TECHNICAL QUALIFICATION FOR REQUIREMENT

➤ **FACTOR A: TECHNICAL QUALIFICATIONS**

1. **State Certification:** The appraiser must hold a valid license as a Certified General Appraiser as demonstrated by a copy of the State Licensing Certificate. Historically, appraisers who are certified in Idaho and currently perform appraisals in Nez Perce, County provide a higher quality appraisal product than those who do not.
2. **Technical Acceptability**
 - a. Experience for Assignment: Both geographical competency and technical competency will be considered. The contractor shall provide a standard Appraiser's Statement of Qualifications and a signed proposal letter that describes and attests to the following:
 1. Please provide a summary of your years of experience appraising vacant and improved agricultural use tracts and improved rural residential tracts similar to the subject tracts within the general market area, and/or similar market areas, to include site size range and improvement types.
 2. Please provide a summary of your years of experience appraising lands under USPAP guidelines. If none, please state such.
 - b. Qualifications of Associate Appraisers: Sub-contracting of this assignment is not permissible. Any associates expected to contribute to the appraisal must be identified in the proposal and a statement of qualifications and a copy of their license or permit must be provided.
 - c. Initial Delivery Date: Target date for initial delivery of the appraisal reports to the AVSO Reviewer is within 120 days from the date of engagement. Earlier delivery is preferable and will be given consideration but is not a requirement.

➤ **FACTOR B: PAST PERFORMANCE**

- a. Submit a list of at least two (2) of the most recent USPAP-compliant appraisal reports completed. Include property type, size of property, date of value, location, and the client contact information for reference purposes. If none completed, please state such.
- b. Submit a list of at least two (2) of the most recent appraisal reports completed for recreational land with or without improvements within the general market area or similar market areas. Include property type, size of site, date of value, location, and the client contact information for reference purposes.

➤ **FACTOR C: PRICE**

- A. The Quoter must provide a firm-fixed price quote with any and all discounts applied for all the work to complete the assignment described in the Statements of Work (SOWs).
- B. Price quotes will be evaluated for completeness and reasonableness.

EVALUATION OF QUOTATIONS

FAR 52.212-2 Evaluation-Commercial Products and Commercial Services (Nov 2021)

a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. Award of this Purchase Order will be made **on a Best Value/Trade Off basis**.

- **The following factors shall be used to evaluate offers:**
 - A. Technical Qualifications,**
 - B. Past Performance,**
 - C. Price.**

Technical Qualifications and Past Performance, when combined, are more important than cost or price.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

Further past performance determinations in federal contracting shall be made through a review of relevant information listed within the System of Award Management (SAM) and the Contractor Performance Assessment Reporting System (CPARS).

All offerors are required to have an active Unique Entity Identifier (UEI) and be registered in www.SAM.gov prior to submission of quotation. **Note, the UEI replaced the DUNS number on April 4, 2022.

****SUBMISSION OF INTENT****

The Contractor is requested to notify Morgan Schickler, Contracting Officer, at morgan_schickler@ibc.doi.gov and Ann T. Woodall, Contract Specialist, via email at ann_woodall@ibc.doi.gov of their intent to submit a quote on this order **on or before 5:00 PM Eastern Time, April 23, 2026**. All submissions shall reference **"Quote – 140D0426Q0364"** included in the subject line.

SUBMISSION OF QUESTIONS

Submissions of Questions to this RFQ shall be sent to Morgan Schickler, Contracting Officer, at morgan_schickler@ibc.doi.gov and Ann T. Woodall, Contract Specialist, via email at ann_woodall@ibc.doi.gov, **on or before 5:00 PM Eastern Standard Time, April 23, 2026**. All submissions shall reference **"Quote – 140D0426Q0364"** and include in the subject line.

SUBMISSION OF QUOTE

Submissions of Quote to this RFQ shall be sent to Morgan Schickler, Contracting Officer, at morgan_schickler@ibc.doi.gov and Ann T. FAR 52.222-55 Minimum Wages for Contractor Workers Under Executive Order 14026.**DEVIATION (Oct 2023)**

(a) Definitions. As used in this clause—

United States means the 50 states, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, Johnston Island, Wake Island, and the outer Continental Shelf as defined in the Outer Continental Shelf Lands Act (43 U.S.C. 1331, et seq.).

Worker –

(1)

(i) Means any person engaged in performing work on, or in connection with, a contract covered by Executive Order 14026, and—

(A) Whose wages under such contract are governed by the Fair Labor Standards Act (29 U.S.C. chapter 8), the Service Contract Labor Standards statute (41 U.S.C. chapter 67), or the Wage Rate Requirements (Construction) statute (40 U.S.C. chapter 31, subchapter IV);

(B) Other than individuals employed in a bona fide executive, administrative, or professional capacity, as those terms are defined in 29 CFR part 541; and

(C) Regardless of the contractual relationship alleged to exist between the individual and the employer.

(ii) Includes workers performing on, or in connection with, the contract whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(c).

(iii) Also includes any person working on, or in connection with, the contract and individually registered in a bona fide apprenticeship or training program registered with the Department of Labor's Employment and Training Administration, Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship.

(2)

(i) A worker performs on a contract if the worker directly performs the specific services called for by the contract; and

(ii) A worker performs in connection with a contract if the worker's work activities are necessary to the performance of a contract but are not the specific services called for by the contract.

(b) Executive Order Minimum wage rate.

(1) The Contractor shall pay to workers, while performing in the United States, and performing on, or in connection with, this contract, a minimum hourly wage rate of \$15.00 per hour beginning January 30, 2022.

(2) The Contractor shall adjust the minimum wage paid, if necessary, beginning January 1, 2023, and annually thereafter, to meet the applicable annual E.O. minimum wage. The Administrator of the Department of Labor's Wage and Hour Division (the Administrator) will publish annual determinations in the Federal Register no later than 90 days before the effective date of the new E.O. minimum wage rate. The Administrator will also publish the applicable E.O. minimum wage on <https://www.sam.gov> (or any successor website), and a general notice on all wage determinations issued under the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, that will provide information on the E.O. minimum wage and how to obtain annual updates. The applicable published E.O. minimum wage is incorporated by reference into this contract.

(3)

(i) The Contractor may request a price adjustment only after the effective date of the new annual E.O. minimum wage determination. Prices will be adjusted only for increased labor costs (including subcontractor labor costs) as a result of an increase in the annual E.O. minimum wage, and for associated labor costs (including those for subcontractors). Associated labor costs shall include increases or decreases that result from changes in social security and unemployment taxes and workers' compensation insurance, but will not otherwise include any amount for general and administrative costs, overhead, or profit.

(ii) Subcontractors may be entitled to adjustments due to the new minimum wage, pursuant to paragraph (b)(2). Contractors shall consider any subcontractor requests for such price adjustment.

(iii) The Contracting Officer will not adjust the contract price under this clause for any costs other than those identified in paragraph (b)(3)(i) of this clause, and will not provide duplicate price adjustments with any price adjustment under clauses implementing the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute.

(4) The Contractor warrants that the prices in this contract do not include allowance for any contingency to cover increased costs for which adjustment is provided under this clause.

(5) A pay period under this clause may not be longer than semi-monthly, but may be shorter to comply with any applicable law or other requirement under this contract establishing a shorter pay period. Workers shall be paid no later than one pay period following the end of the regular pay period in which such wages were earned or accrued.

(6) The Contractor shall pay, unconditionally to each worker, all wages due free and clear without subsequent rebate or kickback. The Contractor may make deductions that reduce a worker's wages below the E.O. minimum wage rate only if done in accordance with 29 CFR 23.230, Deductions.

(7) The Contractor shall not discharge any part of its minimum wage obligation under this clause by furnishing fringe benefits or, with respect to workers whose wages are governed by the Service Contract Labor Standards statute, the cash equivalent thereof.

(8) Nothing in this clause shall excuse the Contractor from compliance with any applicable Federal or State prevailing wage law or any applicable law or municipal ordinance or any applicable contract establishing a minimum wage higher than the E.O. 14026 minimum wage. However, wage increases under such other laws or municipal ordinances are not subject to price adjustment under this subpart.

(9) The Contractor shall pay the E.O. minimum wage rate whenever it is higher than any applicable collective bargaining agreement(s) wage rate.

(10) The Contractor shall follow the policies and procedures in 29 CFR 23.240(b) and 23.280 for treatment of workers engaged in an occupation in which they customarily and regularly receive more than \$30 a month in tips.

(c)

(1) This clause applies to workers as defined in paragraph (a). As provided in that definition–

(i) Workers are covered regardless of the contractual relationship alleged to exist between the contractor or subcontractor and the worker;

(ii) Workers with disabilities whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(c) are covered; and

(iii) Workers who are registered in a bona fide apprenticeship program or training program registered with the Department of Labor's Employment and Training Administration, Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship, are covered.

(2) This clause does not apply to—

(i) Contracts or subcontracts to which the States of Texas, Louisiana, or Mississippi, including their agencies, are a party;

(ii) Fair Labor Standards Act (FLSA)-covered individuals performing in connection with contracts covered by the E.O., i.e. those individuals who perform duties necessary to the performance of the contract, but who are not directly engaged in performing the specific work called for by the contract, and who spend less than 20 percent of their hours worked in a particular workweek performing in connection with such contracts;

(iii) Individuals exempted from the minimum wage requirements of the FLSA under 29 U.S.C. 213(a) and 214(a) and (b), unless otherwise covered by the Service Contract Labor Standards statute, or the Wage Rate Requirements (Construction) statute. These individuals include but are not limited to—

(A) Learners, apprentices, or messengers whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(a) ;

(B) Students whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(b) ; and

(C) Those employed in a bona fide executive, administrative, or professional capacity (29 U.S.C. 213(a)(1) and 29 CFR part 541).

