

How to Start Registering an International Entity in SAM.gov

SAM.gov is an official website of the United States government. There is NO charge to register or maintain your entity registration record in SAM.gov.

What is an entity?

The term “entity” refers to prime contractors, organizations or individuals applying for assistance awards, those receiving loans, sole proprietors, corporations, partnerships, and any U.S. federal government agencies desiring to do business with the government. “Entity” can also refer to a party that has been suspended or debarred, is covered by a prohibition or restriction, or is otherwise excluded from doing business with the government.

An international entity refers to an entity that is based outside of the United States.

What is entity registration?

An entity registration allows you to bid on U.S. government contracts and apply for federal assistance. We will assign you a Unique Entity ID (SAM) as part of entity registration.

Comprehensive and current entity information is essential for the federal award process. It is important to prepare your information and allow sufficient time to understand and accurately complete your registration. You only need to complete and manage it here to remain eligible for federal awards. You must renew your registration every 365 days for it to remain active.

What do I need to get started?

Before starting a registration, international entities must obtain an NCAGE Code for each entity they plan to register in SAM.gov. Get an [NCAGE Code here](#). Make sure the legal business name and physical address you provide to get your NCAGE Code and register are identical. It takes up to 3 business days to obtain a NCAGE code.

Registrations require you to enter a lot of information about your entity. Information includes, but is not limited to your:

- entity’s legal business name
- physical address
- tax identification number (TIN)—*only needed if your entity pays U.S. taxes*
- NCAGE code
- information about the types of goods and services you provide
- entity size
- optional Electronic Data Interchange (EDI) information

- disaster relief data
- representations and certifications
- points of contact

Visit the [Get Started](#) page at SAM.gov to view checklists and guides to help you prepare for registration. If you already have a Unique Entity ID but have not completed registration, [go to this section](#).

Start Registration

When you are ready to start a new entity registration, go to SAM.gov and follow these steps:

1. Select the “Sign In” link at the upper right corner of the page. Select “Accept” to accept the U.S. Government System terms. After selecting “Accept,” the system will redirect you to login.gov.
2. Login.gov is a service that manages usernames and passwords for SAM.gov. If you already have a login.gov account, sign in with your credentials. Otherwise, select “Create An Account” and follow the prompts.
3. Once you are signed in, the system will redirect you to your SAM.gov Workspace.
4. On the “Entity Management” widget in the Workspace, select the “Get Started” button.
5. On the next page, select the “Register Entity” button.
6. On the next page, you will choose your entity type and your “Purpose of Registration.”
 - a. Select your type of entity. Choose “Business or Organization” if you are NOT a U.S. State, U.S. Local, Tribal, or Foreign government entity.
 - b. There are two types of registration purposes: Financial Assistance Awards and All Awards.
 - i. An All Awards registration allows you to bid on contracts and other procurements, as well as apply for financial assistance. This type of registration requires more information.
 - ii. A Financial Assistance Awards registration allows you to apply for financial assistance, or grants and loans, **only**. This type of registration requires less information.
 - c. Select your registration purpose, then select “Next.”
7. The next two pages display your choices from the Purpose of Registration page and a summary of the information you need to have prepared to complete your registration. Review the pages to make sure you are ready to start. Confirm your selections and select “Go back” if you need to change your purpose of registration or entity type. If your information is correct, select “Next.”
8. Here you will start to enter information about your entity. Enter your legal business name and physical address, then select “Next.”
9. Your entity name and address will be [validated by SAM.gov](#). The next page will show an entity matched in SAM.gov. If your entity information is correct, select “Next.”
 - a. If the match shown is not your entity or you are unable to find a match, you can [create a help ticket](#) with the Federal Service Desk (FSD) from the page. Select the “Create Incident” button to contact the FSD for assistance.

10. On this page, you will choose whether to allow your entity record to be publicly displayed in SAM.gov. Note that if you deselect this box and restrict the public display of your entity, only you and federal government users will be able to view your entity record.
11. Then, you must certify under penalty of law that you are authorized to conduct transactions for the entity. Then, select “Receive Unique Entity ID.”
12. The next page will display your Unique Entity ID. If the entity already has a registration or a Unique Entity ID, you will see informational alerts at the top of the page with more details.
13. Select “Continue Registration” to go to the next registration step. If you select “Done,” you will be redirected to your Workspace. You can continue registration later if you choose to.

Continuing Registration

When you select “Continue Registration” from the “Receive Unique Entity ID” page, the remaining sections of registration will be displayed. Select “Continue” to begin entering information into the Core Data section of registration. Visit the [Get Started](#) page at SAM.gov to view checklists and guides to help you prepare for registration.

1. Enter additional organization information as required. You will create a Marketing Partner Identification Number (MPIN) on this page. It is **important to remember your MPIN** as it will serve as your electronic signature for the IRS Consent to Disclosure of Tax Information on the next page. You will need your MPIN in the future to make updates to your registration.

Continue to enter additional information into each section as required. Your information will be saved when you select “Save and Continue” on each page.

If you exit registration before completing it, you can access it later from your Workspace.

1. Sign in to SAM.gov and, in the Workspace, select the “Work in Progress” bubble on the “Entity Management” widget. A list of your registrations in progress will display.
2. Next to the record title you want to access, select the button with the three dots (the Actions menu), then choose “Update” from the menu. You will be redirected to where you left off in your registration.
 - a. If you do not access or submit your registration within 90 days, the system will remove it.

After entering and reviewing your information, select the “Submit” button. You will receive a “Registration Submitted – Confirmation” message on the screen. If you do not see this message, you have not submitted your registration.

When will my registration become active?

