52.212-2 Evaluation — Commercial Products and Commercial Services (Nov 2021) (DEVIATION Mar 2026)

(a) Evaluation factors: The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

*(i) **price**; Price: Provide on Bid Schedule. A price evaluation will be performed to determine the reasonableness of the proposed price. Reasonableness will be determined considering other competitive prices received and comparison to the independent Government estimate. If multiple contract line items are included in the bid schedule, prices will also be evaluated to determine whether any line items are unbalanced. Offerors are cautioned to distribute costs appropriately.*

*(ii) **technical capability**: Provide with quote a Written Capabilities Statement that confirms the company specializes in, or has sufficient documented direct experience in, providing all labor, equipment, material, tools, supervision and travel necessary to perform the service outlined, and in accordance with, the attached Performance Work Statement that captures a minimum of 5-years prior experience in the business of full spectrum tree services, which includes complex tree removal, tree trimming and log hauling. Include an equipment manifest that you will specifically allocate to this requirement. Provide with quote the Resume and ISA Certified Arborist Certification for the Certified Arborist that will be allocated to this project. The resume will be used to ensure experience requirements specified in the PWS are met, whereas the International Society of Arboriculture Arborist Certification will be used to confirm the minimum need of the government is attained.*

*(iii) **Past Performance**: Provide with quote three past performance references for contracts performed within the last five years (Complete FACTS Sheet). Documentation shall include brief description of services, the length of the contract, award date, name of customer, customer address, and the customer contact name, phone number, and email address. Additionally, the contracting officer will run a CPARS report to assess the contractor's performance on previous government service contracts. Lastly, the contracting officer may research past performance using an internet search.*

All evaluation factors other than cost or price, when combined, are approximately equal to cost or price.

(b) *Options (if applicable)*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

Award will be made in accordance with FAR Part 12 to the Offeror that provides the best value to the government based on price, technical, and past performance. Per FAR 12.203(c)(2) evaluation will be conducted by comparative evaluation of offerors. This solicitation is not stating nor required to state the importance assigned to each evaluation factor and/or sub factor (FAR 12.203(c)(2)).

Price: Provide on Bid Schedule. A price evaluation will be performed to determine the reasonableness of the proposed price. Reasonableness will be determined considering other competitive prices received and comparison to the independent Government estimate. If multiple contract line items are included in the bid schedule, prices will also be evaluated to determine whether any line items are unbalanced. Offerors are cautioned to distribute costs appropriately.

Technical capability: Provide with quote a Written Capabilities Statement that confirms the company specializes in, or has sufficient documented direct experience in, providing all labor, equipment, material, tools, supervision and travel necessary to perform the service outlined, and in accordance with, the attached Performance Work Statement that captures a minimum of 5-years prior experience in the business of full spectrum tree services, which includes complex tree removal, tree trimming and log hauling. Include an equipment manifest that you will specifically allocate to this requirement. Provide with quote the Resume and ISA Certified Arborist Certification for the Certified Arborist that will be allocated to this project. The resume will be used to ensure experience requirements specified in the PWS are met, whereas the International Society of Arboriculture Arborist Certification will be used to confirm the minimum need of the government is attained.

Past Performance: Provide with quote, three past performance references for contracts performed within the last five years (Complete FACTS Sheet). Documentation shall include brief description of services, the length of the contract, award date, name of customer, customer address, and the customer contact name, phone number, and email address. Additionally, the contracting officer will run a CPARS report to assess the contractor's performance on previous government service contracts. Lastly, the contracting officer may research past performance using an internet search.

Quotes will receive a preliminary review to determine whether the quote contains sufficient information, as required by the solicitation, to allow the government to perform a meaningful evaluation. If the results of this preliminary review indicate that the quote lacks sufficient information to allow a meaningful evaluation to be conducted, the Contract Specialist/Contracting Officer may eliminate the quote from further evaluation and consideration for an award.
