

STATEMENT OF WORK
Point Reyes National Seashore
Portable Toilet Services FY26
Solicitation #140P8426Q0037

The Contractor shall furnish the necessary personnel, equipment, licensure, and expertise to successfully provide portable toilet services to Point Reyes National Seashore (the Park), West Marin County, California.

Requirement Details:

One park-owned portable toilet will be pumped on a weekly basis (about 50 gallons). This toilet is located at KPH Marine Radio Station (NDOC) 17400 Sir Francis Drake Blvd, Inverness, CA 94937.

Option:

The Park may require additional portable toilet service. The location, duration, and number of units rented may vary. Rental will include delivery of portable toilet(including staking down), possible delivery of hand-washing station, pumping and cleaning service, and pick-up.

NPS Personnel authorized to request service:

Jason Briggs-Facility Manager

Alexander Bernhardt-Buildings and Utilities Supervisor

Jesse Macklin-Maintenance Mechanic Work Leader

Alanna Gardner-Contracting Officer

Brenda Lewis-Contract Specialist

Any changes or additions to the park staff authorized to request service from the contractor shall be communicated to the contractor and authorized in writing solely by the Contracting Officer or Contracting Specialist.

The Park will provide a combination lock to access the NDOC site.

- Disposal of waste by the Contractor will be done according to all County / State regulations at a County / State permitted disposal site.
- The Contractor is responsible for the arrangement and disposal of all waste.
- The Contractor will be responsible for complete clean up any leakage or spillage that occurs in relation to pumping operations.

- Any materials/trash removed during pumping shall be properly bagged and disposed of outside the Park.
- Contractor vehicles and all equipment must be free of leaks and in safe, legal operating condition.
- Contractor vehicles/equipment must be free of any non-native vegetative material.

A record of services provided including delivery, pumping, cleaning, and pic-up will be provided to:

Alexander_Bernhardt@nps.gov AND Jesse_Macklin@nps.gov
