12. How was the quality of work produced?

PART THREE: PERFORMANCE RATING. Please summarize performance in each of the rating factors. Determine the rating that most nearly represents your experience with this company and indicate your assessment by placing the appropriate rating in the space provided. Please include descriptive comments to supplement ratings provided.

Ratings are defined below and should be used as a reference in assessing performance.

Rating “E” for Exceptional – Performance meets contractual requirements and exceeds many to the Government’s benefit. The contractual performance of the element or sub-element being assessed was accomplished with few minor problems for which corrective actions taken by the contractor were highly effective.

Rating “G” for Very Good – Performance meets contractual requirements and exceeds some to the Government’s benefit. The contractual performance of the element or sub-element being assessed was accomplished with some minor problems for which corrective actions taken by the contractor were effective.

Rating “S” for Satisfactory – Performance meets contractual requirements. The contractual performance of the element or sub-element contains some minor problems for which corrective actions taken by the contractor appear or were satisfactory.

Rating “M” for Marginal – Performance does not meet some contractual requirements. The contractual performance of the element or sub-element being assessed reflects a serious problem for which the contractor has not yet identified corrective actions. The contractor’s proposed actions appear only marginally effective or were not fully implemented.

Rating “U” for Unsatisfactory – Performance does not meet most contractual requirements and recovery is not likely in a timely manner. The contractual performance of the element or sub-element contains serious problem(s) for which the contractor’s corrective action appear or were ineffective.

Rating "N/A" for Not Applicable - was not required to perform in this area.

____ 1. Preparation, use and quality of contractor’s internal Quality Control plan/program in identifying, correcting, and preventing problems.
