Section A - Solicitation/Contract Form

Collective Joint Training

Quoters may submit questions requesting clarification of solicitation requirements via email at any time, up to 01:00 PM ET on 29 April 2026. Time may not permit responses to questions received after that date to be prepared and issued prior to the due date of the quotes. Responses to the questions will be provided via amendment and posted to SAM.gov. Questions can be emailed to matthew.f.pizzarelli.civ@us.navy.mil.

This solicitation is issued under the authority of FAR 16.5 under the Seaport program of multiple award IDIQ contracts. To the extent that the words "offer" or "proposal" appear in this solicitation, they shall be construed to mean "quote" (or "quotation"), and to the extent that the word "offeror" appears in this solicitation, it shall be construed to mean "quoter".

This requirement is a follow-on to task order N00189-24-F-3026 issued under Indefinite Delivery, Indefinite Quantity contract N0017819D8194. The incumbent is Northrop Grumman Systems Corporation (CAGE: 5FVX5).

I. PREPARATION COSTS

This Request for Quotations (RFQ) does not commit the Government to pay for the preparation and submission of a quotation.

II. FAIR OPPORTUNITY EVALUATION FOR AWARD

The Navy will provide interested sources a fair opportunity IAW FAR 16.507-2 using the procedures and evaluation factors described in this provision. It's emphasized that this is a FAR 16.507 fair opportunity process intended to streamline the source selection and be minimally burdensome for both the Navy and Indefinite Delivery Indefinite Quantity (IDIQ) awardees interested in competing for this requirement. The procedures of FAR 15 do not apply to the source selection. While not an all-inclusive list, some examples of FAR 15 requirements that don't apply are the late is late rule, competitive range determinations, the FAR 15.3 rules for discussions, formal evaluation plans, and formal evaluation documentation.

The Contracting Officer will make the source selection using the following two step process.

Step One:

Interested sources must submit, on no more than two (single sided) pages, a description of their experience on prior contracts they consider most similar to the performance work statement (PWS). Interested sources should use their judgement on how best to demonstrate through their two-page submission that they're a viable competitor. For example, a source with relatively limited experience related to the PWS could address how it has the commitment of key personnel or other contractors with more relevant experience. Interested sources must also state whether or not they have DCAA approved accounting systems along with the vendors Seaport contract number.

The contracting officer will evaluate each submission and determine which sources are viable competitors for award. The contracting officer may communicate with a competitor, without regard to the rules of FAR 15 concerning competitive range determinations and discussions, if such communication will enhance the contracting officer's determination of whether the quoter is a viable competitor for award. a determination a competitor is nonviable doesn't necessarily mean the contracting officer believes the competitor can't successfully perform the PWS. A competitor could be determined nonviable that they are eliminated from further consideration.

Step One submissions shall be emailed to matthew.f.pizzarelli.civ@us.navy.mil. The deadline for step one submissions is 22 April 2026 at 10:00 AM EST.

Step Two:

The evaluation factors in step two in descending order of importance are:

SEE SECTION L AND M OF THIS SOLICITATION

Upon the completion of step one, the contracting officer will request the following information from the viable competitors:

SEE SECTION L OF THIS SOLICITATION

In addition to the information submitted by competitors, the contracting officer may consider other information reasonable related to the evaluation factors, to include the personal knowledge of the competitor's commercial and Government customers and past performance databases. the contracting officer isn't obligated to evaluate all information submitted from each competitor. For example, the contracting officer determines the competitor is unlikely to provide best value. The contracting officer may communicate with a competitor at any time during step two without regard to FAR 15.204 rules concerning competitive range determination and discussions. The contracting officer may also identify the competitor most likely to provide best value and hold negotiations solely with that firm to finalize the order and / or negotiate more favorable terms for the Government. Any quotations received from firms that were determined not viable in step one and not invited to submit a quotation based on the review contained in step one will not be evaluated and immediately disqualified for consideration in this requirement. Firms determined viable will be requested to submit a technical and cost quotation in response to the solicitation.

Step two submissions should be submitted to matthew.f.pizzarelli.civ@us.navy.mil.

Section B - Supplies or Services & Prices or Costs

Additional Information/Notes

(a) The level of effort for the performance of tasks specified in the Performance Work Statement (PWS) during the period from the start of the contract performance to 6 months thereafter is based upon 315,399 estimated manhours of direct labor. If all options are exercised by the Government, the level of effort (LOE) for the performance of this task order will be increased to a total LOE of 3,153,986 estimated manhours of direct labor (hereinafter referred to as the "Estimated Total Hours").

(b) Estimated composition by labor category of the Estimated Total Hours is as follows:

(c) The Estimated Total Hours include overtime and subcontracting hours but exclude holidays, sick leave, vacation days and other absences; or other non-productive time.

(d) The number of manhours expended per month may fluctuate in the pursuit of performance of the contract performance work statement, provided that such fluctuation does not result in the utilization of the total manhours of effort prior to the expiration of the contract. The number of manhours for any labor category may be utilized by the contractor for any other labor category if necessary in performance of the task order.

(e) The contractor shall not be obligated to continue performance beyond the Estimated Total Hours, except that the Contracting Officer may require the contractor to continue performance in excess of the Estimated Total Hours until the total estimated cost has been expended. The government will not be obligated to pay fee on any hours expended in excess of the Estimated Total Hours. Any hours expended in excess of the Estimated Total Hours shall be excluded from all fee computations and adjustments. The Contracting Officer may also require the contractor to continue performance in excess of the total estimated cost until the Estimated Total Hours have been expended. In no event, however, will the Contracting Officer, pursuant to this paragraph (e), require the contractor to continue performance in excess of the Estimated Total hours if the Contracting Officer is requiring or has required the contractor to continue performance in excess of the total estimated cost. Nor will the Contracting Officer, pursuant to this paragraph (e), require the contractor to continue performance in excess of the total estimated cost if the Contracting Officer is requiring or has required the contractor to continue performance in excess of the Estimated Total Hours. The Contracting Officer may extend the period of performance in order to expend either the total estimated cost or the Estimated Total Hours.

(f) If at any time during the performance of this contract the contractor expends in excess of 85% of the available estimated manhours of direct labor, the contractor shall immediately notify the Contracting Officer in writing. Nothing herein shall be construed to alter or waive any of the rights or obligations of either party pursuant to the clause entitled "Limitation of Cost" and/or "Limitation of Funds."

PAYMENT OF FIXED FEE

The fixed fee for work performed under this task order is \$* provided that approximately ** hours of technical effort are employed by the contractor in performance of this task order. If substantially fewer than ** hours of technical effort are employed, the fixed fee shall be equitably reduced to reflect the reduction of work. The Government shall make monthly payments of the fixed fee at the rate of \$*** per direct labor hour invoiced by the contractor. All payments shall be in accordance with the provisions of FAR 52.216-8, "Fixed Fee," and FAR 52.216-7, "Allowable Cost and Payment." Payments shall be subject to the withholding provisions of Paragraph (b) of FAR 52.216-8, provided that the total of all such monthly payment shall not exceed eighty-five (85%) percent of the fixed fee. Any balance of fixed fee due the contractor shall be paid to the Contractor, and any over-payment of fixed fee shall be repaid to the Government by the Contractor, or otherwise credited to the Government at the time of final payment.

LEVEL OF EFFORT - TASK ORDER PERFORMANCE - Cost Type

It is understood and agreed that for this CPFF task order, the number of hours and the total dollar amount for each labor category specified in this task order are estimates only and shall not limit the use of hours or dollar amounts in any labor category which may be required. Accordingly, in the performance of this CPFF task order, the contractor shall be allowed to adjust the quantity of labor hours provided within labor categories specified in

the order provided that in so performing the contractor shall not in any event exceed the ceiling price restrictions set forth in this order, including modifications thereof.

Section C - Description/Specifications/Statement of Work

9. NMCARS 5237.102

The contractor shall report contractor labor hours (including subcontractor labor hours) required for performance of services provided under this task order via a secure data collection site. Contracted services excluded from reporting are based on Product Service Codes (PSCs). The excluded PSCs are:

- (1) W, Lease/Rental of Equipment;
- (2) X, Lease/Rental of Facilities;
- (3) Y, Construction of Structures and Facilities;
- (4) D, Automatic Data Processing and Telecommunications, IT and Telecom- Telecommunications Transmission (D304) and Internet (D322) ONLY;
- (5) S, Utilities ONLY;
- (6) V, Freight and Shipping ONLY.

The contractor is required to completely fill in all required data fields using the following web address <https://sam.gov>.

Reporting inputs will be for the labor executed during the period of performance during each Government fiscal year (FY), which runs October 1 through September 30. While inputs may be reported any time during the FY, all data shall be reported no later than October 31 of each calendar year. Contractors may direct questions to the help desk, linked at <https://sam.gov>

10. REIMBURSEMENT OF TRAVEL COSTS (OCT 1998)

(a) Travel

(1) Area of Travel. Performance under this contract may require travel by contractor personnel. If travel, domestic or overseas, is required, the contractor is responsible for making all needed arrangements for his personnel. This includes but is not limited to the following: Medical Examinations, Immunization, Passports, visas, etc., Security Clearances.

All contractor personnel required to perform work on any U.S. Navy vessel will have to obtain boarding authorization from the Commanding Officer of the vessel prior to boarding.

(2) Travel Policy. The Government will reimburse the contractor for allowable travel costs incurred by the contractor in performance of the contract and determined to be in accordance with FAR subpart 31.2, subject to the following provisions:

Travel required for tasks assigned under this contract shall be governed in accordance with rules set forth for temporary duty travel in FAR 31.205-46.

(3) Travel. Travel, subsistence, and associated labor charges for travel time are authorized, whenever a task assignment requires work to be accomplished at a temporary alternate worksite.

Travel performed for personal convenience and daily travel to and from work at contractor's facility will not be reimbursed.

(4) Per Diem. Per diem for travel on work assigned under this contract will be reimbursed to employees consistent with company policy, but not to exceed the amount authorized in the Department of Defense Joint Travel Regulations.

(5) Shipboard Stays. Whenever work assignments require temporary duty aboard a Government ship, the contractor will be reimbursed at the per diem rates identified in paragraphs C8101.2C or C81181.3B(6) of the DOD Joint Travel Regulations, Volume 2.

(6) Air/Rail Travel. In rendering the services, the contractor shall be reimbursed for the actual costs of transportation incurred by its personnel not to exceed the cost of tourist class rail, or plane fare, to the extent that such transportation is necessary for the performance of the services hereunder and is authorized by the Ordering Officer. Such authorization by the Ordering Officer shall be indicated in the order or in some other suitable written form.

NOTE: To the maximum extent practicable without the impairment of the effectiveness of the mission, transportation shall be tourist class. In the event that only first class travel is available, it will be allowed, provided justification therefore is fully documented and warranted.

(7) Private Automobile. The use of privately owned conveyance within the continental United States by the traveler will be reimbursed to the contractor at the mileage rate allowed by Joint Travel Regulations. Authorization for the use of privately owned conveyance shall be indicated on the order. Distances traveled between points shall be shown in standard highway mileage guides. Any deviations from distance shown in such standard mileage guides shall be explained by the traveler on his expense sheet.

(8) Car Rental. The contractor shall be entitled to reimbursement for car rental, exclusive of mileage charges, as authorized by each order, when the services are required to be performed outside the normal commuting distance from the contractor's facilities. Car rental for TDY teams will be limited to a rate of one car for every four (4) persons on TDY at one site.

11. Navy Use of AbilityOne Support Contractor - Release of Offeror Information (Mar18)

NAVSUP FLC Norfolk may utilize contractor support through the AbilityOne Program, as needed, to perform contract closeout functions for this acquisition. Information, including business sensitive/confidential or proprietary data, that the offeror provides to the Government or information already in the possession of the Government may be viewed and utilized by the AbilityOne Program support contractor personnel during the course of its contract performance. The information that may be made available to the support contractor may include, for example, pricing and technical proposals, historical contract, pricing and performance information, Commercial Asset Visibility (CAV) reporting information and similar data/information.

By submission of a proposal in response to this solicitation, the offeror and its subcontractors consent to a release of their business sensitive/confidential or proprietary data to the Government's AbilityOne Program support contractor personnel in order to perform close out services. Prior to the release of any such information to the support contractor, the support contractor will have in place with the Government a Non-Disclosure/Non-Use Agreement in accordance with the terms of the AbilityOne Program support contract.

Offerors may execute their own Non-Disclosure Agreement with the AbilityOne Program (AbilityOne contact information available from the contracting point of contact). The support contractor must provide copies of the executed agreements to the Contracting Officer and the Contracting Officer's Representative (COR) for the support contract; and the offeror /contractor for this acquisition must provide copies of the executed Agreement to the Contracting Officer for this acquisition. If the offeror/contractor seeks such a Non-Disclosure Agreement with the AbilityOne Program support contractor, the Agreement must be executed no later than the date of final delivery under the resulting NAVSUP FLC Norfolk contract.

252.232-7006 Wide Area WorkFlow Payment Instructions. (Jan 2023)

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) *Definitions.* As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing.* The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall-

- (1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and
- (2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) *Document type.* The Contractor shall submit payment requests using the following document type(s):

- (i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.
- (ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

TBD

(Contracting Officer: Insert applicable invoice and receiving report document type(s) for fixed price line items that require shipment of a deliverable.)

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

TBD

(Contracting Officer: Insert either "Invoice 2in1" or the applicable invoice and receiving report document type(s) for fixed price line items for services.)

- (iii) For customary progress payments based on costs incurred, submit a progress payment request.
- (iv) For performance based payments, submit a performance based payment request.
- (v) For commercial financing, submit a commercial financing request.

(2)) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) *Document routing.* The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table*

Section H - Special Contract Requirements

COST LIMITATION CEILINGS ON INDIRECT RATES

If a quoter proposes cost limitation ceilings on indirect rates, the quoter is advised that the Government may evaluate the quoter's cost quotation accordingly. The decision to propose cost limitation ceilings is the quoter's decision. In the event the quoter proposes indirect rate limitations, these same ceiling rate limitations may be incorporated into any resultant task order without discussion. Under any cost reimbursement contract/task order, the indirect rates billed shall be limited to and not greater than the ceiling rate(s) identified in the contract. Any costs incurred above ceiling rates are not allowable.

LIABILITY INSURANCE (COST TYPE CONTRACTS)

The following types of insurance are required in accordance with the clause entitled "INSURANCE-LIABILITY TO THIRD PERSONS" (FAR 52.228-7) and shall be maintained in the minimum amounts shown:

- (1) Comprehensive General Liability: \$200,000 per person and \$500,000 per accident for bodily injury. No property damage general liability insurance is required.
 - (2) Automobile Insurance: \$200,000 per person and \$500,000 per accident for bodily injury and \$20,000 per accident for property damage.
- Comprehensive form of policy is required.
- (3) Standard Workmen's Compensation and Employer's Liability Insurance (or, where maritime employment is involved, Longshoremen's and Harbor Worker's Compensation Insurance) in the minimum amount of \$100,000.

SUP 5252.203-9401 NOTIFICATION OF USE OF FORMER/RETIRED MILITARY AND/OR SENIOR EXECUTIVE SERVICE PERSONNEL (Dec 2009)

If the contractor intends to use the services of a former or retired Flag or General Officer, or former or retired member of the Senior Executive Service in the performance of this task order the contractor shall notify the contracting officer of the name of such individual including a description of the services such individual will be performing, the military branch from which individual retired or separated, and their rank or SES position at time of separation. Such notification shall be provided in writing prior to performance of services under the task order by such individual.

SUP 5252.203-9402 USE OF INFORMATION/TECHNICAL DATA (DEC 2009)

In the performance of this task order, the Contractor will be required to utilize and/or have access to significant amounts of information related to military and homeland security operations and programs. Any information obtained by the Contractor or personnel working for the Contractor from any DoD/Government/private source in the performance of this contract shall be used only for the purposes of the performance of this contract. The Contractor and personnel working for the Contractor shall not use, release, sell, or reveal any information obtained in the performance of this contract to any person or entity not authorized herein. The Contractor shall ensure that its personnel comply with these requirements.

5252.204-9400 Contractor Unclassified Access to Federally Controlled Facilities, Sensitive Information, Information Technology (IT) Systems or Protected Health Information (July 2013)

Homeland Security Presidential Directive (HSPD)-12, requires government agencies to develop and implement Federal security standards for Federal employees and contractors. The Deputy Secretary of Defense Directive-Type Memorandum (DTM) 08-006 - "DoD Implementation of Homeland Security Presidential Directive - 12 (HSPD-12)" dated November 26, 2008 (or its subsequent DoD instruction) directs implementation of HSPD-12. This clause is in accordance with HSPD-12 and its implementing directives.

APPLICABILITY

This clause applies to contractor employees requiring physical access to any area of a federally controlled base, facility or activity and/or requiring access to a DoN or DoD computer/network/system to perform certain unclassified sensitive duties. This clause also applies to contractor employees who access Privacy Act and Protected Health Information, provide

support associated with fiduciary duties, or perform duties that have been identified by DON as National Security Position, as advised by the command security manager. It is the responsibility of the responsible security officer of the command /facility where the work is performed to ensure compliance. Each contractor employee providing services at a Navy Command under this contract is required to obtain a Department of Defense Common Access Card (DoD CAC). Additionally, depending on the level of computer/network access, the contract employee will require a successful investigation as detailed below.

ACCESS TO FEDERAL FACILITIES

Per HSPD-12 and implementing guidance, all contractor employees working at a federally controlled base, facility or activity under this clause will require a DoD CAC. When access to a base, facility or activity is required contractor employees shall in-process with the Navy Command's Security Manager upon arrival to the Navy Command and shall out-process prior to their departure at the completion of the individual's performance under the contract.

ACCESS TO DOD IT SYSTEMS

In accordance with SECNAV M-5510.30, contractor employees who require access to DoN or DoD networks are categorized as IT-I, IT-II, or IT-III. The IT-II level, defined in detail in SECNAV M-5510.30, includes positions which require access to information protected under the Privacy Act, to include Protected Health Information (PHI). All contractor employees under this contract who require access to Privacy Act protected information are therefore categorized no lower than IT-II. IT Levels are determined by the requiring activity's Command Information Assurance Manager. Contractor employees requiring privileged or IT-I level access, (when specified by the terms of the contract) require a Single Scope Background Investigation (SSBI) which is a higher level investigation than the National Agency Check with Law and Credit (NACLC) described below. Due to the privileged system access, a SSBI suitable for High Risk public trusts positions is required. Individuals who have access to system control, monitoring, or administration functions (e.g. system administrator, database administrator) require training and certification to Information Assurance Technical Level 1, and must be trained and certified on the Operating System or Computing Environment they are required to maintain.

Access to sensitive IT systems is contingent upon a favorably adjudicated background investigation. When access to IT systems is required for performance of the contractor employee's duties, such employees shall in-process with the Navy Command's Security Manager and Information Assurance Manager upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy Information Technology resources. The decision to authorize access to a government IT system/network is inherently governmental. The contractor supervisor is not authorized to sign the SAAR-N; therefore, the government employee with knowledge of the system/network access required or the COR shall sign the SAAR-N as the "supervisor". The SAAR-N shall be forwarded to the Navy Command's Security Manager at least 30 days prior to the individual's start date. Failure to provide the required documentation at least 30 days prior to the individual's start date may result in delaying the individual's start date. When required to maintain access to required IT systems or networks, the contractor shall ensure that all employees requiring access complete annual Information Assurance (IA) training, and maintain a current requisite background investigation. The Contractor's Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

INTERIM ACCESS

The Navy Command's Security Manager may authorize issuance of a DoD CAC and interim access to a DoN or DoD unclassified computer/network upon a favorable review of the investigative questionnaire and advance favorable fingerprint results. When the results of the investigation are received and a favorable determination is not made, the contractor employee working on the contract under interim access will be denied access to the computer network and this denial will not relieve the contractor of his/her responsibility to perform.

DENIAL OR TERMINATION OF ACCESS

The potential consequences of any requirement under this clause including denial or termination of physical or system access in no way relieves the contractor from the requirement to execute performance under the contract within the timeframes specified in the contract. Contractors shall plan ahead in processing their employees and subcontractor employees. The contractor shall insert this clause in all subcontracts when the subcontractor is permitted to have unclassified access to a federally controlled facility, federally-controlled information system/network and/or to government information, meaning information not authorized for public release.

CONTRACTOR'S SECURITY REPRESENTATIVE

The contractor shall designate an employee to serve as the Contractor's Security Representative. Within three work days after contract award, the contractor shall provide to the requiring activity's Security Manager and the Contracting Officer, in writing, the name, title, address and phone number for the Contractor's Security Representative. The Contractor's Security Representative shall be the primary point of contact on any security matter. The Contractor's Security Representative shall not be replaced or removed without prior notice to the Contracting Officer and Command Security Manager.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO NATIONAL SECURITY POSITIONS OR PERFORMING SENSITIVE DUTIES

Navy security policy requires that all positions be given a sensitivity value based on level of risk factors to ensure appropriate protective measures are applied. Navy recognizes contractor employees under this contract as Non-Critical Sensitive [ADP/IT-II] when the contract scope of work require physical access to a federally controlled base, facility or activity and/or requiring access to a DoD computer/network, to perform unclassified sensitive duties. This designation is also applied to contractor employees who access Privacy Act and Protected Health Information (PHI), provide support associated with fiduciary duties, or perform duties that have been identified by DON as National Security Positions. At a minimum, each contractor employee must be a US citizen and have a favorably completed NACLC to obtain a favorable determination for assignment to a non-critical sensitive or IT-II position. The NACLC consists of a standard NAC and a FBI fingerprint check plus law enforcement checks and credit check. Each contractor employee filling a non-critical sensitive or IT-II position is required to complete:

SF-86 Questionnaire for National Security Positions (or equivalent OPM investigative product) the individual's start date. Failure to provide the required documentation at least 30 days prior to the individual's start date may result in delaying the individual's start date. When required to maintain access to required IT systems or networks, the contractor shall ensure that all employees requiring access complete annual Information Assurance (IA) training, and maintain a current requisite background investigation. The Contractor's Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

SF-85 Questionnaire for Non-Sensitive Positions Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)

Original Signed Release Statements

The contractor shall ensure each individual employee has a current favorably completed National Agency Check with Written Inquiries (NACI) or ensure successful FBI fingerprint results have been gained and investigation has been processed with OPM Failure to provide the required documentation at least 30 days prior to the individual's start date may result in delaying the individual's start date.

*Consult with your Command Security Manager and Information Assurance Manager for local policy when IT-III (non-sensitive) access is required for non-US citizens outside the United States.

Section I - Contract Clauses

52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor at any time before contract expiration, provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 60 months.

(End of clause)

52.233-2 Service of Protest

(a) Protests, as defined in section [33.101](#) of the Federal *Acquisition* Regulation, that are filed directly with an agency, and copies of any protests that are filed with the Government Accountability Office (GAO), *shall* be served on the *Contracting Officer* (addressed as follows) by obtaining written and dated acknowledgment of receipt from Bridget Blaney, Contracting Officer (bridget.blaney.civ@us.navy.mil).

(b) The copy of any protest *shall* be received in the office designated above within one day of filing a protest with the GAO.

52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es): FAR Clauses: <http://acquisition.gov/far/> DFARS Clauses: <http://www.acq.osd.mil/dpap/dars/dfarspgi/current/>

252.204-7023 REPORTING REQUIREMENTS FOR CONTRACTED SERVICES (JUL 2021)

(a) Definition. As used in this clause--

First-tier subcontract means a subcontract awarded directly by the contractor for the purpose of acquiring services for performance of a prime contract. It does not include the contractor's supplier agreements with vendors, such as long-term arrangements for materials or supplies or services that benefit multiple contracts and/or the costs of which are normally applied to a contractor's general and administrative expenses or indirect costs.

(b) The Contractor shall report annually, by October 31, at <https://www.sam.gov>, on the services performed under this contract or order, including any first-tier subcontracts, during the preceding Government fiscal year (October 1-September 30).

(c) The Contractor shall report the following information for the contract or order:

(1) The total dollar amount invoiced for services performed during the preceding Government fiscal year under the contract or order.

(2) The number of Contractor direct labor hours, to include first-tier subcontractor direct labor hours, as applicable, expended on the services performed under the contract or order during the previous Government fiscal year.

(d) The Government will review the Contractor's reported information for reasonableness and consistency with available contract information. In the event the Government believes that revisions to the Contractor's reported information are warranted, the Government will notify the Contractor. Upon notification, the Contractor shall revise the reported information or provide the Government with a supporting rationale for the information.

FAR Clauses Incorporated by Full Text

52.216-7 Allowable Cost and Payment. (Deviation) (Feb 2026)

ALLOWABLE COST AND PAYMENT (FEB 2026) (DEVIATION)

(a) Invoicing.

(1) The Government will make payments to the Contractor when requested as work progresses, but (except for small business concerns) not more often than once every 2 weeks, in amounts determined to be allowable by the Contracting Officer in accordance with Federal Acquisition Regulation (FAR) subpart 31.2 in effect on the date of this contract and the terms of this contract. The Contractor may submit to an authorized representative of

the Contracting Officer, in such form and reasonable detail as the representative may require, an invoice or voucher supported by a statement of the claimed allowable cost for performing this contract.

(2) Contract financing payments are not subject to the interest penalty provisions of the Prompt Payment Act. Interim payments made prior to the final payment under the contract are contract financing payments, except interim payments if this contract contains Alternate I to the clause at 52.232-25.

(3) The designated payment office will make interim payments for contract financing on the TBD[Contracting Officer insert day as prescribed by agency head; if not prescribed, insert "30th"] day after the designated billing office receives a proper payment request. In the event that the Government requires an audit or other review of a specific payment request to ensure compliance with the terms and conditions of the contract, the designated payment office is not compelled to make payment by the specified due date.

(b) Reimbursing costs.

(1) For the purpose of reimbursing allowable costs (except as provided in paragraph (b)(2) of this clause, with respect to pension, deferred profit sharing, and employee stock ownership plan contributions), the term "costs" includes only-

(i) Those recorded costs that, at the time of the request for reimbursement, the Contractor has paid by cash, check, or other form of actual payment for items or services purchased directly for the contract;

(ii) When the Contractor is not delinquent in paying costs of contract performance in the ordinary course of business, costs incurred, but not necessarily paid, for-

(A) Supplies and services purchased directly for the contract and associated financing payments to subcontractors, provided payments determined due will be made-

(1) In accordance with the terms and conditions of a subcontract or invoice; and

(2) Ordinarily within 30 days of the submission of the Contractor's payment request to the Government;

(B) Materials issued from the Contractor's inventory and placed in the production process for use on the contract;

(C) Direct labor;

(D) Direct travel;

(E) Other direct in-house costs; and

(F) Properly allocable and allowable indirect costs, as shown in the records maintained by the Contractor for purposes of obtaining reimbursement under Government contracts; and

(iii) The amount of financing payments that have been paid by cash, check, or other forms of payment to subcontractors.

(2) Accrued costs of Contractor contributions under employee pension plans shall be excluded until actually paid unless-

(i) The Contractor's practice is to make contributions to the retirement fund quarterly or more frequently; and

(ii) The contribution does not remain unpaid 30 days after the end of the applicable quarter or shorter payment period (any contribution remaining unpaid shall be excluded from the Contractor's indirect costs for payment purposes).

(3) Notwithstanding the audit and adjustment of invoices or vouchers under paragraph (g) of this clause, allowable indirect costs under this contract shall be obtained by applying indirect cost rates established in accordance with paragraph (d) of this clause.

(4) Any statements in specifications or other documents incorporated in this contract by reference designating performance of services or furnishing of materials at the Contractor's expense or at no cost to the Government shall be disregarded for purposes of cost-reimbursement under this clause.

(c) *Small business concerns.* A small business concern may receive more frequent payments than every 2 weeks.

(d) Final indirect cost rates.

(1) Final annual indirect cost rates and the appropriate bases shall be established in accordance with subpart 42.7 of the Federal Acquisition Regulation (FAR) in effect for the period covered by the indirect cost rate proposal.

(2)

(i) The Contractor shall submit an adequate final indirect cost rate proposal to the Contracting Officer (or cognizant Federal agency official) and auditor within the 6-month period following the expiration of each of its fiscal years. Reasonable extensions, for exceptional circumstances only, may be requested in writing by the Contractor and granted in writing by the Contracting Officer. The Contractor shall support its proposal with adequate supporting data.

(ii) The proposed rates shall be based on the Contractor's actual cost experience for that period. The appropriate Government representative and the Contractor shall establish the final indirect cost rates as promptly as practical after receipt of the Contractor's proposal.

(iii) An adequate indirect cost rate proposal shall include the following data unless otherwise specified by the cognizant Federal agency official:

(A) Summary of all claimed indirect expense rates, including pool, base, and calculated indirect rate.

(B) *General and Administrative expenses (final indirect cost pool)*. Schedule of claimed expenses by element of cost as identified in accounting records (Chart of Accounts).

(C) *Overhead expenses (final indirect cost pool)*. Schedule of claimed expenses by element of cost as identified in accounting records (Chart of Accounts) for each final indirect cost pool.

(D) *Occupancy expenses (intermediate indirect cost pool)*. Schedule of claimed expenses by element of cost as identified in accounting records (Chart of Accounts) and expense reallocation to final indirect cost pools.

(E) Claimed allocation bases, by element of cost, used to distribute indirect costs.

(F) Facilities capital cost of money factors computation.

(G) Reconciliation of books of account (*i.e.*, General Ledger) and claimed direct costs by major cost element.

(H) Schedule of direct costs by contract and subcontract and indirect expense applied at claimed rates, as well as a subsidiary schedule of Government participation percentages in each of the allocation base amounts.

(I) Schedule of cumulative direct and indirect costs claimed and billed by contract and subcontract.

(J) *Subcontract information*. Listing of subcontracts awarded to companies for which the contractor is the prime or upper-tier contractor (include prime and subcontract numbers; subcontract value and award type; amount claimed during the fiscal year; and the subcontractor name, address, and point of contact information).

(K) Summary of each time-and-materials and labor-hour contract information, including labor categories, labor rates, hours, and amounts; direct materials; other direct costs; and, indirect expense applied at claimed rates.

(L) Reconciliation of total payroll per IRS form 941 to total labor costs distribution.

(M) Listing of decisions/agreements/approvals and description of accounting/organizational changes.

(N) Certificate of final indirect costs (see 52.242-4, Certification of Final Indirect Costs).

(O) Contract closing information for contracts physically completed in this fiscal year (include contract number, period of performance, contract ceiling amounts, contract fee computations, level of effort, and indicate if the contract is ready to close).

(iv) The following supplemental information is not required to determine if a proposal is adequate, but may be required during the audit process:

(A) Comparative analysis of indirect expense pools detailed by account to prior fiscal year and budgetary data.

(B) General organizational information and limitation on allowability of compensation for certain contractor personnel. See 31.205-6(p).

(C) Identification of prime contracts under which the contractor performs as a subcontractor.

(D) Description of accounting system (excludes contractors required to submit a CAS Disclosure Statement or contractors where the description of the accounting system has not changed from the previous year's submission).

(E) Procedures for identifying and excluding unallowable costs from the costs claimed and billed (excludes contractors where the procedures have not changed from the previous year's submission).

(F) Certified financial statements and other financial data (*e.g.*, trial balance, compilation, review, *etc.*).

(G) Management letter from outside CPAs concerning any internal control weaknesses.

(H) Actions that have been and/or will be implemented to correct the weaknesses described in the management letter from subparagraph (G) of this section.

(I) List of all internal audit reports issued since the last disclosure of internal audit reports to the Government.

(J) Annual internal audit plan of scheduled audits to be performed in the fiscal year when the final indirect cost rate submission is made.

(K) Federal and State income tax returns.

(L) Securities and Exchange Commission 10-K annual report.

(M) Minutes from board of directors meetings.

(N) Listing of delay claims and termination claims submitted which contain costs relating to the subject fiscal year.

(O) Contract briefings, which generally include a synopsis of all pertinent contract provisions, such as: contract type, contract amount, product or service(s) to be provided, contract performance period, rate ceilings, advance approval requirements, pre-contract cost allowability limitations, and billing limitations.

(v) The Contractor shall update the billings on all contracts to reflect the final settled rates and update the schedule of cumulative direct and indirect costs claimed and billed, as required in paragraph (d)(2)(iii)(I) of this section, within 60 days after settlement of final indirect cost rates.

(3) The Contractor and the appropriate Government representative shall execute a written understanding setting forth the final indirect cost rates. The understanding shall specify (i) the agreed-upon final annual indirect cost rates, (ii) the bases to which the rates apply, (iii) the periods for which the rates apply, (iv) any specific indirect cost items treated as direct costs in the settlement, and (v) the affected contract and/or subcontract, identifying any with advance agreements or special terms and the applicable rates. The understanding shall not change any monetary ceiling, contract obligation, or specific cost allowance or disallowance provided for in this contract. The understanding is incorporated into this contract upon execution.

(4) Failure by the parties to agree on a final annual indirect cost rate shall be a dispute within the meaning of the Disputes clause.

(5) Within 120 days (or longer period if approved in writing by the Contracting Officer) after settlement of the final annual indirect cost rates for all years of a physically complete contract, the Contractor shall submit a completion invoice or voucher to reflect the settled amounts and rates. The completion invoice or voucher shall include settled subcontract amounts and rates. The prime contractor is responsible for settling subcontractor amounts and rates included in the completion invoice or voucher and providing status of subcontractor audits to the contracting officer upon request.

(6)

(i) If the Contractor fails to submit a completion invoice or voucher within the time specified in paragraph (d)(5) of this clause, the Contracting Officer may-

(A) Determine the amounts due to the Contractor under the contract; and

(B) Record this determination in a unilateral modification to the contract.

(ii) This determination constitutes the final decision of the Contracting Officer in accordance with the Disputes clause.

(e) *Billing rates.* Until final annual indirect cost rates are established for any period, the Government shall reimburse the Contractor at billing rates established by the Contracting Officer or by an authorized representative (the cognizant auditor), subject to adjustment when the final rates are established. These billing rates-

(1) Shall be the anticipated final rates; and

(2) May be prospectively or retroactively revised by mutual agreement, at either party's request, to prevent substantial overpayment or underpayment.

(f) *Quick-closeout procedures.* Quick-closeout procedures are applicable when the conditions in FAR 42.708(a) are satisfied.

(g) *Audit.* At any time or times before final payment, the Contracting Officer may have the Contractor's invoices or vouchers and statements of cost audited. Any payment may be-

(1) Reduced by amounts found by the Contracting Officer not to constitute allowable costs; or

(2) Adjusted for prior overpayments or underpayments.

(h) Final payment.

(1) Upon approval of a completion invoice or voucher submitted by the Contractor in accordance with paragraph (d)(5) of this clause, and upon the Contractor's compliance with all terms of this contract, the Government shall promptly pay any balance of allowable costs and that part of the fee (if any) not previously paid.

(2) The Contractor shall pay to the Government any refunds, rebates, credits, or other amounts (including interest, if any) accruing to or received by the Contractor or any assignee under this contract, to the extent that those amounts are properly allocable to costs for which the Contractor has been reimbursed by the Government. Reasonable expenses incurred by the Contractor for securing refunds, rebates, credits, or other amounts shall be allowable costs if approved by the Contracting Officer. Before final payment under this contract, the Contractor and each assignee whose assignment is in effect at the time of final payment shall execute and deliver-

(i) An assignment to the Government, in form and substance satisfactory to the Contracting Officer, of refunds, rebates, credits, or other amounts (including interest, if any) properly allocable to costs for which the Contractor has been reimbursed by the Government under this contract; and

(ii) A release discharging the Government, its officers, agents, and employees from all liabilities, obligations, and claims arising out of or under this contract, except-

(A) Specified claims stated in exact amounts, or in estimated amounts when the exact amounts are not known;

(B) Claims (including reasonable incidental expenses) based upon liabilities of the Contractor to third parties arising out of the performance of this contract; provided, that the claims are not known to the Contractor on the date of the execution of the release, and that the Contractor gives notice of the claims in writing to the Contracting Officer within 6 years following the release date or notice of final payment date, whichever is earlier; and

(C) Claims for reimbursement of costs, including reasonable incidental expenses, incurred by the Contractor under the patent clauses of this contract, excluding, however, any expenses arising from the Contractor's indemnification of the Government against patent liability.

52.245-2 Government Property Installation Operation Services. (Apr 2012)

GOVERNMENT PROPERTY INSTALLATION OPERATION SERVICES (APR 2012)

(a) This Government Property listed in paragraph (e) of this clause is furnished to the Contractor in an "as-is, where is" condition. The Government makes no warranty regarding the suitability for use of the Government property specified in this contract. The Contractor shall be afforded the opportunity to inspect the Government property as specified in the solicitation.

(b) The Government bears no responsibility for repair or replacement of any lost Government property. If any or all of the Government property is lost or becomes no longer usable, the Contractor shall be responsible for replacement of the property at Contractor expense. The Contractor shall have title to all replacement property and shall continue to be responsible for contract performance.

(c) Unless the Contracting Officer determines otherwise, the Government abandons all rights and title to unserviceable and scrap property resulting from contract performance. Upon notification to the Contracting Officer, the Contractor shall remove such property from the Government premises and dispose of it at Contractor expense.

(d) Except as provided in this clause, Government property furnished under this contract shall be governed by the Government Property clause of this contract.

(e) Government property provided under this clause:

252.225-7043 Antiterrorism/Force Protection for Defense Contractors Outside the United States. (Jun 2015)

ANTITERRORISM/FORCE PROTECTION POLICY FOR DEFENSE CONTRACTORS OUTSIDE THE UNITED STATES (JUN 2015)

(a) *Definition.* " United States ," as used in this clause, means, the 50 States, the District of Columbia , and outlying areas.

(b) Except as provided in paragraph (c) of this clause, the Contractor and its subcontractors, if performing or traveling outside the United States under this contract, shall-

(1) Affiliate with the Overseas Security Advisory Council, if the Contractor or subcontractor is a U.S. entity;

(2) Ensure that Contractor and subcontractor personnel who are U.S. nationals and are in-country on a non-transitory basis, register with the U.S. Embassy, and that Contractor and subcontractor personnel who are third country nationals comply with any security related requirements of the Embassy of their nationality;

(3) Provide, to Contractor and subcontractor personnel, antiterrorism/force protection awareness information commensurate with that which the Department of Defense (DoD) provides to its military and civilian personnel and their families, to the extent such information can be made available prior to travel outside the United States; and

(4) Obtain and comply with the most current antiterrorism/force protection guidance for Contractor and subcontractor personnel.

(c) The requirements of this clause do not apply to any subcontractor that is-

(1) A foreign government;

(2) A representative of a foreign government; or

(3) A foreign corporation wholly owned by a foreign government.

(d) Information and guidance pertaining to DoD antiterrorism/force protection can be obtained from _____ (Contracting Officer to insert applicable information cited in PGI 225.372-1 (DFARS/PGI view)).

252.204-7017	Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services-Representation.	(May 2021)
--------------	---	------------

PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (MAY 2021)

The Offeror is not required to complete the representation in this provision if the Offeror has represented in the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument."

(a) *Definitions.* "Covered defense telecommunications equipment or services," "covered mission," "critical technology," and "substantial or essential component," as used in this provision, have the meanings given in the 252.204-7018 clause, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services, of this solicitation.

(b) *Prohibition.* Section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits agencies from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at <https://www.sam.gov> for entities that are excluded when providing any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless a waiver is granted.

(d) *Representation.* If in its annual representations and certifications in SAM the Offeror has represented in paragraph (c) of the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does" provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument, then the Offeror shall complete the following additional representation:

The Offeror represents that it ☐ will ☐ will not provide covered defense telecommunications equipment or services as a part of its offered products or services to DoD in the performance of any award resulting from this solicitation.

(e) *Disclosures.* If the Offeror has represented in paragraph (d) of this provision that it "will provide covered defense telecommunications equipment or services," the Offeror shall provide the following information as part of the offer:

(1) A description of all covered defense telecommunications equipment and services offered (include brand or manufacturer; product, such as model number, original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable).

(2) An explanation of the proposed use of covered defense telecommunications equipment and services and any factors relevant to determining if such use would be permissible under the prohibition referenced in paragraph (b) of this provision.

(3) For services, the entity providing the covered defense telecommunications services (include entity name, unique entity identifier, and Commercial and Government Entity (CAGE) code, if known).

(4) For equipment, the entity that produced or provided the covered defense telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known).

252.204-7998 Alternate A, Annual Representations and Certifications. (DEVIATION 2026-O0043) (Feb 2026) Alternate A Deviation 2026-O0043 (Feb 2026)

Alternate A, Annual Representations and Certifications (DEVIATION 2026-O0043)(FEB 2026)

Include the following paragraphs (e), (f), and (g) in the provision at FAR 52.204-7:

(e)(1) If the provision at FAR 52.204-7, System for Award Management - Registration, is included in this solicitation, paragraph (g) of this provision applies.

(2) If the provision at FAR 52.204-7, System for Award Management - Registration, is not included in this solicitation, and the Offeror has an active registration in the System for Award Management (SAM), the Offeror may choose to use paragraph (g) of this provision instead of completing the corresponding individual representations and certifications in the solicitation. The Offeror shall indicate which option applies by checking one of the following boxes:

☐ (i) Paragraph (g) applies.

☐ (ii) Paragraph (g) does not apply and the Offeror has completed the individual representations and certifications in the solicitation.

(f)(1) The following representations or certifications in the SAM database are applicable to this solicitation as indicated:

(i) 252.204-7016, Covered Defense Telecommunications Equipment or Services--Representation. Applies to all solicitations.

(ii) 252.216-7008, Economic Price Adjustment--Wage Rates or Material Prices Controlled by a Foreign Government. Applies to solicitations for fixed-price supply and service contracts when the contract is to be performed wholly or in part in a foreign country, and a foreign government controls wage rates or material prices and may during contract performance impose a mandatory change in wages or prices of materials.

(iii) 252.225-7042, Authorization to Perform. Applies to all solicitations when performance will be wholly or in part in a foreign country.

(iv) 252.225-7049, Prohibition on Acquisition of Certain Foreign Commercial Satellite Services--Representations. Applies to solicitations for the acquisition of commercial satellite services.

(v) 252.225-7050, Disclosure of Ownership or Control by the Government of a Country that is a State Sponsor of Terrorism. Applies to all solicitations expected to result in contracts of \$150,000 or more.

(vi) 252.229-7012, Tax Exemptions (Italy)--Representation. Applies to solicitations when contract performance will be in Italy.

(vii) 252.229-7013, Tax Exemptions (Spain)--Representation. Applies to solicitations when contract performance will be in Spain.

(2) The following representations or certifications in SAM are applicable to this solicitation as indicated by the Contracting Officer: [Contracting Officer check as appropriate.]

☐ (i) 252.209-7002, Disclosure of Ownership or Control by a Foreign Government.

☐ (ii) 252.225-7000, Buy American--Balance of Payments Program Certificate.

☐ (iii) 252.225-7020, Trade Agreements Certificate.

☐ Use with Alternate I.

☐ (iv) 252.225-7031, Secondary Arab Boycott of Israel.

☐ (v) 252.225-7035, Buy American--Free Trade Agreements--Balance of Payments Program Certificate.

☐ Use with Alternate I.

☐ Use with Alternate II.

☐ Use with Alternate III.

☐ Use with Alternate IV.

☐ Use with Alternate V.

☐ (vi) 252.226-7002, Representation for Demonstration Project for Contractors Employing Persons with Disabilities.

☐ (vii) 252.232-7015, Performance-Based Payments--Representation.

(g) The Offeror has completed the annual representations and certifications electronically via the SAM website at <https://www.sam.gov> After reviewing the SAM database information, the Offeror verifies by submission of the offer that the representations and certifications currently posted electronically that apply to this solicitation as indicated in FAR 52.204-7 and paragraph (f) of this provision have been entered or updated within the last 12 months, are current, accurate, complete, and applicable to this solicitation (including the business size standard applicable to the NAICS code referenced for this solicitation), as of the date of this offer, and are incorporated in this offer by reference (see FAR 4.203-1); except for the changes identified below [*Offeror to insert changes, identifying change by provision number, title, date*]. These amended representation(s) and/or certification (s) are also incorporated in this offer and are current, accurate, and complete as of the date of this offer.

Section L - Instructions, Conditions, & Notices to Offerors or Quoters

SUBMISSION OF QUOTES (CPFF BEST-VALUE TRADE-OFF)

I. General

The Quoter's quote shall be in the form prescribed by, and shall contain a response to each of the areas identified in this solicitation section. The following instructions are provided in addition to instructions to Quoters contained elsewhere in this solicitation. Initial quotes and any modifications thereto are to be submitted to the Contracting Officer on or before the closing date and time cited elsewhere in the solicitation.

Quoters shall submit their quotes in two separate volumes as follows:

Volume I - Non-Cost quote

Volume II - Cost quote

In addition to the Cost quote, Quoters shall include the following in Volume II:

Solicitation cover sheet with appropriate blocks completed by the Quoter.

Acknowledgement of solicitation amendments pursuant to FAR 52.215-1 (if not previously provided).

Representations and Certifications completed by the Quoter in accordance with instructions contained elsewhere in this solicitation. If the Quoter has completed all of the representations and certifications required by this solicitation in SAM (www.sam.gov) in accordance with FAR 52.204-8 and DFARS 252.204-7007 ALT A, then the Quoter need not submit the hardcopy Representations and Certifications. The completion and submission of the above items will constitute an offer (quote) and will be considered the Quoter's unconditional assent to the terms and conditions of this solicitation and any attachments and/or exhibits hereto. Quoters shall respond to all requirements of the solicitation document. Quoters are cautioned not to alter the solicitation. Any affirmative exception to the material terms and conditions of the solicitation will render the offer ineligible for award. Alternate quotes are not authorized. In the event any person who is not a bona fide employee of the quoter participated in the creation, formulation, or writing of any portion of the quote, a certificate to this effect shall be included in the quote which shall be signed by an officer of the quoter. Such certificate shall identify the name of the person who is not a bona fide employee, that person's employment capacity, the name of the person's firm, the relationship of that firm to the quoter, and the portion of the quote in which the person participated.

II. REQUIREMENTS FOR QUOTE CONTENT

(1) Do not include CLASSIFIED data in your quote.

(2) Introduction and Purpose - This section specifies the format that quoters should use in quotes submitted in response to this solicitation. The intent is not to restrict the quoters in the manner in which they will perform their work but rather to ensure a certain degree of uniformity in the format of the quotes for evaluation purposes.

(3) Each volume should contain the following items in addition to the other information required by this solicitation:

Cover:

The cover should indicate the following:

Title of the quote

Volume Number (I or II)

Solicitation number

Name and address of quoter

Contractor point of contact (POC) with POC's email address and phone number

CAGE and Unique Entity ID of quoter

Identification of original signature copies

Table of Contents:

The table of contents should provide detail sufficient to allow the important elements to be easily located.

(4) Requirements for Style: Each quoter shall submit a quote that clearly and concisely sets forth the contractor's response to the requirements of the solicitation. Unnecessary elaboration or other presentations beyond that sufficient to present a complete and effective quote are not desired. The quote shall contain all the pertinent information in sufficient detail in the one area of the quote where it contributes most critically to the discussion. When necessary, the quoter shall refer to the initial discussion and identify its location within its quote.

(5) Page Limitations

Volume I, "Non-cost quote," is limited to a maximum of 20 pages in length inclusive of any charts, diagrams, and/or other graphics. Each "page" is defined as one sheet, 8 1/2" x 11", with at least one inch margins on all sides, using a font with a point size of 12 or greater (e.g., "Times New Roman" style with 12 point font). Lines shall, at a minimum, be single-spaced. Pages shall be consecutively numbered. Multiple pages, double pages, two-sided pages, or foldouts will count as an equivalent number of 8 1/2" x 11" pages. The cover sheet and table of contents (not to exceed one page per volume) will not count toward the page limit. The one exception to the font size requirement shown above is that the "past performance information form," including any continuation sheets, may be completed with a point size of 10 or greater. Pages submitted in excess of the page limitations described above will not be evaluated. The Navy may exercise discretion in determining which specific pages are considered to be in excess of the page limitations.

Volume II, "Cost quote," is not page limited.

III. QUOTE CONTENT

1. Volume I - Non-cost quote

Volume I of the quote shall include all information required for the evaluation of the quoter's Non-cost quote. It shall exclude any reference to the cost aspects of the quote. Each page of each copy should include the following legend:

Source Selection Information - See FAR 2.101 and 3.104

The Non-cost evaluation factors are listed below, with Performance Approach being more important than Past Performance:

(a) Performance Approach

The quoter shall provide a Performance Approach that will successfully accomplish the requirements of the solicitation, including the Performance Work Statement (PWS). The Performance Approach shall detail an approach to the following sample tasks/scenarios:

1. **Elite Constellation (EC) Campaign Design and Control:** The development of a comprehensive plan for the design, control, and assessment of the multi-year EC Campaign. The approach should include a Plan of Action and Milestones (POAM) for the campaign's administrative design and its Operational Environment (OE). It should also detail the methodology for creating exercise control plans for each campaign element (GICOL, GIE, MCC-CPX), assessing training effectiveness, and managing competing priorities across multiple Combatant Commands (CCMDs).
2. **Joint Exercise Control Group (JECG) Architecture and Synchronization:** The development and maintenance of the capability to support the JECG for the EC Campaign and other joint exercises. The approach should detail the design of the JECG command, control, and communications (C3) digital architecture, its operating procedures, and the labor categories being utilized. Furthermore, it should describe the methodology for synchronizing multiple JECGs, managing disparate command objectives, and ensuring unified cross-CCMD communication protocols in a globally distributed training environment.
3. **Global Scalability and Technical Integration:** The development of a strategy to provide scalable support for simultaneous EC events and other independent CCMD exercises occurring globally. The approach should address the management of human

capital, such as subject matter experts and controllers, who may need to transition rapidly between locations or support 24/7 operations. Additionally, the approach must describe the technical and security procedures for managing Cross-Domain Solutions (CDS) to ensure the secure and consistent transfer of data between different security enclaves (e.g., SIPR, JWICS, Coalition networks).

The quoter's approach to the sample tasks/scenarios shall include decomposition of the tasks/scenarios into tasks, task description(s), and should address the utilization of specific labor categories and skill sets, task flow and interfaces, schedule, risks associated with implementation of the approach, risk mitigation, magnitude of effort, and involvement of other organizations.

