Contract Clauses

AETC Ombudsman

(a) An ombudsman has been appointed to hear and facilitate the resolution of concerns from offerors, potential offerors, and others for this acquisition. When requested, the ombudsman will maintain strict confidentiality as to the source of the concern. The existence of the ombudsman does not affect the authority of the program manager, contracting officer, or source selection official. Further, the ombudsman does not participate in the evaluation of proposals, the source selection process, or the adjudication of protests or formal contract disputes. The ombudsman may refer the interested party to another official who can resolve the concern.

(b) Before consulting with an ombudsman, interested parties must first address their concerns, issues, disagreements, and/or recommendations to the contracting officer for resolution. Consulting an ombudsman does not alter or postpone the timelines for any other processes (e.g., agency level bid protests, GAO bid protests, requests for debriefings, employee-employer actions, contests of OMB Circular A-76 competition performance decisions).

(c) If resolution cannot be made by the contracting officer, the interested party may contact the ombudsman, LtCol Barbara Divine, Director of Staff, AFICC/KT, 2035 First Street West, JBSA Randolph TX 78150-4304, telephone 210-652-7822, barbara.divine@us.af.mil. (d) The ombudsman has no authority to render a decision that binds the agency.

(e) Do not contact the ombudsman to request copies of the solicitation, verify offer due date, or clarify technical requirements. Such inquiries shall be directed to the contracting officer.

(3) Carbon Tetrachloride, Methyl Chloroform, and Methyl Bromide.

[NOTE: Material that uses one or more of these Class I ODSs as minor constituents do not meet the Department of the Air Force definition of a Class I ODS.]

Health and Safety on Government Installations

(a) In performing work under this contract on a Government installation, the contractor shall:

(1) Take all reasonable steps and precautions to prevent accidents and preserve the health and safety of contractor and Government personnel performing or in any way coming in contact with the performance of this contract; and

However, the Government will consider the certification in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) This provision does not require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a). The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If the Government later determines that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

- (2) The services will be furnished at prices which are, or are based on, established catalog or market prices for the maintenance, calibration, or repair of equipment.
- (i) An "established catalog price" is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the offeror, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public.

Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services-Certification (Feb 2026) (Deviation 2026-O0038)

- (a) The offeror must check the following certification:

Certification

The offeror [] does [] does not certify that-

- (1) The services under the contract are offered and sold regularly to non-Governmental customers, and are provided by the offeror (or subcontractor in the case of an exempt subcontract) to the general public in substantial quantities in the course of normal business operations;
- (2) The contract services are furnished at prices that are, or are based on, established catalog or market prices. An "established catalog price" is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the offeror, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public. An "established market price" is a current price, established in the usual course of ordinary and usual trade between buyers and sellers free to bargain, which can be substantiated from sources independent of the manufacturer or offeror;
- (3) Each service employee who will perform the services under the contract will spend only a small portion of his or her time (a monthly average of less than 20 percent of

the available hours on an annualized basis, or less than 20 percent of available hours during the contract period if the contract period is less than a month) servicing the Government contract; and

(4) The offeror uses the same compensation (wage and fringe benefits) plan for all service employees performing work under the contract as the offeror uses for these employees and for equivalent employees servicing commercial customers.

(b) Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services. If the offeror certifies to the conditions in paragraph (a) of this provision, and the Contracting Officer determines in accordance with FAR 22.1002-1(f)(3) that the Service Contract Labor Standards statute-

(1) Will not apply to this offeror, then the Service Contract Labor Standards clause in this solicitation will not be included in any resultant contract to this offeror; or

(2) Will apply to this offeror, then the clause at FAR 52.222-53, Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services-Requirements, in this solicitation will not be included in any resultant contract awarded to this offer, and the offeror may be provided an opportunity to submit a new offer on that basis.

(Jun 2020)

Tax on Certain Foreign Procurements-Notice and Representation (Jun 2020)

(a) Definitions. As used in this provision-

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area of the United States.

United States person as defined in 26 U.S.C. 7701(a)(30) means

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and

(5) Any trust if-

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror may claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service (IRS) Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that

(1) It ☐ is ☐ is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that-I am claiming on the IRS Form W-14 ☐ a full exemption, or ☐ partial or no exemption [Offeror must select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then-

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the IRS as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.

Evaluation Factors for Award

ADDENDUM TO FAR 52.212-2 Evaluation--Commercial Products and Commercial Services (Deviation 2026-O0038)

Basis for Award:

(a) The Government will award one firm fixed price contract resulting from this solicitation to the responsible Offeror whose quote conforming to the solicitation will be most advantageous to the Government, price and technical capability considered in accordance with FAR 12.203. The following factors will be used to evaluate quotes:

1. Compliance with solicitation requirements
2. Price.
3. Technical.

Award will be made based on the premise that the submitted offer meets the technical documentation evaluation criteria on an "Acceptable"/"Unacceptable" basis and the submitted pricing on Attachment 2 - Price List, is deemed fair and reasonable. If any technical documentation items are determined to be "Unacceptable", that response may not be evaluated further and may not be eligible for award. The Government reserves the right to conduct interchanges as necessary.

Evaluation Process. By submission of its response, the Offeror agrees to all solicitation requirements, including terms and conditions, representations and certifications, and technical requirements. Failure to adhere to all solicitation requirements may result in an Offeror response being determined "Unacceptable" and ineligible for further evaluation.

Part I - Price Evaluation. The Government will evaluate the Offeror's pricing submitted on the SF 1449 by determining completeness and the price to be fair and reasonable in accordance with FAR 12.204(a). If the pricing submitted by the Offeror cannot be deemed complete and fair and reasonable, the Offeror will be deemed "Unacceptable" and further evaluation will not be considered. Should the price list submitted by the Offeror be deemed complete and fair and reasonable, the Offeror will be deemed "Acceptable" in regard to Price Evaluation and will advance to the Part II - Technical Evaluation.

(a) Completeness: The Government will review pricing submissions for completeness and compliance with this solicitation's Addendum to FAR 52.212-1 Instructions to Offerors--Commercial Products and Commercial Services (Deviation 2026-O0038). To be complete the offer shall provide all data that is required to evaluate pricing.

(b) Price Fair and Reasonable: Price quotes will be evaluated using price analysis IAW FAR 15.404-1(b) or DFARS 215.371-3 if only one quote is received. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement to arrive at a total evaluated price (TEP). The TEP will be calculated as:

(i) The sum of the extended prices (unit quantity multiplied by unit price) for Contract Line-Item Numbers (CLIN) 0001 through 4006 for the base performance period and option periods I through IV; and

(ii) To account for the maximum six-month extension possible under the clause at FAR 52.217-8, Option to Extend Services, the Government will take the total price offered of the final option period (CLINS 4001 through 4006), prorate it to a six-month value, and add that amount to the sum of all CLINS (base performance period and option periods I through IV). The resulting amount will be the TEP. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise option(s).

Part II - Technical Evaluation. All submitted price quotes deemed "Acceptable" in relation to Part I - Price Evaluation will be evaluated on an "Acceptable"/"Unacceptable" basis prior to Part II - Technical Evaluation. If the Offeror does not demonstrate prior experience nor adequate resources and/or does not provide a written statement that no exceptions are taken to Attachment 1 - PWS it will be deemed "Unacceptable." To be deemed "Acceptable" the Offeror shall demonstrate prior experience and adequate resources to provide commercial internet services with voice over internet protocol (VOIP), as outlined in Attachment 1 - Performance Work Statement (PWS). Should the technical quote submitted by the Offeror be deemed as capable of meeting the requirement, the Offeror will be deemed "Acceptable" in regard to Technical Evaluation.

(a) Technical capability: The Government will review the technical submission for compliance with this solicitation's Addendum to FAR 52.212-1 Instructions to Offerors--Commercial Products and Commercial Services (Deviation 2026-O0038). To be technically capable the offer shall provide all data that is required to evaluate technical acceptability.

(b) The Offeror shall include a written statement that no exceptions are taken to Attachment 1 - PWS. A response without the aforementioned statement may result in the Offeror as being deemed "Unacceptable."

All evaluation parts must receive an "Acceptable" rating in order for an Offeror to be considered for award. If any part of the evaluation receives an "Unacceptable" rating the Offeror may not be considered for award.

Evaluation: The Government will perform price and technical evaluation as prescribed in this provision. An offer will be issued to the vendor whose quote, determined technically acceptable, features the lowest price determined complete, fair, and reasonable.

(b) *Options*. The Government will evaluate quotes for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that a quote is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) An offer by the Government may be accepted, rejected, or countered by the vendor. An acceptance of the Government's offer shall result in a binding contract without further action by either party.
