

ATTACHMENT/TECHNICAL EXHIBIT LISTING

Attachment/Technical Exhibit List:

Attachment 1/— Performance Requirements Summary

Attachment 2/— Existing and Planned Tellabs Network Equipment

TECHNICAL EXHIBIT 1**Performance Requirements Summary**

The contractor service requirements are summarized into performance objectives that relate directly to mission essential items. The performance threshold briefly describes the minimum acceptable levels of service required for each requirement. These thresholds are critical to mission success.

Performance Objective (The Service required—usually a shall statement)	Standard	Performance Threshold (This is the maximum error rate. It could possibly be “Zero deviation from standard”)	Method of Surveillance
PRS # 1. Routine Remote Technical Assistance PWS Paragraph 5.1.2	Provide on-call support for routine trouble shooting. The contractor shall provide remote technical assistance within 24 hours or by the next business day for non-emergency requests.	Phone Support is available and responsive 24 hours a day, 7 days-a-week. 90% of all routine Remote Technical Assistance requests are responded to within 24hrs or next business day.	99% Inspection (Each time Remote support is requested)
PRS # 2 Emergency Remote Technical Assistance PWS Paragraph 5.1.2	Provide on-call support to mitigate catastrophic component, equipment, or part failure affecting the delivery of mission critical IT services. Provide remote support to isolate, troubleshoot, and identify or provide initial assessment of component, equipment, or part failure. Provide an initial course of action for resolving the identified failure and the timeline for service restoration and system repair. The contractor shall provide remote technical assistance within 12 hours for emergency requests.	Phone Support is available and responsive 24 hours a day, 7 days-a-week. Support requests deemed an emergency by the government are responded to within 12 hours. Technical assistance is provided within the required time frame.	99% Inspection (Each time Remote support is requested)
PRS # 3 Routine Repair PWS Paragraph 5.1.3	Repair of failed network equipment.	90% of all failed items replaced or replenished within 30 days in serviceable condition.	99% Inspection (Each time routine repair is requested)

PRS # 4 Emergency Repair PWS Paragraph 5.1.3	Provide emergency repair of failed network equipment deemed emergency by the government.	98% of all emergency replacement items are shipped by the most expeditious means available within 24 hours of verbal request by government.	99% Inspection (Each time emergency require is requested)
