AGAR Clauses

452.203-71 Anti-Discrimination and Diversity, Equity, and Inclusion (DEI) Compliance (Dec 2025)

(a) By entering into this contract, the Contractor certifies that:

- (1) It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution, and it will remain compliant for the duration of the contract.
- (2) Neither it nor any subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution, and the Contractor and any subcontractor or teaming partner will not do so for the duration of the contract.

(b) If the Contractor participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other detention facilities, the Contractor certifies that it will remain compliant with those laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.

(c) The Contractor affirms that the above requirements are conditions of payment that go to the essence of the contract and are therefore material terms of the contract. Payments under the contract are predicated on compliance with the above requirements, and therefore the Contractor is not eligible for funding under the contract or to retain any funding under the contract absent compliance with the above requirements.

(d) This certification reflects a change in the Government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this contract.

(e) Submission of a knowing false statement relating to Contractor's compliance with the above requirements and/or eligibility for the contract may subject the Contractor to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.

(f) The Contractor must include the provisions of this clause in all subcontract solicitations.

AGAR 452.203-72 Unenforceable Supplier Terms

(a) Definitions.

Supplier terms mean provisions customarily drafted by vendors of supplies or services and intended to create a binding legal obligation on the end user. The term applies:

- (1) Regardless of the format or style of the document. For example, supplier terms may appear in standard terms of sale or lease, Terms of Service (TOS), End User License Agreement (EULA), or another similar legal instrument or agreement, and may be presented as part of a proposal or quotation responding to a solicitation for a contract or order or otherwise become effective after the contract date.
- (2) Regardless of the media or delivery mechanism used. For example, supplier terms may be presented as one or more paper documents or may appear on a computer or other electronic device screen during a purchase, software installation, other product delivery, registration for a service, or another transaction.

(b) Applicability. When any supply or service acquired under this contract is subject to supplier terms, the supplier terms are deemed part of the contract only to the extent they are consistent with this clause. Supplier terms that conflict with any part of this clause, the contract, or Federal law are void and will not be considered incorporated into a contract, even if they are physically present in a contract documentation or systems. In the event of any inconsistency between supplier terms and this contract, this clause and the terms of the Government contract shall govern and supersede any supplier terms in all cases.

(c) Authorization Required. Notwithstanding any other provision, no supplier terms shall be binding on the Government unless the term is expressly authorized on the USDA Supplier Terms Authorization Form signed by the Contracting Officer, and the completed Authorization Form has been incorporated into the contract.

(d) Unenforceable Terms. Any supplier terms that impose obligations or restrictions inconsistent with applicable Federal law are unenforceable against the Government and deemed stricken from the agreement. This includes, but is not limited to, any clause that:

- (1) Requires the Government to pay future fees, penalties, interest, legal costs, early-termination fees, cancellation fees, minimum purchase commitments, true-up payments, seat-count minimums, usage minimums, continued-use charges, or any other financial obligation not expressly authorized by the contract.
- (2) Requires the Government to indemnify the contractor or any other entity.
- (3) Restricts the Government's ability to obtain similar supplies or services from another source.

Soil Fertility Testing
RFQ 1232SA26Q0500

- (4) Imposes any penalty, financial or otherwise, based on the Government's decision not to exercise an option.
- (5) Subjects the United States Government to the laws of any U.S. state, territory, district, municipality, or foreign nation, except where Federal law expressly permits such application.
- (6) Requires dispute resolution in a forum or venue other than one prescribed by applicable Federal law.
- (7) Establishes a period of limitations for bringing an action that differs from that provided by applicable Federal law.
- (8) Grants the contractor rights to use, mine, access, aggregate, analyze, or otherwise exploit Government data, usage data, or metadata.
- (9) Deems the Government to have accepted initial or revised terms based on silence, continued performance, or failure to object.
- (10) Grants the supplier the right to audit Government facilities, systems, records, or use of the product or service, except as expressly authorized by the contract and applicable Federal law.
- (11) Requires the Government to accept supplier security requirements, network access requirements, monitoring, penetration testing, or other technical or security measures.
- (12) Permits the supplier to suspend, degrade, or terminate access to products or services based on alleged non-payment, alleged breach, automated security triggers.
- (13) Limits the Government's right to use, install, access, test, evaluate, or transfer the licensed product or service in any manner consistent with the contract and Federal law.
- (14) Requires the Government to store, process, maintain, or transmit data in a particular geographic location, or permits the supplier to transfer Government data outside the United States, except as expressly authorized by applicable Federal law.
- (15) Authorizes the supplier to use the Government's name, seal, trademark, logo, or any reference to the Government as an end user or customer for marketing, publicity, promotional activities, press releases, or similar purposes.
- (16) Incorporates by reference, or requires the Government to accept, terms or conditions imposed by any third party, subcontractor, or upstream service provider, unless such terms are expressly incorporated into the contract by bilateral modification.
- (17) Limits, conditions, or negates the contractor's performance obligations, service levels, or remedies through a supplier-provided service level agreement (SLA).

RFQ 1232SA26Q0500

- (18) Uses Government data, usage data, metadata, prompts, content, or interactions to train, fine-tune, improve, or derive any artificial intelligence, machine learning, or automated decision-making model.
 - (19) Subjects the Government to automated decision-making, automated risk scoring, automated content moderation, or any algorithmic process that may affect access, performance, or rights under the contract.
 - (20) Utilizes artificial intelligence or algorithmic tools that produce decisions, recommendations, or outputs affecting contract performance without providing transparency, explainability, auditability, and bias-mitigation consistent with applicable Federal law and policy.
 - (21) Profiles, tracks, or analyzes Government user behavior, preferences, communications, or interactions for personalization, marketing, or algorithmic optimization purposes.
- (e) Non-binding Actions. Neither the Government nor any Government authorized end user is deemed to have consented to any term, condition, or clause by virtue of its inclusion in the supplier agreement or through the use of clickwrap, browsewrap, “I agree” mechanisms, or similar means. Execution of such mechanisms does not bind the Government or its authorized end users to any unenforceable terms.
- (f) End user. The supplier agreement shall bind the ordering activity as the end user to the extent it does not conflict with the terms of this clause, but it shall not bind or impose personal liability on any Government employee or any person acting on behalf of the Government in their personal capacity.
- (g) Law and disputes. The supplier agreement is governed by Federal law.
- (h) Statutory exception. This clause does not apply to indemnification or any other payment by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.
- (i) Continued performance. The supplier or licensor shall not unilaterally revoke, terminate, or suspend any rights granted to the Government except as allowed by the contract. If the supplier or licensor believes the ordering activity to be in breach of the supplier agreement, it shall pursue its rights under the Contract Disputes Act or other applicable Federal statute while proceeding diligently with performance, pending final resolution of any dispute in accordance with the Disputes Clause at FAR 52.212-4(d) or FAR 52.233-1, as applicable.
- (j) Arbitration. Binding arbitration shall not be used unless specifically authorized by agency guidance.
- (k) Equitable or injunctive relief. Equitable or injunctive relief, including the award of attorney fees, costs, or interest, may be awarded against the United States Government only when explicitly provided by statute (e.g., the Prompt Payment Act or the Equal Access to Justice Act).

**Soil Fertility Testing
RFQ 1232SA26Q0500**

(l) Revisions to supplier agreements. Any revisions to the supplier agreement must be incorporated into the contract using a bilateral modification. Unilateral revisions are not binding on the Government.

(m) No automatic renewals. If any license or service tied to periodic payment is provided under the supplier agreement (e.g., annual software maintenance or annual lease term), such license or service shall not renew automatically upon expiration of its current term without prior express written consent from an authorized Government representative.

(n) Indemnification. Any clause of the supplier agreement requiring the supplier or licensor to defend or indemnify the end user is amended to provide that the U.S. Department of Justice has the sole right to represent the United States in any such action, in accordance with 28 U.S.C. 516.

(o) Taxes or surcharges. Any taxes or surcharges which the supplier or licensor seeks to pass along to the Government as end user will be governed by the terms of the associated Government contract or order and must be submitted to the Contracting Officer for a determination of applicability prior to invoicing unless specifically agreed otherwise.

(p) Non-assignment. The supplier agreement may not be assigned, nor may any rights or obligations thereunder be delegated, without the Government's prior approval, except as expressly permitted by FAR 52.212-4(b) or FAR 52.232-23, as applicable.

(q) Confidential information. If the supplier agreement includes a confidentiality clause, such clause is amended to state that neither the agreement nor the contract price list, as applicable, shall be deemed "confidential information." Issues regarding release of "unit pricing" will be resolved consistent with the Freedom of Information Act. Notwithstanding anything in the supplier agreement to the contrary, the Government may retain any confidential information as required by law, regulation, or its internal document retention procedures for legal, regulatory, or compliance purposes; provided, however, that all such retained confidential information will continue to be subject to the confidentiality obligations of the supplier agreement.

(r) Conflict with Federal law. If any other language, provision, or clause of the supplier agreement conflicts or is inconsistent with Federal law or the terms and conditions of this contract, such language, provisions, or clauses will be considered null and void and will not be binding on the United States Government.

(End of Clause)

452.204-70 Modification for Contract Closeout (Apr 2026)

(a) If unliquidated funds in the amount of \$1000 or less remain on the contract, the Contracting Officer (Contracting Officer) may issue a unilateral modification for deobligation. The contractor will receive a copy of the modification but is not required to provide a signature. The Contracting Officer will immediately proceed with contract closeout upon completion of the period of performance, receipt and acceptance of supplies or services, and final payment.

**Soil Fertility Testing
RFQ 1232SA26Q0500**

(b) For commercial contracts not exceeding the simplified acquisition procedure threshold under FAR 12.001(c), if more than \$1,000 in unliquidated funds remain at closeout, the Contracting Officer will issue a bilateral deobligation modification. Only the modification requires the contractor's signature, though a Release of Claims may be requested. If the required documents are not returned within 60 days, the Contracting Officer will issue a unilateral modification and proceed with closeout once performance is complete, acceptance is confirmed, and final payment is made.

(c) For all other non-commercial or non-cost-reimbursement contracts, if more than \$1,000 in unliquidated funds remain at closeout, the Contracting Officer will issue a bilateral deobligation modification and a Release of Claims, both requiring contractor signature. If these documents are not returned within 120 days, the Contracting Officer will issue a unilateral modification and proceed with closeout upon completion of performance, acceptance, and final payment.

Award Type

It is anticipated that a RFO FAR Part 12 stand-alone, firm-fixed price, purchase order shall be awarded as a result of this synopsis/solicitation.

The Government intends to make one award from this solicitation. Therefore, to be considered responsive, contractors must submit pricing for all items.

FAR 52.212-2 Evaluation - Commercial Products and Commercial Services (Nov 2025)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible quoter whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

Price:

The quoter shall provide pricing as indicated in the Technical Acceptability section immediately below. Total price evaluation will be for the noted CLIN(s) and in accordance with FAR 52.217-8. Failure to propose pricing on individual line items may result in a quotation being excluded from further consideration. The quoter's quotation will be evaluated in accordance with FAR 12.204, to determine if it is fair and reasonable.

Technical Acceptability:

Technical Acceptability will be evaluated to receive an overall rating of "acceptable" or "unacceptable."

All quoters must provide the following minimum information and documentation with their quotations to be considered responsive and have their quotations evaluated:

1. Completion and on time submittal of the complete SF1449 RFQ document **with the terms and conditions attached.** Specifically:

**Soil Fertility Testing
RFQ 1232SA26Q0500**

1.1. RFQ document SF1449 Page 1 and 2 yellow Blocks 17a, 30a, 30b, 23, and 24 shall be completed.

1.2. Amendment SF30 blocks 15A, 15B, and 15C shall be completed if applicable.

1.2.1. All amendments will be posted to sam.gov.

1.2.2. If a quote is submitted prior to the issuance of amendments and amendments are not subsequently acknowledged, the quote may be considered unresponsive.

1.2.3. The only exception is any amendment for extension of the "Date Offers Due."

2. Additional Details:

2.1. Additional documentation is required for a responsive quote if the below applies:

2.1.1 If there is a specific provision declaration.

2.1.2 If the quoter has multiple CAGE codes associated with their sam.gov registration and the quoter requires a specific CAGE code to be associated with the quote. It is the responsibility of the quoter to determine if their sam.gov registration has multiple CAGE codes. The USDA will not research this data on the quoter's behalf.

2.1.3 If the quoter is not accepting the solicitation terms and conditions; a document with a detailed narrative describing the proposed deviation from the terms and conditions is required with quote submittal.

It is the quoters' responsibility to review the clause at AGAR 452.203-72 Unenforceable Supplier Terms provided in full text earlier in this document, research FAR policy, research applicable establishing statutes, and research applicable Executive orders as this information is publicly available, free of charge, no login required, online.

2.2. **Technical Capability Narrative.** The Technical Capability Narrative shall include:

2.2.1 General confirmation of capability to perform to the requirements of Attachment 1 Performance Work Statement and QASP. Specific written confirmation is required for the requirements stated in Section 9.1.1, 9.1.2 and the Soil Properties and Methods Required in Section 9.2.

2.2.2 Confirmation of the Prime Contractor's responsibility for completing the Certificate of Conformance as established in Attachment 1 Performance Work Statement and QASP Section 9.1.6.

3.3. If the declarations indicated in section 1.1.3 are not completed as specified.

3.4. If the RFQ quote document indicated in Section 1 or any part of it is integrated into other narrative documents.

3.5. If the quote is submitted using other documentation and the completed RFQ quote documentation indicated in Section 1 is not included in the submission.

3.6. If not all CLINS/Line Items are priced.

**Soil Fertility Testing
RFQ 1232SA26Q0500**

3.7. If the quote is submitted to another party other than the point of contact listed in the “Primary Point of Contact” field in the sam.gov Contract Opportunities posting.

3.8. If the Technical Capability Narrative established in section 2.2 highlighted directly above is not included or is incomplete.

Past Performance:

The Government may utilize any not required references provided by the Contractor, along with information available from past contracts/orders with the USDA and any information found using sources such as Federal Government sources or the Contractor Performance Assessment Reporting System (CPARS) to determine if the Contractor has acceptable or neutral Past Performance. The sam.gov UEI submitted with the quote is the primary reference. Past Performance will be evaluated using the following rating system:

- Acceptable: The contractor shows a demonstrated ability to meet contract requirements in prior or current contracts, including quality of work, timeliness, cost control, business relations, and adherence to contract terms.
- Neutral: Quoter does not have a past performance record.
- Unacceptable: The contractor has a documented history of failing to meet contract requirements, including poor quality, missed deadlines, cost overruns, lack of responsiveness, or unethical behavior. Included considered as documented history of failing to meet contract requirements is any UEI based CPARS “Marginal” or “Unsatisfactory” ratings dated within three years/1095 days prior to the solicitation close date and any sam.gov UEI based Responsibility/Qualification category listed Terminations for Default/Cause within three years/1095 days prior to the solicitation close date.

Evaluation Method

This is a RFO FAR Part 12 requirement. The Government will evaluate quotations based on the lowest price technically acceptable criteria. Only the lowest priced quotation will be evaluated for Technical Acceptability. Should the lowest priced quotation not receive an acceptable technical or past performance rating, the process will continue in order of lowest priced quotation until the lowest price, technically acceptable quotation with acceptable or neutral past performance is identified. No use of “Ranking” or “bid tabulation” applies to this solicitation.

(b) Notice of award. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer’s specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(a) By submission of its offer, the offeror certifies that:

- (3) It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution.
- (4) Neither it nor any proposed subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution.

(b) If the offeror participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other detention facilities, by submission of its offer, the offeror certifies that it is compliant with those laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.

**NOTICE FOR FILING AGENCY PROTESTS
United States Department of Agriculture (USDA) Ombudsman Program**

The USDA is committed to issuing solicitations and awarding contracts in a fair and prompt manner. The Ombudsman Program for Agency Protests (OPAP) was established to address protest issues within the agency, providing an alternative to costly and time-consuming litigation. Operating independently, OPAP offers relief comparable to that granted by the Government Accountability Office (GAO). Interested parties are encouraged to resolve concerns through USDA's internal Alternative Dispute Resolution (ADR) process before pursuing external forums such as the GAO.

Soil Fertility Testing RFQ 1232SA26Q0500

Concerns may be addressed informally or through a formal agency protest filed with either the Contracting Officer or the Ombudsman.

Informal Forum with the Ombudsman

1. **Initial Point of Contact:** Interested parties who believe a specific USDA procurement is unfair or otherwise defective should first direct their concerns to the applicable Contracting Officer.
2. **Escalation:** If the Contracting Officer is unable to address their concerns, interested parties are encouraged to contact the USDA Ombudsman for Agency Protests. Under this informal process, the agency is not required to suspend contract award performance. Utilization of the informal forum does not suspend any time requirement for filing a formal protest with the agency or other forums.
3. **Required Information:** To ensure a timely response, interested parties should provide the following information to the Ombudsman: solicitation/contract number, contracting office, Contracting Officer, and solicitation closing date (if applicable).

Formal Agency Protest with the Ombudsman

1. **Effort to Resolve:** Prior to submitting a formal agency protest, protesters must first use their best efforts to resolve their concerns with the Contracting Officer through open and frank discussions.
2. **Independent Review:** If the protester's concerns remain unresolved, an Independent Review is available by the Ombudsman. The protester may file a formal agency protest with either the Contracting Officer or, alternatively, with the Ombudsman under the OPAP program. Contract awards or performance will be suspended during the protest period unless justified in writing for urgent and compelling reasons or determined in writing to be in the best interest of the Government.
3. **Resolution Timeline:** The agency's goal is to resolve protests within 35 calendar days from the date of filing.
4. **Required Information:** Protests shall include the information set forth in FAR 33.104(a)(3). Failure to submit the required information may result in a delay or dismissal of the protest.
5. **Timeliness:** Protests must be filed within the timeframes specified in FAR 33.104.
6. **Submission:** Formal protests under the OPAP program should be submitted electronically to SPE.inquiry@usda.gov and the Contracting Officer.

Election of Forum. By initiating a protest with the USDA, the protester agrees not to pursue the same matter with the Government Accountability Office (GAO) or any other external forum while the agency protest is pending. If a protest is filed externally, the agency protest will be dismissed.
