

Statement of Work

A. Introduction Background

The US Naval Academy, Waterfront Readiness Dept. performs maintenance and repair on approximately 16 Navy 44 Sailing Craft used to train seamanship and navigation to the US Naval Academy Midshipmen. The originally installed Yanmar Engine is broken beyond repairs and requires direct replacement. Without these engines the NA 44 Craft would not be able to produce power the craft illuminating lighting, navigation, radar systems etc.

B. Objective

To purchase four Yanmar engines part-number BOMG 4JH57 Engine, KM4A1 transmission, and four alternator kit. Purchase and delivery of supplies or materials.

C. Scope of work

Purchase and delivery of four BOMG 4JH57 Engine, KM4A1 transmission and four alternator kits to Waterfront Readiness.

D. Period Of Performance

The contractor shall provide the materials as soon as possible.

E. Hours of Operation

Delivery shall be performed during normal business hours 7:30-3:00pm M-F

F. Place of Performance

Delivery shall be completed at Waterfront Readiness, 66 Halligan Road, Annapolis, MD 21402
