SOLICITATION AMENDMENT 1 NARRATIVE:

The purpose of this Solicitation Amendment 1 is to:

1. Revise the CLIN description.
2. All other terms and conditions remain unchanged.

1. The Army Contracting Command - Rock Island (ACC-RI) hereby issues the solicitation W519TC26QA132, for the procurement of Machine Spindles at Rock Island Arsenal, Joint Manufacturing and Technology Center (RIA-JMTC). This solicitation is issued in accordance with Federal Regulation (FAR) Part 12, Acquisition of Commercial Products and Services.

2. Quotes must be submitted via email to the Contract Specialist listed below in the Points of Contact paragraph and received prior to the closing date and time to be considered for award. The offeror is responsible for assuring the quote is received by the Government on time, prior to the closing date and time, to be considered. It is the government's intent to award without discussions (except for clarifications as described by FAR 15.306(a)). Therefore, the Contractor's quote should be complete and contain the contractor's best price and delivery terms. A complete quote submission includes (but not limited to) the contractor's best term (price and delivery and all required fill-ins under this RFQ). IAW FAR clause 52.212-2, included in this RFQ, the Government reserves the right to conduct discussions if determined necessary by the Contracting Officer.

Quotes shall be prepared and authorized by a person(s) regularly employed by the contractor. The quote shall state the name of each person(s) contributing to the authorship of the quote, the person(s) position/title, phone number, and an email address for the person who should be contacted if an award is to be made. The quote should be prepared in a clear, legible, practical manner. In addition, the quote shall be written in English and should be specific and complete.

Pricing should be IAW the information on the CLIN and any attachments to this solicitation and should be documented directly on the SF1449 form, including a unit price on each CLIN, a total CLIN amount, and a grand total for the entire solicitation (including shipping FOB destination to Rock Island, IL to be paid by the contractor), all clauses that require fill ins should be completed, and the authorized preparer shall sign and date prior to submission. The solicitation should be emailed to the POCs listed below.

3. Use of Artificial Intelligence (AI) tools in Proposal Evaluation

a. Use of AI tools in Support of Evaluations: The Government will employ AI as a tool to assist in the analysis and review of offeror proposals. AI tools may be used to support tasks such as summarizing proposal content, identifying compliance with request for task order proposal /solicitation requirements, and highlighting areas of potential strength, weakness, or risk.

b. Maintaining Inherently Governmental Functions: Notwithstanding the use of AI tools to support the evaluation process, all final evaluation judgements, including the assignment of assessment of adjectival ratings, best value determination, and source selection decisions, will be made

exclusively by duly appointed Government personnel. The Government retains the sole responsibility for all inherently governmental functions and will not delegate decision making authority to any AI tool.

c. Offeror Confidentiality and Data Protection: The AI tools utilized by the Government will be employed in a manner consistent with the applicable regulations that govern the protection of proprietary and source selection sensitive information. The AI tool will be an output-only system. Any generated report data is not saved.

4. The Government intends to award one firm fixed price purchase order (without discussions, except clarifications as described in FAR 15.306(a)) to the Offeror determined to be responsible (in accordance with (IAW) the Federal Acquisition Regulation (FAR) subpart 9.1) whose quote conforms with the RFQ requirements and is determined to be the lowest total evaluated (fair and reasonable) priced quote.

5. Delivery for this item is specified on the CLIN(s), however early and incremental delivery is authorized and encouraged with no additional cost to the Government. All quotes shall be quoted as FOB Destination Rock Island, IL, see FAR 52.247-34, therefore, all shipping charges should be included in the quote.

On time delivery is critical. Therefore, contractor must adhere to the delivery requirements indicated in the resulting award. Failure to comply with the contractual delivery schedule after award may result in termination of the award or require consideration if the Government elects to extend your delivery schedule. The Government is not obligated to extend your delivery if you encounter delays. The non-availability of raw materials, subcontractor issues, scheduling conflicts, etc., are not considered acceptable delays/excuses for the failing to meet the contractual delivery schedule. If there is going to be a delay in delivery, the contractor is required to notify the Contracting Officer designated in the award at least 10 days prior to being late. Such notification shall include the contractor's reasons for delay, proposed revised schedule, and the contractor's offered consideration for the delay should the Government elect to extend.

It is the responsibility of the contractor to ensure that they provide quality products that conform to the award terms and conditions as well as meet the required delivery schedule. Delivery of non-conforming products results in delivery/acceptance delays and ultimately increased costs to the Government.

All deliveries shall be shipped to the following address:
