**JUSTIFICATION & APPROVAL (J&A)
FOR OTHER THAN FULL AND OPEN COMPETITION (OTFAOC)**

Federal Acquisition Regulation (FAR) Part 6 Justification & Approval (J&A), Supporting
Procurements under FAR Part 12, FAR Part 15, or FAR Part 13.5

Purchase Request Number: To be determined

Contract Number: To be determined

Procurement Title: Building Automation System (BAS) Maintenance Bridge

Estimated Value: [REDACTED]

Regulatory Authority: Federal Acquisition Regulation (FAR) 6.302-(1)

J&A Number: N/A

Upon the basis of the following justification, I, as Contracting Officer, hereby approve the use of OTFAOC of the proposed contractual action pursuant to the authority of Federal Acquisition Regulation (FAR) 6.302-(1).

1. REQUIRING AGENCY AND CONTRACTING ACTIVITY:

Requiring Agency:

Defense Information Systems Agency (DISA)

The Facilities and Logistics Directorate J4

6910 Cooper Avenue

Fort Meade, MD 20755

Contracting Activity:

DISA/Defense Information Technology Contracting Organization (DITCO) National

Capital Region (NCR) / PS61

6910 Cooper Avenue

Fort Meade, MD 20755

2. NATURE/DESCRIPTION OF ACTION(S): This use of procedures other than competitive procedures is issued to bridge the time between the expiration of Contract No., HC104721P4000

[REDACTED]

[REDACTED]

[REDACTED]

3. DESCRIPTION OF SUPPLIES/SERVICES: The Building Automation System (BAS) maintenance support consists of the following services: calibration, repair, testing and software maintenance. The BAS system controls and monitors the following assets within the DISA Headquarters' Complex: boiler plant, chillers and associated cooling towers, related fans and pumps, air and water economizers, air distribution and ventilation systems, air handlers, gas fired heaters, lighting systems and controls, emergency power systems including back-up generators, fuel delivery system and uninterruptable power supply system, operation schedules, and utility meters.

4. IDENTIFICATION OF STATUTORY AUTHORITY AND DEMONSTRATION OF CONTRACTOR'S UNIQUE QUALIFICATIONS:

(a) Circumstances permitting other than full and open competition

10 U.S.C. 3204(a)(1), FAR 6.302-1, Only one responsible source and no other supplies or services will satisfy agency requirements.

(b) Justification.

Proposed sole source contractor. The incumbent contractor is Pritchett Controls, Inc.

The current contractor Pritchett Controls Inc. is the only source that can fulfill this requirement without risk of a substantial break in service/support to the DISA / Facilities and Logistics Directorate / J4 which would have catastrophic consequences to DISA. A sole-source action is necessary to ensure continued performance

6. CONTRACT OPPORTUNITIES ANNOUNCEMENT/POTENTIAL SOURCES: This modification is a bridge extension of the existing contract HC104721P4000 ending May 1, 2026. This bridge extension will allow continued/uninterrupted maintenance support services of critical building systems listed in section 3 of this document

which will be solicited on contract opportunities with a date yet to be determined seeking a small business set-aside award.

7. DETERMINATION OF FAIR AND REASONABLE COST: During source selection of solicitation number/tracking number 612000027, a cost/price evaluation was conducted in accordance with FAR 15.404. The contract prices were determined to be reasonable. The proposed cost/prices for the extension will be compared to the current contract prices as well as the Independent Government Cost Estimate and the proposed prices for the follow-on effort in order to determine fair and reasonableness.

8. ANY OTHER SUPPORTING FACTS: N/A

9. LISTING OF INTERESTED SOURCES: N/A

10. ACTIONS THE AGENCY MAY TAKE TO REMOVE OR OVERCOME BARRIERS THAT LED TO THE EXCEPTION TO FULL AND OPEN COMPETITION.

- (a) Current Contract: HC104721P4000
- (b) Status: Expires May 1, 2026
- (c) Anticipated Follow-on contract performance date: May 2, 2026 – November 1, 2026
- (d) Actions to Remove or Overcome Barriers to Exception to Full and Open Competition. The contract HC104721P4000 was a sole source requirement due to prior licensing service support agreements with Snyder Electric that held proprietary hardware/software that was installed at DISA Headquarters campus facilities opening and sourced via U.S. Army Corps of Engineers acquisition division.

Building Automation System (BAS) Maintenance
