Paint Maintenance & Bally Buildings

Fort Matanzas National Monument

Location:

1. Are the buildings in the same location as 1 another? **Yes. All three buildings are within 50ft of each other.**
2. Are the buildings accessible by truck, and are they not on an island where materials and personnel would need to be brought by ferry or boat? **All the buildings are accessible by truck. The buildings are located right off Florida State Road A1A.**

Labor & Compliance

3. Wage Rates:
Can you confirm if this is wage rate if so, please confirm the applicable wage determination included with the solicitation? **The applicable wage rates are mentioned in the solicitation document, but it will also be posted in the amendment to this solicitation.**

Existing Conditions

4. Siding Material:
Can you confirm the existing siding material: metal, wood, or cement block? **Metal, Aluminum, Wood, Hardie Board, Block**
5. Repair:
Are there any known areas of major rot or repair beyond typical surface prep that should be anticipated? **Possibly some 1x4 around a window/window A/C unit on the Bally Building**
6. Building Condition / Photos:
Can additional close-up photos of the building and siding be provided to better assess current conditions? **Specifically, we would like to confirm the extent of any coating failure (e.g., peeling, chalking, or adhesion issues) across the structure if any. I can get pictures at a later date. The overall paint condition seems fair. I haven't noticed peeling or adhesion issues of the existing paint. There may be chalking on some areas of the building.**

Scope Clarification

7. Please confirm the total number of buildings that are to be painted: 2 or 3 buildings total? **There are 3 buildings to be painted.**
8. Please confirm that currently unpainted surfaces such as the unpainted block foundation shown in 1 of the photos will not be painted. **The existing color will be closely matched on all painted surfaces. Unpainted block will remain unpainted (paint splatter and/or overpainting/overspray is prohibited).**

9. Please confirm NO Gutters and downspouts are included. The downspouts and gutters will not be painted (paint splatter and/or overpainting/overspray is prohibited).
10. Please confirm no wooden railings and or cement walkways/ramps are included in the scope. The wood railings and the cement walkways/porch are not included in the scope.

Site Utilities

11. Water Access:

Is there water access available at the building for pressure washing? Yes

12. Electrical Access:

Are standard 110V electrical outlets available on or near the building for contractor use? Yes

Bonding & Financial Requirements

13. Bonding Requirements:

Is a bid bond, performance bond, or payment bond required for this project? If so, please confirm amounts and requirements. Bonding is not required for this project.
