2. Reverse Auction Notification

This solicitation contains DLAD Procurement Note L09 for reverse auction (RA). The Government may activate this provision after timely offers have been received and evaluated. Prior to doing so, the contracting officer will establish a competitive range, decide whether or not an RA will be conducted, and determine which offerors will participate in this event. Firms removed from the competitive range will be notified in writing prior to the Government conducting the RA.

The reverse auction vendor provides the tool/software that allows for the reverse auction. By submitting an offer, the offeror consents that the reverse auction vendor may have access to its submitted data for the purpose of the reverse auction. Reverse auction vendors are bound by confidentiality agreements.

3. Subcontracting Plan

Pursuant to the requirements of Public Law 95-507, all large business offerors must submit a subcontracting plan with their offer. All large business concerns are required to have an approved subcontracting plan for contracts valued over \$750,000 before the Government can award a contract (see FAR 52.219-9 for details). Offerors must submit a currently approved commercial plan or a new plan for review and approval.

Instructions for submitting the subcontracting plan are included in FAR 52.212-1. Contractors are required to report progress on subcontracting goals to the electronic Subcontracting Reporting System (eSRS) twice a year. eSRS is an internet-based tool that streamlines the process of reporting on subcontracting plans and provides agencies with access to analytical data on subcontracting performance. More information on eSRS can be found at DGPA 19.706-P and www.esrs.gov.

4. Assessments/Reports

As prescribed in FAR Part 42.15, DLA evaluates contractor performance on all contracts that exceed \$250,000, and shares those evaluations with other federal government agencies. The FAR requires that the contractor be provided an opportunity to comment on past performance evaluations prior to each report closing. To fulfill this requirement, DLA will be using an online database, the Contractor Performance Assessment Reporting System (CPARS). Annual reporting of past performance will be completed at <http://www.cpars.gov> and uploaded to PPIRS (Past Performance Information Retrieval System).

5. Contractor Code of Business Ethics

FAR Part 3.1002(a) requires all government contractors to conduct themselves with the highest degree of integrity and honesty. Contractors should have a written code of business ethics and conduct within thirty days of award. To promote compliance with such code of business ethics and conduct, contractors should have an employee business ethics and compliance training

program that facilitates timely discovery and disclosure of improper conduct in connection with government contracts and ensures corrective measures are promptly instituted and carried out. A contractor may be suspended and/or debarred for knowing failure by a principal to timely disclose to the government, in connection with the award, performance, or closeout of a government contract performed by the contractor or a subcontract awarded there under, credible evidence of a violation of federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in title 18 of the United States Code or a violation of the False Claims Act. (31 U.S.C. 3729-3733)

If this solicitation or contract includes FAR clause 52.203-13 - CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT; the contractor shall comply with the terms of the clause and have a written code of business ethics and conduct; exercise due diligence to prevent and detect criminal conduct; promote ethical conduct and a commitment to compliance with the law within their organization; and timely report any violations of federal criminal law involving fraud, conflict of interest, bribery or gratuity violations found in title 18 of the United States Code or any violations of the False Claims Act. (31 U.S.C. 3729-3733). When FAR 52.203-13 is included in the contract, contractors must provide a copy of its written code of business ethics and conduct to the contracting officer upon request by the contracting officer.

Addendum to 52.212-4:

The following paragraph of 52.212-4 is amended as indicated below:

Paragraph (m), Termination for Cause.

Delete paragraph (m) in its entirety and substitute the following:

(m) Termination for Cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If this contract is terminated in whole or in part for cause, and the supplies or services covered by the contract so terminated are repurchased by the Government, the Government will incur administrative costs in such repurchases. The Contractor and the Government expressly agree that, in addition to any excess costs of repurchase, or any other damages resulting from such default, the Contractor shall pay, and the Government shall accept, the sum of \$1,350.00 as payment in full for the administrative costs of such repurchase. This assessment of damages for administrative costs shall apply for any termination for cause following which the Government repurchases the terminated supplies or services together with any incidental or consequential damages incurred because of the termination. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

FAR 52.216-21 Requirements (OCT 1995)

(a) This is a requirements contract for the supplies or services specified and effective for the period stated, in the Schedule. The quantities of supplies or services specified in the Schedule are estimates only and are not purchased by this contract. Except as this contract may otherwise provide, if the Government's requirements do not result in orders in the quantities described as "estimated" or "maximum" in the Schedule, that fact shall not constitute the basis for an equitable price adjustment.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. Subject to any limitations in the Order Limitations clause or elsewhere in this contract, the Contractor shall furnish to the Government all supplies or services specified in the Schedule and called for by orders issued in accordance with the Ordering clause. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(c) Except as this contract otherwise provides, the Government shall order from the Contractor all the supplies or services specified in the Schedule that are required to be purchased by the Government activity or activities specified in the Schedule.

(d) The Government is not required to purchase from the Contractor requirements in excess of any limit on total orders under this contract.

(e) If the Government urgently requires delivery of any quantity of an item before the earliest date that delivery may be specified under this contract, and if the Contractor will not accept an order providing for the accelerated delivery, the Government may acquire the urgently required goods or services from another source.

(f) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after the last outstanding delivery is received for orders placed by the expiration date of the contract.

FAR 52.217-5 Evaluation of Options (JUL 1990)

Except when it is determined in accordance with FAR 17.206(b) not to be in the Government's best interests, the Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. Evaluation of options will not obligate the Government to exercise the option(s).

FAR 52.217-9 Option to Extend the Term of the Contract (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor at any time during the term of the contract; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 30 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed five years.

FAR 52.247-34 F.o.B. Destination (JAN 1991)

(a) The term "f.o.b. destination," as used in this clause, means --(1) Free of expense to the Government, on board the carrier's conveyance, at a specified delivery point where the consignee's facility (plant, warehouse, store, lot, or other location to which shipment can be made) is located;

and (2) Supplies shall be delivered to the destination consignee's wharf (if destination is a port city and supplies are for export), warehouse unloading platform, or receiving dock, at the expense of the Contractor. The Government shall not be liable for any delivery, storage, demurrage, accessorial, or other charges involved before the actual delivery (or "constructive placement" as defined in carrier tariffs) of the supplies to the destination, unless such charges are caused by an act or order of the Government acting in its contractual capacity. If rail carrier is used, supplies shall be delivered to the specified unloading platform of the consignee. If motor carrier (including "piggyback") is used, supplies shall be delivered to truck tailgate at the unloading platform of the consignee, except when the supplies delivered meet the requirements of Item 568 of the National Motor Freight Classification for "heavy or bulky freight." When supplies meeting the requirements of the referenced Item 568 are delivered, unloading (including movement to the tailgate) shall be performed by the consignee, with assistance from the truck driver, if requested. If the contractor uses rail carrier or freight forwarded for less than carload shipments, the contractor shall ensure that the carrier will furnish tailgate delivery, when required, if transfer to truck is required to complete delivery to consignee.

(b) The Contractor shall --

STATEMENT OF WORK

1. Background

The Defense Logistics Agency (DLA), Directorate of Medical Materiel provides pharmaceutical products for the Department of Defense (DoD) to its customers through its Pharmaceutical Prime Vendor program. The Department of Veterans Affairs (VA) provides pharmaceutical products to its customers as well as the Indian Health Service (IHS) and the Bureau of Prisons (BoP) through the VA Pharmaceutical Prime Vendor Program. Hereafter these programs are collectively referred to as the "PPV." A prime vendor is an independent business concern that functions as a purchaser's primary source for specified classes of products and is responsible for the delivery of goods produced by various suppliers. As a part of the Pharmaceutical Prime Vendor Program, this solicitation will establish a national contract for the items listed in the schedule. The PPV Programs consist of separate contracts which establish the fees for the distribution of pharmaceutical products that are distributed through the PPV Programs on Federal Government (i.e., Federal Supply Schedules, DLA National Contracts) contracts. The awardee consents to allow VA and DLA prime vendors to distribute the listed products in the schedule.

2. Purpose and Objective

A contract resulting from this solicitation will establish a national supply source, in accordance with FAR 52.216-21 Requirements, to provide the drugs listed in the schedule for purchase by DLA and VA customers through the PPV. The annual usage for DLA, VA, BoP and IHS customers served through the Prime Vendor Programs is estimated in the Schedule of Supplies. The objective of the contract is to ensure availability and consistency of product and to obtain volume-based, committed use pricing.

3. Purchase Compliance

Ordering activities will purchase the selected contractor's product for the items listed in the Schedule of Supplies section of this Solicitation through the DLA or VA PPV contractors except when: (1) the contracted items is/are unavailable to meet the needs of the Government or (2) an alternate is requested by the prescribing healthcare provider, or (3) the contract holder does not participate in third party reimbursement programs, such as the Medicaid Rebate Program (#3 applies to IHS requirements only).

4. Extent of Obligation

The contractor shall provide the products specified in the schedule to all DLA and VA PPV contractors in order to facilitate the products' availability for all eligible DoD, VA, BoP and IHS ordering activities.

5. Contract Price Effective Date

The Contract Price Effective Date shall be no more than 60 days after award.

6. Contract Performance Date

The contract performance date shall be 45 days (or sooner upon mutual agreement) after the date of contract award. This is the date the contractor shall be ready to fill orders from the PPV contractors.

The contract prices shall be effective 15 days after the contract performance date. Before the contract performance date, the PPVs will begin placing orders with the contractor for delivery to multiple PPV distribution centers for distribution to the participants under this contract. See Appendix A for the current list of PPVs. The current PPV contractors may change and the contractor will be notified of any changes in PPV contractors during the term of the contract resulting from this solicitation. The contractor shall ensure that sufficient inventory of contract items awarded under this solicitation is available to ensure delivery to the PPV distribution centers within 15 days of the contract performance date. In order to facilitate the sale of the awardee's product to government ordering activities through the DLA and VA PPV contractors, the awardee shall enter into business-to-business agreements with each of the DLA and VA PPV contractors. Payment terms, time and place of delivery to PPV distribution centers, and other relevant terms shall be agreed upon between the PPV contractors and the contractor awarded a contract from this solicitation in these agreements. The Government is not obligated to become involved in or assume any responsibility for financial or other disputes involving these agreements. Offerors may approach the PPV contractors regarding establishing business-to-business agreements prior to submitting an offer in response to this solicitation. Within 15 days from receipt of award, the Contracting Officer shall be notified by the contractor if any business-to-business-agreements cannot be reached with the PPV contractors.

7. Chargeback Agreements

Chargeback arrangements shall be coordinated between the prime vendors and the successful contractor.

8. Special Contract Considerations

As discussed in Section 2, this solicitation establishes a supply source to provide the drugs listed in the schedule for purchase through the PPV programs. Additionally, as outlined in Section 6, the awarded contractor under this solicitation must reach a business-to-business agreement with each of the DLA and VA PPV contractors. Because the PPV contractors distribute the supplies sourced from this solicitation, special contract considerations apply.

Under this resulting contract, the contractor will be receiving payments from the PPV contractors instead of directly from the Government. Due to this unique payment structure, the contractor cannot assign its rights to receive payment under this contract. Additionally, disputes arising between the awardee and the PPV contractors do not give rise to a “claim” under the Disputes Clause. Finally, no invoices will be provided from the contractor to the Government ordering facilities. Instead, the contractor shall submit invoices in accordance with the business-to-business agreements reached with the PPV contractors.

9. Delivery

The complete order quantity shall be delivered to the PPV contractors within 15 days after receipt of order.

Other delivery requirements including but not limited to product quantities, time and place of delivery and method of delivery for products awarded as a result of this procurement action will be determined by the contract awardee and the prime vendors.

10. Transition Period

After the effective date a short phase-in period may be needed to convert patients and medical centers to the awarded products. Every effort will be made to begin transitioning as many patients as possible by the contract performance date.

11. Contract Duration

The contract resulting herein will be for a one year base and include four option years for a maximum of five years. The contract will not exceed five years.

12. Ordering and Acceptance of Orders

The contractor agrees to accept orders that are placed by, and provide items to, the prime vendors for use by medical treatment facilities, formularies, and eligible beneficiaries served by the DLA and VA PPV contractors. The Government reserves the right to delete ordering sites/activities which are current prime vendor customers during the effective period of this contract. In addition, the Government reserves the right to add Government pharmacies and ordering activities of agencies, which are not current PPV customers, during the effective period of this contract. There is no expressed or implied guarantee that the estimated quantity will be purchased under this contract. Actual quantities purchased may exceed or be less than those represented.

The price an ordering activity pays a PPV contractor for the awardee’s product will be adjusted by the distribution fees established by the terms of that PPV contractor’s separate contract with the Government. All of the DLA and VA PPV contractors’ contracts with the government currently contain negative distribution fees. This means that the price paid by an ordering activity to a PPV

contractor for the awardee's product may be less than the unit price established by a contract awarded from this Solicitation.

13. Initial Orders

Each ordering agency (DoD, VA, IHS, and BoP) may place initial orders with their respective PPV contractors totaling up to 30% of the agency's stated estimated annual contract quantities, located in Appendix B: Agency Annual Demand Projections, immediately upon the contract effective date. Initial orders totaling up to 30% of each agency's stated estimated annual contract quantities may be placed by the PPV contractors with the national contract awardee of this solicitation to fulfill the initial order requirements.

14. National Contract Backorders

The ability of the Department of Defense (DoD), Department of Veterans Affairs (VA), Bureaus of Prisons (BoP), and Indian Health Service (IHS) to provide quality healthcare to its patient population is severely impaired when a national contract product is not available due to backorders. The purpose of this paragraph is to provide guidance to the awarded contractor regarding a temporary solution to national contract item backorders that may be implemented in lieu of the Government terminating the contract for cause. However, nothing in this section will waive any of the Government's rights to terminate the contract for cause in accordance with FAR 52.212-4(m).

For purposes of this contract, a backorder occurs when a PPV contractor issues an order with the contractor awarded a contract for the products in this solicitation, and the complete order quantity is not delivered to the PPV contractor within 15 days after receipt of order. This includes initial Consolidated Mail Order Pharmacy (CMOP) orders. If a national contract item is backordered by the a PPV contractor, the contracting officer will review the backorder to determine the cause of the backorder. The awarded contractor shall inform the contracting officer within 4 calendar days after a backorder occurs or is foreseen. In addition to informing the contracting officer of the backorder, the awardee shall provide an estimated date when the backorder will be shipped, and may propose a solution to satisfy the Government's needs for the contract items until the backorder is resolved. The Government reserves the right to accept or reject any possible solutions that the awardee may propose to alleviate a national contract backorder situation. In the event of a back order, the Government may authorize the PPV contractors to acquire the same or similar items from another source. If the contracting officer determines that the backorder is awardee-caused, the contracting officer will bill the awardee for any excess procurement costs. In other words, if the government purchases product from another vendor because of an awardee-caused backorder, the awardee will issue credit or reimburse the Government for the difference between the purchase price and the contract price within 30 calendar days after receipt of notification. The awardee shall also provide written verification to the Contracting Officer when credits or reimbursement have been made within 30 calendar days from date of reimbursement. After an awardee-caused backorder, the Government's decision to enter into a buy-against agreement described above will not deprive the Government of its right under Clause 52.212-4 (m) to terminate the contract.

15. Product Registration

Product information pertaining to all items offered under this solicitation must be registered with RXNorm, First Data Bank and Medispan prior to the effective date of contract performance. Details on submitting this information can be found at the following links:

<http://www.nlm.nih.gov/research/umls/rxnorm/>

<http://www.medispan.com/manufacturers-exchange.aspx>

<http://www.fdbhealth.com/solutions/manufacturer-relations/>

16. Preparation for Delivery

Preservation and packaging shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to and from the receiving activity and shall conform to the applicable carrier's rules and regulations.

17. Labeling

All pharmaceutical products provided under this contract shall include bar code labeling at the unit-of-use package level. The bar code labeling must be in a linear format that conforms to all GS1-128 (formerly EAN.UCC) or Health Industry Business Communication Council (HIBCC) Health Industry Bar Code (HIBC) supplier labeling standards. The bar code symbology must comply with all GS1 or HIBCC parameters including, but not limited to: symbology type or encoded pattern, bar and space dimensions and tolerances and allowable ratio of wide to narrow elements.

The bar code may be any linear bar code symbology such as GS1-128 (formerly EAN.UCC), GS1 DataBar (formerly RSS) or Universal Product Code (if the UPC contains the National Drug Code or NDC). The bar code must encode the NDC, either alone or within the GS1 data structure (Global Trade Item Number (GTIN)).

The bar code printing must be American National Standards Institute (ANSI) / International Organization for Standardization (ISO) / IEC quality grade C or better. Manufacturers and packagers must ensure that production runs include an initial verification check, as well as routine audits to ensure the bar code is printed clearly and consistently to meet the quality standard of grade C or better. Contractors shall be responsible for ensuring that bar code labels meet the quality requirements specified in this clause prior to shipping pharmaceutical products to any government prime vendor or authorized ordering activity under this contract.

