(End of addendum)

52.212-2 Evaluation — Commercial Products and Commercial Services (Nov 2021) (DEVIATION Mar 2026)

(a) Evaluation factors: The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

- (i) price;
- (ii) technical capability of the item offered to meet the Government requirement;
- (iii) prior experience

SEE AWARD SELECTION PROCESS section below

(b) *Options*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

AWARD SELECTION PROCESS

Award will be made in accordance with FAR Part 12 to the Offeror that provides the best value to the government based on price, technical, and prior experience. This solicitation is not stating nor required to state the importance assigned to each evaluation factor and/or sub factor (FAR 12.203(c)(2)).

1. **Price:** A price evaluation will be performed to determine the reasonableness of the proposed price. Reasonableness will be determined considering other competitive prices received and comparison to the independent Government estimate. If multiple contract line items are included in the price schedule, prices will also be evaluated to determine whether any line items are unbalanced. Offerors are cautioned to distribute costs appropriately.
2. **Technical:** Written confirmation that company specializes in, or has sufficient documented direct experience in, providing all labor, material, tools, supervision and travel necessary to perform the service outlined, and in accordance with, the attached Statement of Work (SOW). **Complete a capability statement/project narrative – please see “TO SUBMIT AN OFFER” section for details on which to submit for this requirement.**
3. **Prior Experience:** Complete **Prior Experience references as described in “TO SUBMIT AN OFFER” section**, that can confirm your company has successfully completed similar tasks outlined in the Statement of Work.

Quotes will receive a preliminary review to determine whether the quote contains sufficient information, as required by the solicitation, to allow the government to perform a meaningful evaluation. If the results of this preliminary

review indicate that the quote lacks sufficient information to allow a meaningful evaluation to be conducted, the Contract Specialist/Contracting Officer may eliminate the quote from further evaluation and consideration for an award.

52.217-6 Option for Increased Quantity (Mar 1989)

The Government may increase the quantity of supplies called for in the Schedule at the unit price specified. The Contracting Officer may exercise the option by written notice to the Contractor within 30 days. Delivery of the added items shall continue at the same rate as the like items called for under the contract, unless the parties otherwise agree.

(End of clause)

52.217-7 Option for Increased Quantity-Separately Priced Line Item (Mar 1989)

The Government may require the delivery of the numbered line item, identified in the Schedule as an option item, in the quantity and at the price stated in the Schedule. The Contracting Officer may exercise the option by written notice to the Contractor within *30 days*. Delivery of added items shall continue at the same rate that like items are called for under the contract, unless the parties otherwise agree.

(End of clause)

52.217-8 Option to Extend Services (Nov 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within **60 days**.

(End of clause)

Electronic Invoicing and Payment Requirements – Invoice Processing Platform (IPP) (Feb 2021)

Payment requests must be submitted electronically through the U. S. Department of the Treasury's Invoice Processing Platform System (IPP).

"Payment request" means any request for contract financing payment or invoice payment by the Contractor. To constitute a proper invoice, the payment request must comply with the requirements identified in the applicable Prompt Payment clause included in the contract, or the clause 52.212-4 Contract Terms and Conditions - Commercial Products and Commercial Services included in commercial item contracts. The IPP website address is: <https://www.ipp.gov>.

Under this contract, the following documents are required to be submitted as an attachment to the IPP invoice:**1. Copy of vendor invoice document in PDF format, which shows pricing breakdown for all items being invoiced for and must include the contract number, date(s) of service (if applicable), date of invoice, and the vendor's standard invoice letterhead.**

The Contractor must use the IPP website to register access and use IPP for submitting requests for payment. The Contractor Government Business Point of Contact (as listed in SAM) will receive enrollment instructions via email from the Federal Reserve Bank of St. Louis (FRBSTL) within 3 - 5 business days of the contract award date. Contractor assistance with enrollment can be obtained by contacting the IPP Production Helpdesk via email

IPPCustomerSupport@fiscal.treasury.gov or phone (866) 973-3131.

