

INDIAN HEALTH SERVICE
PHOENIX INDIAN MEDICAL CENTER

Statement of Work

Background

The Phoenix Indian Medical Center (PIMC) oversees the delivery of healthcare services to approximately 140,000 Native Americans. Patients served by PIMC include Tribal members from across the United States, as well as those residing in the greater Phoenix metropolitan area.

In addition to providing direct patient care, PIMC serves as a regional referral center, offering specialty healthcare services to rural and remote reservation-based healthcare facilities throughout Arizona, Nevada, and Utah.

Objective

The purpose of this contract is to provide comprehensive preventive maintenance and repair services for sterilizing equipment located at: Phoenix Indian Medical Center; 4212 N. 16th Street Phoenix, Arizona 85016.

Contract Awardee Responsibilities & Tasks

The Contractor shall provide all parts, labor, tools, equipment, technical literature, and travel necessary to perform comprehensive preventive maintenance, calibration verification, and onsite repair services for the covered equipment.

All services shall be performed in accordance with the original equipment manufacturer (OEM) recommendations and in compliance with applicable requirements of the Centers for Medicare and Medicaid Services (CMS).

Upon completion of services, the Contractor shall ensure that all equipment is returned to a clean and operational condition. The Contractor shall warrant all services performed, and equipment shall remain free from defects in workmanship and materials for a period of thirty (30) days from the date of acceptance.

Support and Maintenance Services

The Contractor shall provide a direct service telephone number for contacting qualified service personnel in the event of emergencies or other service-related issues (technical, application, or informational).

The Contractor shall provide a next business day onsite response time for all field service calls.

Training

The Contractor shall ensure that all services are performed by Certified Field Service Engineers who are qualified and authorized to conduct preventive maintenance and repair services on the specified equipment.

Delivery and Documentation Requirements

The Contractor shall provide all inspection forms, documentation, and labels necessary to perform and document services as specified under this contract.

A Field Service Report shall be submitted no later than fifteen (15) calendar days following completion of services. The report shall include, at a minimum, the following information:

- a. Type of equipment
- b. Manufacturer's name
- c. Model number
- d. Manufacturer's serial number
- e. Type of service performed
- f. Adjustments made and results of any tests or inspections conducted
- g. Verification via check-off or signature indicating that the unit is fully operational in accordance with manufacturer specifications

Contracting Officer Authority

Authority to negotiate or modify the terms, conditions, or amounts of this contract is vested solely in the Contracting Officer.

Contracting Officer's Representative (COR)

Zachary Navarro is hereby designated as the Contracting Officer's Representative (COR) for this contract. The COR is responsible for technical oversight and monitoring of contract performance.

Telephone: 602-581-6025

Invoice Submission and Payment

1. **Payment Request Definition:** A payment request refers to a bill, voucher, invoice, or request for contract financing payment, accompanied by all required supporting documentation. All payment requests must comply with the requirements of **FAR 32.905(b), "Content of Invoices"**, and any applicable Payment clause included in this contract.
2. **Electronic Submission:** Except as provided in paragraph (3) below, the Contractor shall submit all payment requests electronically via the **Department of Treasury Invoice Processing Platform (IPP)** or its successor system. Information regarding IPP, including Customer Support contact information, is available at www.ipp.gov or any successor site.
3. **Alternate Submission Procedures:** Payment requests may be submitted using methods other than IPP only if the Contracting Officer provides written authorization in accordance with **HHS procedures**. If alternate payment procedures are authorized, the Contractor must include a copy of the Contracting Officer's written authorization with each payment request.
