Elevator Safety Inspection

- 1. BACKGROUND:** Fifty (50) elevators have not undergone independent testing for more than ten (10) years. The current elevator maintenance contract has caused near-catastrophic shutdowns

across both NLR and JLM campuses. The engineers have lost confidence in the assessments of the elevators. The elevators require annual testing and certification. This does not apply to federal buildings; ignoring this guidance has led to the current elevator troubles. The buildings have experienced constant outages and patients in walkers taking the stairs, providing major fall hazards. The elevators require larger five (5) year and three (3) year load tests depending on the elevator type.

2. **SCOPE:** Elevator safety inspections for all traction and hydraulic elevators are located at Central Arkansas Veterans Healthcare System (CAVHS) in Little Rock and North Little Rock, AR. Veterans Affairs (VA) requires a QEI-1 certified elevator inspector to witness and certify one (1) period inspection per year, one (1) annual safety test per year, and one (1) five-year load test of all elevators, cartlifts, and dumbwaiters. The elevator maintenance contractor under contract with the CAVHS at the specific building location shall be present and assist in the inspection and testing. The elevator maintenance contractor shall provide the necessary expertise, manpower, test weights, gauges, dynamometers, etc., to perform the various inspections and tests required by code. The elevator inspector shall provide door pressure gauges, stopwatches, calipers, flashlights, and other small hand tools necessary to conduct inspections. All safety inspections shall be made in accordance with the latest revised edition of the American Society of Mechanical Engineers (ASME) Safety Code for Elevators and Escalators, Manual A17.1, Sections X, A17.2, A17.3, A17.4, A17.5, and A18.1. The most current publication shall be used at all times. All written deliverables shall be phrased in layperson language. Statistical and other technical terminology shall not be used without providing a glossary of terms. All written deliverables shall be phrased in layperson language. Statistical and other technical terminology shall not be used without providing a glossary of terms.

4. GENERAL REQUIREMENTS: Contractor shall provide elevator safety inspections that include, but are not limited to, the following:

- a. The vendor shall provide all inspection, engineering, management, supervision, manpower, materials, supplies, equipment, travel and all costs to and from, to plan, schedule, coordinate and assure effective performance of all inspection services for the elevators and other vertical transport equipment. Any changes to this contract shall be

reflected in a written modification to this contract, signed by the contractor and the Contracting Officer.

- b. The contractor shall be certified by the Elevator Safety Division at the Arkansas Department of Labor and Licensing. The contractor shall furnish all qualified/certified personnel, materials, equipment, and services to include lodging, travel, and meals necessary to perform the scope of work. The contractor shall witness semi-annual inspections, annual safety tests, and five-year load tests on electric and three-year pressure tests on hydraulic elevators and dumbwaiters. These specifications cover the semi-annual inspections of electric or hydraulic elevators and dumbwaiters, the annual inspections of electric or hydraulic elevators and dumbwaiters, annual tests of governor and safety devices, on all facility elevators and dumbwaiters during the period indicated in the quote schedule for the base year period and a total of four (4) twelve-month renewal option periods. Inspections and documentation shall be in accordance with the American National Standard Safety Code (ANSI), NFPA 70 National Electric Code, and the American Society of Mechanical Engineers (ASME) Safety Code for Elevators and Escalators manual A17.1 Section X, A17.2, A17.3, A17.4, A17.5, A18.1 most recent edition, and the most current publication will be used at all times.
- c. It is the responsibility of the inspector to determine if the equipment is in safe operating condition, that it has not been altered except in conformity to the applicable codes or regulations, and that each elevator will perform in accordance with all applicable inspection requirements.
- d. Inspections must include, but are not limited to, the inside of the elevator, elevator machine room, elevator control room, secondary equipment machine room, top of elevator, hoistway, elevator lobbies, and elevator pit.
- e. Site visit/inspection must include a review of the existing equipment for safety code compliance, firefighters' service, Americans with Disabilities Act (ADA) Accessibility Guidelines (ADAAG) requirements, recommended upgrades, and modernization needs based on the long-term life expectancy of the current equipment.
- f. During any inspection parts must be removed where necessary to determine the exact condition of parts which cannot otherwise be determined, and the equipment must be cleaned where necessary to make the proper inspection. All parts must be reinstalled after removal.
- g. **SEMI-ANNUAL INSPECTION:** The inspections shall be thorough and cover all items as specified in the listing, which will include all CAVH's elevators/dumbwaiters. Inspection should cover any other parts and assemblies not listed there under to make a proper inspection. (1) Furnishing and Installing Minor Parts: Parts removed as required to perform any inspections and thus damaged by removal shall be replaced by the contractor at no additional cost to the Government. Examples of such items would be retaining clips, insulators, wire connectors, fuse of fuse links, nylon wire ties, seals (lead, plastic, or aluminum), etc. (2) The inspection company is required to furnish the tools and labor to perform the semi-annual no-load tests. The elevator maintenance contractor will not be performing any services during the semi-annual inspection; however, if the elevator fails, the maintenance required to return it to full operational status will override the inspection. At that time, the inspection can move forward. Periodic inspection must be conducted at six (6) month intervals between the annual inspections.

- h. ANNUAL SAFETY INSPECTION:** An annual safety inspection will be conducted on elevators/dumbwaiters. Safeties shall be subjected to an annual running test per the recommended guidelines as indicated by ANSI/ASME A17.1.
- (1) The elevator maintenance company is required to furnish the tools and labor to perform the annual no-load tests. The inspection contractor shall witness and certify the inspection.
 - (2) Phase I Lobby Key Switch (maintenance and fire service personnel system verification checks) recall by use of the key switch, and a minimum of one-floor operation on Phase II Service check should be accomplished during the annual safety check.
 - (3) Inspections are to be made in accordance with the American National Standard Safety Code for Elevators and Escalators manual, ANSI/ASME A17.1 Section X, latest edition. Elevators are to be run at a slow speed.
- i. FIVE (5) YEAR SAFETY TEST/THREE (3) YEAR PRESSURE:** A five-year safety test shall be performed on the elevators and dumbwaiters listed. Safeties shall be subjected to the ASME testing standards for car and counterweights, safeties, governors, and oil buffers. All work is to be performed in accordance with Rule 1002.3, 5-year inspection test requirements, ASME A17.1, latest edition.
- (1) At a minimum, elevators/dumbwaiters at all stations should have the following inspection points covered in accordance with ASME A17.1 Section X, plus A17.2 for the full load tests:
 - Test the car safety devices and overspeed governor with 100% contract load at speed.
 - Test the car brake and emergency power operation with 125% contract load.
 - Testing and calibration of the overspeed governor jaw and overspeed switch tripping speeds.
 - Attach metal test tags. Seal and tag all safety devices and oil buffers.
 - Test the oil buffers in the following manner:
 - running onto the car buffers with contract load at inspection speed.
 - running onto the counterweight buffers with the car empty running at inspection speed in the up direction.
 - Test terminal, normal and emergency limits.
 - Test leveling zone and leveling speeds with contract load.
 - Test the door pressure and kinetic energy.
 - Test the governor pull-through tension.
 - Record the following: capacity, speed empty up and down, speed loaded up and down, safety jaw tripping speed, overspeed governor tripping speed, safety slide on the rails, governor pull through, governor plate speed, car level after test, buffer return time, complete firefighters service check as applicable, and safety rope pull out as applicable.
 - Perform all inspections and tests in strict accordance with ANSI/ASME A17.1, Section X plus A 17.2.
 - List code violations observed during tests.
 - A five-year load test is required based on DIV II - 210.2.
 - (2) Testing requires 50 lb. test weights.
 - (3) The elevator maintenance company is required to furnish weights, tools, and labor to perform the five-year full load test. The elevator inspection contractor shall witness and certify the inspection.

- (4) The contractor shall perform a three-year pressure test on all hydraulic elevators IAW ASME A17.1, latest edition.

5. WORK HOURS AND SCHEDULING ARRANGEMENTS: Semi-annual inspections and annual safety tests shall be made during the contract period of performance on the quote schedule for elevators/dumbwaiters at each CAVHS Medical Center for the base period and any renewal option periods exercised. All elevators shall require inspections, including but not limited to annual no-load, slow-speed safety tests of car safeties, governors, and buffers; Semi-annual Firefighter's Service operation tests, annual Firefighter's Service operation tests, and standby power operation tests, battery pack lowering and car emergency lighting, pressure relief valve tests, and 5-year full load, full speed tests of car safeties.