If the Contractor is unable to comply with the requirement to use IPP for submitting invoices for payment, the Contractor must submit a waiver request in writing to the Contracting Officer with its proposal or quotation.

(End of Local Clause)

1452.201-70 AUTHORITIES AND DELEGATIONS (Sep 2011)

(a) The Contracting Officer is the only individual authorized to enter into or terminate this contract, modify any term or condition of this contract, waive any requirement of this contract, or accept nonconforming work.

(b) The Contracting Officer will **designate a Contracting Officer's Representative (COR) at time of award**. The COR will be responsible for technical monitoring of the contractor's performance and deliveries. The COR will be appointed in writing, and a copy of the appointment will be furnished to the Contractor. Changes to this delegation will be made by written changes to the existing appointment or by issuance of a new appointment. The COR for this contract will be:

(c) The COR is not authorized to perform, formally or informally, any of the following actions:

(1) Promise, award, agree to award, or execute any contract, contract modification, or notice of intent that changes or may change this contract;

(2) Waive or agree to modification of the delivery schedule;

(3) Make any final decision on any contract matter subject to the Disputes Clause;

(4) Terminate, for any reason, the Contractor's right to proceed;

(5) Obligate in any way, the payment of money by the Government.

(d) The Contractor shall comply with the written or oral direction of the Contracting Officer or authorized representative(s) acting within the scope and authority of the appointment memorandum. The Contractor need not proceed with direction that it considers to have been issued without proper authority. The Contractor shall notify the Contracting Officer in writing, with as much detail as possible, when the COR has taken an action or has issued direction (written or oral) that the Contractor considers to exceed the COR's appointment, within 3 days of the occurrence. Unless otherwise provided in this contract, the Contractor assumes all costs, risks, liabilities, and consequences of performing any work it is directed to perform that falls within any of the categories defined in paragraph (c) prior to receipt of the Contracting Officer's response issued under paragraph (e) of this clause.

(e) The Contracting Officer shall respond in writing within 30 days to any notice made under paragraph (d) of this clause. A failure of the parties to agree upon the nature of a direction, or upon the contract action to be taken with respect thereto, shall be subject to the provisions of the Disputes clause of this contract.

(f) The Contractor shall provide copies of all correspondence to the Contracting Officer and the COR.

(g) Any action(s) taken by the Contractor, in response to any direction given by any person acting on behalf of the Government or any Government official other than the Contracting Officer or the COR acting within his or her appointment, shall be at the Contractor's risk.

(End of Local Clause)

1452.228-70 Liability Insurance – Department of the Interior (Jul 1999)

(a) The Contractor shall procure and maintain during the term of this contract and any extension thereof liability insurance in form satisfactory to the Contracting Officer by an insurance company which is acceptable to the Contracting Officer. The named insured parties under the policy shall be the Contractor and the United States of America. The amounts of the insurance shall be not less than as follows:

\$ 100,000 each person

\$ 500,000 each occurrence

\$ 100,000 property damage

(b) Each policy shall have a certificate evidencing the insurance coverage. The insurance company shall provide an endorsement to notify the Contracting Officer 30 days prior to the effective date of cancellation or termination of the policy or certificate; or modification of the policy or certificate which may adversely affect the interest of the Government in such insurance. The certificate shall identify the contract number, the name and address of the Contracting Officer, as well as the insured, the policy number and a brief description of contract services to be performed. The contractor shall furnish the Contracting Officer with a copy of an acceptable insurance certificate prior to beginning the work.

(End of Local Clause)

Prohibition of All Terrain Vehicles (ATVs) (Jul 1996)

The contractor is prohibited from utilizing All-Terrain Vehicles (ATV)s on National Park Service lands. ATV is defined as: A motorized off-highway vehicle (OHV) traveling on four or more low-pressure tires, having a seat to be straddled by the operator and a handlebar for steering control.

Use of Utility Terrain Vehicles (UTVs) are permitted. UTV (also called a side-by-side) is defined as: A motorized OHV having four or more low pressure tires, designed with side-by-side seats, seatbelts, steering wheel, and optional cab, brush cage, or ROPS.

