Total Dollar Value:

--	--

1. FAR 13.106-1(b)(1)(i) states for purchases not exceeding the simplified acquisition threshold, Contracting Officers may solicit from one source if the Contracting Officer determines that the circumstances of the contract action deem only one source reasonably available (e.g., urgency, exclusive licensing agreements, brand-name or industrial mobilization).

2. As required by FAR 13.106-3(b)(3)(i), this memorandum explains the absence of competition for this acquisition, as only one source will be solicited for this requirement (or for a portion of the requirement) and the requirement is not expected to exceed the simplified acquisition threshold.

II. DESCRIPTION OF ITEM OR SERVICE:

Provide a description of the item or service required, to include its intended use, the name of the required source or brand name, and the required delivery date/period of performance.

**This product is a one-year membership for 20 subscribers to ERAI research database.
POP Date - 5/31/2026 - 5/30/2027**

III. THE DETERMINATION FOR USE OF OTHER THAN FULL AND OPEN COMPETITION IS BASED ON THE FOLLOWING (select applicable area below to open specific form)

A. ONLY ONE RESPONSIBLE SOURCE

B. BRAND NAME

C. UNUSUAL AND COMPELLING URGENCY

GXV-0060

A. ONLY ONE RESPONSIBLE SOURCE (select all that apply):

1. **RESTRICTIVE RIGHTS.** The source has established proprietary rights, limited rights in data, patent rights, copyrights or secret processes in the item or service required.

2. **EXCLUSIVE LICENSING AGREEMENTS.** The item or service is only available from the Original Equipment Manufacturer (OEM), or there is only one authorized distributor or technical representative for the OEM.

3. **OTHER REASONS.** Other reason not identified above. Provide details on mission impact if requirement is not solicited from only one source.

ERAI provides valuable information on electronic part suppliers and part numbers that are susceptible for quality, fraud, or counterfeit issues. NAVSEA facilities like NSWC Crane can, through ERAI membership, use this data to avoid buying electronic parts from bad suppliers, identify risky part numbers, and develop trend analyses for other DoD/Navy components, as well as public presentations.

ERAI maintains the database only for members. The entered data is from ERAI members. There is no other access to this information, either free or through any other member sites. Failure to procure ERAI membership reduces NSWC Crane and NAVSEA's ability to identify poor parts or suppliers, and increases the risk of counterfeit electronic parts being installed in NAVSEA systems. Without access to ERAI's data on parts and suppliers, research would be impossible to the level of detail as ERAI's. Perhaps one-third of the information could be found by researching addresses on Google Maps, calling trusted suppliers for information on their peers, perusing government databases such as GIDEP, etc. It would add significant (4x) time to the research, and not be as extensive. This would leave the Government in a vulnerable situation if they could not research counterfeit parts.

B. BRAND NAME. Item required must be a brand name product, or feature of a product, particular to one manufacturer.

C. UNUSUAL AND COMPELLING URGENCY. The supplies or services are of such unusual and compelling urgency that the Government would be seriously injured unless the agency is permitted to limit the number of sources from which it solicits, bids, or proposals. Urgent requirements are supplies or services that will result in a work stoppage, or are mission critical and the routine processing time would result in injury to the Government. The determination that the procurement for the above item/service is an urgent and compelling requirement is based on the following:

1. Date on which the requirement was first identified:
2. Required delivery date/period of performance
3. Explanation of why delivery/commencement of services by the date mentioned above is required:
4. If appropriate, include any additional pertinent information.

IV. CERTIFICATION/APPROVALS:

B. Certification / Approval

Upon the basis of the above statements and information justification, I hereby approve, as the Contracting Officer, the solicitation of the proposed procurement(s) using other than full and open competition.
