

JUSTIFICATION FOR SOLE SOURCE
(Simplified Procedures - MPT to ≤ SAT)

Purchase Request/Document number: 1301348345

The services described herein are being solicited on a sole source basis and competition is precluded in accordance with FAR 12.102(a) for reasons indicated below. There are no substitutes available for the services.

Restricted to the following source.

☒ **Service:**

Contractor:	Persistent Systems LLC
Cage Code:	4YBU2

☐ **Supply:**

Original Manufacturer Name:	
☐ Check here if obtaining product through authorized resellers of the manufacturer.	

Description of the supplies or services required, the estimated price/cost, and required delivery date or period of performance.

The required services are for the procurement of the Wave Relay Mobile Ad Hoc Networking (MANET) Administrator Course, (MAC). [REDACTED] The required period of performance is 15 June 2026 through 19 June 2026.

In conclusion, the requested services represent the minimum requirements of the government.

Describe in detail why only this source(s) can furnish the requirements to the exclusion of other sources.

☒ *The supplies or services must be compatible in all aspects (form, fit and function) with existing systems presently installed/performing. Describe the equipment/function you have now and how the new item/service must coordinate, connect, or interface with the existing system.*

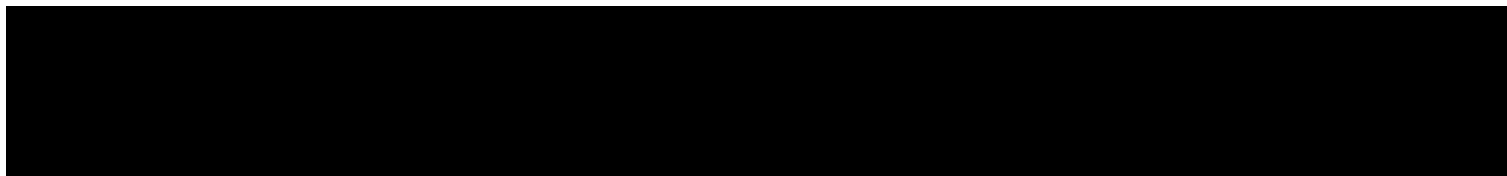

The Navy currently employs Persistent Systems MPU-5 – a MANET radio which creates secure networks. MPU-5s are used in conjunction with Unmanned Ground Vehicles (UGV) which relies on proper radio configuration.

The Persistent Systems Wave Relay MANET Administrator Course provides proper instructions on how to configure these radios to work and other pertinent information on how to properly maintain these radios. Additionally, the course covers the basic knowledge needed to operate/troubleshoot the MPU-5 radio. This course is only provided by Persistent Systems as they are the sole distributors of the MPU5 and the sole source for the course.

☐ *A patent, copyright or proprietary data limits competition.*

☐ *These are "direct replacement" parts/components for existing equipment.*