1 PROJECT DESCRIPTION

1.1 DESCRIPTION OF WORK

The Contractor shall furnish all supervision, labor, materials, equipment, tools, transportation, and incidentals necessary to perform the following work at the North Rim of Grand Canyon National Park:

- Portable Shower System Servicing
- Standard Portable Toilet Servicing
- Vault Toilet Pumping
- Potable Water Delivery

Work supports both seasonal staff housing operations and visitor use as (roughly) early as 10 May 2026 through 15 November 2026, with optional extensions as specified herein.

Sanitation and hygiene work includes the servicing of portable restroom and shower facilities, potable water supply where required, servicing of NPS-owned portable toilet units, and water delivery. Bid options describe additional possible scope. All sanitation systems shall be maintained in a manner suitable for high-elevation, four (4) season conditions and shall be maintained in a clean, safe, sanitary, and fully operational condition throughout the contract period.

1.2 LOCATIONS

All units and work areas will be located within the North Rim of Grand Canyon National Park. Specific locations for sanitation units will be determined by the COR in consultation with North Rim Facilities, Maintenance and Engineering Staff and the Contractor to ensure resource protection, user access, and contractor needs related to vehicles and utilities.

Access to the North Rim is via Arizona Highway 67, approximately 44 miles south of Jacob Lake, Arizona. The nearest supply city is Kanab, Utah, approximately 80 miles north of the project site.

1.3 BACKGROUND

In 2025, the Dragon Bravo Fire caused catastrophic damage to the North Rim of Grand Canyon National Park, destroying one hundred nine (109) buildings including lodging, concession, and support structures in the vicinity of the North Rim Lodge and Visitor Center. The fire severely impacted water, wastewater, and electrical infrastructure. The loss of these facilities disrupted traditional housing arrangements and eliminated permanent restroom and shower amenities for park staff.

As part of the Park's phased recovery strategy, seasonal cabins will be used as temporary housing for North Rim employees during the 2026 operating season. While these cabins provide shelter, they lack sufficient utility connections and sanitary facilities to support projected staffing levels.

The North Rim typically opens for seasonal visitation from 15 May through 15 November each year, welcoming approximately 500,000 visitors annually. During the open season, visitors frequent the Lodge and Visitor Center area for lodging, dining, interpretive programs, and as a primary staging area for Bright Angel Point Trail and other popular destinations.

2 BASE AWARD

Contract line items (CLINs) are defined as follows:

0010 – Portable shower system servicing

0020 – Standard portable toilet servicing

0030 – Voilet toilet pumping

0040 – Potable water delivery

The period of performance for the overall contract is (roughly) 10 May 2026 through 15 November 2026. Specific timeframes for each CLIN are detailed within the requirements for that section.

2.1 PORTABLE SHOWER SYSTEM SERVICING

Period of performance for CLIN 0010 – (roughly) 10 May 2026 through 15 November 2026.

The Contractor shall maintain and service six (6) portable shower system units.

Contractor is responsible for:

- Evacuating six (6) 300 gallon grey water holding tanks, and refilling six (6) 275 gallon potable water tanks with potable water once per week to enable continued use of employee shower facilities.
- The water will be transported in potable-water tanks only. Water will be delivered directly into portable water tanks. The Contractor will meet or exceed all federal, state, and local potable water standards at the time of delivery. Water must be obtained only from certified, permitted potable water systems. Contractor must provide documentation of water source, and must notify the Government of any change in water source within 24 hours and may not use a new source without authorization.
- Grey water holding tanks shall be serviced with a frequency to prevent overflow between scheduled service visits.
- The weekly servicing shall also include cleaning and disinfection of the interior shower stall spaces.
 - o The Contractor shall increase servicing as necessary to maintain sanitary, odor-free, and fully operational conditions.
- All wastewater shall be transported to a licensed disposal facility in accordance with EPA and applicable state and local regulations. Discharge to ground is prohibited. Any spill or release shall be reported immediately to the COR and remediated in accordance with applicable environmental requirements.
- Contractor will remain compliant with OSHA sanitation standards, EPA waste disposal regulations, and all federal, state, and local codes.

Location #1 – CC Hill Trail Crew Spike Camp 36.220648, -112.053780

- Three (3) private shower stalls

Location #2 – External Frame and Inn Cabin Area 36.210972, -112.060865

- Three (3) private shower stalls

2.2 STANDARD PORTABLE TOILET SERVICING

Period of performance for CLIN 0020 – (roughly) 10 May 2026 through 15 November 2026.

The Contractor shall maintain and service twenty-two (22) standard portable toilet units.

The portable toilet units will be placed along State Route 67 in Grand Canyon National Park (North Rim) between the North Rim Entrance Station (36.33489, -112.11643) and the former Grand Canyon North Rim Lodge (36.19777, -112.05281), or secondary routes within 1 mile of Highway 67 such as the Employee Housing Areas (36.21076, -112.06120), Station 3 (36.21550, -112.05914), or the Administrative Area (36.21460, -112.06232). The initial location of the toilets are communicated in this SOW. Toilet locations may change during the period of performance based on demand and visitation trends, however any changes to locations will be communicated to the Contractor at least two weeks in advance. All portable toilet units will remain located within one mile of the primary route, State Route 67.

Servicing of the standard portable toilet units shall meet the following requirements:

- Each unit shall have a wall-mounted hand sanitizer dispenser with enough hand sanitizer supplied for the service interval.
- Servicing shall occur no less than twice per week and shall include complete pump-out, cleaning and disinfection, deodorizer recharge, and restocking of consumables. Waste tanks shall not exceed seventy-five percent (75%) capacity at any time.
 - o The Contractor shall increase servicing as necessary to maintain sanitary, odor-free, and fully operational conditions.
- All wastewater shall be transported to a licensed disposal facility in accordance with EPA and applicable state and local regulations. Discharge to ground is prohibited. Any spill or release shall be reported immediately to the COR and remediated in accordance with applicable environmental requirements.

2.3 VAULT TOILET PUMPING

Period of performance for CLIN 0030 – (roughly) 10 May 2026 through 15 November 2026.

The Contractor shall provide pumping and lawful disposal services for eleven (11) existing 1,000-gallon (approximately) vault toilet units located within the designated project areas. It is anticipated that each vault toilet will require pumping three (3) times during the period of 10 May through 15 November, with exact service dates coordinated with the Contracting Officer's Representative (COR) based on observed usage levels. Services shall include complete pump-out of vault contents, addition of water to a level appropriate to facilitate future servicing and to reduce odor (app. 200 gallons), application of deodorizing agents as appropriate, and securing access hatches. All waste shall be transported and disposed of at a licensed treatment facility in accordance with EPA and applicable federal, state, and local regulations. The Contractor shall provide all equipment, hoses, pumps, traffic control measures, spill prevention materials, and personnel necessary to safely perform the work in compliance with OSHA requirements.

1. North Kaibab Trailhead – 2 vaults – 36.217622, -112.055951

2. Pt. Imperial – 4 vaults – 36.279388, -111.978578
3. Cape Royal – 4 vaults – 36.122899, -111.949571
4. Campground Vault Toilet – 1 vault – 36.209409, -112.061820

2.4 POTABLE WATER DELIVERY

Period of performance for CLIN 0040 – (roughly) 10 May 2026 through 15 November 2026.

The Contractor shall provide 800 gallons of potable water per week. The Employee Housing Area (36.21076, -112.06120) will receive 500 gallons, and the CC Hill Trail Crew Spike Camp will receive 300 gallons. The water will be transported in potable-water tanks only. Water will be delivered directly into portable water tanks. The Contractor will meet or exceed all federal, state, and local potable water standards at the time of delivery. Water must be obtained only from certified, permitted potable water systems. Contractor must provide documentation of water source, and must notify the Government of any change in water source within 24 hours and may not use a new source without authorization. Water discharge to the ground is prohibited.

3 OPTIONS

3.1 OPTION 1: ADDITIONAL WEEKLY SHOWER SYSTEM SERVICING

At the six (6) specified locations in Section 2, conduct water disposal, refill, and cleaning twice per week, instead of once per week, to the same specifications. Price provided by month.

3.2 OPTION 2: SERVICING OF THREE ADDITIONAL SHOWER SYSTEMS

Service three (3) additional shower systems with the same specifications as Section 2 once per week. Price provided by month.

Location #3 – Administrative Area 36.214676, -112.061424

- Three (3) private shower stalls

3.3 OPTION 3: DELIVER 500 ADDITIONAL GALLONS OF POTABLE WATER

The Contractor will provide an additional 500 gallons of potable water once per week with the same specifications as Section 2 to the Employee Housing Area or the Administrative Area. Price provided by month.

3.4 OPTION 4: SERVICING OF THREE ADDITIONAL TOILETS

Service three (3) additional standard portable toilets with the same specifications as Section 2 once per week. Price provided by month.

3.5 OPTION 5: PUMP SEPTIC TANK

Pump (1) septic tank with the same specifications as Section 2 once per week. Price provided weekly.

3.6 GENERAL REQUIREMENTS

Due to the elevation and severe winter conditions typical of the North Rim, the Contractor shall maintain readiness to demobilize in the event of significant snowfall, roadway closure, or direction from the Contracting Officer.

Removal under these circumstances shall include:

- Final pump-out and cleaning of all tanks

The Contractor shall coordinate closely with the Contracting Officer and COR to ensure safe access and timely demobilization prior to or during early winter weather events.

3.7 SANITATION FACILITIES

The Contractor shall maintain the sanitation facilities in a clean, sanitary, and fully operational condition throughout the Period of Performance.

Servicing

At a minimum, (as applicable to the unit type) the Contractor shall:

- Pump wastewater tanks as required to prevent overflow
 - o No holding tanks will exceed 75% full
- Clean and disinfect toilets, sinks, showers, and floors
- Cleaning and disinfection of interior surfaces and high-touch areas
- Remove trash
- Restock toilet paper, paper towels, soap, and hand sanitizer
- Verify systems are functioning properly
- Recharge of deodorizing solution
- Inspection of unit stability and anchoring

Sanitation and Odor Control

Facilities shall be maintained free of visible waste buildup, standing water, excessive debris, or unsanitary conditions.

Facilities shall be maintained to prevent persistent sewage odors. Under normal operating conditions:

- No strong sewage odor shall be present inside the unit.
- No strong sewage odor shall be detectable immediately outside the unit entrance.

If odor or sanitation deficiencies are identified by the COR, corrective servicing shall occur within 24 hours.

Waste Containment

Wastewater shall be fully contained within approved holding tanks.

No discharge of wastewater to the ground is permitted.

Any overflow or spill shall be reported to the COR within 24 hours and cleaned immediately.

Demobilization

At the conclusion of the Base Period or Option Period, or upon written direction of the Contracting Officer, the Contractor shall:

- Perform final pump-out and cleaning

4 GOVERNMENT FURNISHED EQUIPMENT, MATERIALS, AND SERVICES

The Contractor shall assume that the North Rim project locations are operating in a post-fire recovery condition with limited or no permanent infrastructure available at time of mobilization.

The condition of NPS-owned standard portable toilet and shower units will be documented by the Contractor at the start of service with a report submitted to the COR.

Electrical Service

Commercial electrical service may be restored during the Period of Performance; however:

- Electrical power is not guaranteed at contract start.
- Restoration may occur at different times at different locations.
- Service may be intermittent during infrastructure stabilization.

The Contractor shall plan and price the work assuming no commercial electrical service is available at mobilization.

If commercial electrical service becomes available and is authorized in writing by the Contracting Officer:

- The Contractor may connect to utility power.
- The Government does not guarantee voltage stability, capacity, or continuous service.
- The Contractor remains responsible for protecting all equipment from surge, outage, or service interruption.

Electrical availability at one facility location does not guarantee availability at another location.

Potable Water

Pressurized potable water service is not available at the project sites at time of award.

The Government does not guarantee restoration of potable water service during the Period of Performance. If potable water is restored and becomes available for use by the Contractor, the Contracting Officer will provide written notice. Pricing will be adjusted accordingly.

Wastewater / Sewer Service

No sanitary sewer connection is available at the designated sites.

The Government does not guarantee restoration of wastewater infrastructure during the Period of Performance, though it may become available. If wastewater collection becomes available, the Contracting Officer will notify the Contractor in writing with the authorization to use the utility.

Note: The Government will not provide fuel for generators, maintenance or servicing support, site security, or equipment monitoring.

Transition to Restored Utilities

If utilities are restored during performance:

- Connection shall occur only upon written authorization from the Contracting Officer.
- Pricing adjustments shall follow the awarded CLIN structure.
- Restoration at one location does not require transition at another location.

The Government makes no representation regarding the timing, reliability, or capacity of restored utilities.

5 SUBMITTALS

5.1 GENERAL SUBMITTAL REQUIREMENTS

All submittals shall be transmitted electronically (PDF format) to the Contracting Officer (CO) and Contracting Officer's Representative (COR). Hard copies are not required unless specifically requested.

Submittals shall be concise, clearly labeled, and organized by contract line item number (CLIN) and facility location.

5.2 PRE-MOBILIZATION SUBMITTALS (AT TIME OF AWARD)

Submit the following:

1. Potable water tank capacity and wastewater holding tank capacity.
2. Waste hauling company license and disposal facility identification.
3. Emergency contact list (24-hour service contact).
4. Draft servicing schedule (cleaning and pumping frequency).

Approval of submittals does not relieve the Contractor of responsibility for compliance.

5.3 ROUTINE OPERATIONAL REPORTS

To provide accountability without excessive reporting burden, the Contractor shall submit the following:

Service Log (Per Service Event)

Submit electronically within 48 hours of each cleaning and/or pumping event. The report shall include:

- Date and time of service
- Facility location (CC Hill, Cabin Area, Administrative Area, Standard Portable Toilet)
- Type of service performed (cleaning, pumping, water refill)
- Estimated gallons of wastewater pumped
- Estimated gallons of potable water delivered
- Name of servicing technician
- Notation of any observed deficiencies or maintenance issues

A simple standardized form is acceptable.

Monthly Summary Report

Submit one consolidated report per month including:

- Total number of service visits per location
- Total gallons pumped per location
- Total potable water delivered per location
- Summary of maintenance or repairs performed
- Any incidents, overflows, freeze events, or corrective actions

Incident Reporting

The Contractor shall notify the COR within 24 hours of:

- Wastewater overflow or spill
- Freeze-related failure
- Extended facility outage (>12 hours)
- Safety incident
- Environmental discharge

Written follow-up report required within 48 hours.

5.4 CLOSEOUT SUBMITTALS

At removal of sanitation facilities and upon completion of fencing, gate, electrical, and AFM work, submit:

1. Waste disposal receipts or manifest documentation.
2. Final cumulative service summary for all CLINs.

6 LIST OF ATTACHMENTS

- Attachment 1 – General Requirements

7 PROPOSAL INSTRUCTIONS

When submitting a proposal include:

- Proposed execution schedule highlighting service schedule.

8 APPLICABLE STANDARDS AND REFERENCES

The work shall conform to the latest adopted editions of the following standards. In cases of conflict, the more stringent requirement applies.

- 36 CFR Part 1, §1.5 (NPS area closure authority)
- IBC / Arizona Building Code, as applicable
- EPA Safe Drinking Water Act and applicable state requirements

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order 13658 generally applies to contracts subject to the Service Contract Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least \$13.30 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2025. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$5.55 per hour, up to 40 hours per week, or \$222.00 per week or \$962.00 per month

HEALTH & WELFARE EO 13706: \$5.09 per hour, up to 40 hours per week, or \$203.60 per week, or \$882.27 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor, 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least \$27.63 per hour (or at least \$684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

** HAZARDOUS PAY DIFFERENTIAL **

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, drying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) ******Conformance Process:**

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."
