Section C - Description/Specifications/Statement of Work

Clauses By Full Text

Statement of Work - Ultrasound Services

Subject

The Federal Bureau of Prisons (BOP), Field Acquisition Office, intends to make a single award for the provision of one Ultrasound Technician (Radiologic Technologist) with Ultrasound equipment to conduct services for the adult in custody (AIC) population at the Federal Correctional Institution (FCI) Loretto located in Loretto, Pennsylvania. ***The contractor must provide the personnel and furnish all equipment necessary to conduct ultrasound services on site.*** General information regarding the Bureau of Prisons (BOP) and its facilities is located at www.bop.gov.

Place of Performance

Services will be performed on-site in the Health Services Department at FCI Loretto located at 772 Saint Joseph Street, Loretto PA 15960.

Schedule

This requirement is for one (1) Ultrasound Technician with equipment.

A session is defined as one (1) hour.

The **Ultrasound Technician** will normally provide 8 (1) hour sessions twice per quarter, Monday through Friday, excluding Federal Holidays. Work hours will normally be between 7:30 am and 4:00 pm, with a 30-minute unpaid lunch break. These hours may be adjusted to meet the needs of the institution. The Ultrasound Technician shall not normally exceed 16 hours per quarter. The actual hours of work will be determined by the Health Services Administrator.

Due to the nature of the correctional setting, delays in performance of work may be experienced. Such delays may include but are not limited to inclement weather, electrical or mechanical problems, or other security matters. When contract employees report to the institution but are unable to perform services due to such delays, the contractor will be

paid for one session. Normally, any remaining sessions for that day will be suspended and the contractor will be free to leave, and the contractor will not be paid for the remaining unperformed sessions. However, if the institution requests that the contractor remain at the institution for eventual performance, the contractor shall be paid for such sessions. In the event of any absence, the contractor may make up his/her time. If the contractor fails to provide coverage, the Government may seek contractual remedy.

Education and Experience

The contractor must possess and submit with their quotation, the candidate's name and evidentiary documentation supporting the candidate's qualifications (see information outlined below):

1. The contractor must possess and submit with their quotation evidentiary documentation of their graduation or completion of an accredited school of ultrasound/echocardiogram technology.
2. Must have earned certification from The American Registry for Diagnostic Medical Sonography (ARDMS). Must be certified for each modality: General, Vascular, Echocardiogram and Abdomen.
3. Be covered under and provide proof of medical liability insurance.
4. Provide copies of all certifications, diplomas, licenses and certificates.
5. The Contractor must be Cardio-Pulmonary Resuscitation (CPR) certified.
6. The contractor must have at least three or more years of experience.

Failure to submit evidentiary documentation of certifications, licenses, qualifications, or the name of a qualified candidate who will perform these services may result in elimination from consideration for award. The individual selected to perform these services must be able to pass a drug screening and law enforcement agency background check to include but not limited to the following: 1) National Crime Information Center (NCIC) check; 2) DOJ-99 (Name Check); 3) FD-258 (fingerprint check); 4) Law Enforcement Agency checks; 5) Vouchering of Employers; 6) Resume/Personal Qualifications; 7) OPM-329-A (Authority for Release of Information); 8) National Agency Check and Inquiries (NACI) check (if applicable); and 9) Urinalysis Test (for the detection of marijuana and other drug usage).

Supplies and Equipment

Ultrasound Imaging Machine must be provided by the Contractor during every visit and maintained by the Contractor. The equipment must be approved by the HSA, and its use must not violate any security policies or procedures. FCI Loretto will provide power only.

Health Requirements

The contractor shall ensure their employee is free of communicable diseases. Any individual who subsequently develops a medical condition which might reasonably be expected to place other workers, adults in custody (AIC), or the public at risk shall be immediately removed from affected activities. In any such case, the contractor shall be responsible, at no additional cost to the institution, for securing the services of any replacement personnel required to perform this contract.

The contract employee may be required to submit to testing for/or provide evidence acceptable to the clinical director of recent testing for tuberculosis or other communicable diseases. Failure to submit to testing for or providing acceptable

evidence of recent testing for or immunity to selected communicable diseases shall be grounds for denying access to AICs. The contract employee shall immediately inform, in writing to the Contracting Officer's Representative (COR) and Administrative Contracting Officer, any adverse action taken by any regulatory body involving certification. This includes, but is not limited to, suspensions, revocations, restrictions on licensure as an Ultrasound/Echocardiogram Technician.

Description of Duties

All duties shall be performed in accordance with standards and methods generally accepted within the fields of Ultrasound/Echocardiogram and Radiology Technician services, and compliance with all Federal and State policy and regulations. The contractor shall adhere to all standards and regulations associated with the Accreditation Association for Ambulatory Health Care (AAAHC) and American Correctional Association Foundation/Core Standards for Adult Correctional Institutions. The contractor's performance shall be monitored by the Contracting Officer's Representative (COR). The contractor must be able to work with an AIC population from a variety of cultural, regional, racial and ethnic backgrounds.

The **Ultrasound Technician** shall provide the following services which include, but are not limited to, the items listed below. Therefore, the contractor shall be capable of performing any and all ultrasound/echocardiogram procedures needed without any technical support. Equipment is required.

- Perform routine ultrasound/echocardiogram and echocardiogram procedures ordered by the medical staff for the AIC population at the institution.
- Transmit studies and reports electronically for results.
- Ensure all studies and results are sent to the institution in a timely manner.
- Work with an AIC population from a variety of cultural, racial, religious and ethnic backgrounds.
- Evaluate equipment for calibrations and repairs.
- Possess knowledge of basic emergency situations that may occur during testing.
- Schedule exams and maintain records.
- Possess knowledge of various pathological abnormalities as demonstrated by imaging.
- Independently assess and select technical exposure factors and positions necessary to obtain a proper quality diagnostic exam. Receive patients and explain procedures to alleviate undue anxiety.
- Independently perform all testing.
- Notify referring Physician of any preliminary abnormalities seen while patient is undergoing an exam, so that additional views, or exams can be ordered if needed.
- Coordinate transfer of patient records to ensure continuity of care.
- Work with Clinical Director to ensure monitoring and evaluation activities are completed.
- Act as liaison between radiologist and medical staff.
- Receive training and orientation and comply with correctional techniques as they pertain to medical services.
- Develop a working knowledge of the local medical protocols.
- Wear outer protective clothing and obey Center for Disease Control universal precautions at all times.
- Function in other duties commensurate of an Ultrasound/Echocardiogram Technician.
- Computerization and printing of daily log.
- Computerization and printing of exam requisitions.
- Printing of all folder and exam labels.
- Completing all ultrasound/echocardiogram studies ordered by the medical staff.
- Preparing studies for shipment to the radiologist for interpretation.
- Assisting the staff with maintenance of equipment and supplies and notifying staff when supplies are needed.
- Conducting quality assurance tests and daily maintenance on equipment as needed.

- Assisting with FDA inspections and preparation for TJC and program review as needed.
- Assuring that all requests are completed properly.
- Computerization of patient logs and repeat analysis.

Attire

The contractor is expected to wear professional clothing while on duty (scrub uniforms are approved). Although scrub uniforms are approved, they should not be the color Green or Khaki. The attire worn shall also be appropriate for the correctional environment in which the contract employee will be performing and should not be tight fitting or low cut without an undershirt. If the contractor is not dressed appropriately, they will not be allowed inside of the institution until the appropriate attire is presented. FCI Loretto will not be charged for the delay in services.

Patient Management

The contractor will be responsible for receiving patients and explaining procedures to alleviate undue anxiety, submitting reports and evaluations as requested. The contractor will be responsible for following directives and comply with Bureau of Prisons Health Services Manual, local institutional mandates, and the Health Services Department's policies in the management of all patient encounters.

Patients shall be afforded impartial access to treatment or accommodations that are available or medically indicated, regardless of race, creed, sex, national origin, or religion. Staffing shall be commensurate with the expected needs of the patients and within the scope of services offered. The contractor shall NOT provide information to the AICs. If the situation arises where AICs are required to be provided with information, the Clinical Director, Health Services Administrator (HSA), or COR shall provide any information the AICs are to receive. The contractor is required to maintain an open line of communication with the Clinical Director, HSA, and COR.

Adults in Custody (AIC) Management

Provision of services will require frequent and unsupervised contact with AICs. The contract employee shall not be responsible for the management of any AIC, other than to ensure AICs involved within the contract's scope of work abide by all rules to ensure their safety and well-being. The successful contractor shall attend the Institution Familiarization Orientation program prior to assuming institution involvement. Reimbursement to the contractor for the time spent in the institution orientation or other specific security related training will be at the contract rate, prorated hourly. The contractor may, at any time, be removed from the institution at the discretion of the CEO. The contractor is to constantly be aware of security and always maintain a professional relationship with AICs at all times. Any violation of the institution's rules and regulations are to be brought immediately to the attention of any Government employee employed at the institution. The contractor will be required to provide documentation to the COR, or designee, of any infractions of institutional rules and regulations by AICs for proper action.

Institution Security

The contractor/contract employees shall agree to all regulations prescribed by the institution for the safety, custody, and conduct of AICs. The contract employee will be required to operate a system of records as identified for medical treatment documentation and will require adherence to the Privacy Act of 1974. The contract employee will be required to sign in and out of the institution for accountability purposes. A badge will be issued and worn at all times for proper identification.

Contract Employee Restrictions

The contractor shall not:

1. Supervise adults in custody
2. Supervise Bureau of Prisons Staff
3. Participate in adult in custody accountability
4. Requisition, sign for or pick up supplies
5. Formulate policy or procedures
6. Attend recalls or staff functions

Clauses By Full Text

Tailoring: Contract Administration Data

Type of Contract: The Government contemplates a single award of an indefinite delivery/requirements type contract with firm-fixed unit prices resulting from this solicitation. It is anticipated that the contract resulting from this solicitation will be awarded in May 2026 and with an anticipated effective date of award (EDOA) of June 1, 2026. On or about the EDOA, FCI Loretto will issue a task order to the contractor. The contractor shall commence full performance of services on the EDOA. Therefore, all background clearances shall be completed prior to the EDOA.

The quantity of services to be provided by the Contractor is estimated. These estimates are not a representation to a quoter or contractor that the estimated quantities will be required or ordered, or that conditions affecting requirements will remain stable or normal. Contract pricing shall include all charges to the Government for providing the services required by this solicitation.

Pursuant to FAR 17.203(c), the Government's evaluation shall be inclusive of options. The Government will evaluate quotes for award purposes by adding the total price of all options to the total price of the base year requirement. Quoters may offer varying prices for options, depending on the quantities actually ordered and the dates when ordered.

The resulting contract will include a base year period from the effective date of award (EDOA) through 12 months from the EDOA with four (4) possible 12-month option years. Quoters are advised that the Government has the unilateral right to exercise option periods in accordance with FAR 52.217-9, "Option to Extend the Term of the Contract" and FAR 52.217-8, "Option to Extend Services."

Option Period(s): The anticipated effective date of award (EDOA) is June 1, 2026.

Base Year: EDOA through 12 months from EDOA;
Option Year 1: 13 months from EDOA through 24 months from EDOA;
Option Year 2: 25 months from EDOA through 36 months from EDOA;
Option Year 3: 37 months from EDOA through 48 months from EDOA;
Option Year 4: 49 months from EDOA through 60 months from EDOA;
Optional Extension: 61 months from EDOA through 66 months from EDOA.

Point of Acceptance: The point of acceptance for services is **FCI Loretto**.

Service Contracting Information: This service is a contractual arrangement and not a personnel appointment. Payment is based on the provision of an end product or the accomplishment of a specific task. The service does not constitute an employer/employee relationship. The contractor will not be subject to Government supervision, except for security related matters. However, contractor performance shall be monitored. The contractor shall attend all training required by the Bureau of Prisons for contract workers. The contractor will not be permitted to attend institution meetings, staff recalls or Government training sessions for institution staff.