The quoter should also detail its approach to successfully accomplishing the requirements of the following PWS task areas: 5.5 Joint Event Life-Cycle (JELC); 5.6 Design Stage; 5.7 Planning Stage; 5.8 Preparation Stage; 5.8.2 Modeling and Simulation (M&S), C4I and Intel Systems; 5.9 Execution Stage; and 5.11 Analysis, Evaluation, and Reports Stage.

The quoter should provide any other information the quoter considers relevant to the solicitation.

(b) Past Performance

The quoter shall demonstrate relevant past performance or affirmatively state that it possesses no relevant past performance. Relevant past performance is performance under contracts or efforts within the past five years that is the same as, or similar to the scope, magnitude, and complexity of the work described by this solicitation. To demonstrate its past performance, the quoter shall identify up to three (3) of its most relevant contracts or efforts within the past five (5) years. The quoter should complete a "Past Performance Information Form" for each reference submitted. The quoter should provide a detailed explanation demonstrating the relevance of the contracts or efforts to the requirements of the solicitation. The quoter should also provide information on any problems encountered on the identified contracts or efforts and the quoter's corrective actions.

In considering the relevance of a quoter's past performance, the past performance references provided by the quoter will be evaluated individually. The Government reserves the right to evaluate submitted references in the aggregate in order to determine relevance and will do so consistently across all evaluated quotes. If the Government elects to consider past performance references in the aggregate, the method of aggregation shall be at the discretion of the Government. Individual references determined to be not relevant shall not be included in the aggregate evaluation. Only references exhibiting a meaningful degree of relevance in scope shall be considered in the aggregate. The Government will consider the quality of the Contractor's relevant past performance. Contract references for IDIQ contract vehicles shall provide the basic contract number and task order number. Such references that do not provide this information will not be reviewed or considered. For example, an IDIQ contract number, GSA Schedule contract, or BPA number will not be considered since performance occurs at the task order level. A singular task order number under one IDIQ contract equates to one effort. The Government is evaluating a maximum of three efforts.

If subcontractor past performance is provided as part of the three of its most relevant contracts or efforts, the subcontractor past performance will be given weight proportional to the scope, magnitude, and complexity, of the aspects of the work under the solicitation for which the subcontractor is proposed. Therefore, the quoter's quote shall detail clearly the aspects of the work in the solicitation that the subcontractor is proposed to perform. It is the quoter's responsibility to adequately explain the relevance of a reference provided for a subcontractor's past performance to the effort that the subcontractor is proposed to perform under the solicitation.

The Government reserves the right to obtain information for use in the evaluation of past performance from any and all sources including sources outside of the Government. When a quoter is determined to have relevant past performance, the quality of its relevant past performance will be evaluated. Quoters lacking relevant past performance history will not be evaluated favorably or unfavorably under the Past Performance factor. However, the quote of a quoter with no relevant past performance history, while not rated favorably or unfavorably for past performance, may not represent the most advantageous quote to the Government and, thus, may be an unsuccessful quote when compared to the quotes of other quoters. The evaluation of Past Performance is separate and distinct from the Contracting Officer's responsibility determination. The assessment of the quoter's past performance will be used as a means of evaluating how capable the quoter is of successfully accomplishing the requirements of the solicitation. In determining the rating for the Past Performance evaluation factor, the Government will give greater weight to the contracts or efforts which are determined to have greater relevance to the solicitation. A quoter whose past performance demonstrates either a low expectation or no expectation that the quoter will be able to successfully perform the required effort will be considered ineligible for award.

The "Past Performance Information Form" is an attachment to the solicitation. The forms will count toward the Volume I page limit described above. For additional information regarding a particular reference beyond that which will fit on the

form, the quoter may continue onto additional sheets of paper. Such continuation sheet(s) for submitted references will count toward the Volume I page limit.

The non-cost factor of Performance Approach must be determined to be Acceptable or better in order to be eligible for award. For the non-cost factor of Past Performance, a rating that is less than 'Unknown Confidence/Neutral,' i.e. 'Limited Confidence' or 'No Confidence' will render a quotation ineligible for award consideration. If a quoter's Performance Approach is rated less than 'Acceptable,' that concludes the evaluation of that quote i.e. Past Performance shall not be evaluated.

2. Volume II - Cost

Volume II, "Cost quote," is not page limited.

Each page of each copy of Volume II should include the following legend:

Source Selection Information - See FAR 2.101 and 3.104

The Cost quote in Volume II shall include the solicitation pricing pages completed by the quoter and a complete and detailed breakdown of the quoter's cost plus fixed fee (CPFF) with all supporting documentation. The quoter's cost quote shall not deviate from the level of effort set forth in Section B of the solicitation. The cost quote shall support the Non-cost quote. The cost quote shall include all elements of cost and such other cost information as considered appropriate to support the quoter's quote. The burden of proof for establishing the realism of all proposed costs rests with the quoter. The cost and pricing information shall be completed in accordance with the following:

(a) Separate cost and pricing information shall be submitted for each time period specified in the Solicitation Section B - Supplies or Services and Prices.

(b) Supporting data including labor rates and hours, burden rates, material lists and costs, travel charges, and "other direct costs" used in developing the cost breakdown should be furnished. The supporting data for "other direct costs" shall include an itemization of those costs and an explanation and justification for each cost so itemized.

(c) Uncompensated Overtime. Uncompensated overtime is not encouraged as work schedules averaging more than 40 hours per week can, over a period of time, lead to degradation of performance. Pursuant to FAR 52.237-10, "Identification of Uncompensated Overtime," quoters are reminded (1) "Whenever there is uncompensated overtime, the adjusted hourly rate (including uncompensated overtime), rather than the hourly rate, shall be applied to all proposed hours, whether regular or overtime hours", (2) "All proposed labor hours subject to the adjusted hourly rate (including uncompensated overtime) shall be identified as either regular or overtime hours, by labor categories, and described at the same level of detail. This is applicable to all quotes whether the labor hours are at the prime or subcontract level. This includes uncompensated overtime hours that are in indirect cost pools for personnel whose regular hours are normally charged direct." In that 52.237-10 requires that the quoter's accounting practices used to estimate uncompensated overtime be consistent with the quoter's cost accounting practices used to accumulate and report uncompensated overtime hours, each quoter proposing on the basis of uncompensated overtime should provide evidence of that consistency. Also, pursuant to FAR 52.237-10, each quoter proposing on the basis of uncompensated overtime is required to include a copy of its policy addressing uncompensated overtime with its quote. To the extent that a quoter is proposing on the basis of uncompensated overtime, the quoter shall explain why the use of uncompensated overtime will not degrade the level of technical expertise required to fulfill the Government's requirements.

(d) Direct Labor Rates. In order to verify the realism of the quoter's proposed direct labor rates, all quoters should submit, as part of their Cost quote, documentation substantiating the realism of their proposed direct labor rates. To the extent that a quoter is proposing a subcontractor on a cost-reimbursement basis, the documentation substantiating the accuracy of the subcontractor's proposed direct labor rates is also requested. Acceptable documentation may include the following:

(1) Payroll data (if proposing current, named employees)

(2) Actual billing records showing direct labor rates (if proposing current, named employees).

(3) Copies of signed Letters of Intent that indicate agreed upon annual salary (if proposing named, newhires)

(4) Copies of current or prior fiscal year DCMA Forward Pricing Rate Agreement (FPRA), the quoter's Forward Pricing Rate quote (FPRP), Provisional Billing Rate Approval or Provisional Billing Rate Submission, whichever is most recent.

(5) If labor category averages are used as consistent with the quoter's accounting practice and approved by DCAA, provide a detailed narrative and include the calculation used to establish the category average. For example, provide a list of the current salaries for all employees working in that labor category, divided by the number of current employees in that labor category.

(6) If quoting rates that do not fall within one of the above criteria, provide a detailed, comprehensive description of the methodology used to establish the quoted direct rate. The description shall include both the source where the rate was obtained and a description of how the resulting rate was calculated. Merely stating that a "salary survey" or "market survey" was used is generally not sufficient.

In preparing the cost quotation, the quoter shall include a spreadsheet that depicts the following total amounts tied back via formula into the cost development spreadsheets:

DIRECT LABOR (PRIME): \$_____

*A line for each separate indirect expense rate, for example:

FRINGE: \$_____

OVERHEAD: \$_____

G&A: \$_____

ANY OTHER INDIRECT EXPENSE ELEMENT: \$_____

*Subcontractor total for each subcontractor: \$_____

Fixed Fee: \$_____

TOTAL COST PLUS FIXED FEE: \$_____

TRAVEL: \$_____

TOTAL AMOUNT QUOTED: \$_____

*The prime quoter shall instruct the subcontractors to follow the same format in the development of its cost spreadsheets.

Quoters shall not lock any cells in their corresponding excel spreadsheets. Locked cells make it difficult for the Government to evaluate the cost quote. The quoter shall provide a narrative to explain any assumptions and the application of all burdens. This narrative shall be included as an attachment and cross referenced to the specific section of the cost quote. Quoters shall also include the percentage of cost the prime's cost is with respect to the total quoted amount, and the prime shall also describe the percentage of cost each subcontractor makes up compared to the total quoted amount. Quoters shall describe the percentage of level of effort (hours) the prime is quoted to deliver when compared to the solicited total estimated level of effort, and the prime shall also describe the percentage of level of effort (hours) each subcontractor is quoted to deliver when compared to the solicited total estimated level of effort. The prime shall describe the type of contract arrangement established between the prime and subcontractor (i.e. CPFF, FFP, etc), as well as the value of the subcontract.

REALISM OF COST QUOTATIONS:

A Quoter's quotation shall conform to this solicitation. Any significant inconsistency if unexplained, raises a fundamental issue of the Quoter's understanding of the nature and scope of the work required and of his financial ability to perform the task order, and may be grounds for rejection of the quotation. The burden of proof as to cost credibility rests with the Quoter. Quoters who do not have current DCAA approved rates or provisional billing agreements shall provide documentation such as payroll data, invoices, letters of intent with salary information with their cost quote that will assist the Contracting

Officer with analyzing their cost quote. Quoters shall require their subcontractor(s) to provide the same type of documentation to the Contracting Officer if the subcontractors do not have current DCAA approved rates or provisional billing agreements. If the Government is unable to verify the cost quotation, it will be deemed unrealistic and not be eligible for task order issuance.