- a. Inspections shall be conducted in accordance with ASME A17.1 Safety Code for Elevators and Escalators and shall be based on the code edition in effect at the time when elevators were installed or modernized.
- b. All inspections shall be coordinated with the CAVHS's Facilities Manager and/or Contracting Officers Representative (COR). The inspector shall also coordinate inspections and inspection time frames with the appropriate elevator maintenance contractor currently under contract with the VA. The COR at the medical center shall accompany the contractor as an observer for the duration of each inspection. The VA Medical Center's COR shall be notified in writing no less than fifteen (15) calendar days before the scheduled inspection. Upon arrival to perform inspection, all service contract personnel shall check in and out before providing services. Location for checking in and out during normal business hours will be indicated at the time of award. Service tickets shall be signed and dated, indicating work is complete or incomplete.
- c. The inspector shall not proceed to the inspection site until the schedule has been agreed upon and coordinated with all parties involved in the scheduling process. All work shall be performed during regular working hours of the elevator trade, Monday through Friday, 7:00 AM to 4:00 PM, excluding government holidays. Inspection that may severely impact elevator service, or incapacitate a bank of elevators, shall be performed after normal working hours, i.e., firefighters' service, emergency control systems, etc. All work performed outside of regular working hours shall be approved in advance by the COR. Work will not be scheduled or performed on federal holidays. The Federal Holidays, which are observed by the federal government, are annotated below:

• New Year's Day	January 1
• Martin Luther King's Birthday	Third Monday in January
• President's Day	Third Monday in February
• Memorial Day	Last Monday in May
• Juneteenth	June 19
• Independence Day	July 4
• Labor Day	First Monday in September
• Columbus Day	Second Monday in October
• Veterans Day	November 11
• Thanksgiving Day	Fourth Thursday in November
• Christmas Day	December 25

- Any other day specifically declared to be a national holiday (per Federal Statute, Executive Order, or by the President's Proclamation).

- d. Should after-hour inspections be required, the Government shall pay the difference between the straight time hourly labor rate and the overtime rate as established on the pricing schedule. Overtime work shall receive prior approval from the COR. Overtime hours will be computed between the hours of 3:29 PM CST and 6:59 AM CST, Monday through Friday. Weekend work will be paid at the full overtime rate as established on the quote schedule. The full overtime rate will apply for work performed during the following National holidays: Labor Day, Christmas, New Year's, Thanksgiving, Memorial Day, and Independence Day. Inspections performed during other Government holidays will be paid at the straight-time hourly rate.
 - e. Inspections that require a return visit to the work site due to unforeseen problems that cause a delay in the inspection process shall be addressed to the Contracting Officer and COR on a case-by-case basis. The contractor may be reimbursed for additional time spent on the job site; however, the cost for additional man-hours shall be negotiated with the Contracting Officer before starting work. Reimbursement shall be based on the price per man-hour for inspection time as reflected in the price quote schedule.
 - f. As a minimum, the inspector shall maintain a library of the following publications applicable to the type of inspection being conducted:
 - (1) ASME A17.1 – Safety Code for Elevators and Escalators
 - (2) ASME A17.5 – Elevator and Escalator Electrical Equipment
 - (3) ASME A17.2 – Inspector’s Guide for Inspection of Elevators, Escalators and Moving Walks
 - (4) ASME A17.3 – Safety Code for Existing Elevators and Escalators
 - (5) NFPA 70 – National Electric Code
 - (6) Applicable IBC and NFPA code books
 - (7) ASME 18.1 – Safety Standard for Platform Lifts and Stairway Chairlifts
 - g. The elevator maintenance contractor under contract with the VA at the specific building location will be present and assist in the inspection and testing. The elevator maintenance contractor will provide the necessary expertise, manpower, test weights, gauges, dynamometers, etc., to perform the various inspections and tests required by code. The elevator inspector shall provide a door pressure gauge, stopwatch, calipers, flashlights, and other small hand tools necessary to conduct inspections.
 - h. It is the responsibility of the inspector to determine if the equipment is in a safe operating condition, that it has not been altered except in conformity to the applicable codes or regulations, and that each elevator will perform in accordance with all applicable inspection requirements.
 - i. In order to become fully aware of the scope of work, offerors should thoroughly review the specifications before submitting their quote. Failure to understand the contract requirements shall not relieve the successful offeror from performing in accordance with the strict meaning and intent of the specifications.
6. **PLACE OF PERFORMANCE:** The work will be performed at the following government facility:
- a. **John L McClellan Memorial Hospital** – 4300 West Seventh Street, Little Rock, AR 72205
 - b. **Fort Roots** – 2200 Fort Roots Drive, North Little Rock, AR 72114
7. **WORKMANSHIP:** All inspections shall be conducted professionally and thoroughly. All inspections, workmanship, or equipment shall be subject to re-inspection, examination, and test

by Government inspectors always during the work and at all places where such work is being conducted. The Government shall have the right to reject defective inspections or reports. Rejected inspections or reports shall be satisfactorily corrected and/or replaced without additional expense to the Government.

8. **CERTIFICATE OF INSPECTION:** The inspector shall, upon completion of inspection, ensure that the inspector's signature and date are entered on the Government-furnished Certificate of Elevator Inspection. Certificates for elevators are to be posted on file in the Facilities Management Office.

Should the inspector, using professional judgment, believe the elevator to be unsafe at the time of inspection, he or she may, at his or her discretion, shut the elevator down until corrective action is taken. Elevator service shall not be restored until the deficiencies have been corrected and the elevator is re-inspected and found suitable for use.

9. DELIVERABLES (INSPECTION AND TEST REPORTS):

- a. The inspector shall use the ASME Elevator Inspection Checklist as a guide for inspection purposes. 5-year full load test forms shall be provided by the inspector and approved by the COR. A separate test form and checklist shall be provided for each elevator inspected. When inspections are completed, the inspector shall compile a comprehensive narrative report with findings and recommendations, including deficiencies and recommended corrective action. Code-specific items should also be noted in the report with reference to code rules. The report shall be done professionally, typewritten, signed, and dated by the inspector. The contractor shall have the capability to distribute reports electronically via email.
- b. Reports and checklists shall be submitted within ten (10) calendar days after completion of an inspection to the attention of Facility & Plant Management, COR as noted at time of award, and one for the Contracting Officer. Safety deficiencies or any items that require immediate attention shall be reported right away to the Facilities Manager at the Medical Center or COR for corrective action.
- c. The contractor shall complete a full report upon completion of the inspection. For all items on such forms that are not applicable, the notation "NA" (not applicable) shall be made. On the reverse side of such forms, the contractor shall clearly indicate any adjustments, repairs, or replacements necessary to correct troubles encountered, shall definitively justify such recommendations, and shall furnish specifications sufficient to enable VA to purchase the materials required for such purposes (and cost estimate if available). Also, on the reverse side of the forms, the contractor shall advise whether the elevator parts have been kept clean and lubricated where necessary.

10. SAFETY REQUIREMENTS: In the performance of this contract, the Contractor shall take such safety precautions as the Contracting Officer or his designee may determine to be reasonably necessary to protect the lives and health of occupants of the building. The Contracting Officer or COR shall notify the Contractor of any noncompliance with the foregoing provisions and the action to be taken.

The Contractor shall, after receipt of such notice, immediately correct the conditions to which attention has been directed. Such notice, when served on the Contractor or his representative at the site of work, shall be deemed sufficient for the purpose aforesaid. If the Contractor fails or refuses to comply promptly, the Contracting Officer may issue an order, stopping all or any part of the work, and hold the Contractor in default in accordance with the Default clause in this contract.

The Contractor must consider the clinical environment and instruct his/her employees on applicable safety precautions and specific requirements.

The Contractor's employees and/or subcontractors approved by the COR must always wear visible identification while on the premises. Identification must include but be limited to a company identification card, which must include the company name, employee name, title, and a photograph of the employee.