Quality of Patient Care/Non-Discrimination: The professional service providers will provide Bureau patients under the terms of this contract the same or equal services to those provided to non Bureau patients. Professional service providers shall be provided within accepted professional standards. The contractor agrees to make no distinction among patients under this contract on the basis of race, color, creed, national origin, or physical condition. For this contract distinctions on the grounds of race, color, creed, national origin, or physical condition include but are not limited to the following: denying any service or benefit; providing any service or benefit to a patient which is different; or if provided in a different manner or at a different time from that provided to other patients under this contract; subjecting a patient to segregation or separate treatment in any manner related to his receipt of any service; restricting a patient in any way in the enjoyment of an advantage or privilege enjoyed by others in determining whether he satisfies any admission, enrollment quota, eligibility, membership or other requirement or condition which an individual must meet in order to be provided any service or benefit; the assignment of time or places for the provision of services on the basis of race, color, creed, or national origin of the patients served.

Third Party Liability: Public Law 87-693 (42 U.S.C. 2651) provides that the United States shall be entitled to recover the reasonable value of hospital and medical care and treatment furnished or to be furnished to a person who suffers any injury or disease under circumstances indicating the potential legal liability of another person. This other person is commonly referred to as the "third party" since his/her negligent act or failure to act caused an injury or disease to the "first party" requiring medical treatment by or at the expense of the United States, the "second party".

Reviews: The Contracting Officer or designee is authorized to review by on-site survey, review of records, or by any other reasonable manner, the quality of supplies rendered under this contract. All records shall be subject to review by the Contracting Officer or other representative of the BOP. Payments will be denied when such service does not support the charges or if the service is deemed not necessary or appropriate. Such determinations may be made by the Contracting Officer or COR, whichever is appropriate. All records shall be subject to review by the Contracting Officer or other delegated representatives of the BOP.

Contracting Officer Responsibility: Authority to negotiate changes in the terms, conditions, or amounts cited in this contract is reserved to the Contracting Officer. This responsibility may be delegated to an Administrative Contracting Officer by the Contracting Officer.

Contract Administration Office (CAO): The Contracting Office at **FCI Loretto** is assigned to be the CAO for a resultant contract. This assignment carries with it the authority to perform all normal contract administration functions as listed in FAR 42.302(a), items 1 through 70; to the extent those functions apply to this contract. This assignment also includes delegation of authority to perform functions specified in FAR 42.302(b), items 1 through 11.

Ordering Official: Task orders may be issued only by the Contracting Officer, Administrative Contracting Officer, or an ordering official for **FCI Loretto** with an appropriate certificate of appointment. Each task order will identify the services schedule for that period. Orders can be issued orally, by facsimile, mail, or electronic commerce methods.

Contract Security/Investigative Requirements: The Contractor will not be subject to Government supervision, except for security related matters and monitoring of contract performance. The following investigative procedures may be applied and appropriate forms completed before any Contractor employees are permitted inside an institution:

- (1) National Crime Information Center (NCIC) check;
- (2) Declaration of Federal Employment (OF-306);
- (3) FD-258 (fingerprint check);
- (4) Law Enforcement Agency checks;
- (5) Vouchering of Employers;
- (6) Employment Resume;
- (7) Completed Contractor Pre-employment Questionnaire;
- (8) Release of Information;
- (9) Questionnaire for Sensitive Positions (SF-85 for Low Risk, SF-85P for above low risk);
- (10) Credit Check, if applicable;
- (11) Urinalysis, if applicable.

In addition to the above procedures, Contractor employees must agree to undergo a urinalysis test (for the detection of marijuana and other drug usage). If a test result is positive, the individual(s) shall be excluded and the Contractor shall provide acceptable replacement personnel subject to the same security requirements. Before a quote can be considered for award, the Contractor must agree to submit to the all the above security requirements.

Quoters should also note that clause DOJ-03, Personnel Security Requirements for Contractor Employees (Nov 2021) requires that contractor personnel have a "favorable credit report." **Quoters are strongly encouraged to pre-screen potential candidates for credit issues before submitting the candidate to FCI Loretto.** By submitting a quote for service, the contractor and its employees agree to complete the required documents and undergo the listed procedures. An individual who does not pass the security clearance will be unable to enter the Bureau facility. Any individual employed by the contractor who is deemed not suitable by the Bureau requirements will not be granted access to perform services under the contract. This is a condition of the contract. Finally, the contractor shall be in compliance with 8 CFR 274a regarding employment of aliens.

Statement of Equivalent Hires: The applicable fill in information for FAR 52.222-42, Statement of Equivalent Hires (May 2014) is as follows: Ultrasound Technician/Radiologic Technologist, Code 12305 - \$33.47, plus benefits; As stated in the contract clause, this is for information purposes only.

Department of Labor Wage Determination: The applicable DOL Wage Determination for this procurement has been determined to be **Wage Determination No. 2015-4227, Revision #30, Dated 12/03/2025**. The current revision of the determination is attached for informational purposes.

System of Records: Privacy Act Notification: The contract will require contract staff to operate a system of records documentation and will require adherence to the Privacy Act of 1974. The system of records will be maintained in accordance with community standards for medical records. The contractor and/or staff are not authorized to disclose this or any information pertaining to an inmate to any non-BOP source. Any requests for such information shall be forwarded to the Health Service Administrator for proper disposition.

Schedule of Insurance: In accordance with FAR 52.228-5 and 28.307-2, (a) *Workers' compensation and employer's liability*. Contractors are required to comply with applicable Federal and State workers' compensation and occupational disease statutes. If occupational diseases are not compensable under those statutes, they shall be covered under the employer's liability section of the insurance policy, except when contract operations are so commingled with a contractor's commercial operations that it would not be practical to require this coverage. Employer's liability coverage of at least \$100,000 shall be required, except in States with exclusive or monopolistic funds that do not permit workers' compensation to be written by private carriers. (See 28.305(c) for treatment of contracts subject to the Defense Base Act.)

(b) *General liability*. (1) The contracting officer shall require bodily injury liability insurance coverage written on the comprehensive form of policy of at least \$500,000 per occurrence. (2) Property damage liability insurance shall be required only in special circumstances as determined by the agency.

(c) *Automobile liability*. The contracting officer shall require automobile liability insurance written on the comprehensive form of policy. The policy shall provide for bodily injury and property damage liability covering the operation of all automobiles used in connection with performing the contract. Policies covering automobiles operated in the United States shall provide coverage of at least \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage. The amount of liability coverage on other policies shall be commensurate with any legal requirements of the locality and sufficient to meet normal and customary claims.

Section H - Special Contract Requirements

Clauses By Reference

52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)		
This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es): www.acquisition.gov

Clauses By Full Text

DOJ-05 Security of Department Information and Systems DOJ-05 (APR 2026)

I. Applicability to Contractors and Subcontractors

Section 2839.102 of the Justice Acquisition Regulation (JAR), (48 C.F.R. § 2839.102), applies to this contract. Accordingly, all contractors are obligated to comply with all applicable DOJ security policies, directives, or guidance documents, including the security requirements in the provisions in this contract clause. This contract clause applies to all contractors and subcontractors, including cloud service providers ("CSPs"), and personnel of the contractors and subcontractors (hereinafter collectively, "Contractor") that may access, collect, store, process, maintain, use, share, retrieve, disseminate, transmit, or dispose of DOJ Information. The security requirements set forth herein are in addition to those required by the Federal Acquisition Regulation ("FAR"), and any other applicable laws, mandates, contract clauses, DOJ policies, directives or guidance documents and Executive Orders pertaining to the development and operation of Information Systems and/or the protection of Government Information. This clause does not alter or diminish any existing rights, obligations, or liability under any other civil and/or criminal law, rule, regulation, or mandate.

II. General Definitions

The following general definitions apply to this clause. Specific definitions also apply as set forth in other paragraphs.

A. Authorization to Operate ("ATO"), as defined in National Institute of Standards and Technology ("NIST") Special Publication ("SP") 800-37 Revision 2, is the official management decision given by a senior Federal official or officials to authorize operation of an information system and to explicitly accept the risk to agency operations (including mission, functions, image, or reputation), agency assets, individuals, other organizations, and the Nation based on the implementation of an agreed-upon set of security and privacy controls.

B. Cloud Computing, as defined in DOJ Order 0904 Cybersecurity Program, is a model for enabling ubiquitous, convenient, on-demand network access to a shared pool of configurable computing resources (e.g., networks, servers, storage, applications, and services) that can be rapidly provisioned and released with minimal management effort or service provider interaction. This cloud model is composed of five essential characteristics, three service models, and four deployment models in accordance with NIST SP 800-145.

C. Covered Contract is any contract, order or other agreement under which the contractor, or a subcontractor at any tier, including a cloud service provider, may access, collect, store, process, maintain, use, share, retrieve, disseminate, transmit, or dispose of DOJ Information (as defined below) in the course of providing a product or service to the Department, with the exception of acquisitions under the micro-purchase threshold.

D. Covered Information System means any information system used for, involved with, or allowing, the processing, storing, or transmitting of DOJ Information under a Covered Contract.

E. Data means recorded information, regardless of form or the media on which it may be recorded. The term includes technical data, computer software, and personally identifiable information (PII) (defined below). The term does not include information incidental to contract administration, such as financial, administrative, cost or pricing, or management information.

F. DOJ Information, as defined in DOJ Order 0904, means any Information that is owned, produced, controlled, protected by, or otherwise within the custody or responsibility of the DOJ, including, without limitation, information related to DOJ programs or personnel. It includes, without limitation, Information (1) provided by or generated for the DOJ, (2) managed or acquired by the Contractor for the DOJ in connection with the performance of the contract, and/or (3) acquired to perform the contract.

G. Information, as defined in DOJ Order 0904, is any communication or representation of knowledge such as facts, data, or opinions, in any form or medium, including textual, numerical, graphic, cartographic, narrative, or audiovisual. This

includes any communication or representation of knowledge in an electronic format that allows it to be stored, retrieved, or transmitted.

H. Information System, means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information (44 U.S.C. 3502(8)).

I. Personally Identifiable Information ("PII"), as defined in the FAR 24.101, means information that can be used to distinguish or trace an individual's identity, either alone or when combined with other information that is linked or linkable to a specific individual. It includes but is not limited to common data elements such as names, addresses, dates of birth, and places of employment, to identity documents, Social Security numbers or other government-issued identifiers, precise location information, medical history, and biometric records. This definition covers all PII that is created by or becomes available to the contractor, including its employees, subcontractors, or affiliates, as a result of performing under this contract. PII, as supplementally defined in DOJ Order 0904, also includes information about an individual maintained by an agency, including, but not limited to, information related to education, financial transactions, medical history, and criminal or employment history and information, which can be used to distinguish or trace an individual's identity.

J. Private Cloud, as defined in NIST SP 800-145, is the deployment model for cloud infrastructure provisioned for exclusive use by a single organization comprising multiple consumers (e.g., business units). It may be owned, managed, and operated by the organization, a third party, or some combination of them, and it may exist on or off premises.

K. Security Breach means any security incident (as defined below) that directly relates to the loss of control, compromise, exfiltration, manipulation, unauthorized disclosure, unauthorized acquisition, unauthorized exposure or unauthorized access or any similar occurrence of any Covered Information System or any DOJ Information or any PII accessed by, retrievable from, processed by, stored on, or transmitted within, to or from any such system. This includes incidents where (1) a person other than an authorized user accesses or potentially accesses PII or DOJ Information or (2) an authorized user accesses or potentially accesses PII or DOJ Information for an unauthorized purpose.

a. Potential Security Breach (hereinafter, "Potential Breach") means any suspected, but unconfirmed security breach (as defined above).

b. Confirmed Security Breach (hereinafter, "Confirmed Breach") means any confirmed security breach (as defined above).

L. Security Incident means any occurrence that (1) may actually or imminently jeopardize, without lawful authority, the availability, integrity, authentication, confidentiality, or nonrepudiation of DOJ Information or a Covered Information System; or (2) may constitute a violation or imminent threat of violation of law, security policies, security procedures, or acceptable use policies.

a. Potential Security Incident means any suspected, but unconfirmed security incident (as defined above).

b. Confirmed Security Incident means any confirmed security incident (as defined above).

M. Vulnerability, as defined in DOJ Vulnerability Management Plan, and the OCIO Information Security Management Procedure, means a weakness or flaw discovered in the design of a system that, when exploited, may result in a loss of confidentiality, integrity, or availability of DOJ Information or an Information System.

III. Confidentiality and Non-Disclosure of DOJ Information

A. Preliminary and final contract deliverables and all associated working papers and material generated by the Contractor developed using DOJ Information, product, source code, and/or methods of operations, are the property of the U.S. Government and must be submitted to the Contracting Officer ("CO") or the CO's Representative ("COR") at the conclusion of the contract. The U.S. Government has unlimited data rights to all such deliverables and associated working papers and materials in accordance with FAR 52.227-14 (Rights in Data-General). The Contractor will define a method of monitoring the development activity to include any activity associated with DOJ Information, product, source code, and methods of operations. The data rights and development details shall be defined within the Contract.

If the Contractor intends to utilize its existing data, for which it has a patent or copyright, to develop a contract deliverable, it is incumbent upon the Contractor to negotiate with the CO the proper FAR Part 27 clauses in the contract to protect its existing data.

B. Pursuant to FAR 52.227-14(d)(2), all documents and data produced in the performance of this contract containing DOJ Information, product code, source code, and/or methods of operations are the property of the U.S. Government and,

without the prior written permission of the CO, the Contractor shall neither reproduce nor release such information to any third-party at any time, including during performance or following expiration and/or termination of the contract.

C. Any DOJ Information made available to the Contractor under this contract shall be used only for the purpose of performance of this contract and shall not be divulged or made known in any manner to any persons except as may be necessary in the performance of this contract. In performance of this contract, the Contractor assumes responsibility for the protection of the confidentiality of all DOJ Information processed, stored, or transmitted by the Contractor. The Contractor shall comply with information security responsibilities and duties throughout the contract and after expiration/termination as appropriate per contract close-out activities. When requested by the CO (typically no more than annually), the Contractor shall provide a report to the CO identifying, to the best of the Contractor's knowledge and belief, the type, amount, and level of sensitivity of the DOJ Information processed, stored, or transmitted under the Contract, including an estimate of the number of individuals for whom PII has been processed, stored or transmitted under the Contract and whether such information includes social security numbers (in whole or in part).

IV. Compliance with Information Technology Security Policies, Procedures and Requirements

A. For all Covered Information Systems, in addition to any other applicable requirements, as set forth in Part I, the Contractor shall comply with the security requirements of the Federal Information Security Modernization Act of 2014 ("FISMA"), Privacy Act of 1974, E-Government Act of 2002, National Institute of Standards and Technology ("NIST") Special Publications ("SP"), including NIST SP 800-37, 800-53, and 800-60 Volumes I and II, Federal Information Processing Standards ("FIPS") Publications 140-2, 199, and 200, Federal Risk and Authorization Management Program ("FedRAMP"), DOJ IT Security Standards as amended, and OMB Memoranda relating to the security of information and/or Federal Information Systems.

B. In addition, for all Covered Information Systems, the Contractor shall comply with the following requirements, which are listed here only to highlight certain specific applicable requirements from one of the sources identified in the first paragraph of this Section. This is not an exhaustive list of all such requirements with which the Contractor is obligated to comply, and the omission of a requirement from this list should not be construed as negating the materiality of that requirement. These requirements and those in the authorities in the prior paragraph should be read together.

1. Limiting access to DOJ Information and Covered Information Systems to authorized users and to transactions and functions that authorized users are permitted to exercise.
2. Providing security awareness training at least annually to all Contractor employees and contractors involved with the Covered Contract. Such training shall include, but not be limited to, recognizing and reporting potential indicators of insider threats to users and managers of DOJ Information and Covered Information Systems.
3. Creating, protecting, and retaining, in accordance with applicable requirements but in any event at least until the expiration of the contract, Covered Information System audit records, reports, and supporting documentation to enable reviewing, monitoring, analysis, investigation, reconstruction, and reporting of unlawful, unauthorized, or inappropriate activity related to such Covered Information Systems and/or DOJ Information.
4. Maintaining authorizations to operate any Covered Information System.
5. Performing continuous monitoring on all Covered Information Systems, to include but not be limited to, collecting, reviewing, and analyzing appropriate logs and timely investigating security alerts and potential security incidents.
6. Establishing and maintaining baseline configurations and current inventories of Covered Information Systems, including hardware, software, firmware, and documentation, throughout the Information System Development Lifecycle, and establishing and enforcing security configuration settings for IT products employed in Covered Information Systems.
7. Ensuring appropriate contingency planning has been performed, including DOJ Information and Covered Information System backups.
8. Identifying Covered Information System users, processes acting on behalf of users, or devices, and authenticating and verifying the identities of such users, processes, or devices, using multifactor authentication or HSPD-12 compliant authentication methods as defined by NIST 800-63-3, Digital Identity Guidelines or current revision.
9. Establishing and maintaining an operational incident handling capability for Covered Information Systems that includes adequate and timely development, logging, detection, analysis, containment, recovery, and user response activities, and tracking, documenting, and timely reporting incidents to appropriate officials and authorities within the Contractor's organization and the DOJ.
10. Performing periodic and timely maintenance on Covered Information Systems, and providing effective controls on tools, techniques, mechanisms, and personnel used to conduct such maintenance.
11. Protecting Covered Information System media containing DOJ Information, including paper, digital and electronic media, and DOJ assets under Contractor control; protecting them from environmental impacts, access, and equipment positioning requirements defined; limiting access to DOJ Information to authorized users; and sanitizing or destroying Covered Information System media containing DOJ Information before disposal, release or reuse of such media.

12. Limiting physical access to Covered Information Systems, equipment, and physical facilities housing such Covered Information Systems to authorized personnel according to DOJ 03.
13. Screening individuals prior to authorizing access to Covered Information Systems to ensure compliance with DOJ Security standards including personnel background checks.
14. Continuously assessing the risk to DOJ Information in Covered Information Systems, including scanning and remediating vulnerabilities, or implementing appropriate mitigation in accordance with DOJ policy, and ensuring the timely removal of assets no longer supported by the Contractor.
15. Continuously monitoring the application of security controls of Covered Information Systems, assessing the efficacy of such controls, and developing and implementing plans of action designed to correct deficiencies and eliminate or reduce vulnerabilities in such Covered Information Systems.
16. Monitoring, controlling, and protecting information transmitted or received by Covered Information Systems at the external boundaries and key internal boundaries of such Covered Information Systems, and employing architectural designs, software development techniques, and systems engineering principles that promote effective security.
17. Identifying, reporting, and correcting Covered Information System security flaws in a timely manner, providing protection from malicious code at appropriate locations, monitoring security alerts and advisories and taking appropriate and timely action in response.
18. Ensuring return of Government Furnished Equipment ("GFE") and/or PIV card assets within 10 business days of notification for end of use (contract end, staff change, etc.).
19. Complying with rights in data (FAR 52.227-14) as to the development, management, and protection of DOJ Information.
20. Reporting on risks or known issues impacting DOJ Services (staffing, hardware, process, changes, etc.) through the Contractor's CO or COR, DOJ Service Owner ("SO"), and Government Technical Manager ("GTM") including risk mitigation activities.
21. Reporting through the Contractor's CO or COR on any projected or planned changes in corporate ownership, covered information system design, and/or any technical changes that could impact the confidentiality, integrity or availability of DOJ Information, data, or systems. Changes to system design must be updated through the authorization process per NIST SP 800-37 Revision 2, Step 6 ("Continuous Monitoring") or current NIST revision.
22. When, as part of operating within the DOJ environment, the Contractor's covered information system is subject to review, audit, or assessment by third parties, facilitating DOJ access to information system resources, facilities, personnel, and documentation in a timely manner as required by the auditors. Should a third-party organization conduct a review of any Covered Information System, the Contractor must provide a copy of the report to DOJ, through the CO and COR.
23. To enhance software supply chain and transparency, upon request, the Contractor shall provide a current Software Bill of Materials (SBOM) for all software, software updates, modules, libraries, and container images delivered or operated in the performance of this contract, consistent with applicable federal policy such as the National Telecommunications and Information (NTIA)-established minimum elements for SBOM to the CO who will refer to the DOJ Cyber-Security Risk Management team (C-SCRM) [Authority: OMB M-26-05; EO 14028/NTIA minimum requirements].
24. Reporting on outages impacting DOJ Services through the Contractor's CO, COR, and DOJ Service Owner (SO) to include event and mitigation details.

C. The Contractor shall not process, store, or transmit DOJ Information using a Covered Information System without first obtaining an ATO for each Covered Information System. The ATO shall be signed by the Authorizing Official for the DOJ component responsible for maintaining the security, confidentiality, integrity, and availability of the DOJ Information under this contract. (For Cloud Computing Systems, see Section V, below.)

D. The Contractor shall ensure compliance with DOJ-03 (Personnel Security Requirements for Contractor Employees) as to all Covered Information Systems.

E. When requested by the DOJ CO or COR as described below, the Contractor shall provide DOJ, including the Office of Inspector General ("OIG") and Federal law enforcement components, (1) access to any and all information and records, including electronic information, regarding a Covered Information System, and (2) physical access to the Contractor's facilities, installations, systems, operations, documents, records, and databases. Such access may include independent validation testing of controls, system penetration testing, and FISMA data reviews by DOJ or agents acting on behalf of DOJ, and such access shall be provided within 72 hours of the request. Additionally, the Contractor shall cooperate with DOJ's efforts to ensure, maintain, and safeguard the security, confidentiality, integrity, and availability of DOJ Information.

F. The use of Contractor-owned laptops or other portable digital or electronic media to process or store DOJ Information covered by this clause or access a Covered Information System is prohibited unless the CO approves it in writing after the Contractor has provided a letter certifying compliance with the following requirements. For any requirements which include the use or storage of PII, the Senior Component Official for Privacy must also approve. Any additional requirements set

forth for the use or storage of PII under DOJ-02, Contractor Privacy Requirements, are in addition to, not superseded by, the requirements set forth here.

1. Media must be encrypted using a NIST FIPS 140-2 approved product.
2. The Contractor must develop and implement a process to ensure that security and other applications software is kept up to date.
3. Where applicable, media must utilize antivirus software and a host-based firewall mechanism.
4. The Contractor must log all computer-readable data extracts from databases holding DOJ Information and verify that each extract including such data has been erased within 90 days of extraction or that its use is still required. All DOJ Information should be treated by the Contractor as sensitive information unless specifically designated as non-sensitive by the DOJ.
5. A Rules of Behavior (ROB) form must be signed and acknowledged annually by users. These rules must address, at a minimum, authorized, and official use, prohibition against unauthorized users and use, and the protection of DOJ Information. The form also must notify the users that they have no reasonable expectation of privacy regarding any communications transmitted through or data stored on Contractor-owned laptops or other portable digital or electronic media.
6. Cybersecurity Awareness Training (CSAT) shall be provided annually by Contractor for all users of Covered Information System. This training must be submitted to, and approved by, the CO or COR in advance of being provided to users. Users must complete and acknowledge having received CSAT each year. At a minimum, CSAT provided by contractors must include:
 - a. Insider Threat Detection and Reporting – Importance of detecting, methodologies, indicators, and reporting
 - b. Privacy Awareness – Privacy Act and PII
 - c. General Cybersecurity – Information security, trends in advance persistent threats, social engineering/phishing, appropriate use, mobile devices, remote access, basic security best practices

G. Contractors shall not store DOJ information on Contractor-owned removable IT (e.g., media such as a thumb drive or external hard drive) unless expressly authorized in writing by the DOJ CO or COR in the performance of their contract.

H. When no longer needed, all media must be processed (sanitized, degaussed, or destroyed) in accordance with NIST SP 800-88, Guidelines for Media Sanitization.

I. The Contractor must keep an accurate inventory of digital or electronic media used in the performance of DOJ contracts.

J. The Contractor must remove all DOJ Information from Contractor media and return all such information to the DOJ within 10 days of the expiration or termination of the contract, unless otherwise extended by the CO, or waived (in part or whole) by the CO, and all such information shall be returned in a format and form acceptable to DOJ. The Contractor shall provide a written certification certifying the removal and return of all such information to the CO within 10 business days of the removal and return of all DOJ Information.

K. DOJ, at its discretion, may suspend the Contractor's access to any DOJ Information, or terminate the contract, when DOJ suspects that the Contractor has failed to comply with any security requirement, or in the event of an Information System Security Incident or Security Breach (see definitions above), where the Department determines that either event gives cause for such action. The suspension of access to DOJ Information may last until such time as DOJ, in its sole discretion, determines that the situation giving rise to such action has been corrected or no longer exists. Any termination action taken because of the Contractor's suspected failure to comply with any security requirement will be conducted in accordance with the applicable termination clause governing the awarded contract. The Contractor understands that any suspension or termination in accordance with this provision shall be at no cost to DOJ, and that upon request by the CO, the Contractor must immediately return all DOJ Information to DOJ, as well as any media upon which DOJ Information resides, at the Contractor's expense. The Contractor must comply with FAR 52.227-14 (Rights in Data), FAR 52.245-1 (Government Property), DOJ 2400.3A Chapter 1 (component property procedures), and FAR 4.804-5(a)(6) (Procedures for closing out contract files).

V. Cloud Computing

A. The Contractor may not utilize the Cloud system of any Cloud Service Provider ("CSP") unless:

1. All of the following has occurred: (a) the Cloud system and CSP have been evaluated by a Third Party Assessing Organization ("3PAO") certified under FedRAMP; (b) the Cloud system received FedRAMP authorization; (c) the Contractor has provided the most current System Security Plan ("SSP") and Security Assessment Report ("SAR") to the DOJ CO for consideration, and provides any subsequent SSPs and SARs within 30 days of issuance; and, (d)

the Authorizing Official for the DOJ component responsible for maintaining the security confidentiality, integrity, and availability of the DOJ Information under the Covered Contract has issued an ATO; or,

2. In cases where the CSP or its offering is not FedRAMP authorized, the COR approves utilization of the Cloud System after the CSP has worked with the authorizing official, the DOJ OCIO, and the FedRAMP Program Management Office to determine that the CSP is likely to seek and receive Agency/FedRAMP authorization within 1 year, or DOJ has authorized use as a Private Cloud or Contractor Owned, Contractor Operated system.

B. The Contractor must ensure that the CSP allows DOJ to access and retrieve any DOJ Information processed, stored, or transmitted in a Cloud system under this Contract within a reasonable time of any such request, but in no event less than 48 hours from the request. To ensure that the DOJ can fully and appropriately search and retrieve DOJ Information from the Cloud system, access shall include any schemas, meta-data, and other associated data artifacts.

C. The Contractor must ensure that the CSP provides access and information to support and enable DOJ's cloud security posture management, to include the current inventory of security management configuration data for services and information to confirm the Contractor has been monitoring accounts for compliance with security requirements. The DOJ Justice Security Operations Center (JSOC) must be able to access logs and events to investigate potential security breaches and perform security posture assessments associated with the Security Audit Identity Credential Access Management (ICAM) policies.

D. The Contractor must ensure that the CSP provides evidence of annual recertification of privileged user access management.

E. A C-SCRM review is mandatory for specified acquisitions in accordance with established process in EO 14028 and NIST SP 800-161, Cybersecurity Supply Chain Risk Management Practices for Systems and Organizations, or superseding document. All vendor products and solutions to be used on DOJ national security systems, enterprise-wide systems, or new FIPS-199 High and Moderate systems for the purpose of accessing, collecting, storing, processing, maintaining, using, sharing, retrieving, disseminating, transmitting, or disposing of DOJ Information must be submitted to DOJ OCIO for a C-SCRM review prior to contract award or ATO signature. Changes in corporate ownership or structure shall be reported to the CO for referral to C-SCRM. The Contractor shall notify the CO of any confirmed Supply Chain compromise affecting the Contractor's products or services within 1 hour of discovery.

_____ The following C-SCRM requirements for acquisition of systems, hardware, or software which will be used in systems that are mission critical or process sensitive data apply to this award. **(CO check as appropriate in coordination with the Program Manager and/or System Owner)**

1. The Contractor shall develop and deliver a C-SCRM Plan. The C-SCRM Plan shall meet the format described in NIST SP 800-161, Appendix E. The C-SCRM plan shall address the following security controls from NIST SP 800-53 Rev 5: SR-2, SR-3, SR-4, SR-5, SR-6, SR-7, SR-8, SR-9, SR-10, and SR-11. Equivalent ISO 27000 series controls may be used if they are mapped to the NIST control(s).

2. The Contractor shall implement the required security controls as documented in the C-SCRM Plan. The requirements of the C-SCRM plan shall flow down to all subcontractors. Evidence of the certification and compliance is required.

3. For cloud platforms or managed services, upon request, the Contractor shall provide a current SBOM of the runtime production environment reflecting the software components and dependencies materially present in the service.

4. The Contractor shall provide evidence of compliance with the documented C-SCRM Plan. **(CO select which applies)**

_____ Self-assessment by a contractor security team

_____ External assessment by an independent auditor

VI. Information System Security Incident

A. Confirmed Security Incident. The Contractor shall immediately (and in no event later than 1 hour of discovery) report any Confirmed Security Incident to the DOJ CO and COR. If the Confirmed Security Incident occurs outside of regular business hours and/or neither the DOJ CO nor the COR can be reached, the Contractor must call JSOC at 1-202-357-7000 immediately (and in no event later than within 1 hour of discovery of the Confirmed Security Incident) and shall notify the CO and COR as soon as practicable.

B. Potential Security Incident.

1. If the Contractor suspects that DOJ information has been potentially disclosed or impacted, the Contractor shall promptly investigate to determine if a Security Incident has occurred. If the Contractor has not determined within 24 hours (i.e., 24 hours from detection of potential security incident and/or security breach) whether the Potential Security Incident was in fact a Security Incident, then it must immediately report the Potential Security Incident to the DOJ CO and the COR. If the time by which to report the Potential Security Incident occurs outside of regular business hours and/or

neither the DOJ CO nor the COR can be reached, the Contractor must call or e-mail the JSOC Team at 1-202-357-7000 or JSOC@USDOJ.GOV and contact the DOJ CO and COR as soon as practicable. If the contract involves PII, the Contractor must comply with the notification requirements of DOJ-02 and Executive Order M-17-12 (Memorandum on Preparing for and Responding to a Breach of Personally Identifiable Information), Contractor Privacy Requirements, Section B.5, for an actual or suspected Security Incident.

2. The Contractor must limit sharing of Security Incident details to only those individuals involved in responding to the potential Security Incident. Any provisions of the Covered Contract regarding the citizenship or location of individuals working on the Covered Contract apply equally to individuals involved in responding to any potential Security Incidents. The Contractor may request assistance from the JSOC for advice, incident response, or FBI coordination. The Contractor must provide weekly updates to CO, COR and JSOC during the course of a Security Incident investigation.

C. Any report submitted in accordance with paragraphs (B) and (C), above, shall identify:

1. Both the Covered Information Systems and DOJ Information involved or at risk, including the type, amount, and level of sensitivity of the DOJ Information and, if the DOJ Information contains PII, the estimated number of unique instances of PII.
2. All steps and processes being undertaken by the Contractor to minimize, remedy, and/or investigate the Security Incident.
3. Any and all other information as required by the CISA Federal Incident Notification Guidelines, including the functional impact, information impact, impact to recoverability, threat vector, mitigation details, and all available incident details; and

The Contractor may request assistance from the JSOC Team for advice, incident response, or FBI coordination, and must provide weekly updates to CO, COR, and JSOC during the course of an Incident investigation.

D. Except as otherwise required by Federal, State and local laws, executive orders, rules and regulations, all determinations regarding whether and when to notify other individuals and/or federal agencies potentially affected by a Security Incident will be made by DOJ senior officials, the DOJ Core Management Team, or the COR at DOJ's discretion.

E. The Contractor must provide to DOJ full access to any facility and/or Covered Information System affected or potentially affected by any potential or confirmed Security Incident, including access by the DOJ OIG and federal law enforcement organizations, and undertake any and all response actions DOJ determines are required to ensure the protection of DOJ Information, including providing all requested images, log files, and event information to facilitate rapid resolution of any Security Incident.

F. DOJ, at its sole discretion, may obtain, and the Contractor will permit, the assistance of other federal agencies and/or third-party contractors or firms to aid in response activities related to any potential or confirmed Security Incident. Additionally, DOJ, at its sole discretion, may require the Contractor to retain, at the Contractor's expense, a 3PAO acceptable to DOJ, with expertise in incident response, compromise assessment, and federal security control requirements, to conduct a thorough vulnerability and security assessment of all affected Covered Information Systems.

G. Response activities related to any Security Incident undertaken by DOJ, including activities undertaken by the Contractor, other federal agencies, and any third-party contractors or firms at the request or direction of DOJ, may include inspections, investigations, forensic reviews, data analyses and processing, and final determinations of responsibility for the Security Incident and/or liability for any additional response activities. The Contractor shall be responsible for all costs and related resource allocations required for all such response activities related to any Security Incident, including the cost of any penetration testing.

VII. Pass-Through of Security Requirements to Subcontractors and CSPs

A. The requirements set forth in the preceding paragraphs of this clause apply to all subcontractors and CSPs who perform work in connection with the contract, including any CSP providing services for any other CSP under the contract, and the Contractor shall flow down this clause to all subcontractors and CSPs performing under this contract. Any breach by any subcontractor or CSP of any of the provisions set forth in this clause will be attributed to the Contractor.

(End of Clause)

DOJ-07 Prohibition On Access By Non-U.S. Citizens To DOJ IT Systems (MAR 2002)

The Department of Justice does not permit the use of Non-U.S. citizens in the performance of this contract or commitment for any position that involves access to or development of any DOJ IT system. By signing the contract or commitment

document, the contractor agrees to this restriction. In those instances where other non-IT requirements contained in the contract or commitment can be met by using Non-U.S. citizens, those requirements shall be clearly described.