The bar code must be on the outside container or wrapper of the medication as well as on the immediate container, unless the bar code is readily visible and machine readable through the outside container or wrapper. When the bar code is not easily machine readable through the over-wrap, the over-wrap should contain the bar code. The bar code must go on each cell of a blister pack.

Furthermore, the bar code must remain intact under normal conditions of use; thus it should not be printed across the perforations of a blister pack.

When applicable to the symbology used, bar codes shall be surrounded by sufficient quiet zone so that the bar code can be scanned correctly. Bar code placement shall minimize curvature of the bar code. For example, bar codes should be placed in "ladder orientation" on vials or bottles to minimize curvature of the bar code. Bar code labeling shall not be placed solely on outer packaging. It is required that bar code labeling also include the lot number and expiration date. If two separate distinctive bar codes are used, one for NDC and the other for lot number/expiration date; the lot number and expiration date bar code must not be in close proximity to the NDC barcode or in a format that may be confused with the NDC bar code. When applicable, all Healthcare Distribution Management Association (HDMA) guidelines shall be followed.

18. Therapeutic Equivalence

Drug products are considered to be therapeutic equivalents only if they are pharmaceutical equivalents and if they can be expected to have the same clinical effect and safety profile when administered to patients under the conditions specified in the labeling. Only FDA approved products with therapeutic equivalence evaluations that resulted in a FDA Therapeutic Equivalence Code (TE Code) of "A" will be considered, unless all drugs in the family group are "B" rated. If all

products in a family group have a “B” TE Code, no award will be made to other than the innovator unless the non-innovator vendor submits acceptable data demonstrating bioequivalence.

19. Drug Application

By signing this solicitation, the offeror certifies that it has on file (if any of the following are required by FDA for the offered drugs) an FDA approved New Drug Application (NDA), an approved abbreviated NDA (ANDA), or a Biologic License approval, as appropriate for the items offered in response to the solicitation. **The NDA/ANDA must be approved at the time the offer is submitted, and that a pending NDA/ANDA approved after submission but before award is NOT technically acceptable.**

20. Manufacturing Facilities

If at any time during the life of the contract, the contractor’s facility or the source from which the contractor obtains any of the products offered on this contract is informed in a FDA “warning letter” that it fails to meet FDA current good manufacturing practices (cGMP) (21 CFR Part 210 and 211), the contractor shall immediately communicate the facility or source’s unacceptable FDA cGMP status to the Contracting Officer. Once the Contracting Officer is aware that the contractor’s facility or the source from which the contractor obtains any of the products offered fails to meet FDA cGMP, the procedures outlined in the paragraph below will apply. These procedures will apply regardless of whether the unacceptable cGMP status of the contractor’s facility or the source from which the contractor obtains the products was brought to the Contracting Officer’s attention by the contractor or by other means.

The DLA Contracting officer will review the contractor’s (or its source’s) unacceptable cGMP status with appropriate DLA clinical staff and will either:

- Instruct the contractor to stop the shipment of products listed on this contract that were manufactured and/or packaged in a facility with unacceptable cGMP status, or
- Authorize the contractor to continue to supply such contract products for 90 days from the date when unacceptable cGMP status was brought to the Contracting Officer’s attention, provided that the products have not been subjected to a consumer-level recall. An additional 90 days may be authorized at the discretion of the DLA Contracting Officer.

Contractors are cautioned that products that were manufactured and /or packaged in a facility with unacceptable cGMP status and then shipped without written authorization from the DLA Contracting Officer shall be returned to the contractor at the contractor’s risk and expense, regardless of whether the contractor was aware of the facility’s unacceptable cGMP status at the time the products were shipped. The contractor (or its source) shall have corrected all significant cGMP deficiencies or have an acceptable plan with the FDA for the correction of such deficiencies which led to unacceptable status by the end of the 90-day authorization period and any extensions of such period granted by the DLA Contracting Officer. Additionally, the contractor is responsible for keeping the DLA Contracting Officer informed of all corrections made and shall provide the DLA Contracting Officer with: 1) written documentation of the correction plan, 2) notification from FDA of acceptance of plan, and 3) a copy of any re-inspection requests and subsequent reports, when they are available. If FDA’s evaluation of contractor’s (or its source’s) compliance efforts and/or re-inspection of the non-compliant facility does not result in an acceptable rating by FDA within 90 days from the date when unacceptable cGMP status was brought to the Contracting Officer’s attention, or by the end of a DLA Contracting Officer’s authorization period (whichever is the greater period of time), the contract may be terminated for cause in accordance with FAR Clause 52.212-4(m). The contractor’s (or its source’s) failure to correct the cGMP deficiencies in a timely manner shall not constitute or give rise to any “excusable delays” pursuant to FAR Clause