11. QUALITY PERFORMANCE STANDARD

- a.** Elevator inspectors and consultants shall meet the ANSI/ASME QEI-1 standard in addition to being certified by the Elevator Safety Division at the Arkansas Department of Labor and Licensing. All offers shall include documentation and proof of the above certifications and qualifications.
- b.** Pursuant to ANSI/ASME A17.1 Section 1000, ASME A17.2, ASME A17.3 the Contractor shall provide proof of QE-1 certification. A copy of this certificate shall be provided with the quote. A copy of the Inspector's QEI credentials shall be current and submitted with the technical quote. Credentials shall be kept on file in the Facilities Elevator Inspection File at each Facilities Management Office location.
- c.** Inspectors and/or consultants shall be able to communicate effectively both orally and in writing and possess the skills necessary to prepare professionally written comprehensive narrative reports, specifications, and cost estimates.
- d.** Contractor shall submit a quality control plan within thirty (30) calendar days after notice to proceed, consisting of a plan as to what standard their company holds their inspectors to, and the frequency at which their work is checked.
- e.** First inspection shall be within sixty (60) days after contract award. Second inspection shall be six (6) months later. All subsequent inspections in the following option years shall be on the same twice-per-year schedule.
- f.** Each site visit/inspection shall include an out-brief meeting with the COR to discuss the inspection violations, findings, immediate needs, and necessary corrections.

12. INSPECTION AND TESTING SERVICES

- a.** Elevator Safety Inspections
 - The independent VA contract inspector shall witness the annual safety test and five (5) year load tests on electric or hydraulic elevators and dumbwaiters in accordance with the requirements of the latest edition of /ASMI QEI-1, Standard for the Qualification of Elevator Inspectors. The maintenance contractor shall provide personnel who are familiar with the equipment to perform tests and assist the inspector.
 - The inspection contractor shall schedule and have performed the periodic inspections and tests of all elevators at the recommended intervals found in the effective edition of ANSI/ASME A17. The maintenance contractor shall coordinate the performance of the safety inspections with the independent VA inspector.
 - The inspection contractor shall furnish a copy of the inspection schedule to the COR (this list shall be estimated for quote submission and finalized before award of the contract. This schedule shall clearly indicate the edition of ANSI/ASME A17. The COR shall be advised of any changes to the schedule and notified fifteen (15) working days in advance of the inspection date to allow the COR to observe the inspection. The required annual inspection of the emergency

signaling device (alarm) and the means of two-way conversation will be recorded on an approved form. Copies of this form will be provided to the inspection contractor by the COR.

- The maintenance contractor shall provide a qualified employee to accompany the inspector during the inspection.
 - The Independent VA Contract Inspector shall furnish a comprehensive written report of each inspection to the COR and to the maintenance contractor. Reports must be submitted electronically within two (2) days after completion of the inspection. The report shall be submitted on the following checklists from the American Society of Mechanical Engineers (ASME): Checklist for Inspection of Electric Elevators, Checklist for Inspection of Hydraulic Elevators, as appropriate. When all listed deficiencies have been corrected, the maintenance contractor shall sign and date the inspection report and return it to the COR.
- b. The maintenance contractor shall be responsible for obtaining the signed form from the independent VA contractor elevator inspector. Copies of the form will be provided to the Contracting Officer and COR.

13. SECURITY REQUIREMENTS: Contractor personnel performing work under this contract must check in with the COR and must be escorted by the COR and/or the elevator maintenance technician during all elevator inspections.

It is the responsibility of the Contractor to park in the appropriate designated parking areas. Parking information is available from the onsite police. The medical center will not validate or make reimbursement for parking violations of the Contractor under any conditions.

Any interior or exterior doors that must be unlocked to gain access must be kept locked during the performance of work unless it results in the creation of a safety hazard. In those instances, the Contractor is responsible for taking necessary actions to maintain the same level of security before gaining access/performing work. Should any other devices need to be unlocked like an entry gate, those devices must be locked immediately upon entry or exit. At no time must the Contractor allow any person into a locked area or loan keys/access cards to another person. Contractor may be held in default for failure to comply with this requirement and subject the Contractor and employees to contract and other legal remedies.

The Contractor agrees that none of its officers or employees must use or reveal any research, statistical, medical, or security information which may be obtained during the performance of the work or because of their presence on Government premises without the written consent of the Government.

Smoking is prohibited inside of any building on the VA campus.

Possession of weapons is prohibited.

14. INVOICING AND PAYMENTS: Invoices for payment shall be submitted monthly in arrears, and the following information shall appear on all invoices:

- Contractor's name/address/phone number
- Contract Number: XXXXX, Month and year of service for invoice submitted
- Contract Line-Item Number and description of service performed
- PO) funding number

- Line-Item Price(s) being invoiced
- Total invoice amount
- Timeframe of charges included in the invoice

NOTE: Invoices with any incorrect or incomplete information will be returned to the Contractor for resubmission.

15. CHANGES TO THE STATEMENT OF WORK: The Contracting Officer is the only person authorized to approve changes or modify any of the requirements under this contract, and such changes will be executed bilaterally in accordance with FAR 52.212-4(c). The Contractor shall communicate with the Contracting Officer on all matters related to contract administration. Only the Contracting Officer is authorized to make commitments or issue changes that will affect the price, quantity, or quality of performance of this contract. In the event the contractor affects any such change in the direction of any person other than the Contracting Officer, the change shall be considered to have been made without authority, and no adjustment will be made in the contract price to cover any increase in costs incurred as a result thereof. Costs incurred by the contractor through the actions of parties other than the Contracting Officer shall be borne by the contractor.

16. CONTRACT AWARD MEETING: The contractor shall not commence performance of the tasks identified in this SOW until the Contracting Officer has conducted a post-award conference or has advised the contractor that a post-award conference has been waived.

17. CONTRACTOR EXPERIENCE AND/OR REQUIREMENTS: The Contractor shall not employ any individual identified as a potential threat to the health, safety, security, and general well-being, or operation of the VAMC facility or personnel. The Contractor is fully responsible for the performance and conduct of his/her employees always. The Contractor shall not allow any employee to perform work under this Contract while under the influence of alcohol, drugs, or any other incapacitating agent.

Department of Veterans Affairs requires all Contractor employees to have a CAVHS-issued Identification Badge and wear it always while at the CAVHS facilities. This ID badge shall be issued by the CAVHS security office under its rules for issuance. Contractor personnel shall present a neat appearance and be easily recognized as a Contractor employee by wearing distinctive clothing bearing the name of the company and a CAVHS-issued ID badge. When an employee leaves the Contractor's service, or the Contract is terminated, the employee's badge shall be returned to the CAVHS immediately.

18. CONFIDENTIALITY AND NONDISCLOSURE: The Contractor understands and agrees that confidential information (patients, employees, or facility) shall be secured and always protected. The Contractor and its personnel shall be held liable in the event a breach of confidentiality occurs because of the Contractor or its employees. Each contract employee shall be required to read and sign the Contractor Rules of Behavior and provide the original signature page to the COR.

AMENDMENT NO	DATE
0001	30 April 2026

SECTION C - CONTRACT CLAUSES

C.1 52.217-8 OPTION TO EXTEND SERVICES (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 30 days.

Evaluation of options under FAR 52.217-8 will be accomplished by using the prices offered for the last option period to determine the price for a six (6)-month option period, which will be added to the base and other option years to arrive at the total price. The specified rates under this clause will be those rates in effect under the contract each time an option is exercised under this clause.

(End of Clause)

C.2 52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 30 days; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed five (5) years.

(End of Clause)

C.3 52.240-91 SECURITY PROHIBITIONS AND EXCLUSIONS (NOV 2025) (DEVIATION)

(a) *Definitions.* As used in this clause—

American Security Drone Act-covered foreign entity means an entity included on a list that the Federal Acquisition Security Council (FASC) develops and maintains and publishes in the System for Award Management (SAM) at <https://www.sam.gov> (section 1822 of Pub. L. 118-31, 41 U.S.C. 3901 note prec.).

Backhaul means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (e.g., connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (e.g., fiber optic, coaxial cable, Ethernet).

Covered application means the social networking service TikTok or any successor application or service developed or provided by ByteDance Limited or an entity owned by ByteDance Limited.

