Comment Classification: UNCLASSIFIED (U)				
We see no mention of the PET contract in Section 1.1. Does it intersect with HITS U III contract in 3.5 Assist HPC Users? In what workflows does it intersect?				
On: Mar 27 2025.				
	Government Response. . Yes, PET intersects with the HITS U III contract in 3.5 Assist HPC Users. It intersects primarily through the HPC Help Desk where user service requests are escalated from the Help Desk to PET for those requests that require PET support. Other intersections may include PET Mission Projects that support Centers' efforts in developing user guides and Help Desk videos.			
	PLEASE NOTE: Any information provided by the Government in response to this inquiry is subject to change prior to final release of the formal Request for Proposal for the HITS-UIII requirement. On: Apr 01 2025			
	Current Request Status: Request Closed			
Information for this report is procurement sensitive.				
11260466	Program Management	3.5.4 and 3.5.7		3.5.4 and 3.5.7
Comment Classification: UNCLASSIFIED (U)				
We do not see mention of "Agile" or "ITIL" anywhere in the PWS. Is the Government not interested in a contractor utilizing either of these methodologies or was it an oversight? Also, there is no mention of the use of an ITSM tool across the DSRCs (like ServiceNow or Remedy). Is that in use?				
On: Mar 27 2025.				
	Government Response. . The Government is interested in potential offerors proposing the methodology/methodologies that provides the best approach/solution to execute the requirements of the contract, improve overall contract performance, increase efficiencies, and/or reduce costs. ServiceNow is the current ITSM tool being used by the Government.			
	PLEASE NOTE: Any information provided by the Government in response to this inquiry is subject to change prior to final release of the formal Request for Proposal for the HITS-UIII requirement. On: Apr 01 2025			
	Current Request Status: Request Closed			
Information for this report is procurement sensitive.				
11260470	Program Management	3.5.2 and 3.5.3		3.5.2 and 3.5.3
Comment Classification: UNCLASSIFIED (U)				
In section 3.5 Assist HPC Users, we do not see a definition of Tiered support. Is Basic HPC Help Desk aligned to industry definitions of Tier I? Should 3.5.2 be aligned to Tier II support at each of the local DSRCs? Should 3.5.3 be aligned to Tier III support? Thank you				
On: Mar 27 2025.				
	Government Response. . A definition of Tiered support is not provided in 3.5 Assist HPC Users and will be provided in a separate task PWS issued for the HPC Help Desk or similar requirement. It is expected that there will be at least three levels of Tiered support, consistent with industry standards/definitions.			

	PLEASE NOTE: Any information provided by the Government in response to this inquiry is subject to change prior to final release of the formal Request for Proposal for the HITS-U/III requirement. On: Apr 01 2025			
	Current Request Status: Request Closed			
Information for this report is procurement sensitive.				
11275696	Operations			Query on HITS-U III RFI
Comment Classification: UNCLASSIFIED (U)				
1) Is the RFI still due 22 April at 1400CST? 2) Is the incumbent BAE? 3) Why is the Award Date estimated on 02/2028 if the estimated solicitation date is 04/2026? 4) Current contract TO expiration is 8/17/2025 with an "Ultimate" contract expiration of 2/17/2028 in Alliant II IDIQ. Does the current effort end on 08/2025 or in 02/2028?				
Thank you.				
On: Apr 04 2025.				
	Government Response. . 1) Yes 2) Yes 3) There is no estimated date of solicitation or estimated date of award provided in this RFI/Sources sought posted on SAM.gov. 4) The current TO/Contract is for one 12-month base period along with four 12-month optional periods. The TO/Contract includes an optional evaluated FAR 52.217-8 Extension of Services six-month period. On: Apr 07 2025			
	Current Request Status: Request Closed

Comment Classification: UNCLASSIFIED (U)				
Please confirm if the 25 page limit is inclusive or exclusive of Cover Page, Table of Contents, and Glossary.				
On: Apr 09 2025.				
	Government Response. . The 25-page limit does not include the Cover Page, TOCs or Glossary. On: Apr 10 2025			
	Current Request Status: Request Closed			
Information for this report is procurement sensitive.				
11287724	Cybersecurity	pg 33		Paragraph 3.7.4
Comment Classification: UNCLASSIFIED (U)				
This paragraph states that the contractor shall leverage CSSP-hosted ESS capabilities. It also states that the contractor will "protect cybersecurity data...at rest and in transit."				
Will the government provide this licensing for these capabilities to the contractor, or will the contractor be responsible for procuring these licenses from the OEM?				
If the government is providing this capability to the contractor, will the government be procuring additional licensing to support the data-at-rest and data-in-transit requirements?				
On: Apr 11 2025.				
	Government Response. . This references PWS paragraph 3.7.4 for endpoint security. In most cases the government will provide the licensing for capabilities to protect cybersecurity data at-rest and in-transit. As capabilities and/or requirements change or current licenses expire or become no longer supported, the contractor may be responsible for procuring on behalf of the government additional licenses from OEMs.			

	PLEASE NOTE: Any information provided by the Government in response to this inquiry is subject to change prior to final release of the formal Request for Proposal for the HITS-UIII requirement. On: Apr 15 2025

11292520	Contracting	Pages 20, 21, 23 and 24	PWS Paragraphs 3.2.3, 3.3.3, 3.4.3 and 3.5.4	
Comment Classification: UNCLASSIFIED (U)				
As part of its Technical Exhibits, will the Government provide the list of components (e.g., software, hardware) sustained by the contractor vs. the OEM?				
On: Apr 15 2025.				
	Government Response. . The specific requirements for each component will be provided in Contract Technical Library (CTL) and future Task Orders. The sustainment between contractor verse OEM is subject to change.			
	PLEASE NOTE: Any information provided by the Government in response to this inquiry is subject to change prior to final release of the formal Request for Proposal for the HITS-UIII requirement. On: Apr 18 2025			
	Current Request Status: Request Closed			
Information for this report is procurement sensitive.				
11292524	Contracting	Page 24	Paragraph 3.5.1 Basic HPC Help Desk	
Comment Classification: UNCLASSIFIED (U)				
Is the Contractor expected to support/develop an Automatic Call Distribution (ACD) system for the help desk?				
On: Apr 15 2025.				
	Government Response. . Not necessarily an Automatic Call Distribution functionality. The Basic HPC Help Desk function is managed currently through the ServiceNOW platform and a GFE Help Desk number and email. The Contractor is responsible for maintaining the support and maintaining of the Help Desk platform.			
	PLEASE NOTE: Any information provided by the Government in response to this inquiry is subject to change prior to final release of the formal Request for Proposal for the HITS-UIII requirement. On: Apr 17 2025			
	Current Request Status: Request Closed			
Information for this report is procurement sensitive.				

11292525	Contracting	Page 33	PWS Paragraph 3.7.4	
Comment Classification: UNCLASSIFIED (U)				
The PWS outlines a number of different categories for security incidents (e.g., Category 3, 5, 6, 1, 2). Will the Government please provide their definitions?				
On: Apr 15 2025.				
	Government Response. . The Government will provide their definitions in the Contract Technical Library (CTL).			
	PLEASE NOTE: Any information provided by the Government in response to this inquiry is subject to change prior to final release of the formal Request for Proposal for the HITS-UIII requirement. On: Apr 18 2025			
	Current Request Status: Request Closed			
Information for this report is procurement sensitive.				
11292527	Contracting	Draft PWS		
Comment Classification: UNCLASSIFIED (U)				
Is managing CentPort part of the scope of this contract?				
On: Apr 15 2025.				
	Government Response. . A collaboration and document and informational repository platform is a part of the scope of this contract to ensure cross-communication and continuity of operations. Contractor may propose another platform other than CentPort.			
	PLEASE NOTE: Any information provided by the Government in response to this inquiry is subject to change prior to final release of the formal Request for Proposal for the HITS-UIII requirement. On: Apr 17 2025			
	Current Request Status: Request Closed

11292531	Contracting	Page 65	PWS Section 12 Personnel Security	
Comment Classification: UNCLASSIFIED (U)				
Will the Government confirm the types of Acquisition Sensitive Information the contractor may be required to handle/access for a proper OCI assessment?				
On: Apr 15 2025.				
	Government Response. . The Government is unsure of what the inquirer is requesting or referring to in regard to a proper OCI assessment.			
	There may be extremely limited circumstances that the Government could share any type of acquisition sensitive information, but that decision would be evaluated and determined on a case-by-case basis. On: Apr 18 2025			
	Current Request Status: Request Closed			
Information for this report is procurement sensitive.				
11297691	Contracting	ProjNet Portal	RFI Sample Tasks	
Comment Classification: UNCLASSIFIED (U)				
With the release of the sample tasks on April 16th, will the ProjNet Portal remain open for submitting questions through April 22nd, to adequately address the tasks?				
On: Apr 17 2025.				
	Government Response. . ProjNet schedule was extended to accept inquiries until 21 April 2025. Capabilities statements remain due 22 April 2025. On: Apr 17 2025			
	Current Request Status: Request Closed
