Additional information on contractor requirements and work under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order 13658 generally applies to contracts subject to the Contract Act that were awarded on or between January 1, 2015 and January 1, 2025 and that have not been renewed or extended on or after January 30, 2025. If a contract is subject to Executive Order 13658, the contractor must pay workers at least \$13.30 per hour (or the applicable wage rate listed in the contract, if it is higher) for all hours spent performing on the contract through 2025. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protection under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE

1) COMPUTER EMPLOYEES: This wage determination does not apply to an employee employed in a bona fide executive, administrative, or professional capacity as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Systems Analysts and Computer Programmers who are paid at least \$27.60 per hour (at least \$684 per week if paid on a salary or fee basis) likely qualify as computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(2), this determination may not include wage rates for all occupations within these families. In such instances, a conformance will be necessary if there are employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, a factor determinative of whether an employee is an exempt computer professional.

exempt, computer employees who satisfy the compensation requirements and have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing, and modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and whose primary duty test qualifies as an exempt computer professional under section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Fiscal Year 2006 Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination applies to any exempt computer employee regardless of which of these two tests is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY
If you work at night as part of a regular tour of duty, you will earn a night shift premium and receive an additional 10% of basic pay for any hours worked between midnight and 5:00 a.m.

The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the cost of the uniforms. In addition, where uniform cleaning and maintenance is the responsibility of the employee, all contractors and subcontractors under this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of convincing affirmative proof as to the actual cost), reimburse all employees for the cost of uniform and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). - 2) After contract award, the contractor prepares a written report listing the proposed classification title(s), a Federal grade equivalency (FG grade), proposed classification(s), job description(s), and rationale for proposed rate(s).

rate(s), including information regarding the agreement or disagreement of an authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employee classification, to the Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(iii)).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer. The agency notifies the contracting officer that additional time will be required to complete the request.

5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.

6) Each affected employee shall be furnished by the contractor with a copy of such determination or it shall be posted as a part of the wage determination. (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 (Rev. 10-1-80).

When preparing a conformance request, the "Service Contract Act Directly Related Occupations" should be used to compare job definitions to ensure that the requested work is not performed by a classification already listed in the determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination.

Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c))