Covered article, as defined in 41 U.S.C. 4713(k), means:

- (1) Information technology, as defined in 40 U.S.C. 11101, including cloud computing services of all types;
- (2) Telecommunications equipment or telecommunications service, as those terms are defined in section 3 of the Communications Act of 1934 (47 U.S.C. 153);
- (3) The processing of information on a Federal or non-Federal information system, subject to the requirements of the Controlled Unclassified Information program (see 32 CFR part 2002); or
- (4) Hardware, systems, devices, software, or services that include embedded or incidental information technology.

Covered foreign country means The People's Republic of China.

Covered telecommunications equipment or services means—

- (1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);
- (2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);
- (3) Telecommunications or video surveillance services provided by such entities or using such equipment; or
- (4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

Critical technology means—

- (1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;
- (2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled—
 - (i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

FASC-prohibited unmanned aircraft system means an unmanned aircraft system manufactured or assembled by an American Security Drone Act—covered foreign entity.

FASCSA order means any of the following orders issued under the Federal Acquisition Supply Chain Security Act (FASCSA) requiring removing covered articles from executive agency information systems or excluding one or more named sources or named covered articles from executive agency procurement actions, as described in 41 CFR 201-1.303(d) and (e):

(1) The Secretary of Homeland Security may issue FASCSA orders that apply to civilian agencies, to the extent not covered by paragraph (2) or (3) of this definition. This type of FASCSA order may be referred to as a Department of Homeland Security (DHS) FASCSA order.

(2) The Secretary of Defense may issue FASCSA orders that apply to the Department of Defense (DoD) and national security systems other than sensitive compartmented information systems. This type of FASCSA order may be referred to as a DoD FASCSA order.

(3) The Director of National Intelligence (DNI) may issue FASCSA orders that apply to the intelligence community and sensitive compartmented information systems, to the extent not covered by paragraph (2) of this definition. This type of FASCSA order may be referred to as a DNI FASCSA order.

Information technology, as defined in 40 U.S.C. 11101(6)—

(1) Means any equipment or interconnected system or subsystem of equipment, used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information by the executive agency, if the equipment is used by the executive agency directly or is used by a contractor under a contract with the executive agency that requires the use—

(i) Of that equipment; or

(ii) Of that equipment to a significant extent in the performance of a service or the furnishing of a product;

(2) Includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources; but

(3) Does not include any equipment acquired by a Federal contractor incidental to a Federal contract.

Intelligence community, as defined by 50 U.S.C. 3003(4), means the following—

(1) The Office of the Director of National Intelligence;

(2) The Central Intelligence Agency;

(3) The National Security Agency;

(4) The Defense Intelligence Agency;

(5) The National Geospatial-Intelligence Agency;

(6) The National Reconnaissance Office;

(7) Other offices within the Department of Defense for the collection of specialized national intelligence through reconnaissance programs;

(8) The intelligence elements of the Army, the Navy, the Air Force, the Marine Corps, the Coast Guard, the Federal Bureau of Investigation, the Drug Enforcement Administration, and the Department of Energy;

(9) The Bureau of Intelligence and Research of the Department of State;

(10) The Office of Intelligence and Analysis of the Department of the Treasury;

(11) The Office of Intelligence and Analysis of the Department of Homeland Security; or

(12) Such other elements of any department or agency as may be designated by the President, or designated jointly by the Director of National Intelligence and the head of the department or agency concerned, as an element of the intelligence community.

Interconnection arrangement means arrangements governing the physical connection of two or more networks to allow the use of another's network to hand off traffic where it is ultimately delivered (e.g., connecting a customer of telephone provider A to a customer of telephone company B) or sharing data and other information resources.

Kaspersky Lab-covered article means any hardware, software, or service that—

(1) Is developed or provided by a Kaspersky Lab-covered entity;

(2) Includes any hardware, software, or service developed or provided in whole or in part by a Kaspersky Lab-covered entity; or

(3) Contains components using any hardware or software developed in whole or in part by a Kaspersky Lab-covered entity.

Kaspersky Lab-covered entity means—

- (1) Kaspersky Lab;
 - (2) Any successor entity to Kaspersky Lab, including any change in name, e.g., “Kaspersky”;
 - (3) Any entity that controls, is controlled by, or is under common control with Kaspersky Lab;
- or
- (4) Any entity of which Kaspersky Lab has a majority ownership.

National security system, as defined in 44 U.S.C. 3552, means any information system (including any telecommunications system) used or operated by an agency or by a contractor of an agency, or other organization on behalf of an agency—

(1) The function, operation, or use of which involves intelligence activities; involves cryptologic activities related to national security; involves command and control of military forces; involves equipment that is an integral part of a weapon or weapons system; or is critical to the direct fulfillment of military or intelligence missions, but does not include a system that is to be used for routine administrative and business applications (including payroll, finance, logistics, and personnel management applications); or

(2) Is protected at all times by procedures established for information that have been specifically authorized under criteria established by an Executive order or an Act of Congress to be kept classified in the interest of national defense or foreign policy.

Roaming means cellular communications services (e.g., voice, video, data) received from a visited network when unable to connect to the facilities of the home network either because signal coverage is too weak or because traffic is too high.

Sensitive compartmented information means classified information concerning or derived from intelligence sources, methods, or analytical processes, which is required to be handled within formal access control systems established by the Director of National Intelligence.

Sensitive compartmented information system means a national security system authorized to process or store sensitive compartmented information.

Source means a non-Federal supplier, or potential supplier, of products or services, at any tier.

Subsidiary means an entity in which more than 50 percent of the entity is owned directly by a parent corporation or through another subsidiary of a parent corporation.

Substantial or essential component means any component necessary for the proper function or performance of a piece of equipment, system, or service.

Unmanned aircraft means an aircraft that is operated without the possibility of direct human intervention from within or on the aircraft (49 U.S.C. 44801(11)).

Unmanned aircraft system means an unmanned aircraft and associated elements (including communication links and the components that control the unmanned aircraft) that are required for the operator to operate safely and efficiently in the national airspace system (49 U.S.C. 44801(12)).

(b) *Prohibitions on providing or using specific products or services in performance of contract.* Unless a waiver or exception applies, the Contractor is prohibited from providing any products or services to the Government or using in the performance of the contract any of the following:

(1) A covered application on any information technology owned or managed by the Government, or on any information technology used or provided by the Contractor under this contract, including equipment provided by the Contractor's employees (section 102 of Division R of the Consolidated Appropriations Act, 2023 (Pub. L. 117-328));

(2) A Kaspersky Lab-covered article (Section 1634 of Division A of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91));

(3) Covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system (paragraphs (a)(1)(A) of section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232)). This does not prohibit contractors from providing—

(i) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) Prohibition on unmanned aircraft systems manufactured or assembled by American Security Drone Act—covered foreign entities.

(1) Prohibition. The Contractor is prohibited from—

(i) Delivering any FASC-prohibited unmanned aircraft system, which includes unmanned aircraft (i.e., drones) and associated elements (sections 1823 and 1826 of American Security Drone Act of 2023, within the National Defense Authorization Act for Fiscal Year 2024, Pub. L. 118-31, Div. A, Title XVIII, Subtitle B, 41 U.S.C. 3901 note prec.);

(ii) On or after December 22, 2025, operating a FASC-prohibited unmanned aircraft system in the performance of the contract (section 1824 of Pub. L. 118-31); and

(iii) On or after December 22, 2025, using Federal funds to procure or operate a FASC-prohibited unmanned aircraft system (section 1825 of Pub. L. 118-31).

(2) *Procedures.* The Contractor shall search SAM for the FASC-maintained list of American Security Drone Act—covered foreign entities before proposing, or using in performance of the contract, any unmanned aircraft system. Also, the Contractor shall ensure any effort or expenditure associated with a FASC-prohibited unmanned aircraft system is consistent with a corresponding exemption, exception, or waiver determination expressly stated in the contract.

(3) *Exemptions, exceptions, and waivers.* The prohibitions in paragraph (c) of this clause do not apply where the agency has determined an exemption, exception, or waiver applies, and the contract indicates that such a determination has been made. See sections 1823 through 1825 and 1832 of Public Law 118-31 for statutory requirements pertaining to exemptions, exceptions, and waivers.

(d) *Prohibition on using or providing specific products or services or conducting certain transactions regardless of connection to contract.*

(1) *Certain telecommunications and video surveillance equipment, systems, or services.*

(i) Unless an applicable waiver has been issued by the Government, the Contractor cannot use any equipment, systems, or services that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system (paragraph (a)(1)(B) of section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232)).