(End of Clause)

Section I - Contract Clauses

Clauses By Reference

52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es): www.acquisition.gov

Clause	Title	Fill-ins (if applicable)
52.203-17	Contractor Employee Whistleblower Rights (Nov 2023)	
52.204-13 (DEV)	System for Award Management-Maintenance (Oct 2018) (DEVIATION NOV 2025)	
52.209-6 (DEV)	Protecting the Government's Interest When Subcontracting with Contractors Debarred, Suspended, Proposed for Debarment, or Voluntarily Excluded (Jan 2025) (DEVIATION NOV 2025)	
52.209-10 (DEV)	Prohibition on Contracting With Inverted Domestic Corporations (Nov 2015) (DEVIATION NOV 2025)	
52.212-4 (DEV)	Terms and Conditions-Commercial Products and Commercial Services (Nov 2023) (DEVIATION NOV 2025)	
52.216-18	Ordering (Aug 2020)	(a)From Date: "first day of performance period" (a)To Date: "the last day of the effective performance period"
52.216-19	Order Limitations (Oct 1995)	(a): "(1) one session" (b)(1): "the estimated quantities in the schedule of items within the current performance period"

Clause	Title	Fill-ins (if applicable)
		(b)(2): "the estimated quantities in the schedule of items within the current performance period" (b)(3): "30"
52.216-21 (DEV)	Requirements (Oct 1995) (DEVIATION DEC 2025)	
52.219-6 (DEV)	Notice of Total Small Business Set-Aside (Nov 2020) (DEVIATION DEC 2025)	
52.222-3 (DEV)	Convict Labor (June 2003) (DEVIATION DEC 2025)	
52.222-35 (DEV)	Equal Opportunity for Veterans (Jun 2020) (DEVIATION DEC 2025)	
52.222-36 (DEV)	Equal Opportunity for Workers with Disabilities (Jun 2020) (DEVIATION DEC 2025)	
52.222-37 (DEV)	Employment Reports on Veterans (Jun 2020) (DEVIATION DEC 2025)	
52.222-41 (DEV)	Service Contract Labor Standards (Aug 2018) (DEVIATION DEC 2025)	
52.222-43 (DEV)	Fair Labor Standards Act and Service Contract Labor Standards-Price Adjustment (Multiple Year and Option Contracts) (Aug 2018) (DEVIATION DEC 2025)	
52.222-50 (DEV)	Combating Trafficking in Persons (Oct 2025) (DEVIATION DEC 2025)	
52.222-54 (DEV)	Employment Eligibility Verification (Jan 2025) (DEVIATION DEC 2025)	
52.222-62 (DEV)	Paid Sick Leave Under Executive Order 13706 (Jan 2022) (DEVIATION DEC 2025)	
52.224-3	Privacy Training (Jan 2017)	
52.226-8	Encouraging Contractor Policies To Ban Text Messaging While Driving (May 2024)	
52.232-33	Payment by Electronic Funds Transfer-System for Award Management (Oct 2018)	

Clause	Title	Fill-ins (if applicable)
52.232-40	Providing Accelerated Payments to Small Business Subcontractors (Mar 2023)	
52.233-3 (DEV)	Protest after Award (Aug 1996) (DEVIATION NOV 2025)	
52.233-4 (DEV)	Applicable Law for Breach of Contract Claim (Oct 2004) (DEVIATION NOV 2025)	
52.240-91 (DEV)	Security Prohibitions and Exclusions (DEVIATION NOV 2025)	

Clauses By Full Text

52.217-9 Option to Extend the Term of the Contract (Mar 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within prior to the expiration of the current performance period *[insert the period of time within which the Contracting Officer may exercise the option]*; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days *[60 days unless a different number of days is inserted]* before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 5 (months) (years).

(End of clause)

52.222-42 Statement of Equivalent Rates for Federal Hires (May 2014)

In compliance with the Service Contract Labor Standards statute and the regulations of the Secretary of Labor (29 CFR part 4), this clause identifies the classes of service employees expected to be employed under the contract and states the wages and fringe benefits payable to each if they were employed by the contracting agency subject to the provisions of 5 U.S.C.5341 or 5 332.

This Statement is for Information Only: It is not a Wage Determination

Employee Class	Monetary Wage-Fringe Benefits
Ultrasound Technician/Radiologic Technologist	GS-09, \$32.05, Plus Fringe Benefits

(End of clause)

BOP 2852.237-77 Contractors Classified as Common Law Employees for Federal Income Tax Purposes (July 2017)

(a) When award is made to an individual other than a corporation, the provision of these services by an individual makes that individual a "common law employee" of the Bureau for federal income tax purposes only. Therefore, the Bureau is responsible for the payment of FICA taxes and the withholding of the individual contractor's taxes.

(b) An award made to an individual resulting from this solicitation is not subject to FAR 52.212-4, Prompt Payment Act.

(c) Upon contract award, the following forms shall be completed by the individual awardee:

Direct Deposit (SF-1199A).

Federal/State/City/County Tax forms (as applicable).
 # Employee Locator Form (DOJ-233).
 # Ethnicity and Race Information (SF-181).
 # Self-Identification of Disability (SF-256).
 # Employment Eligibility Verification (I-9).

(d) Even if an individual contractor is denoted a "common law employee" for federal income tax withholding purposes, the contractor remains an independent contractor. No employment relationship will be created between the Bureau and the contractor by the award of this contract to an individual contractor. An individual contractor awardee is not entitled to other aspects of employment with the Bureau, such as the filing of Equal Employment Opportunity claims, tort claims, etc.
 [End of Clause]

BOP 2852.242-71 EVALUATION OF CONTRACTOR PERFORMANCE UTILIZING CPARS (APR 2011)

The services, although not directly supervised, shall be reviewed by Federal Bureau of Prisons (BOP) staff to ensure contract compliance. The contractor's performance will be evaluated in accordance with FAR 42.15. Contract monitoring reports will be prepared by the Contracting Officer's Representative (COR) and maintained in the contract file.

In accordance with FAR 42.1502 and 42.1503, agencies shall prepare an evaluation of contractor performance and submit it to the Past Performance Information Retrieval System (PPIRS). The BOP utilizes the Department of Defense (DOD) web-based Contractor Performance Assessment Reporting System (CPARS) to provide contractor performance evaluations. The contractor shall provide and maintain a current e-mail address throughout the life of the contract. The contractor will receive an e-mail from the Focal Point thru the following website address webpmsmh@navy.mil when the contract is registered in CPARS. The e-mail will contain a "user ID" and temporary password to register in the CPARS system. The contractor must be registered to access and review its evaluation and/or provide a response. If assistance is required when registering, please contact the Contracting Staff/Focal Point.

(End of Clause)

DOJ-01 Whistleblower Information Distribution (Oct 2021)

Within 30 days of contract award, the contractor and its subcontractors must distribute the "Whistleblower Information for Employees of DOJ Contractors, Subcontractors, Grantees, or Sub-Grantees or Personal Services Contractors" ("Whistleblower Information") document to their employees performing work in support of the products and services delivered under this contract

(<https://oig.justice.gov/sites/default/files/2020-04/NDAA-brochure.pdf>). By agreeing to the terms and conditions of this contract, the prime contractor acknowledges receipt of this requirement, in accordance with 41 U.S.C. § 4712 and FAR 3.906 & 52.203-17, and commits to distribution. Within 45 days of award, the contractor must provide confirmation to the contracting officer verifying that it has distributed the whistleblower information as required.

(End of Clause)

DOJ-02 Contractor Privacy Requirements (JAN 2022)

A. Limiting Access to Privacy Act and Other Sensitive Information

(1) *Privacy Act Information*

In accordance with FAR 52.224-1 Privacy Act Notification (APR 1984) and FAR 52.224-2 Privacy Act (APR 1984), if this contract requires Contractor personnel to have access to information protected by the Privacy Act of 1974, the contractor is advised that the relevant DOJ system of records notices (SORNs) applicable to this Privacy Act information may be found at <https://www.justice.gov/opcl/doj-systems-records>. [1] Applicable SORNs published by other agencies may be accessed through those agencies' websites or by searching the Federal Digital System (FDsys) available at <http://www.gpo.gov/fdsys/>. SORNs may be updated at any time.

(2) *Prohibition on Performing Work Outside a Government Facility/Network/Equipment*

Except where use of Contractor networks, IT, other equipment, or Workplace as a Service (WaaS) is specifically authorized within this contract, the Contractor shall perform all tasks on authorized Government networks, using Government-furnished IT and other equipment and/or WaaS and Government information shall remain within the confines of authorized Government networks at all times. Any handling of Government information on Contractor

networks or IT must be approved by the Senior Component Official for Privacy of the component entering into this contract. Except where remote work is specifically authorized within this contract, the Contractor shall perform all tasks described in this document at authorized Government facilities; the Contractor is prohibited from performing these tasks at or removing Government-furnished information to any other facility; and Government information shall remain within the confines of authorized Government facilities at all times. Contractors may only access classified materials on government furnished equipment in authorized government owned facilities regardless of remote work authorizations.

(3) Prior Approval Required to Hire Subcontractors

The Contractor is required to obtain the Contracting Officer's approval prior to engaging in any contractual relationship (Subcontractor) in support of this contract requiring the disclosure of information, documentary material and/or records generated under or relating to this contract. The Contractor (and any Subcontractor) is required to abide by Government and Agency guidance for protecting sensitive and proprietary information.

(4) Separation Checklist for Contractor Employees

The Contractor shall complete and submit an appropriate separation checklist to the Contracting Officer before any employee or Subcontractor employee terminates working on the contract. The Contractor must submit the separation checklist on or before the last day of employment or work on the contract. The separation checklist must verify: (1) return of any Government-furnished equipment; (2) return or proper disposition of personally identifiable information (PII)[2], in paper or electronic form, in the custody of the employee or Subcontractor employee including the sanitization of data on any computer systems or media as appropriate; and (3) termination of any technological access to the Contractor's facilities or systems that would permit the terminated employee's access to PII or other sensitive information.

In the event of adverse job actions resulting in the dismissal of a Contractor or Subcontractor employee before the separation checklist can be completed, the Prime Contractor must notify the Contracting Officer within 24 hours and confirm receipt of the notification. In the case the Contractor is unable to notify the Contracting Officer, then the Contractor should notify the Contract Officer's Representative (COR).

Contractors must complete the separation checklist with the Contracting Officer or COR by returning all Government-furnished property including, but not limited to, computer equipment, media, credentials and passports, smart cards, mobile devices, Personal Identity Verification (PIV) cards, calling cards, and keys and terminating access to all user accounts and systems. Unless the Contracting Officer requests otherwise, the relevant Program Manager or other Key Personnel designated by the Contracting Officer or COR may facilitate the return of equipment.

B. Privacy Training, Safeguarding, and Remediation

(1) Required Security and Privacy Training for Contractors

The Contractor must ensure that all employees take appropriate privacy training, including Subcontractors who have access to PII as well as the creation, use, dissemination and/or destruction of PII at the outset of the employee's work on the contract and every year thereafter. Training must include procedures on how to properly handle PII, including heightened security requirements for the transporting or transmission of sensitive PII, and reporting requirements for a suspected breach or loss of PII. These courses, along with more information about DOJ security and training requirements for Contractors, are available at <https://www.justice.gov/jmd/learndoj>. The Federal Information Security Modernization Act of 2014 (FISMA) requires all individuals accessing DOJ information to complete training on records management, cybersecurity awareness, and information system privacy awareness. Contractor employees are required to sign the "Privacy Rules of Behavior," acknowledging and agreeing to abide by privacy law, policy, and certain privacy safeguards, prior to accessing DOJ information. These Rules of Behavior are made available to all new users of DOJ's computer network and to trainees at the conclusion of DOJ-OPCL-CS-0005.

The Contractor should maintain copies of certificates as a record of compliance and must submit an email notification annually to the COR verifying that all employees working under this contract have completed the required privacy and cybersecurity training.

(2) Safeguarding PII Requirements

Contractor employees must comply with DOJ Order 0904 and other guidance published to the publicly-available Office of Privacy and Civil Liberties (OPCL) Resources page^[3] relating to the safeguarding of PII, including the use of additional controls to safeguard sensitive PII (e.g., the encryption of sensitive PII). This requirement flows down from the Prime Contractor to all Subcontractors and lower tiered subcontracts.

(3) Non-Disclosure Agreement Requirement

Prior to commencing work, all Contractor personnel that may have access to PII or other sensitive information shall be required to sign a Non-Disclosure Agreement (NDA) and the DOJ IT Rules of Behavior. The Non-Disclosure Agreement:

- (a) prohibits the Contractor from retaining or divulging any PII or other sensitive information, or derivatives therefrom, furnished by the Government or to which they may otherwise come in contact as a result of their performance of work under the contract/task order that is otherwise not publicly available, whether or not such information has been reduced to writing; and
- (b) requires the Contractor to report any loss of control, compromise, unauthorized disclosure, or unauthorized acquisition of PII or other sensitive information to the component-level or headquarters Security Operations Center within one (1) hour of discovery.

The Contractor should maintain signed copies of the NDA for all employees as a record of compliance. The Contractor should also provide copies of each employee's signed NDA to the Contracting Officer before the employee may commence work under the contract/task order.

(4) Prohibition on Use of PII in Vendor Billing and Administrative Records

The Contractor's invoicing, billing, and other financial or administrative records or databases is not authorized to regularly store or include any sensitive PII or other confidential government information that is created, obtained, or provided during the performance of the contract without the written permission of the Senior Component Official for Privacy (SCOP). It is acceptable to list the names, titles and contact information for the Contracting Officer, COR, or other personnel associated with the administration of the contract in the invoices as needed.