52.212-4(f). Nothing in this clause shall be read as limiting the recognized grounds upon which a Contracting Officer may terminate this contract or delete products pursuant to any clause in this contract or any other applicable law or authority.

The contractor (or its source) shall use only the FDA-inspected manufacturing facilities cited in the contract for the duration of the contract, unless substitution of manufacturing facilities is approved by the DLA Contracting Officer. In case of any manufacturing facility relocation or substitution of manufacturing facilities, the contractor shall notify the DLA Contracting Officer of the change, and the contractor shall request approval from the DLA Contracting Officer to supply the contracted products from the new location. If the change is approved by the DLA Contracting Officer after an inquiry to FDA for cGMP status of the new location, approval will be provided by means of a formal contract modification.

21. Recalls

If a drug recall is initiated for any drug provided under this contract, regardless of whether it is a voluntary recall by the manufacturer or a recall required by the U.S. Food and Drug Administration (FDA) or, if the FDA withdraws their approval to manufacture any drug that is included on this contract, the following action shall immediately be taken by the contractor:

Reported sales must include all sales made to all authorized contract users, whether shipped directly to the users or through prime vendor contractors. The report shall reflect sales by contract line item. A cost recovery fee equivalent to 0.5 percent of the current contract price shall be collected from all contract users. The 0.5 percent cost recovery fee shall be imbedded in the awarded contract prices, and offers submitted in response to this solicitation shall include the cost recovery fee in every line item price offered. The reported contract sales shall include the cost recovery fee and each quarterly report shall show the total cost recovery fee amount collected on the reported sales. The contractor shall maintain a consistent accounting method of sales reporting, based on the contractor's established commercial accounting practice.

The cost recovery payment is due at the same time as the applicable sales report (within 60 calendar days following the completion of each reporting quarter or completion of the contract). If the cost recovery fee payment is

made in by a check mailed to DLA, a copy of the applicable sales report shall be emailed to the contracting officer on the date that the check is mailed. SOLICITATION PROVISIONS

FAR 52.212-1 Instructions to Offerors – Commercial Items (JUN 2020)

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code(s) and small business size standard(s) for this acquisition appear elsewhere in the solicitation. However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show -

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);
- (9) Acknowledgment of Solicitation Amendments;

- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.
- (c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.
- (d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.
- (e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions, including alternative line items (provided that the alternative line items are consistent with subpart 4.10 of the Federal Acquisition Regulation), or alternative commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.
- (f) *Late submissions, modifications, revisions, and withdrawals of offers.*
- (1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.
- (2)
- (i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—
- (A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or
- (B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards*. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

The Offeror also shall enter its Electronic Funds Transfer (EFT) indicator, if applicable. The EFT indicator is a four-character suffix to the unique entity identifier. 32.11) for the same entity. If the Offeror does not have a unique entity identifier, it should contact the entity designated at www.sam.gov for unique entity identifier establishment directly to obtain one. The Offeror should indicate that it is an offeror for a Government contract when contacting the entity designated at www.sam.gov for establishing the unique entity identifier.

FAR 52.212-1 Addendum 1 – Paragraph Modifications

The following paragraphs of 52.212-1 are amended as indicated below:

1. Paragraph (b), Submission of Offers

2. Pricing and the Veteran's Health Care Act of 1992

Offerors shall comply with Department of Veterans Affairs (DVA) policy contained in DVA letter dated March 31, 2004 (or the most current letter expressing this policy). Procurement Notes

5. Procurement Note L06 Agency Protests (DEC 2016)

Interested parties may file an agency level protest with the contracting officer or may request an independent review by the chief of the contracting office (CCO). Independent review by the CCO is an alternative to consideration by the contracting officer and is not available as an appellate review of a contracting officer decision on a protest previously filed with the contracting officer. Absent a clear indication of the intent to file an agency level protest with the CCO for independent review, protests will be presumed to be protests to the contracting officer.

6. Procurement Note L09 Reverse Auction (NOV 2016)

The Contracting Officer may utilize reverse auctioning to conduct price discussions. If the Contracting Officer does not conduct a reverse auction, award may be made on initial offers or following discussions. If the Contracting Officer decides to use line reverse auctioning to conduct price negotiations, the Contracting Officer will notify Offerors of this decision and the following applies:

- (1) The contracting officer may use reverse auction as the pricing technique during discussions to receive the final offered prices from each offeror.
- (2) During each round of reverse auction, the system displays the lowest offer price(s) unless the auction instructions are different. All offerors and authorized auction users see the displayed lowest price(s). This disclosure is anonymous and a generic identifier displays for the offeror. Generic identifiers include designators such as “offer A” or “lowest-priced offeror.” By submitting a proposal in response to the solicitation, offerors agree to participate in the reverse auction and that their prices may be disclosed, including to other offerors, during the reverse auction.
- (3) An offeror’s final auction price at the close of the reverse auction is considered its final price proposal revision. No price revisions will be accepted after the close of the reverse auction, unless the contracting officer decides that further discussions are needed and final price proposal revisions are again requested in accordance with Federal Acquisition Regulation (FAR) 15.307, or the contracting officer determines that it would be in the best interest of the

Government to re-open the auction.

(4) The contracting officer identifies participants to the DLA commercial reverse auction service provider. To be eligible for award and participate, the offeror must agree with terms and conditions of the entire solicitation and the commercial reverse auction service. The reverse auction pricing tool system administrator sends auction information in an email. The reverse auction system designates offers as "lead," meaning the current low price in that auction, or "not lead," meaning not the current low price in that auction. In the event of a tie offer, the reverse auction provider's system designates the first offer of that price as "lead" and the second or subsequent offer of that price as "not lead." If a tie offer is submitted and no evaluation factors other than price were identified in the solicitation or a low-price technically acceptable source selection is being used, the "Not Lead" offeror that submitted the tie offer must offer a changed price; otherwise its offer will be ineligible for award. If evaluation factors in addition to price were listed in the solicitation and a tradeoff source selection is being used, tie offers that are "Not Lead" will be considered and evaluated.

(5) Offerors unable to enter pricing through the commercial reverse auction service provider's system during a reverse auction must notify the contracting officer or designated representative immediately. The contracting officer may, at their sole discretion, extend or re-open the reverse auction if the reason for the offeror's inability to enter pricing is determined to be without fault on the part of the offeror and outside the offeror's control.

(6) Training. The commercial reverse auction service provider or government representative conducts training for offerors. Offerors receive training through written material, the commercial reverse auction service provider's website, or other means. Trainers name employees successfully completing the training as a "Trained Offeror." Only trained offerors may engage in a reverse auction. The contracting officer reserves the right to remove the "trained offeror" title from anyone who fails to obey the solicitation or commercial reverse auction service provider terms and conditions.

FAR 52.212-2 Evaluation Commercial Items (OCT 2014)

(a) An award will be made to the responsible offeror whose proposal is determined to be technically acceptable and provides the lowest evaluation aggregate price. In order for an offer to be determined technically acceptable the proposal must receive an acceptable rating for both Non-Price Factors, resulting in an overall rating of acceptable. Vendor must meet minimum requirements of Technical Requirements a through e and Past Performance a through c, under 52.212-1.

(b) Options

The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

- (c) A written notice of award, or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer, whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: Commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property,

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.* (A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the

liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

“Internal confidentiality agreement or statement”, “subcontract”, and “subcontractor”, are defined in the clause at 52.203-19, Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements.

(b) In accordance with section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. The Government contemplates award of a firm-fixed-price contract resulting from this solicitation.

**FAR 52.229-11--Tax on Certain Foreign Procurements—Notice and Representation
(JUN 2020)**

(a) *Definitions.* As used in this provision—

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area.

United States person as defined in 26 U.S.C. 7701(a)(30) means—

- (1) A citizen or resident of the United States;
- (2) A domestic partnership;
- (3) A domestic corporation;
- (4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and
- (5) Any trust if—
 - (i) A court within the United States is able to exercise primary supervision over the administration of the trust; and
 - (ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available via the internet at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that—

1) It ☐ is ☐ is not a foreign person; and

(2) If the Offeror indicates “is” in paragraph (d)(1) of this provision, then the Offeror represents that—I am claiming on the IRS Form W-14 ☐ a full exemption, or ☐ partial or no exemption [*Offeror shall select one*] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then—

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects “is” in paragraph (d)(1) and “partial or no exemption” in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.

