition of AMSC “C” states above under section 5.

[] Other (Explain): _____.

9. A listing of sources, if any, indicating an interest in the acquisition is (If none, so state):

CAGE	COMPANY NAME	BUSINESS SIZE
0GE52	DIRECT LINE, INC	Other Small Business
99V43	NEAL SUPPLY AND RENTAL, LLC	Service Disable Veteran Owned Small Business (SDVOSB)

10. The following actions are being taken to overcome barriers to competition before any subsequent acquisition is made:

☒ The solicitation contains DLAD Procurement Note, L04 Offers for Part Numbered Items, which describes the process for submitting an alternate offer on the current procurement and requesting evaluation of an alternate product's technical acceptability for future procurements of the same item. *(All AMSC codes EXCEPT AMSC B)*

DLA Weapons Support (Columbus) encourages vendors that may be interested in becoming an approved source, even if there is not an active solicitation, to contact the DLA Weapons Support (Columbus) Source Approval Monitor at DSCCAO-SAR@dla.mil for additional information on the steps required to submit a Source Approval Request Package for evaluation.

☐ Other (Explain): _____.

In accordance with DFARS PGI 206.303-2,
