SECTION 5 – EVALUATION CRITERIA AND BASIS FOR AWARD

Basis for Award: Award will be made to the quoter whose quotation represents the best value to the Government. COs have broad discretion to establish evaluation procedures per RFO 12.203. The selection will be based on the vendor's responsibility, responsiveness, and ability to provide the best value. Best value is defined as the lowest-priced quotation that meets the criteria for past performance, technical, and responsibility. The government reserves the right to engage in interchanges with all, some, or none of the vendors. Furthermore, if no quotations align with the specified criteria, the Contracting Officer (CO) reserves the right to cancel the solicitation instead of conducting interchanges. In such cases, the government is under no obligation to issue a new solicitation. An evaluation plan, scored quotations, or competitive range are NOT required under simplified procedures (RFO 12.201-1).

The evaluation process will commence with an assessment of the lowest-priced quotation, following a determination of responsiveness and responsibility. Once responsiveness is confirmed, the lowest-priced proposal will undergo a technical evaluation in accordance with Section 7 of this solicitation. Any negative findings

during this evaluation may result in the quoter being deemed non-responsible, rendering them ineligible for award consideration. Commonly utilized United States Government systems will be employed throughout this process:

- 1. System for Award Management (SAM).
- 2. Federal Awardee Performance and Integrity Information System (FAPIIS)
- 3. Excluded Parties List System (EPLS). Award will be made to the lowest priced, technically acceptable quote which is deemed responsible.
- 4. Procurement Integrated Enterprise Environment/Electronic Data Access (PIEE/EDA); and/or
- 5. The Contractor Performance Assessment Reporting System (CPARS) at <https://www.cpars.gov>

If the quoter is determined to be responsible and technically acceptable, their past performance will be evaluated based on its recency and relevance. Should the lowest-priced quoter meet the responsibility criteria and have acceptable past performance, the award will be granted to that vendor. However, if the lowest-priced quoter is deemed irresponsible or there are past performance issues, the evaluation will proceed to the next lowest-priced proposal. This process will continue until a vendor is identified who offers the lowest price, meets the responsibility criteria, and demonstrates satisfactory past performance.

The Government reserves the right to evaluate for price realism if needed.

Award Type:	☐ Lowest Price Technically Acceptable (LPTA) ☒ Best Value Tradeoff ☐ Lowest Priced Technically Acceptable w/ Technical Capability Comparison
Evaluation Factors:	☐ Price Only ☐ Price + Technical ☒ Price + Technical + Past Performance ☐ Other: _____
Technical Factors:	Verification of ability to work on UPS systems
Past Performance:	☒ Evaluated ☐ Not Evaluated
Price/Cost Evaluation:	☒ Lowest price among technically acceptable ☐ Price reasonableness (FAR 13.106-3)

Late Quotations: Per RFO 12.203(c) and RFO 52.212-1(c), the Contracting Officer will exercise good business judgment in deciding whether to accept quotations received after the due date. A late modification to an otherwise successful quotation that makes terms more favorable to the Government will be considered at any time received.

SECTION 6 – SYSTEM FOR AWARD MANAGEMENT (SAM) AND ELIGIBILITY

SAM Registration (RFO 4.203): All quoters must be registered and active in the System for Award Management (SAM.gov) at the time of quotation submission and at time of award, unless an exception at RFO 4.203-1(b) applies. **NOTE:** FAR 52.212-3 (Offeror Reps & Certs—Commercial Products/Services) has been deleted under the RFO (FAR Part 12 Deviation, Nov. 3, 2025). SAM.gov representations remain valid and are required individually as prescribed below. System prompts in SAM.gov may still reference legacy clauses; quoters are only required to complete representations cited in this solicitation.

Unique Entity Identifier (UEI): Quoters must have an active UEI in SAM.gov.
CAGE Code: Quoters must have an active CAGE code.

SECTION 7 – QUOTATION PREPARATION INSTRUCTIONS per RFO 52.212-1

- Quoters shall provide:**
- Technical capability information sufficient to evaluate the requirement: proof of capability to maintain UPS systems and plan for emergency response
 - Price for each CLIN and options in pricing table on page 2

- Past performance information: List of ≤ 3 relevant contracts completed within the past 3 years, including contract number, customer POC, and description
- Proof of active SAM.gov registration (UEI / CAGE)
- Completed representations identified in Section 10A

Quotation Due Date/Time: 22 April 2026, 15:00 CEST

Submission Method: ☒ Email to: Contract Specialist and Contracting Officer

Point of Contact (Questions): Contracting Officer and Contract Specialist info provided on page 1

Questions Due (Q&A): 15 April 2026 – CO will respond via amendment

Anticipated Award Date: 15 May 2026

Late Quotations: See Section 5 and RFO 52.212-1(c). The CO has discretion to accept late submissions in the interest of the Government.
