

AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT			1. CONTRACT ID CODE		PAGE 1 OF 5 PAGES		
2. AMENDMENT/MODIFICATION NUMBER 0002		3. EFFECTIVE DATE 09/15/2025		4. REQUISITION/PURCHASE REQUISITION NUMBER		5. PROJECT NUMBER (If applicable) 140R4025R0032	
6. ISSUED BY CODE R40 Bureau of Reclamation Upper Colorado Region Regional Office 125 South State Street, Room 8100 Salt Lake City UT 84138				7. ADMINISTERED BY (If other than Item 6) CODE R40 Bureau of Reclamation Upper Colorado Region Albuquerque Area Office 555 Broadway Blvd NE, Suite 100 Albuquerque NM 87102			
8. NAME AND ADDRESS OF CONTRACTOR (Number, street, county, State and ZIP Code)				9A. AMENDMENT OF SOLICITATION NUMBER (X) 140R4025R0032			
				9B. DATED (SEE ITEM 11) (X) 09/15/2025			
				10A. MODIFICATION OF CONTRACT/ORDER NUMBER			
				10B. DATED (SEE ITEM 13)			
CODE				FACILITY CODE			

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

☒ The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers ☐ is extended. ☒ is not extended.

Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods:

(a) By completing items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or electronic communication which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by letter or electronic communication, provided each letter or electronic communication makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)

**13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS.
IT MODIFIES THE CONTRACT/ORDER NUMBER AS DESCRIBED IN ITEM 14.**

CHECK ONE	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NUMBER IN ITEM 10A.
☐	
☐	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation data, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
☐	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
☐	D. OTHER (Specify type of modification and authority)

E. IMPORTANT: Contractor ☐ is not ☐ is required to sign this document and return _____ copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

See continuation page

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

15A. NAME AND TITLE OF SIGNER (Type or print)		16A. NAME AND TITLE OF CONTRACTING OFFICER (Type or print) Mary B. Maestas	
15B. CONTRACTOR/OFFEROR	15C. DATE SIGNED	16B. UNITED STATES OF AMERICA	16C. DATE SIGNED
(Signature of person authorized to sign)		(Signature of Contracting Officer)

NAME OF OFFEROR OR CONTRACTOR

ITEM NO. (A)	SUPPLIES/SERVICES (B)	QUANTITY (C)	UNIT (D)	UNIT PRICE (E)	AMOUNT (F)
	Pojoaque Basin Regional Water System Phase II Design-Build - Amendment 2 Questions and Answers Period of Performance: 09/18/2026 to 04/10/2030				

**140R4025R0032 PBRWS Phase II Design-Build.
Amendment 2**

Questions / Answers

1. The revised SOO states that even if the Contractor elects to use Government-provided 100% design documents, the Contractor remains fully responsible for the final design and assumes all duties and liabilities of the Engineer of Record (SOO 1.02, p. 2). Please clarify the Government's intended status and reliance for Government-provided 100% design documents (drawings, specifications, models, calculations, and supporting data), including whether they are intended to be relied upon as a baseline subject to Contractor validation, or provided for reference/information only. Please also confirm what native/source files and supporting design basis (e.g., CAD files, calculation packages, model inputs/outputs, design assumptions, geotechnical/utility data) will be made available to support the Contractor's validation and sealing obligations.

Answer:

1. The existing design documents are intended to be reference/informational only. The contractor shall be responsible for verifying or validating all design information used from the existing design documents.
 2. The existing design drawings will be pdf sheets. There will be CAD files for some of the existing design drawings. A copy of the WaterGEMS model will be provided. Design assumptions can be found in the Basis of Design Report and Amended Engineering Report. Geotech Reports of studied areas will be provided. Utility information of studied areas will be provided as a KMZ or as a report as available.
2. The revised SOO states that the Contractor remains fully responsible as Engineer of Record even when using Government-provided 100% design documents (SOO 1.02, p. 2). Please clarify how the Government intends to handle material deficiencies (errors, omissions, conflicts, or outdated/inaccurate data) identified in Government-furnished design documents after award and during design validation or final design completion. Specifically, please confirm whether the Government anticipates issuing a written change/contract modification with equitable adjustment and/or schedule relief if such deficiencies require redesign, re-engineering, or re-permitting beyond reasonable design validation, or whether Offerors should assume this corrective effort is included in base scope and pricing.

Answer: The existing design documents are intended to be reference/informational only. Offerors shall assume corrective effort to be included in base scope and pricing.

3. Section L requires that the designer be the Engineer of Record and that drawings and specifications be sealed by a State-licensed Professional Engineer (Section L, pp. 42–43). In addition, the revised SOO states that the Contractor remains fully responsible as Engineer of Record when using Government-provided 100% design documents (SOO 1.02, p. 2). Please clarify the Government’s expectations for the Contractor’s design validation and verification scope and process prior to sealing and proceeding with construction (e.g., constructability review, code compliance checks, coordination checks, model validation, quantity review). Please also confirm whether BoR anticipates reviewing or acknowledging the Contractor’s validation approach before final sealing and/or commencement of construction activities.

Answer: The project stakeholders must approve the design before the award of any construction CLIN. The stakeholders will review design development during the iterative design process. Review will be facilitated by the contractor and shall include constructability, code compliance checks, coordination checks, model validation, quantities, etc.

4. Section L, page 41, of the solicitation, Narrative that addresses Phase One-Factor 2: Technical Qualifications , reads in part that “The Offeror shall demonstrate specialized experience by providing evidence of up to three (3) projects completed within the last ten (10) years similar to the scope, complexity, and magnitude of the requirements under this solicitation.”

This section then continues to detail experience requirements involving the Experience of the Designer, the Experience of the Builder, the Experience of the Construction Inspection Services and the Experience of the Cultural Monitoring Services.

Please confirm that under Narrative that addresses Phase One-Factor 2: Technical Qualifications we are permitted to provide up to twelve (12) projects completed within the last ten (10) years similar to the scope, complexity, and magnitude of the requirements under this solicitation, or a maximum of three (3) projects each for the Experience of the Designer, the Experience of the Builder, the Experience of the Construction Inspection Services and the Experience of the Cultural Monitoring Services.

Answer: If the experience of the Designer, Builder, Construction Inspection Services, and Cultural Monitoring Service do not overlap under the same project, it is acceptable to provide up to three (3) project experiences per specialty separately for a combined total of twelve (12) projects.

5. Page 43 of the solicitation states that “The offeror shall submit the PPQs to their references and have the references complete and return the questionnaires via email to mary_maestas@ios.doi.gov”. For project references where the Contractor has previously received a CPARS, or the Contractor has previously requested and obtained a PPQ using the

NAVFAC/USACE PPQ Form, wherein the information requested is substantially similar to that requested by Attachment 2, please confirm that the Offeror may include these previously completed PPQ/CPARS within its' proposal and that it DOES NOT need to request a new PPQ to be completed by its customers to be required directly via email to mary_maestas@ios.doi.gov

Answer: Yes, you may submit a previously received PPQ as long as the Point of Contact on the PPQ is still valid and may be contacted at the email/contact listed on the PPQ.

6. Section 01 11 00 Statement of Objectives, Part 1.07.8, paragraphs 1 and read in part that the "Contractor shall employ an independent Cultural Monitoring Services / Construction Inspection Services subcontractor". Please confirm that these Independent Subcontractors are to be Independent of the Offeror. Further, please confirm that these Independent Subcontractors may provide additional services on this project beyond strictly Cultural Monitoring or Construction Inspection.

Answer: The Cultural Resource Monitoring Services and Construction Inspection Services shall be independent of the Offeror. Please see [Statement_of_Objectives_revised_4-20-26_0001.pdf](#) 1.07 L. 3. Cultural Resources Monitoring Services and 1.07 L.4. Construction Inspection Services. Additional requirements for Cultural Resources Monitoring Services and Construction Inspection Services will be provided during Phase Two - Request for Proposals.

7. Block 3 of the SF1442 lists a date issued of 15-September 2025. However, SAM.Gov shows the RFP first available to Offerors on 13-April 2026. Section L requires the Offeror shall demonstrate specialized experience by providing evidence of up to three (3) projects completed within the last ten (10) years. Is this experience to have been completed with 10 years of the date listed on the SF1442 or solicitation date on SAM.gov?

Answer: For calculating "last 10 Years", please reference the RFP date of 13-April 2026, so within 10 years of 13-April 2026. FYI - Block 3 of the SF 1142 is referencing the date that this requirement was entered into the system for Sources Sought

8. Is it possible to bid construction services and commission in two separate proposals?

Answer: No, Offerors (Most Highly Qualified firms) who are selected to move on to Phase II of the solicitation process must propose on all tasks included in the Statement of Objectives to be eligible for award. The government is not accepting partial proposals