(ii) This prohibition applies to using covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. This does not prohibit the contractor from using—

(A) A service that connects to the facilities of a third party, such as backhaul, roaming, or interconnection arrangements; or

(B) Telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) *Office of Foreign Assets Control Restrictions.*

(i) Except as authorized by the Office of Foreign Assets Control (OFAC) in the Department of the Treasury, the Contractor shall not acquire, for use in the performance of this contract, any supplies or services if any proclamation, Executive order, or statute administered by OFAC, or if OFAC's implementing regulations at 31 CFR chapter V, would prohibit such a transaction by a person subject to the jurisdiction of the United States.

(ii) Except as authorized by OFAC, most transactions involving Cuba, Iran, and Sudan are prohibited, as are most imports from Burma or North Korea, into the United States or its outlying areas.

(A) For lists of entities and individuals subject to economic sanctions, see OFAC's List of Specially Designated Nationals and Blocked Persons at <https://home.treasury.gov/policy-issues/financial-sanctions/specially-designated-nationals-and-blocked-persons-list-sdn-human-readable-lists>.

(B) For more information about these restrictions, as well as updates, see OFAC's regulations at 31 CFR chapter V and at <https://home.treasury.gov/policy-issues/office-of-foreign-assets-control-sanctions-programs-and-information>.

(C) To conduct electronic screens of potential parties to regulated transactions, see the consolidated screening list at <https://www.trade.gov/consolidated-screening-list>, which consolidates multiple export screening lists of the Departments of Commerce, State, and the Treasury.

(3) *Sudan prohibition.* The Contractor is prohibited from conducting any restricted business operations in Sudan in accordance with Accountability and Divestment Act of 2007 (Pub. L. 110-174).

(4) *Iran prohibitions.*

(i) Unless an exception applies according to paragraph (d)(4)(iii) or the Government grants a waiver, the contractor shall not engage in certain activities or transactions relating to Iran (section 6(b)(1)(A) of Iran Sanctions Act (50 U.S.C. 1701 note)).

(ii) Unless an exception applies according to paragraph (d)(4)(iii) or the Government grants a waiver, contractor shall not export certain sensitive technology to Iran, as determined by the President, and has an active exclusion in SAM (22 U.S.C. 8515).

(iii) The prohibition in paragraphs (d)(4)(i) and (d)(4)(ii) do not apply if the acquisition is subject to trade agreements and the offeror certifies that all the offered products are designated country end products or designated country construction material (see part 25).

(iv) Unless an exception applies or the Government grants a waiver, contractors are prohibited from knowingly engaging in any significant transaction (i.e., over \$15,000) with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property of which are blocked according to the International Emergency Economic Powers Act (section 6(b)(1)(B) of Iran Sanctions Act (50 U.S.C. 1701 note)).

(e) *Governmentwide exclusion and removal orders.*

(1) Unless the Government has issued an applicable waiver, contractors shall not provide or use as part of the performance of the contract any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by an applicable FASCSA order as follows:

(i) For solicitations and contracts awarded by a Department of Defense contracting office, DoD FASCSA orders apply.

(ii) For all other solicitations and contracts, DHS FASCSA orders apply.

(2) The Contractor shall search for the phrase "FASCSA order" in the System for Award Management (SAM) at <https://www.sam.gov> to locate applicable FASCSA orders.

(3) The Government may identify in the solicitation other FASCSA orders that are not in SAM, which are effective and apply to the solicitation and resulting contract.

(4) A FASCSA order issued after the date of solicitation applies to this contract only if added by an amendment to the solicitation or modification to the contract (see FAR 40.204-1(c)).

(f) *Reasonable inquiry.* The contractor shall conduct a reasonable inquiry to determine if there are any prohibited products or services. The inquiry will look at any information in the entity's possession but does not need to include an internal or third-party audit.

(g) *Removal of prohibited products and services.* For Federal Supply Schedules, Governmentwide acquisition contracts, multi-agency contracts or any other procurement instrument intended for use by multiple agencies, upon notification from the Contracting Officer, during the performance of the contract, the Contractor shall promptly make any necessary changes or modifications to remove any product or service produced or provided by a source that this clause prohibits.

(h) *General report.*

(1) If the Contractor identifies or is notified by any source, (including a subcontractor at any tier), that any product or service provided or used (or to be provided or used) during contract performance does not comply with any prohibition in this clause, then the Contractor shall report the following information, or as much information is known, in writing to the contracting office as identified in paragraph (h)(2) within 72 hours:

(i) Contract number and order number, if applicable;

(ii) The specific prohibition the product or service is not complying with;

(iii) A description of the products or services that the Contractor identifies or has reason to suspect is prohibited (include brand; model number, such as the original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable);

(iv) The entity that produced the product or service (include entity name, unique entity identifier, Contractor and Government Entity (CAGE) code, facilities responsible for design, fabrication, assembly, packaging, and test of the product, and whether the entity was the OEM or a distributor (provide manufacturer codes and distributor codes used for the product));

(v) Description of the functionality of the product or service and how that functionality impacts the risk to the product or service;

(vi) An explanation of any factors relevant to determining if the product or service should be permitted by an applicable exception, exemption, or waiver (if the contractor would like the Government to consider a waiver, and asks for such a waiver);

(vii) Whether alternative products or services are available that would comply with the prohibition;

(viii) If the product or service is related to item maintenance, include the following information on the item being maintained:

(A) Brand;

(B) Model number, OEM number, manufacturer part number, or wholesaler number; and

(C) Item description, as applicable.

(ix) Any readily available information about mitigation actions implemented or recommended.

(2) If a report must be submitted to a contracting office, the Contractor shall submit the report as follows:

(i) If a Department of Defense contracting office, the Contractor shall report to the website at <https://dibnet.dod.mil>.

(ii) For all other contracting offices, the Contractor shall report to the Contracting Officer.

(iii) For indefinite delivery contracts, the Contractor shall report to both the contracting office for the indefinite delivery contract and the contracting office for any affected order.

(3) If the report provided does not contain any of the information required by paragraph (h)(1) of this clause, and the contractor later discovers new information that is required by paragraph (h)(1) of this clause, then the contractor shall submit a subsequent report within 72 hours of discovering the new information.

(4) The contractor shall also report the information in paragraph (h)(1) if the contractor wishes to ask for a waiver of the requirements of a new FASCSA order being applied through modification.

(i) *New FASCSA orders report.*

(1) During contract performance, the Contractor shall review SAM at least once every three months, or as advised by the Contracting Officer, to check for covered articles subject to FASCSA order(s), or for products or services produced by a source subject to FASCSA order(s) not currently identified under paragraph (e) of this clause.

(2) If the Contractor identifies a new FASCSA order(s) that could impact their supply chain, then the Contractor shall conduct a reasonable inquiry to identify whether a covered article or product or service produced or provided by a source subject to the FASCSA order(s) was provided to the Government or used during contract performance. The inquiry will look at any information in the entity's possession but does not need to include an internal or third-party audit.

(3) The Contractor shall submit a report to the contracting office identified in paragraph (h)(2) of this clause if the Contractor identifies, including through any notification by a subcontractor at any tier, that a covered article or product or service produced or provided by a source was provided to the Government or used during contract performance and is subject to a FASCSA order(s). For indefinite delivery contracts, the Contractor shall report to both the contracting office for the indefinite delivery contract and the contracting office for any affected order. The Contractor shall report the following information within 72 hours for each covered article or each product or service produced or provided by a source, where the covered article or source is subject to a FASCSA order:

(i) Contract number and order number, if applicable;

(ii) Name of the covered article or source subject to a FASCSA order;

(iii) The specific FASCSA order the product or service does not comply with;

(iv) The elements of (h)(1)(iii) through (ix) of this clause.

(j) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (j) but excluding subparagraphs (d)(1) and (i)(1), in all subcontracts and other contractual instruments, including subcontracts for acquiring commercial products or commercial services.

(End of Provision)

C.4 VAAR 852.219-73 VA NOTICE OF TOTAL SET-ASIDE FOR VERIFIED SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESSES (NOV 2022)

(a) *Definition.* for the Department of Veterans Affairs, “*Service-disabled Veteran-owned small business concern or SDVOSB*”:

(1) Means a small business concern—

(i) Not less than 51 percent of which is owned by one or more service-disabled Veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled Veterans or eligible surviving spouses (see VAAR 802.201, Surviving Spouse definition);

(ii) The management and daily business operations of which are controlled by one or more service-disabled Veterans (or eligible surviving spouses) or, in the case of a service-disabled Veteran with permanent and severe disability, the spouse or permanent caregiver of such Veteran;

(iii) The business meets Federal small business size standards for the applicable North American Industry Classification System (NAICS) code identified in the solicitation document;

(iv) The business has been verified for ownership and control pursuant to 38 CFR part 74 and is listed in VA’s Vendor Information Pages (VIP) database at <https://www.vetbiz.va.gov/vip/>; and

(v) The business will comply with VAAR subpart 819.70 and Small Business Administration (SBA) regulations regarding small business size and government contracting programs at 13 CFR parts 121 and 125, provided that any reference therein to a service-disabled veteran-owned small business concern or SDVO SBC, is to be construed to apply to a VA verified and VIPlisted SDVOSB, unless otherwise stated in this clause.

(2) The term “Service-disabled Veteran” means a Veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

(3) The term “small business concern” has the meaning given that term under section 3 of the Small Business Act (15 U.S.C. 632).

(4) The term “small business concern owned and controlled by Veterans with service-connected disabilities” has the meaning given the term “*small business concern owned and controlled by service-disabled veterans*” under section 3(q)(2) of the Small Business Act (15

U.S.C. 632(q)(2)), except that for a VA contract the firm must be listed in the VIP database (see paragraph (a)(1)(iv) of this clause).

(b) General.

(1) Offers are solicited only from VIP-listed SDVOSBs. Offers received from entities that are not VIP-listed SDVOSBs at the time of offer shall not be considered.

(2) Any award resulting from this solicitation shall be made to a VIP-listed SDVOSB who is eligible at the time of submission of offer(s) and at the time of award.

(3) The requirements in this clause apply to any contract, order or subcontract where the firm receives a benefit or preference from its designation as an SDVOSB, including set-asides, sole source awards, and evaluation preferences.

(c) Representation. Pursuant to 38 U.S.C. 8127(e), only VIP-listed SDVOSBs are considered eligible to receive award of a resulting contract. By submitting an offer, the prospective contractor represents that it is an eligible SDVOSB as defined in this clause, 38 CFR part 74, and VAAR subpart 819.70.

(d) Agreement. When awarded a contract action, including orders under multiple award contracts, an SDVOSB agrees that in the performance of the contract, the SDVOSB shall comply with requirements in VAAR subpart 819.70 and SBA regulations on small business size and government contracting programs at 13 CFR part 121 and part 125, including the non-manufacturer rule and limitations on subcontracting requirements in 13 CFR 121.406(b) and 13 CFR 125.6. Unless otherwise stated in this clause, a requirement in 13 CFR parts 121 and 125 that applies to an SDVO SBC, is to be construed to also apply to a VIP-listed SDVOSB. For the purpose of limitations on subcontracting, only VIP-listed SDVOSBs (including independent contractors) shall be considered eligible and/or “similarly situated” (i.e., a firm that has the same small business program status as the prime contractor). An otherwise eligible firm further agrees to comply with the required certification requirements in this solicitation (see 852.219–75 or 852.219–76 as applicable). These requirements are summarized as follows:

(1) *Services.* In the case of a contract for services (except construction), the SDVOSB prime contractor will not pay more than 50% of the amount paid by the government to the prime for contract performance to firms that are not VIP-listed SDVOSBs (excluding direct costs to the extent they are not the principal purpose of the acquisition and the SDVOSB/ VOSB does not provide the service, such as airline travel, cloud computing services, or mass media purchases). When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract.

(2) Supplies/products.

(i) In the case of a contract for supplies or products (other than from a non-manufacturer of such supplies), the SDVOSB prime contractor will not pay more than 50% of the amount paid by the government to the prime for contract performance, excluding the cost of materials, to firms that are not VIP-listed SDVOSBs. When a contract includes both supply and services, the 50 percent limitation shall apply only to the supply portion of the contract.

(ii) In the case of a contract for supplies from a non-manufacturer, the SDVOSB prime contractor will supply the product of a domestic small business manufacturer or processor, unless a waiver as described in 13 CFR 121.406(b)(5) has been granted. Refer to 13 CRF 125.6(a)(2)(ii) for guidance pertaining to multiple item procurements.

(3) *General construction.* In the case of a contract for general construction, the SDVOSB prime contractor will not pay more than 85% of the amount paid by the government to the prime for contract performance, excluding the cost of materials, to firms that are not VIP-listed SDVOSBs.

(4) *Special trade construction contractors.* In the case of a contract for special trade contractors, no more than 75% of the amount paid by the government to the prime for contract performance, excluding the cost of materials, may be paid to firms that are not VIP-listed SDVOSBs.

(5) *Subcontracting.* An SDVOSB must meet the NAICS size standard assigned by the prime contractor and be listed in VIP to count as similarly situated. Any work that a first tier VIP-listed SDVOSB subcontractor further subcontracts will count towards the percent of subcontract amount that cannot be exceeded. For supply or construction contracts, the cost of materials is excluded and not considered to be subcontracted. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the portion of the contract with the preponderance of the expenditure upon which the assigned NAICS is based. For information and more specific requirements, refer to 13 CFR 125.6.

(e) *Required limitations on subcontracting compliance measurement period.* An SDVOSB shall comply with the limitations on subcontracting as follows:

[] By the end of the base term of the contract or order, and then by the end of each subsequent option period; or

[] By the end of the performance period for each order issued under the contract.

(f) *Joint ventures.* A joint venture may be considered eligible as an SDVOSB if the joint venture is listed in VIP and complies with the requirements in 13 CFR 125.18(b), provided that any requirement therein that applies to an SDVO SBC is to be construed to apply to a VIP-listed SDVOSB. A joint venture agrees that, in the performance of the contract, the applicable percentage specified in paragraph (d) of this clause will be performed by the aggregate of the joint venture participants.

(g) *Precedence.* The VA Veterans First Contracting Program, as defined in VAAR 802.101, subpart 819.70, and this clause, takes precedence over any inconsistencies between the requirements of the SBA Program for SDVO SBCs, and the VA Veterans First Contracting Program.

(h) *Misrepresentation.* Pursuant to 38 U.S.C. 8127(g), any business concern, including all its principals, that is determined by VA to have willfully and intentionally misrepresented a company's SDVOSB status is subject to debarment from contracting with the Department for a period of not less than five years (see VAAR 809.406–2 Causes for Debarment).

(End of Clause)

C.5 VAAR 852.219-75 VA NOTICE OF LIMITATIONS ON SUBCONTRACTING—CERTIFICATE OF COMPLIANCE FOR SERVICES AND CONSTRUCTION (JAN 2023) (DEVIATION)

(a) Pursuant to 38 U.S.C. 8127(l)(2), the offeror certifies that—

(1) If awarded a contract (see FAR 2.101 definition), it will comply with the limitations on subcontracting requirement as provided in the solicitation and the resultant contract, as follows:

(i) ☒ *Services*. In the case of a contract for services (except construction), the contractor will not pay more than 50% of the amount paid by the government to it to firms that are not certified SDVOSBs listed in the SBA certification database as set forth in 852.219–73 or certified VOSBs listed in the SBA certification database as set forth in 852.219–74. Any work that a similarly situated certified SDVOSB/VOSB subcontractor further subcontracts will count towards the 50% subcontract amount that cannot be exceeded. Other direct costs may be excluded to the extent they are not the principal purpose of the acquisition and small business concerns do not provide the service as set forth in 13 CFR 125.6.

(ii) ☐ *General construction*. In the case of a contract for general construction, the contractor will not pay more than 85% of the amount paid by the government to it to firms that are not certified SDVOSBs listed in the SBA certification database as set forth in 852.219–73 or certified VOSBs listed in the SBA certification database as set forth in 852.219–74. Any work that a similarly situated certified SDVOSB/VOSB subcontractor further subcontracts will count towards the 85% subcontract amount that cannot be exceeded. Cost of materials are excluded and not considered to be subcontracted.