(d) Notice. The Contractor shall notify all workers performing work on, or in connection with, this contract of the applicable E.O. minimum wage rate under this clause. With respect to workers covered by the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, the Contractor may meet this requirement by posting, in a prominent and accessible place at the worksite, the applicable wage determination under those statutes. With respect to workers whose wages are governed by the FLSA, the Contractor shall post notice, utilizing the poster provided by the Administrator, which can be obtained at www.dol.gov/agencies/whd/government-contracts, in a prominent and accessible place at the worksite. Contractors that customarily post notices to workers electronically may post the notice electronically provided the electronic posting is displayed prominently on any Web site that is maintained by the contractor, whether external or internal, and customarily used for notices to workers about terms and conditions of employment.

(e) Payroll Records.

(1) The Contractor shall make and maintain records, for three years after completion of the work, containing the following information for each worker:

(i) Name, address, and social security number;

(ii) The worker's occupation(s) or classification(s);

(iii) The rate or rates of wages paid;

(iv) The number of daily and weekly hours worked by each worker;

(v) Any deductions made; and

(vi) Total wages paid.

(2) The Contractor shall make records pursuant to paragraph (e)(1) of this clause available for inspection and transcription by authorized representatives of the Administrator. The Contractor shall also make such records available upon request of the Contracting Officer.

(3) The Contractor shall make a copy of the contract available, as applicable, for inspection or transcription by authorized representatives of the Administrator.

(4) Failure to comply with this paragraph (e) shall be a violation of 29 CFR 23.260 and this contract. Upon direction of the Administrator or upon the Contracting Officer's own action, payment shall be withheld until such time as the noncompliance is corrected.

(5) Nothing in this clause limits or otherwise modifies the Contractor's payroll and recordkeeping obligations, if any, under the Service Contract Labor Standards statute, the Wage Rate Requirements (Construction) statute, the Fair Labor Standards Act, or any other applicable law.

(f) Access. The Contractor shall permit authorized representatives of the Administrator to conduct investigations, including interviewing workers at the worksite during normal working hours.

(g) Withholding. The Contracting Officer, upon his or her own action or upon written request of the Administrator, will withhold funds or cause funds to be withheld, from the Contractor under this or any other Federal contract with the same Contractor, sufficient to pay workers the full amount of wages required by this clause.

(h) Disputes. Department of Labor has set forth in 29 CFR 23.510, Disputes concerning contractor compliance, the procedures for resolving disputes concerning a contractor's compliance with Department of Labor regulations at 29 CFR part 23. Such disputes shall be resolved in accordance with those procedures and not the Disputes clause of this contract. These disputes include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the Department of Labor, or the workers or their representatives.

(i) Antiretaliation. The Contractor shall not discharge or in any other manner discriminate against any worker because such worker has filed any complaint or instituted or caused to be instituted any proceeding under or related to compliance with the E.O. or this clause, or has testified or is about to testify in any such proceeding.

(j) Subcontractor compliance. The Contractor is responsible for subcontractor compliance with the requirements of this clause and may be held liable for unpaid wages due subcontractor workers.

(k) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (k) in all subcontracts, regardless of dollar value, that are subject to the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, and are to be performed in whole or in part in the United States.

(End of clause)

FAR 52.252-6 Authorized Deviations in Clauses (Nov 2020)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any Department of the Interior Acquisition Regulation (48 CFR Chapter 14) clause with an authorized deviation is indicated by the addition of "(Deviation)" after the name of the regulation.

(End of clause)

Disclosure of Information: Information made available to the Contractor by the Government for the performance or administration of this effort shall be used only for those purposes and shall not be used in any other way without the written agreement of the Contracting Officer.

The Contractor agrees to assume responsibility for protecting the confidentiality of Government records, which are not public information. Each Contractor or employee of the Contractor to whom information may be made available or disclosed shall be notified in writing by the Contractor that such information may be disclosed only for a purpose and to the extent authorized herein.

Release of Information: No news release (including photographs and films, public announcements,

denial, or confirmation of same) on any part of the subject matter of this effort or any phase of any program hereunder shall be made without the prior written approval of the Contracting Officer.

The Contractor is prohibited from releasing to any source, other than the sponsoring activity, any interim, draft, and final reports or information pertaining to services performed under this contract until report approval or official review has been obtained. Furthermore, the Contractor shall insure that the cover of all interim, draft, and final reports contains the following statement: "The view, opinions, or findings contained in this report are those of the author(s) and should not be construed as an official Government position, policy, or decision, unless so designated by other documentation."

There shall be no dissemination or publication, except within and between the Contractor and any subcontractors, of information developed under this contract or contained in the reports to be furnished pursuant to this effort without prior written approval from the Contracting Officer.

Information made available to the Contractor by the Government for the performance or administration of this effort shall be used only for those purposes and shall not be used in any other way without the written agreement of the Contracting Officer.

The Contractor agrees to assume responsibility for protecting the confidentiality of Government records, which are not public information. Each Contractor or employee of the Contractor to whom information may be made available or disclosed shall be notified in writing by the Contractor that such information may be disclosed only for a purpose and to the extent authorized herein.

(a) The contractor agrees, in the performance of this contract, to keep the information furnished by the Government or acquired/developed by the contractor in performance of the contract and designated by the Contracting Officer or Contracting Officer's Representative, in the strictest confidence. The contractor also agrees not to publish or otherwise divulge such information, in whole or in part, in any manner or form, nor to authorize or permit others to do so, taking such reasonable measures as are necessary to restrict access to such information while in the contractor's possession, to those employees needing such information to perform the work described herein, i.e., on a "need to know" basis. The contractor agrees to immediately notify the Contracting Officer in writing in the event that the contractor determines or has reason to suspect a breach of this requirement has occurred.

(b) The contractor agrees that it will not disclose any information described in subsection (a) to any person unless prior written approval is obtained from the Contracting Officer. The contractor agrees to insert the substance of this clause in any consultant agreement or subcontract hereunder.

DOI-AAAP-0028 Electronic Invoicing and Payment Requirements – Invoice Processing Platform (IPP) (February 2021)

DIAR 1452.215-71 Use and Disclosure of Proposal Information—Department of the Interior (APR 1984)

(a) Definitions. For the purposes of this provision and the Freedom of Information Act (5 U.S.C. 552), the following terms shall have the meaning set forth below:

(1) “Trade Secret” means an unpatented, secret, commercially valuable plan, appliance, formula, or process, which is used for making, preparing, compounding, treating or processing articles or materials which are trade commodities.

(2) “Confidential commercial or financial information” means any business information (other than trade secrets) which is exempt from the mandatory disclosure requirement of the Freedom of Information Act, 5 U.S.C. 552. Exemptions from mandatory disclosure which may be applicable to business information contained in proposals include exemption (4), which covers “commercial and financial information obtained from a person and privileged or confidential,” and exemption (9), which covers “geological and geophysical information, including maps, concerning wells.”

(b) If the offeror, or its subcontractor(s), believes that the proposal contains trade secrets or confidential commercial or financial information exempt from disclosure under the Freedom of Information Act, (5 U.S.C. 552), the cover page of each copy of the proposal shall be marked with the following legend:

“The information specifically identified on pages _____ of this proposal constitutes trade secrets or confidential commercial and financial information which the offeror believes to be exempt from disclosure under the Freedom of Information Act. The offeror requests that this information not be disclosed to the public, except as may be required by law. The offeror also requests that this information not be used in whole or part by the government for any purpose other than to evaluate the proposal, except that if a contract is awarded to the offeror as a result of or in connection with the submission of the proposal, the Government shall have the right to use the information to the extent provided in the contract.”

(c) The offeror shall also specifically identify trade secret information and confidential commercial and financial information on the pages of the proposal on which it appears and shall mark each such page with the following legend:

“This page contains trade secrets or confidential commercial and financial information which the offeror believes to be exempt from disclosure under the Freedom of Information Act and which is subject to the legend contained on the cover page of this proposal.”

(d) Information in a proposal identified by an offeror as trade secret information or confidential commercial and financial information shall be used by the Government only for the purpose of evaluating the proposal, except that (i) if a contract is awarded to the offeror as a result of or in connection with submission of the proposal, the Government shall have the right to use the information as provided in the contract, and (ii) if the same information is obtained from another source without restriction it may be used without restriction.

(e) If a request under the Freedom of Information Act seeks access to information in a proposal identified as trade secret information or confidential commercial and financial information, full consideration will be given to the offeror's view that the information constitutes trade secrets or confidential commercial or financial information. The offeror will also be promptly notified of the request and given an opportunity to provide additional evidence and argument in support of its position, unless administratively unfeasible to do so. If it is determined that information claimed by the offeror to be trade secret information or confidential commercial or financial information is not exempt from disclosure under the Freedom of Information Act, the offeror will be notified of this determination prior to disclosure of the information.

(f) The Government assumes no liability for the disclosure or use of information contained in a proposal if not marked in accordance with paragraphs (b) and (c) of this provision. If a request under the Freedom of Information Act is made for information in a proposal not marked in accordance with paragraphs (b) and (c) of this provision, the offeror concerned shall be promptly notified of the request and given an opportunity to provide its position to the Government. However, failure of an offeror to

mark information contained in a proposal as trade secret information or confidential commercial or financial information will be treated by the Government as evidence that the information is not exempt from disclosure under the Freedom of Information Act, absent a showing that the failure to mark was due to unusual or extenuating circumstances, such as a showing that the offeror had intended to mark, but that markings were omitted from the offeror's proposal due to clerical error.

DIAR 1452.280-1 Notice of Indian Small Business Economic Enterprise set-aside.

As prescribed in 1480.503(e)(1), and in lieu of the requirements of FAR 19.508, insert the following provision in each written solicitation of offers to provide supplies, general services, A-E services, or construction. If the solicitation is oral, information substantially identical to that contained in the provision must be given to potential offerors.

Notice of Indian Small Business Economic Enterprise Set-Aside (FEB 2021)

Under the Buy Indian Act, 25 U.S.C. 47, offers are solicited only from Indian Economic Enterprises (Subpart 1480.8) that are also small business concerns. Any acquisition resulting from this solicitation will be from such a concern. Offers received from enterprises that are not both Indian Economic Enterprises and small business concerns will not be considered and will be rejected.

(End of provision)

DIAR 1452.280-4 Indian Economic Enterprise representation.

As prescribed in 1480.503(e)(4), insert the following provision in each written solicitation for supplies, services, A-E, or construction:

Indian Economic Enterprise Representation (FEB 2021)

(a) The offeror represents as part of its offer that it [] does [] does not meet the definition of Indian Economic Enterprise (IEE) as defined in DIAR 1480.201 and that it intends to meet the definition of an IEE throughout the performance of the contract. The offeror must notify the contracting officer immediately in writing if there is any ownership change affecting compliance with this representation.

(b) Any false or misleading information submitted by an enterprise when submitting an offer in consideration for an award set aside under the Buy Indian Act is a violation of the law punishable under 18 U.S.C. 1001. False claims submitted as part of contract performance are subject to the penalties enumerated in 31 U.S.C. 3729 to 3731 and 18 U.S.C. 287.

Intended Use Form an opinion as to the market value, as defined within the appraisal report, for the subject property. The intended use of this appraisal is to estimate the fair market value of the property rights affected by unauthorized use (trespass) to determine appropriate compensation, including damages to the remainder, as of the specified effective date of valuation.

Property Description: The subject will be appraised as a vacant parcel on the Nez Perze Reservation in Idaho. It is a Native Allotment held in trust status by the United States of America for the landowners as per the BIA Title Status Report. Any structural improvements located on the Subject property will be valued accordingly as real estate.

Property I.D.: See above list

Land Area: See above list

Property Interest: Fee Simple Estate subject for the surface and subsurface, subject to the exceptions indicated in the BIA - Title Status Report and Reservations, if any. See Outstanding Rights section below.

The subject property shall be considered as if held in "fee simple" estate, subject to existing encumbrances, liens, restrictions, etc. Any encumbrances recorded or not recorded, on the Title Status Report ("TSR") shall be discussed in the appraisal report. See the provided ownership documents and Title Status Report ("TSR") for specific details." The appraiser must immediately notify the AVSO Review Appraiser of any indications of rights contrary to these described. This may result in amended instructions.

Outstanding Rights: A Bureau of Indian Affairs Title Status Report will be provided if available on award. Any recorded or unrecorded documents, conditions, agreements, easements and/or encumbrances discovered must be identified and discussed in the appraisal report in relation to their impact on value. The appraiser must investigate for and promptly report additional or inaccurate encumbrances on the property to AVSO Review Appraiser.

Owner Contact Information

All appropriate owner contact information is provided within the Appraisal Request. Contact AVSO with any concerns specific to the site inspection of the subject property.

SECTION 2 – Appraisal Requirements & Instructions

Appraisal Standards

The primary appraisal standards must be the current edition of the Uniform Standards of Professional Appraisal Practice (USPAP) as of the Effective Date of Appraisal. The Appraisal Report must be presented in a narrative style appraisal report format and more specifically must comply with USPAP SR2-2(a). The Appraisal must also be compliant with any supplemental requirements contained in this SOW. The briefest report or project type report is recommended.

Market Value

"The most probable price, as of a specified date, in cash, or in terms equivalent to cash, or in other precisely revealed terms, for which the specified property rights should sell after reasonable exposure in a competitive market under all conditions requisite to a fair sale, with the buyer and seller each acting prudently, knowledgeably, and for self-interest, and assuming that neither is under undue duress." (The Appraisal of Real Estate, 15th Edition)

Effective Date of Value

The Effective Date of value for this assignment is the date of inspection. The AVSO Review Appraiser may approve in advance of other conditions in writing when appropriate.

Extraordinary Assumptions (EA's)

If the appraiser determines Extraordinary Assumptions are necessary for the completion of the assignment, he/she must contact the AVSO Review Appraiser for prior written approval.

Hypothetical Conditions (HC's)

If the appraiser determines that Hypothetical Conditions are necessary for the completion of the assignment, he/she must contact the AVSO Review Appraiser for prior written approval.

Jurisdictional Exceptions (JE's)

None. If the appraiser decides to invoke USPAP's Jurisdictional Exception Rule to comply with law, he/she must contact the AVSO Review Appraiser to obtain prior written approval.

Placement in Report

The appraiser must clearly identify all Extraordinary Assumptions, Hypothetical Conditions, and Jurisdictional Exceptions wherever the final value conclusion is stated. These must also be communicated with any General Assumptions and Limiting Conditions.

Property Inspection

The appraiser must personally inspect the subject property and verify all market data utilized in the subject value conclusions unless the AVSO Review Appraiser has approved other conditions in writing.

Pre-Work Meeting

The appraiser may be required to attend a pre-work meeting with the assigned AVSO Review Appraiser. The AVSO Review Appraiser will coordinate the date, time & place of the meeting. If assignment conditions demand, or this is the first appraisal for AVSO, the Appraiser should contact the identified AVSO Review Appraiser to set up a pre-work meeting at the beginning of the appraisal process. The purpose of the pre-work meeting will be to clarify any issues pertaining to the scope of work, appraisal report requirements, and other concerns specific to the appraisal assignment. The meeting can be either by teleconference or at the AVSO Regional field office.

Controversies/Issues

The Appraiser should **immediately** notify the identified AVSO Region Review Appraiser if issues are identified during the course of the assignment, including improper legal descriptions, trespass issues or possible environmental issues. Conflicts and/or controversies discovered by the Appraiser in the course of the project shall be reported to the AVSO Review Appraiser, in writing within five (5) working days from discovery. The Appraiser is not required to resolve title or possession conflicts but is required to report facts and professional opinions that may be relevant to the final value estimate.

Legal Instructions

None.

Special Appraisal Instructions

1. Even though communication is encouraged with the property owner and the client agency, **only** the assigned AVSO Review Appraiser or Supervisory Regional Lead Appraiser can modify appraisal instructions (in writing). The Appraiser may not accept any changes or additions from any source other than by modification to the contract/purchase order from the Contracting Officer. The identified AVSO Review Appraiser shall be contacted if a request for change occurs at the job site location.
2. The appraiser will not communicate assignment results to any party except AVSO-West Region unless authorized to do so in writing by AVSO. The Appraiser agrees that his/her reports and conclusions are **confidential information** of the U.S. Government and that he/she will not disclose their conclusions, in whole or in part, or reveal the reports to any persons whatsoever, other than the client, BIA or other Intended Users listed in the Statement of Work. The client holds the appraiser responsible for the appraiser-client relationship regarding confidential information. The client refers the appraiser to the Confidentiality section of Ethics Rule in the Uniform Standards of Professional Appraisal Practice
3. Any communication (verbal or written) with the Client Agency Realty Contact shall include the assigned AVSO Review Appraiser.

General Appraisal Requirements & Instructions

1. The appraiser must hold a valid license as a Certified General Appraiser and be in good standing in a licensed State. Temporary/Courtesy licenses will not be acceptable.
2. Experience: Appraiser shall have experience and geographic competency in appraising properties similar to the subject(s) and experience with the requirements, appraisal principles and procedures in USPAP. Specifically, the Appraiser shall have previous experience in the subject's market area.
3. Court Testimony: The Appraiser agrees to provide his/her services if called upon to give testimony or be in attendance in United States Court on behalf of the Government. Prior arrangements will be made with the appraiser for such services if it is determined that such services will be needed. Any proposals submitted for this proposed contract are **not** to include estimated costs for court appearances.

4. Confidential Information: The Appraiser agrees that his/her reports and conclusions are confidential information of the U.S. Government and that he/she will not disclose their conclusions, in whole or in part, or reveal the reports to any persons whatsoever, other than the client, and the BIA. The client holds the appraiser responsible for the appraiser-client relationship regarding confidential information. The client refers the appraiser to the Confidentiality section of Ethics Rule in the Uniform Standards of Professional Appraisal Practice.
5. All work shall be performed by, or under the direct supervision of, a State Certified General Real Estate Appraiser. **Direct supervision** means the State Certified General Appraiser will be on-site to supervise, aid in analyzing and writing of the three approaches to value (if required) and perform the inspection of the subject and comparable sales. All work performed by others shall be reviewed, approved, and signed by the Certified Appraiser prior to submission of the appraisal report. Each person contributing significant professional expertise will sign and attach a certification to the report of their contribution and qualifications and a copy of their State Certified General Real Estate Appraiser License. The Appraiser will interpret and reconcile the estimates of value stating the reason(s) why one or more of the conclusions reached are the best indications of a single final opinion of value. A value range is not acceptable, unless otherwise required by the Statement of Work.
6. Scope of Work Rule: The USPAP Scope of Work Rule states an appraiser's scope of work must be sufficient to produce a credible assignment for the type of appraisal requested. The burden of proof is on the Appraiser. The Appraiser will fully disclose and justify within the appraisal report the decision to exclude any information or procedure that may appear relevant to the client, intended users, and reviewer. Compelling reasons shall be included in support of the scope of work decision. Gathering of factual information will be conducted with sufficient diligence to ensure market data having a material or significant effect on resulting opinions are discovered with due diligence to confirm market data. Data will be analyzed with sufficient care to avoid errors that could have significant effect on resulting opinions and conclusions.
7. Each report shall adhere to USPAP Standards 1 and 2 and must be labeled as an Appraisal Report on the title page and the letter of transmittal. Restricted reports are acceptable. The appraisal report(s) identified with this document are reviewed in accordance with the Statement of Work and USPAP Standards 1 and 2. The Appraiser shall deliver the appraisal reports to the AVSO Regional Office identified in this document.
8. A thorough detailed analysis and summary explanation will be given to: subject property description; rationale and market factors used to determine highest and best use; adjustments to sale data will be market derived and each will be discussed/explained/illustrated/justified, using sale pairing or other recognized methods to derive adjustments for: time, location, size, access, water frontage, utilities, topography, vegetation, improvements, aesthetics, hazards or detriments, scenic and/or other recognized elements of comparison, in comparison to the subject; comparability, similarities / differences. The analysis will include complete reconciliation and correlation of approaches to value. Each appraisal will reflect prevailing current market conditions and will be performed based upon previous transactions from the competitive market area.
9. All three approaches to value, the Cost Approach, Income Approach, and Sales Comparison Approach, shall be analyzed, developed, and reported in the report, as applicable to the assignment. If an approach to Value cannot be developed, the appraiser shall explain why it cannot be used or is not applicable in the assignment. All details and data adjustments, as

