

STATEMENT OF WORK (SOW)

“BRAND NAME OR EQUAL TO EXAKT”

1. CONTRACT TITLE.

Pathology Bone Saw System

2. BACKGROUND.

The Washington DC VA Medical Center has a requirement to replace the current pathology band saws. The vendor for the current band saws has gone out of business, so there are no parts available for repairs. The end-users are using rubber bands as a supplement for the latex bands needed on the internal wheels, as the latex bands are no longer available. This new model will provide the users with better precision and enhanced safety features.

3. SCOPE OF WORK.

The procurement shall include all parts, materials, labor, software/licenses, resources, and training required to implement and utilize the equipment/system to their fullest capacity. All items must be covered by manufacturer's warranty and procured through a manufacturer-approved distribution channel. Distributors and resellers must be able to document ability to provide items through manufacturer-approved distribution channels upon request.

4. SPECIFICATIONS.

4.1 Equipment

LINE-ITEM DESCRIPTION	QUANTITY
EXAKT 302 DIAMOND BAND SAW SYSTEM COMPLETE SYSTEM. Includes: EXAKT 302 Diamond Band Saw - Cutting Band 0.2 mm/D126 - Cleaning Gun - Laser Cutting Line Indicator - Whetstone - Protective Cover. - Maximum weight: 90 lbs
- Band saw grinds to produce samples
- Continuous waterflow over blade
- Capable of automatic shutdown
- Perform freehand cuts down to 1mm
- Automatic band tension adjustment.
- Stainless steel frame

5. SPECIFIC TASKS.

5.1 Delivery.

- i. All equipment shall be delivered to:
Washington DC VA Medical Center
50 Irving St NW
Washington, DC 20422
ATTN: VHAWAS Equipment Committee
- ii. Contract VA Purchase Order (PO) number shall be included with delivery information (e.g., packing slip).
Note: PO number starts with station code 688 followed by a letter and 5 digits (e.g., 688A12345)
- iii. Delivery Hours: The Warehouse is open to receive deliveries Monday through Friday, 8:00 a.m. to 4:00 p.m., excluding holidays.
- iv. Contractor shall coordinate delivery with the on-site Point of Contact (POC) and provide shipment tracking information.
- v. Contractor shall verify delivery date and time with the on-site POC at least 3 business days prior to scheduled delivery.
- vi. Delivery is required within 90 days from award of the contract.

5.2 ON SITE PROCEDURES.

- i. COVID-19 Screening: All persons entering the facility shall be subject to screening for COVID-19 per the current CDC (Center for Disease Control) guidelines.
- ii. Mask Requirement: All contractors shall wear masks while indoors.
- iii. Contract personnel are required to identify themselves as such to avoid creating an impression in the minds of members of the public that they are Government Officials.
- iv. Time spent on site shall be for a period sufficient to complete the work set forth in the statement of work.
- v. On-site visits shall be scheduled in advance with the designated on-site POC.
- vi. Contractors shall check in and out with Biomedical Engineering prior to visiting the worksite for each day of work.
- vii. The VA campus is non-smoking. Contractor personnel are required to comply with this policy.

- viii. Parking: it is the responsibility of the Contractor to park in the appropriate designated parking areas.
- ix. Contractor personnel's tool bags are subject to inspection.

5.3 Installation/Implementation.

- i. Installation/Implementation will be completed by personnel certified and knowledgeable with the designated equipment/system.
- ii. Installation shall be completed within the period of performance.
- iii. Contractors shall be responsible for any Personal Protection Equipment (PPE) required when performing work on site.
- iv. Contractor shall submit all removable media to be used on a VA system to Biomedical Engineering for scanning with anti-virus software prior to use.
- v. In the case of turn-in, exchange, repair, or replacement of equipment containing hard drives used by the VA, the hard drives shall be removed from the equipment and remain in possession of the VA (this includes loaned or rented equipment).
- vi. The contractor shall take all necessary precautions to prevent damage to any government property. The contractor shall report any damage immediately and shall be assessed current replacement costs for property damaged by the contractor, unless corrective action is taken. Any damaged material (i.e., trees, shrubs, lawn/turf, curbs, gutters, sidewalks, etc.) will be replaced in a timely manner or corrected by the contractor with like materials, at no extra cost to the government, upon approval of the Contracting Officer.

5.4 Training.

- i. Contractor shall be responsible for providing training to clinical staff/users.
- ii. Training is to be scheduled in advance with the designated on-site POC.
- iii. Education shall be provided prior to and/or at time of installation.
- iv. Education professionals shall be certified to provide instruction on the designated equipment/system.
- v. Education curriculum must include operations and set-up, user maintenance, safety, and user troubleshooting tips.

5.5 Inspection and Acceptance.

- i. Contractor shall conduct a joint inspection with the on-site POC upon completion of installation.
- ii. In the event deficiencies are identified, the contractor shall provide the date when the identified deficiencies will be addressed if not addressed on the date of installation. The Contractor shall conduct a joint inspection with the on-site POC after addressing all deficiencies. All deficiencies identified in the joint inspections shall be corrected by the

Contractor prior to Government acceptance of the item. Any disputes shall be resolved by the Contracting Officer.

5.6 Deliverables.

The Contractor shall provide the below documentation for the proposed equipment to VHAWASEquipmentRequests@va.gov within 10 business days of work completion:

- i. Service report.
- ii. Warranty information.
- iii. Electronic copy of the Operators Manual.
- iv. Electronic copies of the complete technical service manuals, including troubleshooting guides, necessary diagnostic software and equipment information, schematic diagrams, and parts lists.

6. HOURS OF OPERATION.

DC VAMC's normal business hours are Monday-Friday, 8:00 am to 4:30 pm, excluding observed Federal holidays:

New Year's Day	Labor Day
Martin Luther King's Birthday	Columbus Day
President's Day	Veteran's Day
Memorial Day	Thanksgiving Day
Juneteenth	Christmas Day
Independence Day	Any other national holiday as declared by the President of the United States

7. PERIOD OF PERFORMANCE.

Delivery is expected within 90 days of contract award.

8. INVOICING.

Contractor shall submit a consolidated invoice monthly in arrears of the month for which services are being billed. One all-inclusive monthly invoice shall be provided, which shall contain an invoice number, contract number, obligations order number, and an itemized list of services provided. An acceptable master (all-inclusive) itemized list of services shall be agreed to between the Contractor and the COR prior to submission of the first invoice.

All invoices from the contractor shall be submitted electronically in accordance with VAAR Clause 852.232-72 Electronic Submission of Payment Requests.

VA's Electronic Invoice Presentment and Payment System (IPPS) – The VA Financial Services Center (FSC) uses a third-party contractor, Tungsten, to transition vendors from paper to electronic invoice submission. Please go to

this website to begin submitting electronic invoices, free of charge:
