

**REGSCALE SOFTWARE LICENSES
STATEMENT OF OBJECTIVES (SOO)
FA830726RB028**

Purpose:

RegScale is a scalable platform designed to modernize and streamline regulatory compliance management for organizations operating in complex, high-stakes environments. By utilizing Continuous Controls Monitoring (CCM) and automated workflows, the platform ensures that mission-critical systems remain aligned with evolving regulatory requirements in real-time. The solution centralizes documentation management and provides robust audit trails, allowing organizations to demonstrate compliance and operational readiness with minimal manual effort. Through seamless integration with existing enterprise tools, RegScale reduces institutional risk and enhances efficiency, making it a dynamic asset for entities looking to automate their compliance lifecycle.

Period and Place of Performance:

Base: 17 June 2026 – 16 June 2027

Option 1: 17 June 2027 – 16 June 2028

Option 2: 17 June 2028 – 16 June 2029

Place of Performance: Platform One/HNCX

420 Broadway St.

San Antonio, TX 78205

Background:

The Air Force Life Cycle Management Center (AFLCMC) Crypto and Cyber Systems Division (CCSD) provides essential support to the Platform One (P1) Program Office (HNCX) in the development and sustainment of advanced software applications for cyber operations. The primary mission of the P1 production capability is to migrate legacy Department of War (DoW) portfolios into an evolvable, cloud-native architecture. This transformation is engineered to deliver superior technology to the warfighter while simultaneously reducing long-term sustainment costs and increasing system reliability. To fulfill these mission objectives, the P1 team requires advanced Continuous Integration/Continuous Deployment (CI/CD) pipeline tools to institutionalize Development Security Operations (DevSecOps) across the enterprise.

Performance Objectives:

Provide access to agreed upon licenses. All products and services shall meet all DOW guidelines.

The RegScale Contract shall provide:

- RegScale license as listed below.

- License Key shall be emailed to robert.mckeithan.1@us.af.mil and AFLCMC.HNCX.P1.LicenseManagement@us.af.mil, and should be delivered within 5 business days after receipt of, ARO, Award.