well as development procedures used for the adjustments made, will be shown in the body of the report in sufficient detail so that the reader/user/reviewer can adequately understand the report in detail that is not misleading, and results in a credible report. The opinion of value will be determined and supported by comparable sales that result in a reasonable credible analysis and conclusion. The comparable sales should have a highest and best use the same as the subject property. The appraiser will discuss the purpose and reason for the adjustments in the report.

10. The Appraiser shall verify as best as possible the legal descriptions with the survey map(s) and TSR. Any discrepancies identified in the legal description(s) will be reported immediately to the identified AVSO Review Appraiser to obtain clarification prior to proceeding with the assignment.
11. Reports shall include a three-year history of the use and occupancy of the subject property. If any of the information cannot be determined, then the appraiser shall explain why and report the existing facts. The appraiser shall report the last sale of the property, regardless of the date. Report the rental history of the subject property, for at least the past three years, or explain the reasons the information cannot be obtained.
12. Reports shall include a copy of the Appraiser's State Certified General Appraiser License, statement of qualification detailing his/her appraisal education and experience with similar properties to the subject properties. Temporary/Courtesy Licenses are NOT acceptable.
13. Reports shall include a signed certification consistent with USPAP Standard Rule 2-3.
14. The Appraiser is required to conduct and use due diligence in market research in gathering, collecting, and verifying sales information for comparables in the subjects' market areas, at the local borough or state courthouse(s) deed records, on or near the subject property, including areas outside and adjacent to the boundaries that would be considered within the market neighborhood. The opinion of value will be supported by recent sales in the general market of fee lands and Native Allotments (if available).
15. Written sale sheets will be required in each report for all comparables utilized. The sales sheets will address/discuss the following as of the sale date:
 - Grantor and grantee
 - Sale date
 - Sale price
 - Terms of sale
 - Buyer/seller motivation
 - Exposure/marketing time
 - Legal description and size
 - Type of instrument and reference of the deed by recording district, including book & page or document number
 - Assessor's parcel number and taxes (if applicable)
 - Present use
 - Highest and best use
 - Re-sale information if applicable
 - Location (latitude & longitude in DMS) and relevant area/neighborhood information
 - Legal and physical access

- Utilities availability to the property with estimated distance & direction & cost to obtain if applicable
 - Identify water source, system or project, costs and rights (if applicable)
 - Topography
 - Water frontage: quantity and quality (if applicable)
 - Zoning and other land use restrictions, e.g. Easements and encroachments
 - Aesthetics
 - Hazards or detriments
 - Complete description of site or land improvements (wells, septic, fences, corrals, ponds, reservoirs, terraces, driveways, utility connections, roads, etc.) If applicable and estimated contribution of each improvement, if applicable
 - Complete description of structures or buildings (items not considered site or land improvements), if applicable and estimated contribution of each structure or building, if applicable
 - Non-fee contributions (leases, other)
 - Applicable rental information and history
 - Capitalization rate to be derived, illustrated, and fully explained by use of estimated or actual income/expenses, if applicable.
 - Rates of return to be derived and fully explained, if applicable
 - Sale sheets shall include a brief narrative description of the sale property
 - Copies of deeds
 - Photographs of the property and description, and the date of photograph (no "thumbnail" photographs may be included, the recommended size for photographs is 3" x 5").
 - Plot map or sketch of each comparable property
 - Comparable sales map showing the relative location of the comparable sales to the subject property
 - AVSO-Alaska Region sales database index number (if applicable).
16. Each sale will be confirmed and supported by the borough/municipality records and assessor data if applicable, (showing acres and/or improvements). Sale details should be independently substantiated with knowledgeable parties. While sources such as selling agent, buyer's agent, lender, attorney, appraiser, and title company are allowed, verifications with the buyer or seller are preferred. Source of sale data confirmation will be disclosed and identified with date verified, by whom and contact information. Distance and direction of a known community or town will be listed. Market sources may be supported, but not replaced by data published by federal, state or local agencies.
17. The elements or features of comparison and adjustments made shall be reliable, market extracted and supported by verified sales information. Quantitative analysis, when available through techniques such as paired sales or re-sales, etc., is required in each report. If the quantitative adjustments cannot be applied because the adjustments will not result in a credible report, then the qualitative analysis technique may be utilized. An adjustment based upon a statement such as "based upon my experience" is inadequate. Statistical Analysis or regression may be used **only in support** of the quantitative technique.
18. The Appraiser shall furnish and be responsible for payment of all labor, materials, transportation, equipment, tools, operating supplies, and incidentals to complete the work as specified. **All work shall be performed by the qualified principal appraiser of this contract. The principal Appraiser shall not sub-contract or re-assign the appraisal(s) to another appraiser.**

