

REQUEST FOR QUOTE (RFQ) - FA560625Q0033

NAF Linen Cleaning Service

The Department of the Air Force, USAFE, 52nd Contracting Squadron/PKB has a requirement for a non-personal service as described in the Performance Work Statement (PWS).

Please provide a quote for the services listed below by 1400 Central European Summer Time (CEST) on 18 May 2026. Questions shall be submitted via email to katrin.arnoldy.de@us.af.mil and angelica.pequeno.1@us.af.mil by 1400 CEST by 13 May 2026. The Government has no obligation to answer any questions received after the due date and time.

NOTE: This is a non-appropriated fund (NAF) purchase and it does not obligate appropriated funds of the United States Government. Non-appropriated funds are generated by the military community through the sale of goods and services and the collection of fees and charges for participation in military community programs. This purchase does not involve federal tax dollars.

Please provide a Firm-Fixed Price (FFP) quote, as well as three (3) references for the same or similar services performed, along with a capability statement. Failure to quote on all CLINs may render the quote unacceptable and ineligible for award consideration in the absence of discussions. Award will be made on the basis of lowest total evaluated price with acceptable technical evaluation. The Government's award process will be to first evaluate all quotes for price, ranking the offerors from lowest to highest total evaluated price. The lowest priced offeror will then be evaluated on their technical capability (past experience). Responses and questions shall be directed in writing, using the English language, to the contacts listed above. In order to be considered for award, the offerors' quote must be compliant with the requirements of this RFQ and the PWS.

This requirement is being solicited as a Request for Quote (RFQ); submission of a quote does not guarantee receipt of an award. Prices must be without added value tax (Mehrwertsteuer). Offerors shall provide a FFP quote with Freight on Board Destination pricing; the quote must address any discount payment terms that will be offered. All correspondence shall be in English language. Offers other than in English language MAY NOT be considered for award. The offeror shall submit a copy of the business registration.

EVALUATION CRITERIA

- A) Basis for Contract Award: Award will be made to the lowest, technically acceptable offeror. To be considered technically acceptable and for award, the offeror must conform to all solicitation requirements specified and the PWS.
- B) Price Evaluation: The Government will evaluate offers, for award purposes, by the total price for the basic requirement. The Government may determine that an offer is unacceptable if the prices are significantly unbalanced.
- C) Technical Evaluation (Past Experience): The Offeror will submit 3 references for the same or similar work, and a capabilities document explaining how the requirements and deliverables of the PWS will be met. The capabilities document must conform to all requirements and deliverables specified in the PWS.

This will be a firm-fixed price contract for a Period of Performance of base year plus (4) option years with twenty-one (21) Contract Line Item Numbers (CLINs) per year. Please provide pricing for each CLIN as well as the total net amount:

CLIN	Description	Quantity	Unit	Unit Price	Total Price
	Base Year – Lodging (01 Aug 26 – 31 Jul 27)