(iii) ☐ *Special trade construction contractors*. In the case of a contract for special trade contractors, the contractor will not pay more than 75% of the amount paid by the government to it to firms that are not certified SDVOSBs listed in the SBA certification database as set forth in 852.219–73 or certified VOSBs listed in the SBA certification database as set forth in 852.219–74. Any work that a similarly situated certified SDVOSB/VOSB subcontractor further subcontracts will count towards the 75% subcontract amount that cannot be exceeded. Cost of materials are excluded and not considered to be subcontracted.

(2) The offeror acknowledges that this certification concerns a matter within the jurisdiction of an Agency of the United States. The offeror further acknowledges that this certification is subject to Title 18, United States Code, Section 1001, and, as such, a false, fictitious, or fraudulent certification may render the offeror subject to criminal, civil, or administrative penalties, including prosecution.

(3) If VA determines that an SDVOSB/ VOSB awarded a contract pursuant to 38 U.S.C. 8127 did not act in good faith, such SDVOSB/VOSB shall be subject to any or all of the following:

(i) Referral to the VA Suspension and Debarment Committee;

(ii) A fine under section 16(g)(1) of the Small Business Act (15 U.S.C. 645(g)(1)); and

(iii) Prosecution for violating 18 U.S.C. 1001.

(b) The offeror represents and understands that by submission of its offer and award of a contract it may be required to provide copies of documents or records to VA that VA may review to determine whether the offeror complied with the limitations on subcontracting requirement specified in the contract. Contracting officers may, at their discretion, require the contractor to demonstrate its compliance with the limitations on subcontracting at any time during performance and upon completion of a contract if the information regarding such compliance is not already available to the contracting officer. Evidence of compliance includes, but is not limited to, invoices, copies of subcontracts, or a list of the value of tasks performed.

(c) The offeror further agrees to cooperate fully and make available any documents or records as may be required to enable VA to determine compliance with the limitations on subcontracting requirement. The offeror understands that failure to provide documents as requested by VA may result in remedial action as the Government deems appropriate.

(d) Offeror completed certification/fill-in required. The formal certification must be completed, signed and returned with the offeror's bid, quotation, or proposal. The Government will not consider offers for award from offerors that do not provide the certification, and all such responses will be deemed ineligible for evaluation and award.

Certification

I hereby certify that if awarded the contract, [insert name of offeror] will comply with the limitations on subcontracting specified in this clause and in the resultant contract. I further certify that I am authorized to execute this certification on behalf of [insert name of offeror].

SECTION E - SOLICITATION PROVISIONS

E.1 52.212-1 – ADDENDUM INSTRUCTIONS TO OFFERORS – COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (SEP 2023)

1. Quote Preparation

These instructions are designed to ensure the proper submission of information necessary for a comprehensive evaluation of quotes. Quoters shall carefully review this section before commencing preparation of quotes and take the necessary measures to ensure that the information submitted is factual, accurate, and complete.

2. Submission Instructions

- a. One (1) electronic copy shall be sent via email to Contract Specialist, Carmyn Williams, at Carmyn.Williams@va.gov on or before 16 March 2026, at 10:00 AM CST. All sections of the quote (Technical and Price) shall be submitted on or before the due date and time listed in the solicitation.
- b. No faxed quotes will be accepted under any circumstances.

3. Quote Format

Electronic copies must be in Microsoft Word or Adobe Acrobat format and virus checked before submission. The quoters shall be held responsible for the validity of all information supplied in their quote.

a. Volume 1 (Technical)

An outline of the Technical Volume 1 requirement is listed below. The detailed requirement for the Technical Volume is listed in Section 4.

- Offeror's Technical Capability:
Offeror shall furnish all door pressure gauges, stopwatches, calipers, flashlights, and other small hand tools necessary to conduct inspections. The offeror shall provide all inspections, licenses and certifications, personnel, supervision, materials, supplies, equipment, transportation to ensure effective performance of all inspection services for the elevators and other vertical transport equipment.

Offeror shall submit with its technical quote its technical capability to meet the SOW requirements in this solicitation.

Offeror shall submit with its technical quote its schedule for when each inspection will take place.

- Offeror's Experience:
Inspectors and/or consultants shall also have a minimum of five (5) years of experience and vertical transportation experience at or above the journeyman level. All offerors shall submit documentation and evidence demonstrating the required experience as part of the technical quote.
- Offeror's Personnel Certifications:
The offeror shall submit a current copy of ASME QEI-1 standard certification with the technical quote.

- **Offeror's Personnel Licensing:**
The offeror shall submit a current copy of certification by the Elevator Safety Division at the Arkansas Department of Labor and Licensing, or evidence it will obtain the required certification within five (5) days of the performance start date if awarded this contract.
- **VAAR 852.219-75 VA Notice on Limitations on Subcontracting – Certificate of Compliance for Services and Construction:**
Offeror shall complete VAAR 852.219-75 VA Notice on Limitations on Subcontracting – Certificate of Compliance for Services and Construction. Failure to complete the notice at time of submission shall deem the offeror's quote technically unacceptable.

I hereby certify that if awarded the contract [*insert name of offeror*] will comply with the limitations on subcontracting specified in this clause and in the resultant contract. I further certify that I am authorized to execute this certification on behalf of [*insert name of offeror*].

Printed Name of Signee: _____

Company Name and Address: _____

Offeror completed VAAR 852.219-75 certification/fill-in required per this solicitation. The formal certification must be completed, signed and returned with the offeror's bid, quotation, or proposal. **The Government will not consider offers for award from offerors that do not provide the certification, and all such responses will be deemed ineligible for evaluation and award.**

b. Volume 2 (Price)

An outline of Price Volume 2 is listed below:

- Please complete and submit paragraph **B.1 Contract Administration**. In addition, **all prior solicitation amendments must be acknowledged**.
- Completed Section B.2 Price Schedule. The contractor shall complete all pricing in the B.2 Price Schedule. Contract Line Items (CLINs) without pricing will be found unacceptable. (The Government seeks discounts. Identify any discounts offered and the amount within the line-item description.)

c. Past Performance

The contractor does not need to turn in any information for past performance. The Contractor Performance Assessment Reporting System (CPARS) and other government resources will be utilized for responsibility purposes.

The Government will evaluate quotations using the Lowest Price Technically Acceptable (LPTA) approach. **The Contracting Officer (CO) will conduct an initial review for compliance with Section E.1 (1) Quote Preparation and Section E.1(3)(b) Volume 2 (Price), Addendum to 52.212-1 Instructions to Offerors, and Offerors may be rejected for failure to comply.** Under Volume 1 (Technical), the quotation will be evaluated to the extent to which it can meet and/or exceed the

Government's requirements as outlined in the SOW/solicitation and based on the information requested in the instructions to offers section of this solicitation.

E.2 52.212-2 EVALUATION—COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

Technical
Price

The Government will evaluate quotations using the Lowest Price Technically Acceptable (LPTA) approach. **The Contracting Officer (CO) will conduct an initial review for compliance with Section E.1 (1) Quote Preparation and Section E.1(3)(b) Volume 2 (Price),** Addendum to 52.212-1 Instructions to Offerors, and Offerors may be rejected for failure to comply. Under Volume 1 (Technical), the quotation will be evaluated to the extent to which it can meet and/or exceed the Government's requirements as outlined in the SOW/solicitation and based on the information requested in the instructions to offers section of this solicitation.

(b) *Options.* The Government will consider the possibility that the option can be exercised at any time and can be exercised in increments of one (1) to six (6) months, but for no more than a total of six (6) months during the life of the contract. The evaluation will assume that the prices for any option exercised under FAR 52.217-8 will be the same rates as those in effect under the contract at the time the option is exercised. The evaluation will therefore assume that the addition of the price or prices of any possible extension or extensions under FAR 52.217-8 to the total price for the basic requirement and the total price for the priced options has the same effect on the total price of all proposals relative to each other, and will not affect the ranking of proposals based on price, unless, after reviewing the proposals, the Government determines that there is a basis for finding otherwise. This evaluation will not obligate the Government to exercise any option under FAR 52.217-8.

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of Provision)

E.3 52.216-1 TYPE OF CONTRACT (NOV 2025) (DEVIATION)

The Government contemplates award of a Firm-Fixed-Price contract resulting from this solicitation.