19. This report shall adhere to USPAP Standards.
20. It is required that reports include photographs of the subject property; date the photograph was taken and by whom, and description of the photograph (subject property) No "thumbnail" photographs may be included and the recommended size for photographs is at least 3" x 5", delineated maps and color photographs with North arrow indication and photographer location of the subject and comparable sales. Maps recommended in each report include: (1) plat or area map of the comparable sales with sections and townships identified, (2) topographic including subject and adjacent sections, (3) aerial, (4) one single map identifying all comparable sales and the subject property, and (5) other illustrations or maps as needed to identify or clarify each property's physical elements and condition.

21. It is required that each report page should have the following header and footer:

Illustrated: Header & Footer

[Header] AVIS #00230918
(Based on Case details, 00230918 is shown
here as an example)

[Footer] Page # of #

22. The AVSO Statement of Work, other assignment instructions and engagement letter must be included within the Addenda to the appraisal report. The BIA Appraisal Request Form should be the final page of the Appraisal Report.
23. The appraiser must appraise the subject property in its "As Is" condition unless authorized in writing by the AVSO Review Appraiser to do otherwise.
24. The appraisal report will be reviewed for compliance with the terms of this Statement of Work (including all cited standards). Any findings of inadequacy will require clarification and/or correction.
25. The appraiser shall consider the appraisal report and all DOI internal documents furnished to the appraiser to be confidential. Refer all requests for information concerning the appraisal to the AVSO Review Appraiser.
26. AVSO will not normally accept custody of confidential information. Should appraiser find it necessary to rely on confidential information, he/she will contact the AVSO Review Appraiser for instructions. The Review Appraiser will view the information and provide further instruction to the appraiser regarding handling and storage of confidential information.
27. While the public is not an intended user of the appraisal report, the Freedom of Information Act (FOIA) and Agency policy may result in the release of all or part of the appraisal report to others.
28. If including any proprietary information in the appraisal, appraiser must gain concurrence from AVSO Review Appraiser and deliver the proprietary information in a separate binder.
29. The appraiser must disclose if he/she has performed any services regarding the subject property within the three prior years.

30. The Appraisal Report will be reviewed in accordance with USPAP Standard 3 by AVSO prior to acceptance. The reviewer is an AVSO reviewer with a State Certified General Appraiser License. Each appraisal report will be reviewed in its entirety for compliance with the SOW and with applicable appraisal standards and rules, including USPAP. The Appraiser is responsible for any corrections and /or revisions to the report necessary for final approval.
31. All file material supplied to the Appraiser by the AVSO is considered and remains government property, it will be returned with the completed report or as requested by the identified AVSO Review Appraiser (When Applicable: specifically Request for Appraisal, Title Status Report, and maps specific to the property, etc.).
32. The Appraiser's work file and supporting documentation, upon request, will be provided to the reviewer.

SECTION 3 – Performance & Submission Requirements

The appraiser must address any questions regarding appraisal instructions and/or technical requirements for the appraisal to the AVSO Review Appraiser.

The Target Period of Performance for the delivery of the initial appraisal report to the AVSO Review Appraiser should be determined between the appraiser and the procuring party.

The Appraiser shall initially submit an encrypted pdf version of the subject appraisal report for review purposes. It will be transmitted to AVSO Region Appraisal Office via email on or before the due date to the following email addresses:

After review and approval of the appraisal report, the final electronic pdf version will be transmitted to the AVSO Regional Office (emails shown above). Simultaneous delivery to the non-Federal party or agency realty staff is **prohibited**.

All versions of the electronically transmitted pdf reports shall adhere to encrypted/password protected protocol to safeguard the confidentiality of the appraisal report. The versions of the encrypted PDF document shall be transmitted by separate email, with the password provided via a separate email from the appraisal report document.

Provided Subject Property Exhibits

The following Subject Property Exhibits will be provided **after award of contract included in an Appraisal Request electronic folder**:

1. Appraisal Request Package from BIA Region, Service Provider, or Designated 638 Representative
2. BIA-Title Status Report (TSR) if available)
3. Maps
4. AVSO Regional appraisal work file notes & correspondence if applicable.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order 13658 generally applies to contracts subject to the Service Contract Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least \$13.30 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2025. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$5.55 per hour, up to 40 hours per week, or \$222.00 per week or \$962.00 per month

HEALTH & WELFARE EO 13706: \$5.09 per hour, up to 40 hours per week, or \$203.60 per week, or \$882.27 per month*

*This rate is to be used only when compensating employees for performance on an SCA-

covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor, 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least \$27.63 per hour (or at least \$684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** HAZARDOUS PAY DIFFERENTIAL ****

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder.

All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) ****

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable

relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the ""Service Contract Act Directory of Occupations"" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."