FAR 52.229-12 Tax on Certain Foreign Procurements (JUN 2020)

As prescribed in 29.402-3(b), insert the following clause:

Tax on Certain Foreign Procurements (JUN 2020)

(a) *Definitions.* As used in this clause—

Foreign person means any person other than a United States person.

United States person, as defined in 26 U.S.C. 7701(a)(30), means—

- (1) A citizen or resident of the United States;
- (2) A domestic partnership;
- (3) A domestic corporation;
- (4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 7701(a)(31)); and
- (5) Any trust if—
 - (i) A court within the United States is able to exercise primary supervision over the administration of the trust; and
 - (ii) One or more United States persons have the authority to control all substantial decisions of the trust.
- (b) This clause applies only to foreign persons. It implements 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.
- (c)(1) If the Contractor is a foreign person and has only a partial or no exemption to the withholding, the Contractor shall include the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, with each voucher or invoice submitted under this contract throughout the period in which this status is applicable. The excise tax withholding is applied at the payment level, not at the contract level. The Contractor should revise each IRS Form W-14 submission to reflect the exemption (if any) that applies to that particular invoice, such as a different exemption applying. In the absence of a completed IRS Form W-14 accompanying a payment request, the default withholding percentage is 2 percent for the section 5000C withholding for that payment request. Information about IRS Form W-14 and its separate instructions is available via the internet at www.irs.gov/w14.
- (2) If the Contractor is a foreign person and has indicated in its offer in the provision 52.229-11, Tax on Certain Foreign Procurements—Notice and Representation, that it is fully exempt from the withholding, and certified the full exemption on the IRS Form W-14, and if that full exemption no longer applies due to a change in circumstances during the performance of the contract that causes the Contractor to become subject to the withholding for the 2 percent excise tax then the Contractor shall—
 - (i) Notify the Contracting Officer within 30 days of a change in circumstances that causes the Contractor to be subject to the excise tax withholding under 26 U.S.C. 5000C; and
 - (ii) Comply with paragraph (c)(1) of this clause.
- (d) The Government will withhold a full 2 percent of each payment unless the Contractor claims an exemption. If the Contractor enters a ratio in Line 12 of the IRS Form W-14, the result of Line 11 divided by Line 10, the Government will withhold from each payment an amount equal to 2 percent multiplied by the contract ratio. If the Contractor marks box 9 of the IRS Form W-14 (rather than completes Lines 10 through 12), Contractor must identify and enter the specific exempt and nonexempt amounts in Line 15 of the IRS Form W-14; the Government will then withhold 2 percent only from the nonexempt amount. See the IRS Form W-14 and its instructions.

(e) Exemptions from the withholding under this clause are described at 26 CFR 1.5000C-1(d)(5) through (7). Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue.

(f) Taxes imposed under 26 U.S.C. 5000C may not be—

(1) Included in the contract price; nor

(2) Reimbursed.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.

DLAD 52.233-9001 Disputes: Agreement to Use Alternative Dispute Resolution (DEC 2016)

(a) The parties agree to negotiate with each other to try to resolve any disputes that may arise. If unassisted negotiations are unsuccessful, the parties will use alternative dispute resolution (ADR) techniques to try to resolve the dispute. Litigation will only be considered as a last resort when ADR is unsuccessful or has been documented by the party rejecting ADR to be inappropriate for resolving the dispute.

(b) Before either party determines ADR inappropriate, that party must discuss the use of ADR with the other party. The documentation rejecting ADR must be signed by an official authorized to bind the contractor (see FAR 52.233-1), or, for the Agency, by the contracting officer, and approved at a level above the contracting officer after consultation with the ADR Specialist and legal counsel. Contractor personnel are also encouraged to include the ADR Specialist in their discussions with the contracting officer before determining ADR to be inappropriate.

(c) If you wish to opt out of this clause, check here ☐ . Alternate wording may be negotiated with the contracting officer.

The Contractor shall comply with any clause that is checked on the following list which, if checked, is included in this contract by reference to implement provisions of law or Executive orders applicable to acquisitions of commercial items or components.