(End of Provision)

E.4 52.240-90 SECURITY PROHIBITIONS AND EXCLUSIONS REPRESENTATIONS AND CERTIFICATIONS (NOV 2025) (DEVIATION)

(a) *Definitions.* As used in this provision—

Backhaul, covered article, covered telecommunications equipment or services, critical technology, FASCSA order, Intelligence community, interconnection arrangements, national security system, roaming, sensitive compartmented information, sensitive compartmented information system, source, and substantial or essential component have the meanings provided in the clause 52.240-91, Security Prohibitions and Exclusions.

Business operations means engaging in commerce in any form, including by acquiring, developing, maintaining, owning, selling, possessing, leasing, or operating equipment, facilities, personnel, products, services, personal property, real property, or any other apparatus of business or commerce.

Marginalized populations of Sudan means—

(1) Adversely affected groups in regions authorized to receive assistance under section 8(c) of the Darfur Peace and Accountability Act (Pub. L. 109-344) (50 U.S.C. 1701 note); and

(2) Marginalized areas in Northern Sudan described in section 4(9) of such Act.

Restricted business operations means business operations in Sudan that include power production activities, mineral extraction activities, oil-related activities, or the production of military equipment, as those terms are defined in the Sudan Accountability and Divestment Act of 2007 (Pub. L. 110-174). Restricted business operations do not include business operations that the person (as that term is defined in Section 2 of the Sudan Accountability and Divestment Act of 2007) conducting the business can demonstrate—

(1) Are conducted under contract directly and exclusively with the regional government of southern Sudan;

(2) Are conducted under specific authorization from the Office of Foreign Assets Control in the Department of the Treasury, or are expressly exempted under Federal law from the requirement to be conducted under such authorization;

(3) Consist of providing goods or services to marginalized populations of Sudan;

(4) Consist of providing goods or services to an internationally recognized peacekeeping force or humanitarian organization;

(5) Consist of providing goods or services that are used only to promote health or education;
or

(6) Have been voluntarily suspended.

Sensitive technology—

(1) Means hardware, software, telecommunications equipment, or any other technology that is to be used specifically—

(i) To restrict the free flow of unbiased information in Iran; or

(ii) To disrupt, monitor, or otherwise restrict speech of the people of Iran; and

(2) Does not include information or informational materials the export of which the President does not have the authority to regulate or prohibit pursuant to section 203(b)(3) of the International Emergency Economic Powers Act (50 U.S.C. 1702(b)(3)).

(b) Procedures.

(1) *Covered telecommunications and video surveillance.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at <https://www.sam.gov> for entities excluded from receiving federal awards for “covered telecommunications equipment or services.”

(2) FASCSA Orders.

(i) The Offeror shall search in SAM for the phrase “FASCSA order” for any covered article, or any products or services produced or provided by a source, if there is an applicable FASCSA order described in paragraph (e) of FAR 52.240-91, Security Prohibitions and Exclusions.

(ii) The Offeror shall review the solicitation for any FASCSA orders that are not in SAM but are effective and apply to the solicitation and resultant contract (see FAR 40.204-1(c)(2)).

(iii) FASCSA orders issued after the date of solicitation do not apply unless added by an amendment to the solicitation.

(c) Covered telecommunications equipment or services representations. By submission of its offer, the Offeror represents that, after conducting a reasonable inquiry (that looks at any information in the Offeror’s possession but does not need to include an internal or third-party audit)—

(1) It will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation, except as waived by the solicitation, or as disclosed in paragraph (g); and

(2) It does not use covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services, except as waived by the solicitation, or as disclosed in paragraph (g).

(d) FASCSA Representation. By submission of this offer, the offeror represents that it has conducted a reasonable inquiry, and that the offeror does not propose to provide or use in response to this solicitation any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by an applicable FASCSA order in effect on the date the solicitation was issued, except as waived by the solicitation, or as disclosed in paragraph (g). A reasonable inquiry will look at any information in the offeror’s possession but does not need to include an internal or third-party audit.

(e) Sudan certification. By submission of its offer, the offeror certifies, after conducting a reasonable inquiry (that looks at any information in the offeror’s possession but does not need

to include an internal or third-party audit), that the offeror does not conduct any restricted business operations in Sudan.

(f) *Iran Representation and Certifications.*

(1) Except as provided in paragraph (f)(2) of this provision or if a waiver has been granted in accordance with FAR 40.203-3, the offeror, after conducting a reasonable inquiry (that looks at any information in the offeror's possession but does not need to include an internal or third-party audit), by submission of its offer—

(i) Represents, to the best of its knowledge and belief, that the offeror does not export any sensitive technology to the government of Iran or any entities or individuals owned or controlled by, or acting on behalf or at the direction of, the government of Iran;

(ii) Certifies that the offeror, or any person (as defined at section 15 of the Iran Sanctions Act of 1996, Pub. L. 104-172, 50 U.S.C. 1701 note) owned or controlled by the offeror, does not engage in any activities for which sanctions may be imposed under section 5 of the Act. These sanctioned activities are in the areas of development of the petroleum resources of Iran, production of refined petroleum products in Iran, sale and provision of refined petroleum products to Iran, and contributing to Iran's ability to acquire or develop certain weapons or technologies; and

(iii) Certifies that the offeror, and any person owned or controlled by the offeror, does not knowingly engage in any transaction that exceeds \$15,000 with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property of which are blocked pursuant to the International Emergency Economic Powers Act (50 U.S.C. 1701 et seq.) (see OFAC's Specially Designated Nationals and Blocked Persons List at <https://www.treasury.gov/resource-center/sanctions/SDN-List/Pages/default.aspx>)

(2) Exception for trade agreements. The representation and certification requirements of paragraph (f)(1) of this provision do not apply if—

(i) This solicitation includes a trade agreements notice or certification (e.g., 52.225-6, Trade Agreements Certificate); and

(ii) The offeror has certified that all the offered products to be supplied are designated country end products or designated country construction material.

(iii) The offeror shall email questions concerning sensitive technology to the Department of State at CISADA106@state.gov.

(g) *Disclosure.*

(1) If the Offeror is not able to represent compliance with the prohibitions in paragraphs (c) or (d), then the Offeror shall disclose within 72 hours to the contracting office identified in paragraph (g)(2) the following information for each product or service not compliant:

(i) Contract number and order number, if applicable;

(ii) Identification of whether this disclosure relates to paragraph (c) on covered telecommunication equipment or services, or to paragraph (d) on FASCSA orders;

(iii) A description of the products or services that the Contractor identifies or has reason to suspect is prohibited (include brand; model number, such as the original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable);

(iv) The entity that produced the product or service (include entity name, unique entity identifier, Contractor and Government Entity (CAGE) code, facilities responsible for design, fabrication, assembly, packaging, and test of the product, and whether the entity was the OEM or a distributor (provide manufacturer codes and distributor codes used for the product));

(v) Description of the functionality of the product or service and how that functionality impacts the risk to the product or service;

(vi) An explanation of any factors relevant to determining if the product or service should be permitted by an applicable exception, exemption, or waiver (if the offeror would like the Government to consider a waiver);

(vii) Whether alternative products or services are available that would be compliant with the prohibition;

(viii) If the product or service is related to item maintenance, include the following information on the item being maintained:

(A) Brand;

(B) Model number, OEM number, manufacturer part number, or wholesaler number; and

(C) Item description, as applicable.

(ix) Any readily available information about mitigation actions undertaken or recommended.

(2) If a disclosure is required to be submitted to a contracting office, the offeror shall submit the disclosure as follows:

(i) If a Department of Defense contracting office, the offeror shall submit the disclosure to the website at <https://dibnet.dod.mil>.

(ii) For all other contracting offices, the Offeror shall submit the disclosure to the Contracting Officer.

(3) If the disclosure provided does not contain any of the information required by paragraph (1), and the Offeror later discovers new information that is required by paragraph (1), then the Offeror shall submit a subsequent disclosure within 72 hours of discovering the new information.

(h) *Executive agency review of disclosures.* The Contracting Officer will review disclosures provided in paragraph (g) to determine if any applicable waiver may be sought. The Contracting Officer may choose not to pursue a waiver and may instead make an award to an Offeror that does not require a waiver.

(End of Provision)

E.5 52.252-1 SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es):