Allow at least **ten business days** after you submit your registration for it to become active in SAM.gov. If your entity fails TIN or NCAGE code validation, SAM.gov will send you an email with instructions on updating your information and resubmitting your registration. You may need to work with the IRS or NCAGE to update your information before resubmitting your registration.

How do I check the status of my entity registration?

If you have a role with an entity and are signed in to your SAM.gov account, you can check your entity registration status. You can also check the status of an entity's registration as a federal user. If none of these is the case, you cannot check an entity's registration status.

1. Sign in to SAM.gov. You must be signed in to check your registration status.
2. From the home page, select the "Check Registration Status" button. The page is also linked in the footer of all pages on SAM.gov.
3. Enter a Unique Entity ID or NCAGE Code and select "Search." The entity's registration status will display below.

What about a Taxpayer Identification Number (TIN)? You only need a TIN if your entity pays U.S. taxes. If you are a foreign entity that does not pay taxes in the U.S., do not enter a number in the TIN field during registration

Complete your registration. On each page, required information that you must provide has a **red asterisk (*)** next to the name of the field. Here are a few helpful hints:

- a. On the Business Information page, you will create a Marketing Partner Identification Number (MPIN). Write your MPIN down. It is used as a password in other government systems.
- b. If you do not pay U.S. taxes, do not enter a TIN or select a TIN type. Leave those fields blank.
- c. Only use the NCAGE code you got for your DUNS number. Remember, the name and address information must match on the DUNS and NCAGE records.
- d. Make sure to select "Foreign Owned and Located" on the General Information page.
- e. As a foreign entity, you do not need to provide Electronic Funds Transfer (EFT) banking information on the Financial Information page. If you do choose to provide this electronic banking information, it must be for a U.S. bank: SAM cannot accept foreign banking information. The remittance name and address are the only mandatory information for you on this page.
- f. In the "Points of Contact" section, list the names of people in your organization who know about this registration in SAM and why you want to do business with the U.S. Federal government. These are called "Points of Contact" or POCs.
- g.

IMPORTANT: To avoid validation error during SAM registration the vendors should indicate the same address requesting DUNS and NCAGE codes and registering in SAM. Besides DUNS and NCAGE addresses must match the banking address. The vendors are recommended to type, or if possible, copy and paste their banking address into a plain text editor (e.g. Notepad). After that, the vendor may copy and paste from the text editor into DUNS, NCAGE, and SAM).

Prepare for Entity Registration in SAM.gov

Small Business Certification

Small Business Association (SBA) Profile

- ☐ If you have selected at least one small business NAICS code, you will be provided [a link to the SBA Supplemental Page](#). If you would like to provide additional information for market research, or are applying for SBA's HUB zone or 8(a) programs, use that link to complete the SBA profile. A new window will open and take you to the SBA page. Make sure to go back to the SAM.gov window to submit your registration.

This concludes the information for an All Awards registration.

Financial Assistance Awards Only Registration Questionnaires and Checklists

You need to enter the following information for a Financial Assistance Awards Only entity registration:

ID Unique Entity ID

After you select your purpose of the registration (All Awards) and your entity type, you will enter the following information to get a Unique Entity ID:

- ☐ Legal Business Name
- ☐ Physical Address (A post office box may not be used as your physical address)
- ☐ Date of Incorporation
- ☐ State of Incorporation (U.S. entities only)

Your entity name and address will be [validated by SAM.gov](https://sam.gov). If SAM.gov cannot validate your entity, you can [create a help ticket](#) with the Federal Service Desk from the page. Once you receive your Unique Entity ID, you can continue the registration.

You will also select whether you want your entity to be visible in public search results:

Note: Publicly viewable entity records display your record status, legal business name, and physical address on SAM.gov. You can restrict the public viewing of your record by deselecting the checkbox. If you restrict your information, it will not be visible to other non-federal entities or state and local governments who may wish to do business with you. However, your non-sensitive entity information remains available to federal government users and those who download the SAM public data file.

i Core Data

Core data includes the following information:

Appendix II

What is an entity?

The term “entity” refers to prime contractors, organizations or individuals applying for assistance awards, those receiving loans, sole proprietors, corporations, partnerships, and any U.S. federal government agencies desiring to do business with the government. “Entity” can also refer to a party that has been suspended or debarred, is covered by a prohibition or restriction, or is otherwise excluded from doing business with the government.

What is entity registration?

An entity registration allows you to bid on government contracts and apply for federal assistance. We will assign you a Unique Entity ID as part of entity registration.

Comprehensive and current entity information is essential for the federal award process. It is important to prepare your information and allow sufficient time to understand and accurately complete your registration. You only need to complete and manage it here to remain eligible for federal awards. You must renew your registration every 365 days for it to remain active.

When will my registration become active?

Allow at least **ten business days** after you submit your registration for it to become active in SAM.gov. If your entity fails TIN or CAGE code validation, you will receive an email with instructions on updating your information and resubmitting your registration. Please check your spam or junk mail for messages during this time; messages will be sent to the Government Business POC. You may need to work with the IRS or CAGE to update your information before resubmitting your registration.

How do I check the status of my entity registration?

If you have a role with an entity and are signed in to your SAM.gov account, you can check your entity registration status. You can also check the status of an entity’s registration as a federal user. If none of these is the case, you cannot check an entity’s registration status.

1. Sign in to SAM.gov. You must be signed in to check your registration status.
2. From the home page, select the “Check Registration Status” button. The page is also linked in the footer of all pages on SAM.gov.
3. Enter a Unique Entity ID or CAGE Code and select “Search.” The entity’s registration status will display below.
