- (1) Offeror's name/company name, address, telephone number and email address.
- (2) Offeror's SAM Unique Entity Identifier (UEI) number.
- (3) Offerors must review Attachment 2, Wage Determination. Be advised that 52.222-55, 'Minimum Wages for Contractor Workers Under Executive Order 14026,' remains in effect as of the date of this solicitation. Although the executive order was rescinded, the implementing clause

has not yet been modified. Therefore, any conflict between the attached Wage Determination and 52.222-55 will be resolved in favor of the clause.

(4) Information necessary to evaluate the factors contained in the provision at 52.212-2.

(5) Technical Plan not exceeding two (2) pages outlining how Offeror will accomplish the task outlined below in subsection (A). The Technical Plan should be clear, concise, and include sufficient detail for effective evaluation and to substantiate the stated information. The Technical Plan should not rephrase or restate the Government's requirements but rather provide convincing rationale to address how the Offeror intends to meet the requirement(s). Offerors should assume the Government has no prior knowledge of their company or experience and will use the information in the Technical Plan to evaluate the quote. Offerors' Technical Plan should include:

(A) The manner in which the offeror will perform restoration of Static Display KC-97 and Vulcan supporting Barksdale AFB IAW Attachment 1, Statement of Work and Attachment 3 Vulcan and KC-97 Aircraft Photographs.

(6) A statement specifying agreement with all terms, conditions, and provisions included in the solicitation and any solicitation amendments.

(b) Period for acceptance of offers. The Offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offers.

(c) Late submissions, modifications, revisions, and withdrawals of offers. Offerors are responsible for submitting quotes in electronic format to the listed POC by the due date and time specified in this solicitation. It is the Offeror's responsibility to follow up with the POC to ensure quote was received on time.

(d) Contract award. The Government intends to evaluate offers and award a contract without discussions with Offerors. Therefore, the Offeror's initial offer should contain the Offeror's best terms. However, the Government reserves the right to conduct discussions, if necessary. The Government may reject any or all offers if such action is in the public interest, accept other than the lowest offer, and waive informalities and minor irregularities in offers received.

(e) Debriefings. If a post award debriefing is given to requesting Offerors, the Government will disclose the following information, if applicable:

(1) The agency's evaluation of the significant weak or deficient factors in the debriefed Offeror's offer.

(2) The overall evaluated cost or price and technical rating of the successful Offeror and the debriefed Offeror and past performance information on the debriefed Offeror.

(6) Reasonable responses to relevant questions posed by the debriefed Offeror as to whether the agency followed source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities.

(End of provision)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

(1) Price: The total evaluated price will include the total price of all line items. The price will be evaluated based upon price and ranked lowest to highest. The price evaluation will determine whether the proposed price is complete, fair and reasonable, and not unbalanced.

(2) Technical: Lowest three (3) offers will undergo technical evaluation. The offers will then be evaluated against the requirements of this solicitation. If any or all three (3) of the lowest offers require a major rewrite or such substantial revision that the Offeror's prospect for award is not realistic, they may be considered non-responsive and removed from competition, and the Government may evaluate higher-priced offers. If three (3) or fewer offers are received, then all quotes received will be sent for technical evaluation.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) Notice of award. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