In addition to the foregoing, the quoter should explain why it believes its proposed direct labor rates are realistic for the requirements to be performed, considering the technical and experiential qualifications necessary to accomplish the taskings.

(e) Indirect Costs. In order to verify the realism of the quoter's quoted indirect rates, all quoters should submit, as part of their Cost quote, documentation substantiating the accuracy of its proposed indirect rates. To the extent that a quoter is quoting a subcontractor on a cost-reimbursement basis, the documentation substantiating the accuracy of the subcontractor's quoted indirect rates is also required.

Acceptable documentation may include the following:

(1) Copies of current or prior fiscal year DCMA Forward Pricing Rate Agreement (FPRA), the quoter's Forward Pricing Rate quote (FPRP), Provisional Billing Rate Approval or Provisional Billing Rate Submission, whichever is most recent.

(2) If none of the documentation identified in paragraph (1) above is available, historical indirect data, to include provisional rates, actual incurred rates, and annual incurred cost claims (if submitted), shall be provided for the three years prior to the quoter's current fiscal year. This data should include the all of the quoter's indirect rates as applicable to the quoter's accounting system. If proposing indirect rates significantly different from recent incurred rates, quoters shall include a detailed explanation and supporting cost data (including budget information).

If the quoter is proposing subcontracts on other than a CPFF basis, the quoter should submit information as to whether the rates for the subcontractors are fixed based on a firm bilateral agreement with the subcontractor or merely proposed. In addition, the quoter shall explain why it believes the subcontractor can perform at those rates.

(f) For quote purposes, the following ratios of Contractor facility and Government facility labor performance are established for all labor categories:

Contractor Facility - 0%/Government Facility - 100%

(g) The quoter shall use the following estimated costs for travel amounts in preparing its cost quote. These estimated amounts will be used as common evaluation amounts in all quoters' quotes; the amounts specified below include no associated indirect costs. The quoter shall include the estimated travel costs specified below in its cost quote, and load the costs appropriately with indirect costs. The estimated amounts below, plus indirect costs, as determined cost realistic by the Government, will be used in the evaluation of quotes, and will be included in resultant contracts as "not-to exceed" amounts under which the quoter will be permitted to invoice its actual costs.

Travel:

Base: O&M \$1,879,960/ RDT&E \$20,000

Option I: O&M \$3,872,718/ RDT&E \$41,200

Option II: O&M \$3,988,900/ RDT&E \$42,436

Option III: O&M \$4,108,567/ RDT&E \$43,709

Option IV: O&M \$4,231,824/ RDT&E \$45,020

Option V (52.217-9): O&M \$1,879,960/ RDT&E \$20,000

(i) Travel estimated above is for travel and subsistence associated with performance under any resultant contract which will be reimbursed in accordance with the PWS text entitled "Reimbursement of Travel Costs."

- (ii) Any quoter having an accounting system which includes, within its indirect costs, travel and/or material shall specifically state this fact within the cost quote.
- (h) Any and all subcontracts identified in the Non-cost quote shall be identified and priced in the cost quote. Subcontracts (regardless of dollar value) shall be adequately documented.
- (i) If the quoter is currently being audited, or has been audited, by the Defense Contract Audit Agency (DCAA), the name and location of the assigned DCAA office should be furnished with the cost quote.
- (j) The quoter shall demonstrate that, as required by FAR 16-301-3(a)(3), its accounting system is adequate for determining costs applicable to the contract. If the quoter has an accounting system that has been determined by DCAA to be adequate for a cost reimbursement contract, the quoter should provide documentation of DCAA's determination. If a quoter's accounting system has not been determined, by DCAA, to be adequate for determining costs applicable to cost reimbursement contracts, the quoter will be considered ineligible for contract award.

NOTICE OF PRICE EVALUATION PREFERENCE FOR HUBZONE SMALL BUSINESS CONCERNS (FEB 2026) (DEVIATION)

(a) Evaluation preference.

(1) Offers will be evaluated by adding a factor of 10 percent to the price of all offers, except-

(i) Offers from HUBZone small business concerns that have not waived the evaluation preference; and

(ii) Otherwise successful offers from small business concerns.

(b) *Waiver of evaluation preference.* A HUBZone small business concern may choose to waive the evaluation preference. If the concern waives the preference, the factor will be added to its offer for evaluation purposes.

☐ Offeror chooses to waive the evaluation preference.

(c) *Joint venture.* A HUBZone joint venture agrees that, in the performance of the contract, at least 40 percent of the aggregate work performed by the joint venture shall be completed by the HUBZone small business parties to the joint venture. Work performed by the HUBZone small business parties to the joint venture must be more than administrative functions.

252.215-7010 **Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data. (DEVIATION 2024-O0007)** (May 2024) Deviation 2024-O0007 (Feb 2024)

REQUIREMENTS FOR CERTIFIED COST OR PRICING DATA AND DATA OTHER THAN CERTIFIED COST OR PRICING DATA (DEVIATION 2024-O0007)(FEB 2024)

(a) *Definitions.* As used in this provision-

“Market prices” means current prices that are established in the course of ordinary trade between buyers and sellers free to bargain and that can be substantiated through competition or from sources independent of the offerors.

“Non-Government sales” means sales of the supplies or services to non-Governmental entities for purposes other than governmental purposes.

“Relevant sales data” means information provided by an offeror on sales of the same or similar items that can be used to establish price reasonableness taking into consideration the age, volume, and nature of the transactions (including any related discounts, refunds, rebates, offsets, or other adjustments).

“Sufficient non-Government sales” means relevant sales data that reflects market pricing and contains enough information to make adjustments covered by FAR 15.404-1(b)(2)(ii)(B).

“Uncertified cost data” means the subset of “data other than certified cost or pricing data” (see FAR 2.101) that relates to cost.

(b) *Exceptions from certified cost or pricing data.*

(1) In lieu of submitting certified cost or pricing data, the Offeror may submit a written request for exception by submitting the information described in paragraphs (b)(1)(i) and (ii) of this provision. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine whether an exception should be granted and whether the price is fair and reasonable.

(i) *Exception for price set by law or regulation - Identification of the law or regulation establishing the price offered.* If the price is controlled under law by periodic rulings, reviews, or similar actions of a governmental body, attach a copy of the controlling document, unless it was previously submitted to the contracting office.

(ii) *Commercial item exception.* For a commercial item exception, the Offeror shall submit, at a minimum, information that is adequate for evaluating the reasonableness of the price for this acquisition, including prices at which the same item or similar items have been sold in the commercial market. Such information shall include-

(A) For items previously determined to be commercial, the contract number and military department, defense agency, or other DoD component that rendered such determination, and if available, a Government point of contact;

(B) For items priced based on a catalog-

(1) A copy of or identification of the Offeror’s current catalog showing the price for that item; and

(2) If the catalog pricing provided with this proposal is not consistent with all relevant sales data, a detailed description of differences or inconsistencies between or among the relevant sales data, the proposed price, and the catalog price (including any related discounts, refunds, rebates, offsets, or other adjustments);

(C) For items priced based on market pricing, a description of the nature of the commercial market, the methodology used to establish a market price, and all relevant sales data. The description shall be adequate to permit DoD to verify the accuracy of the description;

(D) For items included on an active Federal Supply Service Multiple Award Schedule contract, proof that an exception has been granted for the schedule item; or

(E) For items provided by nontraditional defense contractors, a statement that the entity is not currently performing and has not performed, for at least the 1-year period preceding the solicitation of sources by DoD for the procurement or transaction, any contract or subcontract for DoD that is subject to full coverage under the cost accounting standards prescribed pursuant to 41 U.S.C. 1502 and the regulations implementing such section.

(2) The Offeror grants the Contracting Officer or an authorized representative the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify any request for an exception under this provision, and to determine the reasonableness of price.

(c) *Requirements for certified cost or pricing data.* This acquisition is accomplished under the authority of section 890 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2019 (Pub. L. 115-232), as amended by section 825 of the NDAA for FY 2020 (Pub. L. 116-92), section 818 of the NDAA for FY 2023 (Pub. L. 117-263), and section 841 of the NDAA for FY 2024 (Pub. L. 118-31). The intent of this pilot

program is to test the efficacy of basing price reasonableness determinations primarily on actual costs of performance for prior purchases of the same or similar products for the Department of Defense. If the Offeror is not granted an exception from the requirement to submit certified cost or pricing data, the following applies:

(1) In lieu of providing complete cost or pricing data, as defined in FAR 2.101, the Offeror shall submit a subset of cost or pricing data and supporting attachments as follows: ____ *[Contracting Officer shall list the specific cost or pricing data deemed necessary to establish price reasonableness for this acquisition, and describe the required submission format for each type of data. At a minimum, the Contracting Officer shall identify the specific prior DoD purchases of the same or similar products for which the Offeror is required to submit the actual cost of performance. The Offeror is not required to submit cost or pricing data that is not listed within this provision. If the Contracting Officer finds that additional cost or pricing data are needed in order to determine that the price is fair and reasonable, the Contracting Officer shall issue an amendment to the solicitation, revising this paragraph as needed to require the submission of the additional data.]*

(2)(i) As soon as practicable after agreement on price, but before contract award (except for unpriced actions such as letter contracts), the Offeror shall submit a Certificate of Current Cost or Pricing Data, using the following language:

Certificate of Current Cost or Pricing Data for Acquisitions Accomplished under the Authority of Section 890 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2019, as amended by Section 825 of the NDAA for FY 2020, Section 818 of the NDAA for 2023, and Section 841 of the NDAA for FY 2024

This is to certify that, to the best of my knowledge and belief, the cost or pricing data required by the provision at 252.215-7010, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data (DEVIATION 2024-O0007) of the Request for Proposal for this action, and submitted either actually or by specific identification in writing, to the Contracting Officer or to the Contracting Officer's Representative in support of ____* are accurate, complete, and current as of ____**. This certification includes the cost or pricing data supporting any advance agreements and forward pricing rate agreements between the Offeror and the Government that are part of the proposal.

*Identify the proposal involved, giving the appropriate identifying number (e.g., RFP No.).

**Insert the day, month, and year when price negotiations were concluded and price agreement was reached or, if applicable, an earlier date agreed upon between the parties that is as close as practicable to the date of agreement on price.

***Insert the day, month, and year of signing, which should be as close as practicable to the date when the price negotiations were concluded and the contract price was agreed to.

