IMPORTANT INFORMATION

RFP NO. N6247826R2431
FACILITIES AND LIGHTING MAINTENANCE AND REPAIR SERVICES, VARIOUS LOCATIONS, OAHU,
HAWAII

SYSTEM FOR ACQUISITION MANAGEMENT (SAM)

Ensure you register and complete your record in www.sam.gov website, including the DFARS provisions.

You must also complete and submit FAR 52.212-3, Offeror Representations and Certifications – Commercial Products and Commercial Services, with your proposal.

STANDARD FORM 1449

Ensure you enter your legal or "doing business as" name and physical address information as recorded in the SAM database.

FEDERAL CONTRACTOR VETERANS' EMPLOYMENT REPORT (VETS-4212 Report)

Please note Federal Acquisition Regulation (FAR) provision 52.222-38, Compliance with Veterans' Employment Reporting Requirements, which states:

By submission of its offer, the offeror represents that, if it is subject to the reporting requirements of 38 U.S.C. 4212(d) (i.e., if it has any contract containing Federal Acquisition Regulation clause 52.222-37, Employment Reports on Veterans), it has filed the most recent VETS-4212 Report required by that clause.

If offeror does not have contract(s) subject to FAR clause 52.222-37, provide a statement that Offeror has not had contracts subject to FAR provision 52.222-38, Compliance with Veteran's Employment Reporting Requirements.

ELECTRONIC FUNDS TRANSFER PAYMENT

NAVFAC Hawaii implemented the use of Electronic Funds Transfer (EFT) for the payment of contractor invoices. See Federal Acquisition Regulation Clause 52.232-33, Payment by Electronic Funds Transfer – System for Award Management, included in this solicitation. If awarded the contract, in order for the EFT payments to be successfully transmitted to your company bank account, you should verify that your SAM account is complete and accurate on www.SAM.gov. Verification of your company information in SAM is critical to timely processing of your invoices and receipt of payments. In addition, there are mandatory financial fields you must complete. In order to facilitate the EFT payment to your company bank account, it is vital that your CAGE CODE and SAM Unique Entity ID (UEID) number in the SAM match that of the awarded contract. Otherwise, there will be delays in payment and invoices will be returned to you until consistency can be established between the SAM and the awarded contract.

INSURANCE REQUIREMENT

With respect to the automobile liability insurance and other insurance coverages required by Annex 0200000, paragraph entitled "Insurance," the Government will only accept such insurance coverages in not less than the minimum amounts specified for each category. The Government will not accept umbrella coverages for any of the types of insurance coverages listed in Annex 0200000.

TOTAL COMPENSATION FOR WORK PERFORMED UNDER THIS SOLICITATION

You need to consider the following when you prepare your proposal:

- PAYROLL BURDEN such as worker's compensation, temporary disability, State and Federal unemployment, and social security. Worker's compensation must be from an insurance carrier authorized by the State of Hawaii to provide such coverage at prevailing local rates for work performed in Hawaii.
- PREPAID HEALTH INSURANCE. State of Hawaii requires employers provide health insurance for eligible employees and limits the amount of the employee's premium contribution.
- GENERAL EXCISE TAX. State of Hawaii requires all firms doing business in the State of Hawaii to pay a general excise tax.
- MINIMUM WAGES AND BENEFITS. See attachment 0200000-02 entitled "Wage Determination" WORK SUBJECT TO SERVICE CONTRACT LABOR STANDARDS (formerly known as the Service Contract Act of 1965): See FAR Clause 52.222-41.
- ANY OTHER COSTS UNIQUE TO THE WORK such as special permits and licenses if applicable.

By submission of an offer and execution of a contract, the Offeror/Contractor agrees that in performance of the contract in the case of a contract for--

(1) Services (except construction), it will not pay more than 50 percent of the amount paid by the Government for contract performance to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract.

SOURCE SELECTION PROCEDURES

This acquisition uses source selection procedures. Offerors **must** submit non-price and price proposals to be eligible for award. See "DELIVERY REQUIREMENTS" and "SUBMITTAL REQUIREMENTS" which provides instructions about content and format of the proposals and how to submit a proposal via PIEE.

PLEASE NOTE: Each Offeror shall address and submit, as a minimum, ALL items required. **Failure to include a portion of an item or any item may render the proposal ineligible for award.**

The Government will evaluate each proposal against the evaluation criteria set forth in FAR 52.212-2, Evaluation – Commercial Products and Commercial Services.

The Government intends to award without discussions, therefore, the offeror's initial proposal should contain the Offeror's best terms.

*ADJECTIVE RATINGS AND DEFINITIONS TO BE USED TO BEST REFLECT
YOUR EVALUATION OF THE CONTRACTOR'S PERFORMANCE*

RATING	DEFINITION	NOTE
(E) Exceptional	Performance meets contractual requirements and exceeds many to the Government/Owner's benefit. The contractual performance of the element or sub-element being assessed was accomplished with few minor problems for which corrective actions taken by the contractor was highly effective.	An Exceptional rating is appropriate when the Contractor successfully performed multiple significant events that were of benefit to the Government/Owner. A singular benefit, however, could be of such magnitude that it alone constitutes an Exceptional rating. Also, there should have been NO significant weaknesses identified.
(VG) Very Good	Performance meets contractual requirements and exceeds some to the Government's/Owner's benefit. The contractual performance of the element or sub-element being assessed was accomplished with some minor problems for which corrective actions taken by the contractor were effective.	A Very Good rating is appropriate when the Contractor successfully performed a significant event that was a benefit to the Government/Owner. There should have been no significant weaknesses identified.
(S) Satisfactory	Performance meets minimum contractual requirements. The contractual performance of the element or sub-element contains some minor problems for which corrective actions taken by the contractor appear or were satisfactory.	A Satisfactory rating is appropriate when there were only minor problems, or major problems that the contractor recovered from without impact to the contract. There should have been NO significant weaknesses identified. Per DOD policy, a fundamental principle of assigning ratings is that contractors will not be assessed a rating lower than Satisfactory solely for not performing beyond the requirements of the contract.
(M) Marginal	Performance does not meet some contractual requirements. The contractual performance of the element or sub-element being assessed reflects a serious problem for which the contractor has not yet identified corrective actions. The contractor's proposed actions appear only marginally effective or were not fully implemented.	A Marginal is appropriate when a significant event occurred that the contractor had trouble overcoming which impacted the Government/Owner.
(U) Unsatisfactory	Performance does not meet most contractual requirements and recovery is not likely in a timely manner. The contractual performance of the element or sub-element contains serious problem(s) for which the contractor's corrective actions appear or were ineffective.	An Unsatisfactory rating is appropriate when multiple significant events occurred that the contractor had trouble overcoming and which impacted the Government/Owner. A singular problem, however, could be of such serious magnitude that it alone constitutes an unsatisfactory rating.
(N) Not Applicable	No information or did not apply to your contract	Rating will be neither positive nor negative.

Offeror CAGE	Offeror DUNS	Offeror Name	Offer Date	Proposal Manager Name	Proposal Manager Email Address
1QU78	114896066	CACI, INC. - FEDERAL	2019-10-08 03:39:24 PM Eastern Daylight Time		

Below the table, there is a red-bordered button with a plus sign and the text "Add". At the bottom of the page, another section titled "Source Selection Information - See FAR 2.101 and 3.104" is visible.

Select the Add button to submit an offer against the solicitation.

The screenshot shows a web application interface for a solicitation. At the top, there is a dark blue header bar with the text 'Solicitation Search Lookup' and a red notification bell icon with the number '24' and an 'Exit' button. Below the header, the text 'test4363' is displayed. There are two tabs: 'Solicitation' (selected) and 'Offer'. The main content area is titled 'Solicitation' and contains a checkbox labeled 'Please notify me of amendments to this solicitation.' which is currently unchecked. Below this, there are several form fields: 'Solicitation Number' with the value 'FA303019P0050', 'Public Posting Link' with a truncated URL and a 'Copy To Clipboard' button, 'Solicitation Type' with a dropdown menu showing 'RFP', 'Response Date' with the value '2019/10/31 00:00', 'Response Date Time Zone' with a dropdown menu showing 'Eastern Standard Time (-5:00)' and a 'View Time Zone Map' link, and 'Set Aside Code' with a dropdown menu showing 'N/A'.

The Proposal Manager may indicate interest in an open or closed solicitation by selecting the interest indication checkbox on the Solicitation tab. This will allow the Proposal Manager to receive notifications of any amendments posted to the solicitation. If the Proposal Manager's CAGE code(s) becomes restricted from the solicitation, their indicated interest will be removed.

Once a Proposal Manager indicates interest in a solicitation, the solicitation will be displayed on the Proposal Manager's Flagged Solicitations dashboard.

✖Withdraw Offer

Representations and Certifications could not be retrieved for the Proposal Manager's CAGE Code.

Source Selection Information - See FAR 15.605

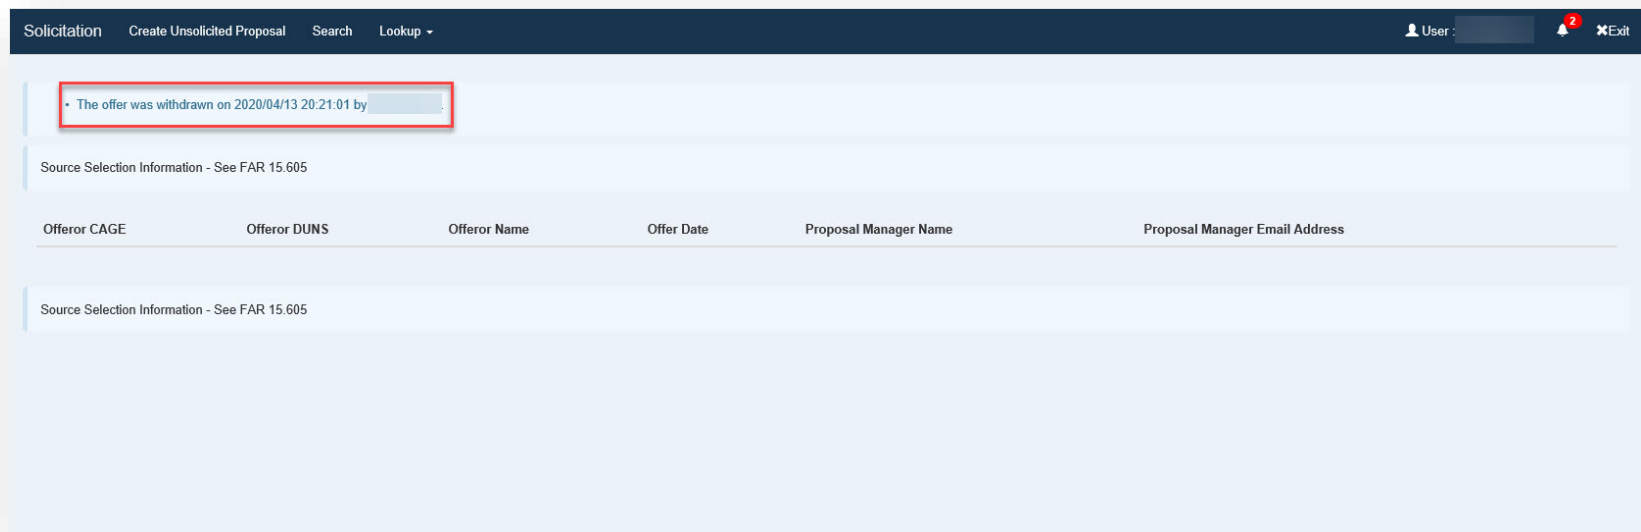

The Proposal Manager has the ability to withdraw a submitted unsolicited proposal to remove it from consideration prior to a Solicitation Manager's action. Once an unsolicited proposal has been accepted or rejected by the Solicitation Manager, it cannot be withdrawn.

To withdraw the proposal, select the Withdraw Offer button.

The Proposal Manager is prompted to confirm withdrawal of the unsolicited proposal.

1. Select Yes to confirm withdrawal of the proposal.
2. Select No to close the modal without withdrawing the proposal.

Upon withdrawal of the offer, a success message is displayed at the top of the page stating "The offer was withdrawn on (date) by (Proposal Manager)".