(5) Reporting Actual or Suspected Data Breach

Contractors must report any actual or suspected breach of PII within one hour of discovery.^[4] A "breach" is an incident or occurrence that involves the loss of control, compromise, unauthorized disclosure, unauthorized acquisition, or any similar occurrence where: (1) a person other than an authorized user accesses or potentially accesses PII or (2) an authorized user accesses or potentially accesses PII for an other than authorized purpose. The report of a breach must be made to DOJ. The Contractor must cooperate with DOJ's inquiry into the incident and efforts to minimize risks to DOJ or individuals, including remediating any harm to potential victims.

- (a) The Contractor must develop and maintain an internal process by which its employees and Subcontractors are trained to identify and report the breach, consistent with DOJ Instruction 0900.00.01^[5], Reporting and Response Procedures for a Breach of Personally Identifiable Information.
- (b) The Contractor must report any such breach by its employees or Subcontractors to the DOJ Security Operations Center (dojcert@usdoj.gov, 202-357-7000); Component-level Security Operations Center and Component-level Management Team, where appropriate; the COR; and the Contracting Officer within one (1) hour of the initial discovery.
- (c) The Contractor must provide a written report to the DOJ Security Operations Center (dojcert@usdoj.gov, 202-357-7000) within 24 hours of discovery of the breach by its employees or Subcontractors. The report must contain the following information:
 - (i) Narrative or detailed description of the events surrounding the suspected loss or compromise of information.^[6] Date, time, and location of the incident.
 - (ii) Amount, type, and sensitivity of information that may have been lost or compromised, accessed without authorization, etc.

- (iii) Contractor's assessment of the likelihood that the information was compromised or lost and the reasons behind the assessment.[7]
- (iv) Names and classification of person(s) involved, including victim, Contractor employee/Subcontractor and any witnesses.
- (v) Cause of the incident and whether the company's security plan was followed and, if not, which specific provisions were not followed.[8]
- (vi) Actions that have been or will be taken to minimize damage and/or mitigate further compromise.
- (vii) Recommendations to prevent similar situations in the future, including whether the security plan needs to be modified in any way and whether additional training may be required.

(d) The Contractor shall provide full access and cooperation for all activities determined by the Government to be required to ensure an effective incident response, including providing all requested images, log files, and event information to facilitate rapid resolution of sensitive information incidents.

(e) At the Government's discretion, Contractor employees or Subcontractor employees may be identified as no longer eligible to access PII or to work on that contract based on their actions related to the loss or compromise of PII.

(6) *Victim Remediation*

At DOJ's request, the Contractor is responsible for notifying victims and providing victim remediation services in the event of a breach of PII held by the Contractor, its agents, or its Subcontractors, under this contract. Victim remediation services shall include at least 18 months of credit monitoring and, for serious or large incidents as determined by the Government, call center help desk services for the individuals whose PII was lost or compromised. When DOJ requests notification, the Department Chief Privacy and Civil Liberties Officer and SCOP will direct the Contractor on the method and content of such notification to be sent to individuals whose PII was breached. By performing this work, the Contractor agrees to full cooperation in the event of a breach. The Contractor should be self-insured to the extent necessary to handle any reasonably foreseeable breach, with another source of income, to fully cover the costs of breach response, including but not limited to victim remediation.

C. Government Records Training, Ownership, and Management

(1) *Records Management Training and Compliance*

(a) The Contractor must ensure that all employees and Subcontractors that have access to PII as well as to those involved in the creation, use, dissemination and/or destruction of PII take the *DOJ Records and Information Training for New Employees (RIM)* training course or another training approved by the Contracting Officer or COR. This training will be provided at the outset of the Subcontractor's/employee's work on the contract and every year thereafter. The Contractor shall maintain copies of certificates as a record of compliance and must submit an email notification annually to the COR verifying that all employees working under this contract have completed the required records management training.

(b) The Contractor agrees to comply with Federal and Agency records management policies, including those policies associated with the safeguarding of records containing PII and those covered by the Privacy Act of 1974. These policies include the preservation of all records created or received regardless of format, mode of transmission, or state of completion.

(2) *Records Creation, Ownership, and Disposition*

(a) The Contractor shall not create or maintain any records not specifically tied to or authorized by the contract using Government IT equipment and/or Government records or that contain Government Agency information. The Contractor shall certify, in writing, the appropriate disposition or return of all Government information at the conclusion of the contract or at a time otherwise specified in the contract. In accordance with 36 CFR 1222.32, the Contractor shall maintain and manage all Federal records created in the course of performing the contract in accordance with Federal law. Records may not be removed from the legal custody of DOJ or destroyed except in accordance with the provisions of the agency records schedules.

(b) Except as stated in the Performance Work Statement and, where applicable, the Contractor's Commercial License Agreement, the Government Agency owns the rights to all electronic information (electronic data,

electronic information systems or electronic databases and all supporting documentation and associated metadata created as part of this contract. All deliverables (including all data and records) under the contract are the property of the U.S. Government and may be considered federal records, for which the Agency shall have unlimited rights to use, dispose of, or disclose such data contained therein. The Contractor must deliver sufficient technical documentation with all data deliverables to permit the agency to use the data.

(c) The Contractor shall not retain, use, sell, disseminate, or dispose of any government data/records or deliverables without the express written permission of the Contracting Officer or Contracting Officer's Representative. The Agency and its contractors are responsible for preventing the alienation or unauthorized destruction of records, including all forms of mutilation. Willful and unlawful destruction, damage or alienation of Federal records is subject to the fines and penalties imposed by 18 U.S.C. § 2701. Records may not be removed from the legal custody of the Agency or destroyed without regard to the provisions of the Agency records schedules.

D. Data Privacy and Oversight

(1) Restrictions on Testing or Training Using Real Data Containing PII

The use of real data containing PII from any source for testing or training purposes is generally prohibited. The Contractor shall use synthetic or de-identified real data for testing or training whenever feasible.

(2) Requirements for Contractor IT Systems Hosting Government Data

The Contractor is required to obtain an Authority To Operate (ATO) for any IT environment owned or controlled by the Contractor or any Subcontractor on which Government data shall reside for the purposes of IT system development, design, data migration, testing, training, maintenance, use, or disposal.

(3) Requirement to Support Privacy Compliance

(a) If this contract requires the development, maintenance or administration of information technology[9], the Contractor shall support the completion of the Initial Privacy Assessment (IPA) document, if requested by Department personnel. An IPA is the first step in a process to identify potential privacy issues and mitigate privacy risks. The IPA asks basic questions to help components assess whether additional privacy protections may be needed in designing or implementing a project[10] to mitigate privacy risks, and whether compliance work may be needed. Upon review of the IPA, the OPCL determines whether a Privacy Impact Assessment (PIA) document and/or SORN, or modifications thereto, are required. The Contractor shall provide adequate support to complete the applicable risk assessment and PIA document in a timely manner, and shall ensure that project management plans and schedules include the IPA, PIA, and SORN (to the extent required) as milestones. Additional information on the privacy compliance process at DOJ, including IPAs, PIAs, and SORNs, is located on the DOJ OPCL website (<https://dojnet.doj.gov/privacy/>), including DOJ Order 0601, Privacy and Civil Liberties. The Privacy Impact Assessment Guidance and Template outline the requirements and format for the PIA.

(b) If the contract involves an IT system build or substantial development or changes to an IT system that may require privacy risk assessment and documentation, the Contractor shall provide adequate support to DOJ to ensure DOJ can complete any required assessment, and IPA, PIA, SORN, or other supporting documentation to support privacy compliance. The Contractor shall work with personnel from the program office, OPCL, the Office of the Chief Information Officer (OCIO), and the Office of Records Management and Policy to ensure that the privacy assessments and documentation are kept on schedule, that the answers to questions in the documents are thorough and complete, and that questions asked by the OPCL and other offices are answered in a timely fashion. The Contractor must ensure the completion of required PIAs and documentation of privacy controls consistent with federal law and standards, e.g. NIST 800-53, Rev. 5; and compliance with the Privacy Act of 1974, E-Government Act of 2002, Federal Information Security Modernization Act of 2014, and key OMB guidelines, e.g., OMB Circular A-130.

[1] "[T]he term 'record' means any item, collection, or grouping of information about an individual that is maintained by an agency, including, but not limited to, his education, financial transactions, medical history, and criminal or employment history and that contains his name, or the identifying number, symbol, or other identifying particular assigned to the individual, such as a finger or voice print or a photograph." 5 U.S.C. § 552a(a)(4). "[T]he term 'system of records' means a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual." 5 U.S.C. § 552a(a)(5).

[2] As stated in FAR 52.224-3 and Office of Management and Budget (OMB) Circular A-130, Managing Federal Information as a Strategic Resource (2016), “personally identifiable information” means information that can be used to distinguish or trace an individual's identity, either alone or when combined with other information that is linked or linkable to a specific individual.” Regarding “sensitive PII,” “[t]he sensitivity level of the PII will depend on the context, including the purpose for which the PII is created, collected, used, processed, stored, maintained, disseminated, disclosed, or disposed. For example, the sensitivity level of a list of individuals’ names may depend on the source of the information, the other information associated with the list, the intended use of the information, the ways in which the information will be processed and shared, and the ability to access the information.” OMB Circular A-130, at App. II-2.

[3] The DOJ OPCL Resources page is available at <https://www.justice.gov/opcl/resources>.

[4] As stated in DOJ Instruction 0900, “Contractors must notify the Contracting Officer, the Contracting Officer’s Representative, and JSOC (or component-level SOC) within 1 hour of discovering any incidents, including breaches, consistent with this Instruction, guidance issued by the CPCLO, NIST standards and guidelines, and the US-CERT notification guidelines.”

[5] <https://www.justice.gov/file/4336/download>

[6] As stated in DOJ Instruction 0900, the description should include the type of information that constitutes PII; purpose for which PII is collected, maintained, and used; extent to which PII identifies a peculiarly vulnerable population; the determination of whether the information was properly encrypted or rendered partially or completely inaccessible by other means; format of PII (e.g., whether PII was structured or unstructured); length of time PII was exposed; any evidence confirming that PII is being misused or that it was never accessed.

[7] As stated in DOJ Instruction 0900, the report should include the nature of the cyber threat (e.g., Advanced Persistent Threat, Zero Day Threat, data exfiltration) for cyber incidents.

[8] As stated in DOJ Instruction 0900, the report should include analysis on whether the data is accessible, usable, and intentionally targeted.

[9] As defined in 40 U.S.C. § 11101, the term “information technology” means any equipment or interconnected system or subsystem of equipment, used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information by the executive agency, if the equipment is used by the executive agency directly or is used by a contractor under a contract with the executive agency that requires the use (i) of that equipment or (ii) of that equipment to a significant extent in the performance of a service or the furnishing of a product; includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources; but does not include any equipment acquired by a federal contractor incidental to a federal contract.

[10] In this instance, the term “project” is used to scope the activities (e.g., creating, collecting, using, processing, storing, maintaining, disseminating, disclosing, or disposing of information) covered by an IPA. A project is intended to be technology-neutral, and may include an information system, a digital service, an information technology, a combination thereof, or some other activity that may create potential privacy issues or privacy risks that would benefit from an IPA. The scope of a project covered by an IPA is discretionary, but components should work with their SCOP and OPCL.

(End of Clause)

DOJ-03 Personnel Security Requirements For Contractor Employees (Nov 2021)

Work performed under this contract will involve any one or more of the following: access to DOJ Information, which may include Controlled Unclassified Information (CUI), i.e., unclassified, sensitive DOJ information, and/or access to DOJ Information Technology (IT) systems, and/or unescorted access to DOJ space or facilities. Contractor employees will occupy Public Trust Positions, unless clause alternates are applied.

1. General Requirements

(a) (1) All references to “contract(or) personnel” and “contract(or) employee” in this clause means all individuals, without limitation, to include individuals employed by the contractor, team member, subcontractor, consultant, and/or independent contractor, who will have access to information of the Department of Justice (DOJ) or information that is within the custody and control of the DOJ, access to DOJ IT systems, and/or unescorted access to DOJ facilities/space in connection with the performance of this contract. “Employment” as used herein does not create nor imply an employer/employee relationship between the DOJ and contractor employees.

(b) (1) The type of security investigation required for each contractor employee will be governed by the type and risk level of information made available to the contractor employee. The contractor will not be permitted to commence

performance under this contract until a sufficient number of its personnel, as determined by the Security Programs Manager (SPM), in consultation with the Contracting Officer's Representative if one is appointed, have received the requisite security approval.

(c) Except where specifically noted otherwise, the federal government will be responsible for the cost and conduct of the investigation.

(d) The contractor shall ensure that no contractor employee commences performance prior to receipt of a written authorization from the contracting officer, COR, or the SPM that performance by the respective contractor employee is authorized.

(e) The data and other information to which the contractor may have access as a result of this contract is the property of, and/or within the custody and control of, the Department, and its disclosure to third parties is governed by various statutes and regulations, the violation of which may subject the discloser to criminal penalties.

2. Citizenship and Residency Requirements

(a) *Residency Requirement.* (1) Contractor employees in Public Trust positions, both U.S. citizens and non-U.S. citizens, must meet the Department's residency requirement if they will require access to DOJ information, IT systems, or unescorted access to facilities. For three years (not necessarily consecutive years) out of the last five years immediately prior to employment under the Department contract the contractor employee must have: (i) resided in the U.S.; (ii) worked for the U.S. in a foreign country as either an employee or contractor in a federal civilian or military capacity; or, (iii) been a dependent of a federal civilian or military employee or contractor working for the U.S. in a foreign country. At the Department's sole discretion, the residency requirement may be waived by the Department Security Officer (DSO) for contractor employees on a case-by-case basis where justified by extenuating circumstances. The residency requirement does not apply to contractor employees residing in foreign countries that are hired to work in American embassies/consulates/missions located outside of the United States and who require access to DOJ information, IT systems, or unescorted access *provided that* an adequate background investigation can be conducted, with favorable adjudication, as determined by the DSO.

(b) *Citizenship.* (1) Aside from the specific exceptions set forth in Section 1.2(b)(2), for Public Trust positions, the DOJ requires that contractor employees be U.S. citizens and nationals, or lawful permanent residents seeking U.S. citizenship. Any prospective non-U.S. citizen contractor employee who requires access to DOJ information systems, DOJ information, and/or unescorted facilities access must also have been granted a waiver as described below in paragraphs 1.2(d) and/or (e). The contractor is responsible for verifying that the non-U.S. citizens working under this contract are lawful permanent residents seeking U.S. citizenship.

(2) *Exception for Certain Non-U.S. Citizen Contractor Employees:* (i) Non-U.S. citizen expert witnesses, litigative consultants, and interpreters in rare foreign languages are not required to be lawful permanent residents seeking U.S. citizenship. However, they must be granted a waiver for access to unclassified DOJ information, whether CUI or not, DOJ IT systems, and/or unescorted facility access, as described below in paragraph 1.2(d) and (e), regardless of the duration of their duties. (ii) Non-U.S. Citizen contractor employees residing in foreign countries who are hired to work for the Department of Justice in American embassies/consulates/missions outside of the United States are not required to be lawful permanent residents seeking U.S. citizenship.

(c) *Dual Citizenship.* (1) U.S. citizens who hold dual citizenship with a foreign country are considered U.S. citizens within the meaning of this clause, and may be considered for, but are not entitled to, contract employment as U.S. citizens consistent with this clause. The means by which the contractor employee obtained or exercises his or her dual citizenship status will be a consideration in the Public Trust Investigation (PTI) adjudication, and/or waiver approval processes discussed in this clause.

(d) *Access to DOJ Information Technology Systems.* Non-U.S. citizens are not authorized to access DOJ information technology (IT) systems or assist in the development, operation, management, or maintenance of DOJ IT systems, including providing IT system support, unless a waiver has been granted by the Head of the DOJ component or designee, with the prior concurrence of both the DSO and the DOJ Chief Information Officer, allowing computer access by the non-U.S. citizen. Such a waiver will be granted only in exceptional and unique circumstances on a case-by-case basis. It should be noted that the Justice Consolidated Office Network (JCON) is a sensitive DOJ IT system and any contractor employee who will need access to JCON must be a U.S. citizen or have received a waiver. In order for a waiver to be considered for approval: (1) There must be a compelling reason for using this individual as opposed to a U.S. citizen; (2)

The type of personnel security vetting that has been conducted on the individual, and vetting results, that would mitigate risk; and (3) The waiver must be in the best interest of the federal government.

(e) *Access to Unclassified DOJ Information and Unescorted Access to DOJ Facilities or Space.* (1) Except as provided under 1.2(b)(2), non-U.S. citizens are not authorized to access DOJ information and/or unescorted access to DOJ facilities or space, unless a waiver has been granted by the DSO, allowing access by the non-U.S. citizen. Such a waiver will be granted on a case-by-case basis where justified at the discretion of the DSO.

3. Background Investigation Requirements

(a) (1) Unless otherwise stated below, all contractor personnel are subject to a Public Trust Investigation (PTI). The SPM will determine the type of investigation for each contractor employee based on the risk category (i.e., the nature of the position and degree of harm that could be caused by the individual in that position) and whether the position is long-term or short-term. The PTI risk categories are listed below.

(i) High Risk Positions. The minimum background investigation required is a Tier 4 (T4) investigation, and the five-year reinvestigation required is a Tier 4R (T4R) investigation. The 2017 version of the Standard Form (SF) 85P, Questionnaire for Public Trust Positions, is required.

(ii) Moderate Risk Positions. The minimum background investigation required is a Tier 2 (T2) investigation. The five-year reinvestigation required is a Tier 2R (T2R) investigation. The 2017 version of the SF-85P is required.

(iii) Low Risk/Non-Sensitive Positions. The minimum background investigation required for Low Risk/Non-Sensitive positions is a Tier 1 (T1) investigation and the required five-year reinvestigation is also a Tier 1 (T1) investigation. The SF 85, Questionnaire for Non-Sensitive Positions, is required.

(b) *Exception for Expert Witnesses.* Expert Witnesses, litigative consultants, and interpreters in rare foreign languages may not be subject to full background investigation requirements if alternative security requirements are approved by the DSO.

(c) *Short-Term U.S. Citizen Contractor Employees.* Other than the exception in Section 1.3(b), short-term contractor employees (6 months or less) who are U.S. citizens are not subject to a full background investigation, however, must receive an approved pre-employment background investigation waiver. The required forms to complete and submit are listed in Section 1.4(b) and (c)(2).

(d) *Long-Term U.S. Citizen Contractor Employees.* Other than the exception in Section 1.3(b), all long-term U.S. citizen employees (longer than 6 months) are subject to a full background investigation in the risk category appropriate to the position they will hold.

(e) *Non-U.S. Citizen Contractor Employees.* Other than the exception in 1.3(b), all non-U.S. citizen contractor employees regardless of performance duration (short or long term) are subject to a full background investigation in the risk category appropriate to the position they will hold.

(f) *Reciprocity.* (1) A Public Trust Investigation will be accepted under reciprocity if it meets the following guidelines: (i) the investigation is current (investigations are considered current if completed within the last five years) and favorably adjudicated, or the reinvestigation has been deferred; (ii) the investigation meets or exceeds the level of investigation required for the DOJ contractual instrument; (iii) there has been no continuous (not cumulative) break in federal contract/service employment of two years or more; (iv) there is no derogatory information since the favorable fitness determination or adjudication that calls into question the individual's fitness based on character or conduct; and (v) the investigative record does not show conduct that is incompatible with the core duties of the new contract position. A "core duty" is a continuing responsibility that is of particular importance to the relevant covered position or the achievement of an agency's mission. Core duties will vary from position to position.

4. Background Investigation Process

(a) *e-QIP (or its successor).* Public Trust background investigations/reinvestigations of contractor employees will be performed by the DCSA. The investigative process requires contractor employees to complete the Electronic Questionnaires for Investigations Processing (e-QIP) and provide additional information as specified in paragraph 1.4(b) below. Immediately after contract award, the contractor shall designate an employee as its "e-QIP Initiator" and provide the name of this person to the SPM. The e-QIP Initiator must have, at a minimum, a favorably adjudicated Tier 1 investigation and the appropriate DOJ security approval before being given access to e-QIP. After the e-QIP Initiator's security approval is granted, the Contractor will be configured in e-QIP as a sub-agency to DOJ. The contractor

will then be responsible for initiating investigations for all contract personnel, whose previous investigation does not meet reciprocity, in e-QIP for completion of the security questionnaire form and forwarding the electronic form with the remainder of the security package to the SPM. Subject to the prior written approval of the SPM, the contractor may designate an e-QIP Initiator for each subcontractor. Subcontractor e-QIP Initiators must have, at a minimum, a favorably adjudicated Tier 1 investigation and the appropriate DOJ security approval before being provided access to e-QIP.

(b) *Additional Documentation.* (1) In addition to completing the e-QIP questionnaire (see 1.4(a), above), the contractor shall ensure that each contractor employee occupying Public Trust Positions, including short-term employees, completes and submits the following information through the contractor's Corporate Security Officer:

- (i) Digital Fingerprinting/FD-258 Applicant Fingerprint Card. Two sets are required per applicant. The contractor may schedule appointments with the SPM to be digitally fingerprinted; otherwise, fingerprinting by the FBI or other law enforcement entity, as approved by the SPM, is required to ensure the identity of the person being fingerprinted and for printing quality. All pertinent information must be completed by the individual taking the fingerprints (FBI or other). Use of the physical FD-258 Applicant Fingerprint Card should only be used in extenuating circumstances.
- (ii) DOJ-555 Fair Credit Reporting Act Disclosure. Authorizes DOJ to obtain one or more consumer/credit reports on the individual. This form will be required if the Component SPM determines a credit check is necessary for its Low Risk Level 1 contractor positions.
- (iii) OF-306, Declaration for Federal Employment.
- (iv) Foreign National Relatives or Associates Statement. This is only required if foreign national relatives or associates were not disclosed on the security questionnaire form.
- (v) Self-Reporting Requirements for All Contractor Personnel. This is an acknowledgement and acceptance statement that every contractor must sign.
- (vi) Additional information as may be required based on the review of the security questionnaire form.

The contractor shall review all forms/documents to ensure each is complete, accurate and meets all DOJ requirements, including applicable residency and citizenship requirements. The contractor shall resolve any issues or discrepancies with the contractor employee, including resubmission of corrected forms or documentation. Completed forms/documents shall be submitted to the SPM (or designee, which may include the COR) within five (5) calendar days after being finalized.

(c) *Adjudication and Pre-Employment Background Investigation Waivers*

(1) Except as set forth in this section, background investigations must be conducted and favorably adjudicated for each contractor employee prior to commencing their work on this contract. Where programmatic needs do not permit the federal government to wait for completion of the entire background investigation, a pre-employment background investigation waiver for public trust contractors can be granted by the SPM, in consultation with the cognizant COR. Pre-employment waivers cannot be used to circumvent delays in clearing classified contractors through the DCSA, if access to classified information is required.

(2) As directed by the SPM, the contractor shall initiate pre-employment waivers for Public Trust Positions when necessary. This may entail performing credit history checks and submission of these checks as part of the security package, including satisfactory resolution of any issues prior to submission to the federal government. A waiver will be disapproved if it develops derogatory information that cannot be resolved in the contractor employee's favor. When a waiver has been disapproved, the CO, in consultation with the SPM and COR, will determine (i) whether the contractor employee will no longer be considered for work on a DOJ contract or (ii) whether to wait for the completion and favorable adjudication of the background investigation before the contractor employee commences work on a Department contract. The pre-employment background investigation waiver requirements include:

1. Verification of citizenship (copy of a birth certificate, naturalization certificate, or U.S. passport);
2. Verification of compliance with the DOJ Residency Requirement of this Clause;
3. Favorable review of the security questionnaire form;
4. Favorable FBI fingerprint results;
5. Favorable credit report;
6. Favorable review of the OF-306 form, Declaration for Federal Employment;
7. Verification of the initiation of the appropriate background investigation (for long-term personnel); and
8. Receipt of the signed DOJ Self-Reporting Requirements for All Contractor Personnel (see Section 6, below).

(3) The investigating agency (DCSA) will provide the SPM with the results of each proposed contractor employee's Public Trust investigation. Upon receipt of the investigation and any other pertinent documents from the investigating agency, the SPM will determine whether each proposed contractor employee should be granted employment security approval.

(4) The COR will notify the contractor of the results of Public Trust background investigations as they are completed and adjudicated, including any individual who is found ineligible for employment security approval. For any individual found ineligible for employment on a Department contract, the contractor shall propose a replacement and initiate the background investigation process consistent with this clause.

5. Identity Proofing and Badging

(a) Access to DOJ Information, federally-controlled IT systems, and/or unescorted access to federally-controlled facilities or space (regardless of whether the contractor employee will be issued a DOJ PIV card or building access badge) shall be made available after each respective contractor employee has (1) met the identity proofing requirements outlined below, and (2) completed all other security requirements stated elsewhere in this contract.

(b) (1) Public Trust contractor employees must appear in person at least once before a DOJ official or an official of a trusted contract company (i.e., has a facility security clearance) who is responsible for checking two forms of identification in original form prior to commencement of work by the contractor employee and PIV card or building access badge issuance (as applicable). Approval will be documented by the DOJ official or an official of a trusted contract company. (Acceptable documents are listed in Form I 9, Employment Eligibility Verification, and at least one document must be a valid state or federal government issued picture ID).

(c) [Reserved]

(d) All contractor employees requiring unescorted access to a DOJ controlled facility or space shall comply with the PIV card or building access badge requirements outlined below:

(i) When any contractor employee enters a DOJ building for the first time, he/she shall allow one hour for security processing and the creation and issuance of a building access badge. PIV cards require additional processing time and will not likely be issued on the same day.

(ii) Building access badges shall be subject to periodic review by the contractor employee's supervisor and checked against his/her personal identification. The contractor employees shall present themselves for the issuance of renewed badges when required by the government as scheduled by the COR or his/her designee. The contractor shall notify the COR when contractor employee badges are lost, and must immediately apply for reissuance of a replacement badge. The contractor shall pay for reissued building access badges at no cost to the government. It is the contractor employee's responsibility to return badges to the COR or his/her designee when a contractor employee is dismissed, terminated or assigned to duties not within the scope of this contract.

6. Employee Reporting Requirements

(a) All contractor employees must sign the DOJ *Self-Reporting Requirements for All Contractor Personnel* statement acknowledging and accepting the DOJ requirement that they immediately self-report certain information using the Department's iReport system. The COR or SPM will provide the Self-Reporting statement as well as a list of reportable information, which varies by position sensitivity designation, to the contractor employee before commencing work under the contract. If the contractor employee does not have access to the DOJ iReport System, the COR or SPM will provide a fillable form for the contractor employee to complete and submit.

(b) The COR and SPM will review the written report and documentation and make a determination regarding continued employment on a DOJ contract.

(c) DOJ reporting requirements are in addition to the DCSA reporting requirements and the contractor's internal reporting requirements.

7. Replacement Personnel

(a) The contractor shall make every effort to avoid costs to the government for security investigations for replacement of contractor employees, and in so doing shall ensure that otherwise satisfactorily performing and physically able contractor employees remain in contract performance for the duration of the contract. The contractor shall take all necessary steps

to ensure that contractor personnel who are selected for assignment to this contract are professionally qualified and personally reliable, of reputable background and sound character, and able to meet all other requirements stipulated in the contract.

(b) The fact that the government performs security investigations shall not in any manner relieve the contractor of its responsibility to ensure that all contract personnel are reliable and of reputable background and sound character. Should a security investigation conducted by the government and/or a contractor's self-report or failure to self-report render ineligible a contractor employee, the contracting officer will determine whether the contractor has violated this clause. The contracting officer may direct the contractor, at its own expense, to remove and replace any contractor personnel who fails to comply with or violates applicable requirements of this contract. Such action may be taken at the government's direction without prejudice to its rights under any other provision of this contract, including termination for default, and the contractor may be held liable, at a minimum, for all reasonable and necessary costs incurred by the government to (i) provide coverage (performance) through assignment of individuals employed by the government or third parties in those cases where absence of contractor personnel would cause either a security threat or DOJ program disruption and (ii) conduct security investigations in excess of those which would otherwise be required.

(c) Nothing in this clause shall require the contractor to bear costs involved in the conduct of security investigations for replacement of a contractor employee who separates from the contractor of his/her own accord, is incapacitated, or is deceased.

(d) The contractor shall comply with the terms and conditions set forth under this clause and assumes all liability for failure to comply. The rights and remedies conferred upon the government by this clause are in addition to all and other rights and remedies pursuant to the contract and as established by law.

(End of Clause)

DOJ-08 Continuing Contract Performance During a Pandemic Influenza or other National Emergency (OCT 2007)

During a Pandemic or other emergency we understand that our contractor workforce will experience the same high levels of absenteeism as our federal employees. Although the Excusable Delays and Termination for Default clauses used in government contracts list epidemics and quarantine restrictions among the reasons to excuse delays in contract performance, we expect our contractors to make a reasonable effort to keep performance at an acceptable level during emergency periods.

The Office of Personnel Management (OPM) has provided guidance to federal managers and employees on the kinds of actions to be taken to ensure the continuity of operations during emergency periods. This guidance is also applicable to our contract workforce. Contractors are expected to have reasonable policies in place for continuing work performance, particularly those performing mission critical services, during a pandemic influenza or other emergency situation. The types of actions a federal contractor should reasonably take to help ensure performance are:

- Encourage employees to get inoculations or follow other preventive measures as advised by the public health service.
- Contractors should cross-train workers as backup for all positions performing critical services. This is particularly important for work such as guard services where telework is not an option.
- Implement telework to the greatest extent possible in the workgroup so systems are in place to support successful remote work in an emergency.
- Communicate expectations to all employees regarding their roles and responsibilities in relation to remote work in the event of a pandemic health crisis or other emergency.
- Establish communication processes to notify employees of activation of this plan.
- Integrate pandemic health crisis response expectations into telework agreements.
- With the employee, assess requirements for working at home (supplies and equipment needed for an extended telework period). Security concerns should be considered in making equipment choices; agencies or

contractors may wish to avoid use of employees' personal computers and provide them with PCs or laptops as appropriate.

- Determine how all employees who may telework will communicate with one another and with management to accomplish work.
- Practice telework regularly to ensure effectiveness.
- Make it clear that in emergency situations, employees must perform all duties assigned by management, even if they are outside usual or customary duties.
- Identify how time and attendance will be maintained.

It is the contractor's responsibility to advise the government contracting officer if they anticipate not being able to perform and to work with the Department to fill gaps as necessary. This means direct communication with the contracting officer or in his/her absence, another responsible person in the contracting office via telephone or email messages acknowledging the contractor's notification. The incumbent contractor is responsible for assisting the Department in estimating the adverse impacts of nonperformance and to work diligently with the Department to develop a strategy for maintaining the continuity of operations.

The Department does reserve the right in such emergency situations to use federal employees, employees of other agencies, contract support from other existing contractors, or to enter into new contracts for critical support services. Any new contracting efforts would be acquired following the guidance in the Office of federal Procurement Policy issuance "Emergency Acquisitions", May, 2007 and Subpart 18.2. Emergency Acquisition Flexibilities, of the Federal Acquisition Regulations.

Quote Submission Instructions/Evaluation and Award Methodology/SAM Registration/APEX/FOIA

Funds are not presently available for this solicitation. No award will be made under this solicitation until funds are made available and confirmed in writing by the Contracting Officer. The Government reserves the right to cancel this solicitation at any time; either before or after the closing date. In the event of cancellation, the Government shall have no obligation to reimburse any quoter for any costs incurred in connection with the preparation or submission of its quote.

Quote Submission Requirements and Instructions

The information requested below must be submitted by contractors and received before the solicitation response date and time. If any of the following information is not received, the Contracting Officer may elect to deem quotes non-compliant or request the required information from one or any of the Contractors, whichever is most advantageous to the Government, at the discretion of the Contracting Officer.

Quotations shall be submitted on or before the solicitation deadline specified in Block 8 of the Standard Form 1449, page 1 of this solicitation. Quotes shall be submitted via e-mail to: Elton Clarke, at eclarke@bop.gov

Documentation to be submitted with Quote:

Each quoter shall complete and submit the following forms, provisions, and statements with the quotation. Failure to do so may cause your quotation to be considered unacceptable.

1. Standard Form (SF) 1449
2. **Confirm on page 1 of SF 1449, that ultrasound equipment will also be provided**
3. Schedule of Supplies/Services Contract Pricing
4. Copy of Certificate of Liability Insurance
5. Prospective contract worker credentials: Name, Resume, License and Certifications.
6. Attachment – Business Management Questionnaire (to be submitted with the quote)

Evaluation and Award Methodology:

This acquisition will be procured in accordance with FAR Part 12 – Acquisition of Commercial Items and Part 13 – Simplified Acquisition Procedures. The Government intends to make a single award to a quoter, pursuant to an affirmative determination of responsibility, whose quotation, conforming to requirements of the solicitation, determined to be the best value to the Government considering price and past performance history.

Price: Price shall be evaluated utilizing the total aggregate pricing offered by the quoter (base period plus all option years and extension).

Past Performance: The Contractor Performance Assessment Reporting System (CPARS) at www.cpars.gov and/or any relevant information available to the Contracting Officer may be utilized.

SAM Registration:

All potential quoters are advised that this solicitation includes the provision at FAR 52.204-7 System for Award Management which requires that an offeror be registered in SAM when submitting an offer or quote and continue to be registered throughout the duration of the contract." Quoters should include their Data Universal Number System (DUNS) number in their quotation. Failure to complete the registration procedures outlined in this clause may result in elimination from consideration for award.

APEX Accelerator Assistance:

APEX Accelerator Assistance: If you have questions regarding the System for Award Management (SAM), Government procurements in general, or need assistance in the preparation of your quote, the APEX Accelerators program may be able to help. The APEX Accelerators was authorized by Congress in 1985 to expand the number of businesses capable of participating in government contracts. To locate an APEX Accelerator near you, go to [https:// www.apexaccelerators.us/#/contact](https://www.apexaccelerators.us/#/contact)

Freedom of Information Act:

The Freedom of Information Act (FOIA) and its amendments have resulted in an increasing number of requests to Federal Agencies for copies of quotes from other than Government sources.

The quoter should identify information in its quote it believes should be withheld from these sources, on the basis it consists of "trade secrets and commercial or financial information obtained from a

person and privileged or confidential" (exemption (b) (4) of the FOIA). This identification will assist in the decision by a responsible federal official to disclose or withhold the requested information. If a quoter considers elements of its quote to be exempt under FOIA, ensure the following notice is annotated on the title page of the quote:

Elements of this document, as identified on individual pages, are considered by the submitter to be privileged or confidential trade secrets or commercial or financial information not subject to mandatory disclosure under the Freedom of Information Act. Material considered privileged or confidential on this basis is contained on pages.

The quote must annotate each individual item it considers privileged or confidential under the FOIA exemption with the following notice:

The data or information is considered confidential or privileged, and not subject to mandatory disclosure under the FOIA.

All information in an offerors' quote not designated may be subject to automatic public disclosure if it is requested under the FOIA. It must be emphasized that under the FOIA no information is automatically exempt from public disclosure. However, no disclosures will be made without careful evaluation, giving due regard to the need for safeguarding material considered privileged or confidential by the quoter. It is Department of Justice policy to withhold whenever possible material that is genuinely privileged or confidential.

Section M - Evaluation Factors for Award

Provisions By Reference

52.252-1 SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es): www.acquisition.gov