(ii) The certificate does not constitute a representation as to the accuracy of the Offeror's judgment on the estimate of future costs or projections. It applies to the data upon which the judgment or estimate was based. This distinction between fact and judgment should be clearly understood. With respect to the certified cost or pricing data required by paragraphs (c)(1) or (e) of this provision (as revised by solicitation amendment, if applicable), if the Offeror had information reasonably available at the time of agreement showing that the negotiated price was not based on accurate, complete, and current data, the Offeror's responsibility is not limited by any lack of personal knowledge of the information on the part of its negotiators.

(iii) The Contracting Officer and Offeror are encouraged to reach a prior agreement on criteria for establishing closing or cutoff dates when appropriate in order to minimize delays associated with proposal updates. Closing or cutoff dates applicable to the certified cost or pricing data required by paragraphs (c)(1) or (e) of this provision should be included as part of the data submitted with the proposal and, before agreement on price, data should be updated by the contractor to the latest closing or cutoff dates for which the data are available. Use of cutoff dates coinciding with reports is acceptable, as certain data may not be reasonably available before normal periodic closing dates (e.g., actual indirect costs). Data within the Offeror's or a subcontractor's organization on matters significant to contractor management and to the Government will be treated as reasonably available, if that data was required to be submitted by paragraph (c)(1) or (e) of this provision. What is significant depends upon the circumstances of each acquisition.

(iv) Possession of a Certificate of Current Cost or Pricing Data is not a substitute for examining and analyzing the Offeror's proposal.

(v) If certified cost or pricing data are requested by the Government and submitted by the Offeror, but an exception is later found to apply, the data shall not be considered certified cost or pricing data and shall not be certified in accordance with this subsection.

(3) The Offeror is responsible for determining whether a subcontractor qualifies for an exception from the requirement for submission of certified cost or pricing data on the basis of adequate price competition, i.e., two or more responsible offerors, competing independently, submit priced offers that satisfy the Government's expressed requirement in accordance with FAR 15.403-1(c)(1).

(d) *Requirements for data other than certified cost or pricing data.*

(1) Data other than certified cost or pricing data submitted in accordance with this provision shall include all data necessary to permit a determination that the proposed price is fair and reasonable, to include the requirements in DFARS 215.402(a)(i) and 215.404-1(b).

(2) In cases in which uncertified cost data is required, the information shall be provided in the form in which it is regularly maintained by the Offeror or prospective subcontractor in its business operations.

(3) The Offeror shall provide information described as follows: _____ [Insert description of the data and the format that are required, including access to records necessary to permit an adequate evaluation of the proposed price in accordance with FAR 15.403-3].

(4) Within 10 days of a written request from the Contracting Officer for additional information to support proposal analysis, the Offeror shall provide either the requested information, or a written explanation for the inability to fully comply.

(5) *Subcontract price evaluation.*

(i) The Offeror shall obtain from subcontractors the minimum information necessary to support a determination of price reasonableness, as described in FAR part 15 and DFARS part 215.

(ii) No cost information may be required from a prospective subcontractor in any case in which there are sufficient non-Government sales of the same item to establish reasonableness of price.

(iii) If the Offeror relies on relevant sales data for similar items to determine the price is reasonable, the Offeror shall obtain only that technical information necessary—

(A) To support the conclusion that items are technically similar; and

(B) To explain any technical differences that account for variances between the proposed prices and the sales data presented, but excluding paragraph (c), in all subcontracts exceeding the simplified acquisition threshold defined in FAR part 2.

(e) *Subcontracts.*

(1) For subcontracts above the threshold for submission of certified cost or pricing data in FAR 15.403-4 to which the authority of the Section 890 pilot has been flowed down, in lieu of the requirements in paragraphs (a) and (b) of the clause at 52.215-12, Subcontractor Certified Cost or Pricing Data, of this solicitation, the Offeror shall require the subcontractor to submit a subset of cost or pricing data (actually or by specific identification in writing) as follows:

(i) _____

[Contracting Officer shall add paragraphs as necessary to identify each first-tier subcontract to which the authority of the Section 890 pilot has been flowed down, and the specific certified cost or pricing data required for each subcontract. Contracting Officer shall list the specific cost or pricing data deemed necessary to determine that the price is fair and reasonable for each subcontract, and describe the required submission format for each type of data. The type and extent of data required may differ based on the dollar value of the subcontract proposal, or other appropriate considerations. At a minimum, the Contracting Officer shall identify the specific prior subcontracts awarded in support of the DoD purchases of the same or similar products for which the subcontractor is required to submit the actual cost of performance. The Contracting Officer shall specify whether the authority of the Section 890 pilot is further flowed down to any lower-tier subcontract pertaining to each first-tier subcontract. Where the pilot authority is flowed down to lower-tier subcontracts, the Contracting Officer shall describe the specific certified cost or pricing data that is to be provided by each affected lower-tier subcontractor. The subcontractor and lower tier subcontractors to which the pilot authority is flowed down are not required to submit certified cost or pricing data that is not listed within this provision. If the Contracting Officer finds that additional certified cost or pricing data are needed in order to determine that the price is fair and reasonable, the Contracting Officer shall issue an amendment to the solicitation, revising this paragraph as needed to require the submission of the additional data.]

(ii) In the event a subcontractor denies the Offeror access to the data described in paragraph (e)(1)(i) of this provision, the data may be provided directly to the Contracting Officer.

(iii) If a subcontractor is unable to provide the extent of historical actual cost experience required by paragraph (e)(1)(i), then the Offeror shall require the subcontractor to provide certified cost or pricing data in accordance with paragraph (e)(2) of this clause.

(iv) The Offeror shall require the subcontractor to certify in substantially the form prescribed in paragraph (c)(2) of this provision that, to the best of its knowledge and belief, the data submitted under paragraph (e)(1)(i) of this provision were accurate, complete, and current as of the date of agreement on the negotiated price of the subcontract.

(2) For subcontracts above the threshold for submission of certified cost or pricing data in FAR 15.403-4 to which the authority of the Section 890 pilot has not been flowed down, the Offeror shall require the subcontractor to provide certified cost or pricing data in accordance with the clause at 52.215-12, Subcontractor Certified Cost or Pricing Data, of this solicitation and shall require the subcontractor to certify in substantially the form prescribed in FAR 15.406-2 that, to the best of its knowledge and belief, the data submitted under paragraph (a) of the clause at 52.215-12 were accurate, complete, and current as of the date of agreement on the negotiated price of the subcontract.

(End of provision)

Section M - Evaluation Factors for Award

This Task Order is reserved only for those contractors determined to be viable in accordance with the STEP ONE submission instructions contained in the General Information section at the top of this solicitation and invited to submit a technical and cost quote in accordance with the instructions contained in Section L and M of this solicitation.

EVALUATION CRITERIA AND THE BASIS FOR AWARD (CPFF BEST-VALUE TRADE-OFF)

(1) Quotes will be evaluated in accordance with the instructions set forth in Section L as well as the evaluation criteria contained in this section. The Government intends to issue a task order resulting from this solicitation to the responsible quoter whose quote represents the best value after evaluation in accordance with the factors (and subfactors, if any) in the solicitation. The quoter's responses to the "Instructions to quoters" in Section L of the solicitation will form the basis of the evaluation of quotes as follows: A rating that is less than "Acceptable" in any non-cost evaluation factor and/or less than a "Satisfactory Confidence" rating in the Past Performance evaluation factor will render a quote ineligible for award consideration as submitted. The evaluation of quotes will consider the quoter's non-cost quote to be significantly more important than the quoter's cost quote.

(2) The Non-cost evaluation factors are listed below, with Performance Approach being more important than Past Performance:

Performance Approach

Past Performance

In considering the relevance of a quoter's past performance, the past performance references provided by the quoter will be evaluated individually. If subcontractor past performance is provided as part of the three (3) of its most relevant contracts or efforts, the subcontractor past performance will be given weight proportional to the scope and magnitude of the aspects of the work under the solicitation for which the subcontractor is proposed. The Government reserves the right to obtain information for use in the evaluation of past performance from any and all sources including sources outside of the Government. When a quoter is determined to have relevant past performance, the quality of its relevant past performance will be evaluated. Quoters lacking relevant past performance history will not be evaluated favorably or unfavorably under the Past Performance factor. However, the quote of a quoter with no relevant past performance history, while not rated favorably or unfavorably for past performance, may not represent the most advantageous quote to the Government and, thus, may be an unsuccessful quote when compared to the quotes of other quoters. The evaluation of Past Performance is separate and distinct from the Contracting Officer's responsibility determination. The assessment of the quoter's past performance will be used as a means of evaluating how capable the quoter is of successfully accomplishing the requirements of the solicitation. In determining the rating for the Past Performance evaluation factor, the Government will give greater weight to the contracts or efforts which are determined to have greater relevance to the solicitation. A quoter whose past performance demonstrates either a low expectation or no expectation that the quoter will be able to successfully perform the required effort will be considered ineligible for award.

For all non-cost factors (other than Past Performance), a quoter's submission must be determined to be Acceptable or better in order to be eligible for award. A rating that is less than "Acceptable" in any non-cost evaluation factor and/or less than a "Satisfactory Confidence" rating in the Past Performance evaluation factor will render a quote ineligible for award consideration as submitted.

The Government reserves the right to issue the task order to other than the quoter with the lowest evaluated CPFF. Cost will be evaluated on the basis of cost realism pursuant to FAR 15.404-3; the method of cost realism analysis to be used is at the discretion of the Contracting Officer.

With regard to FAR 52.237-10, "Identification of Uncompensated Overtime," quotes submitted that are based on the use of uncompensated overtime will be evaluated to ensure that the use of uncompensated overtime will not degrade the level of technical expertise required to fulfill the Government's requirements. In addition, a risk assessment will be conducted on quotes to be awarded on the basis of uncompensated overtime, with such evaluation to include risk assessments such as (1) unrealistically low labor rates or other costs that may result in quality or service shortfalls and (2) unbalanced distribution of uncompensated overtime among skill levels and its use in key technical positions.

The evaluation of the quoter's proposed Uncompensated Overtime (if any), will be assessed for performance risk, aside from any adjustments to the quoter's cost quote that the Government sees as necessary for the cost realism evaluation. To the extent that a quoter's proposed Uncompensated Overtime is evaluated as presenting a high risk to successful performance, the quoter's quote will be considered unawardable.
