

PERFORMANCE WORK STATEMENT (PWS)

FOR

BDOC HVAC Repairs

1.0 General:

1.1 Scope: The contractor shall provide all personnel, equipment, tools, materials, supervision, and quality control necessary, except as specified as Government Furnished, to perform the replacement of a ducted heat pump system at the 180th Fighter Wing facility, as defined in this Performance Work Statement.

1.1.1 Objectives: To demo and remove an existing PUMY-P48NHMU heat pump unit and associated indoor unit at building 120, and to furnish, install, and commission a new, compatible, like-for-like ducted heat pump system. This includes reworking electrical and controls as necessary, recovering the existing refrigerant, charging the new system with new refrigerant, reconnecting ductwork to the new indoor unit, and performing final testing and startup. The contractor shall provide all labor, equipment, tools, appliances, transportation, materials, disposal, and all documentation associated with the project.

1.2 Background: The existing ducted heat pump system has been identified for replacement. The replacement is necessary to ensure reliable and efficient climate control for the facility and to prevent potential failures associated with aging equipment.

1.3 Period of Performance (PoP): The Period of Performance shall be 60 days after issuance of the notice to proceed.

1.4 General Information:

1.4.1 Place and Performance of Services: The contractor shall provide services between the hours of 0700 - 1600 on Monday through Friday except on recognized US holidays or when the Government facility/installation is closed due to local or national emergencies, administrative closings, or similar Government-directed facility/installation closings. Performance shall be in building 120 at the 180th Fighter Wing, 2660 S. Eber Rd., Swanton, OH 43558. The contractor shall at all times maintain an adequate work force for the uninterrupted performance of all tasks defined within this PWS when the Government facility/installation is not closed for the above reasons. When hiring personnel, the contractor shall keep in mind that the stability and continuity of the work force are essential.

1.4.1.1 Telework: Not Applicable.

1.4.1.2 Unscheduled gate closures by the Security Police may occur at any time causing all personnel entering or exiting a closed installation to experience a delay. This cannot be predicted or prevented. Contractors are not compensated for unexpected closures or delays. Vehicles operated by contractor personnel are subject to search pursuant to applicable regulations. Any moving violation of any applicable motor vehicle regulation may result in the termination of the contractor employee's installation driving privileges.

1.4.1.3 The contractor's employees shall become familiar with and obey the regulations of the installation; including fire, traffic, safety and security regulations while on the installation. Contractor employees should only enter restricted areas when required to do so and only upon prior approval. All contractor employees shall always carry proper identification with them and shall be subject to such checks as may be deemed necessary. The contractor shall ensure compliance with all regulations and orders of the installation, which may affect performance. The Government reserves the right to direct the removal of an employee from Government property or revoke access to Government systems for misconduct, security reasons, or any overt evidence of communicable disease. Removal of contractor employees for reasons stated above does not relieve the Contractor from responsibility for total performance of this contract.

1.4.2 Recognized Holidays: The following are recognized United States (US) holidays. The contractor shall not perform services on these days unless otherwise approved in advance by the COR and the contracting officer. Requests to work holidays shall be made a minimum of 3 working days prior to the requested day(s).

1.4.2.1 New Year's Day: January 1st

1.4.2.2 Martin Luther King, Jr.'s Birthday

1.4.2.3 President's Day

1.4.2.4 Memorial Day

1.4.2.5 Juneteenth National Independence Day: June 19th

1.4.2.6 Independence Day: July 4th

1.4.2.7 Labor Day

1.4.2.8 Columbus Day

1.4.2.9 Veteran's Day: November 11th

1.4.2.10 Thanksgiving Day

1.4.2.11 Christmas Day: December 25th

1.4.3 Quality Control (QC): The contractor shall develop and maintain an effective QC Plan (QCP) to ensure services are performed in accordance with this PWS. The contractor shall develop and implement procedures to identify, prevent, and ensure non-recurrence of defective services. The contractor's QCP is the means by which it assures itself that its work complies with the requirements of the contract. As a minimum, the contractor shall develop QC procedures that address the areas identified in Technical Exhibit 1, Performance Requirements Summary (PRS).

1.4.4 Quality Assurance (QA): The Government will evaluate the contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan (QASP). This plan is primarily focused on what the Government will do to ensure that the contractor has performed in accordance with the performance standards. It defines how the performance standards will be applied, the frequency of surveillance, and acceptable quality level(s) or defect rate(s).

1.4.5 Access and General Protection/Security Policy and Procedures. The contractor shall comply with all applicable installation/facility access and local security policies and procedures, which may be obtained from the Contracting Officer's Representative (COR). The contractor shall also provide all information required for background checks to meet installation access requirements to be accomplished by the local installation's Security Forces, Director of Emergency Services or local Security Office. The contractor shall ensure compliance with all personal identity verification requirements as directed by DoD, Headquarters Air Force (HAF) and/or local policy. Should the Force Protection Condition (FPCON) change, the Government may require changes in contractor security matters or processes.

a. The contractor shall obtain base identification and vehicle passes, if required, for all contractor personnel who make frequent visits to or perform work on the Air Force installation(s) cited in the contract. Contractor personnel are required to wear or prominently display installation identification badges or contractor-furnished, contractor identification badges while visiting or performing work on the installation.

b. The contractor shall submit a written request on SFS FORM 77 to the contracting officer listing the following: contract number, location of work site, start and stop dates, and names of employees and subcontractor employees needing access to the base. The letter will also specify the individual(s) authorized to sign for a request for base identification credentials or vehicle passes. The contracting officer will endorse the request and forward it to the issuing base pass and registration office or Security Forces for processing. When reporting to the registration office, the authorized contractor individual(s) should provide a valid drivers license, current vehicle registration, valid vehicle insurance certificate, and REAL ID-compliant card (marked with a star) to obtain a vehicle pass.

c. During performance of the contract, the contractor shall be responsible for obtaining required identification for newly assigned personnel and for prompt return of credentials and vehicle passes for any employee who no longer requires access to the work site.

d. Reserved.

e. Upon completion or termination of the contract or expiration of the identification passes, the prime contractor shall ensure that all base identification passes issued to employees and subcontractor employees are returned to the issuing office.

f. Failure to comply with these requirements may result in withholding of final payment.

1.4.5.1. For Contractors Requiring Common Access Card (CAC). Not Required.

1.4.5.2 For Contractors that do not require CAC, but require access to a DoD Facility and/or Installation. Contractor and all associated sub-contractors employees shall comply with adjudication standards and procedures using the National Crime Information Center Interstate Identification Index (NCIC-III) and Terrorist Screening Database (TSDB) (Air Force Instruction (AFI) 10-245, AFI 31-101 and Air Force Manual (AFMAN) 31-113), applicable installation, facility and area commander installation/facility access and local security policies and procedures (provided by Government representative)

1.4.5.3 Antiterrorism Awareness Level I Training (AT Level I). All contractor employees, to include subcontractor employees, requiring access to US Government installations, facilities and controlled access areas shall complete AT Level I training within 15 calendar days after contract start date or effective date of incorporation of this requirement into the contract, whichever is applicable. AT Level I may be accomplished by a Level I qualified instructor; completing the Force Protection computer-based training (CBT) course on the Advanced Distributed Learning System (ADLS) or Joint Knowledge Online at <http://jko.jten.mil>. Tracking for each contractor or subcontractor employee is the responsibility of the unit AT Representative. The contractor shall submit certificates of completion for each affected contractor and subcontractor employee to the COR within 15 calendar days after completion of training by each employee or subcontractor personnel.

1.4.5.4 Reserved.

1.4.5.5 Communications Security/Information Technology (COMSEC/IT) Security. All communications with DoD organizations are subject to COMSEC review. All telephone communications networks are continually subject to intercept by unfriendly intelligence organizations. DoD has authorized the military departments to conduct COMSEC monitoring and recording of telephone calls originating from, or terminating at, DoD organizations. Therefore, the contractor is advised that any time contractor personnel place or receive a call they are subject to COMSEC procedures. The contractor shall ensure wide and frequent dissemination of the above information to all employees dealing with DoD information. The contractor shall abide by all Government regulations concerning the authorized use of the Government's computer network, including the restriction against using the network to recruit Government personnel or advertise job openings.

1.4.5.6 Reserved

1.4.5.7 Reserved.

1.4.5.8 Reserved

1.4.5.9 Reserved

1.4.5.10 Reserved

1.4.5.11 Requirement for OPSEC Training. In accordance with AFI 10-701, Operations Security, OPSEC PMs/Signature Managers/Coordinators will provide OPSEC training or training materials to contract employees within 30 days of employees' initial assignment to the contract and prior to having access to any critical information (CI) and annually thereafter. General organizational orientations may need to be supplemented by duty-related orientations in the work center targeted toward specific critical information and vulnerabilities associated with the work. Initial training (OPSE 1301 - OPSEC Fundamentals) is located on the ADLS website and refresher OPSEC training is conducted annually (at Commander's Call). The contractor shall submit certificates of completion for each contractor employee to the COR within 15 calendar days after completion of training.

1.4.5.12 OPSEC Plan. Not Required.

1.4.5.13 Contracts that require Handling or Access to Classified Information: Not Required.

1.4.6 Physical Security. The contractor shall safeguard all Government property provided for contractor use. At the close of each work period, Government facilities, equipment and materials shall be secured.

1.4.6.1 Key Control: Not Required

1.4.7 Special Qualifications: Reserved.

1.4.8 Post Award Conference/Periodic Progress Meetings: The contractor agrees to attend any post award conference convened by the KO in accordance with FAR 42.5. The KO, COR and other Government personnel, as appropriate, may meet periodically with the contractor to review the contractor's performance. At these meetings, the KO will apprise the contractor of how the Government views the contractor's performance and the contractor shall apprise the Government of problems, if any, being experienced. The contractor shall resolve outstanding issues raised by the Government. Contractor attendance at these meetings shall be at no additional cost to the Government.

1.4.9 Contract Manager (CM): The contractor shall designate a CM who shall ensure performance under this contract. The name of this person, and an alternate who shall act for the contractor when the CM is absent, shall be designated in writing to the KO. The CM or alternate shall have full authority to act for the contractor on all contract matters relating to daily operation of this contract. The CM shall work through the COR to resolve issues, receive technical instructions, and ensure adequate performance of

services. The CM shall ensure that contractor employees do not perform any services outside the scope of the contract without an official modification issued by the KO. The CM shall ensure contractor employees understand that services performed outside the scope of the contract are performed wholly at the expense of the contractor.

1.4.10 Identification of Contractor Employees: All contractor personnel attending meetings, answering Government telephones and working in other situations where their contractor status is not obvious to third parties are required to identify themselves as such to avoid creating an impression that they are Government employees. The contractor shall ensure that all documents or reports produced by contractor personnel are suitably marked as contractor products or that contractor participation is appropriately disclosed. The contractor's status as a "contractor" shall be predominantly displayed in all correspondence types (to include signature blocks on e-mail) and dealings with Government or non-Government entities. Contractor personnel shall wear identification badges distinguishing themselves as such. The badges shall have the company name, employee name and the word "contractor" displayed.

1.4.10.1 The contractor shall retrieve all identification media (including vehicle passes) from its employees who depart employment for any reason. The contractor shall return all identification media (i.e., badges and vehicles passes) to the KO within 14 days of an employee's departure.

1.4.11. Combating Trafficking in Persons: The United States Government has adopted a zero tolerance policy regarding trafficking in persons. Contractors and contractor employees shall not engage in severe forms of trafficking in persons during the period of performance of the contract; procure commercial sex acts during the period of performance of the contract; or use forced labor in the performance of the contract. The Contractor shall notify its employees of the United States Government's zero tolerance policy, the actions that will be taken against employees for violations of this policy. The contractor shall take appropriate action, up to and including termination, against employees or subcontractors that violate the US Government policy as described at FAR 22.17.

1.4.12 Contractor Travel: Not Applicable

1.4.13 Data Rights: Not Applicable

1.4.14 Organizational Conflicts of Interest (OCI): The contractor and subcontractor personnel performing services under this contract may receive, have access to or participate in the development of proprietary or source selection information (e.g., cost or pricing information, budget information or analyses, specifications or work statements, etc.) or perform evaluation services which may create a current or subsequent OCIs, as defined in FAR Subpart 9.5. The contractor shall notify the KO immediately whenever it becomes aware that such access or participation may result in any actual or potential OCI and shall promptly submit a plan to the KO to avoid or mitigate any such OCI. The contractor's mitigation plan will be determined to be

acceptable solely at the discretion of the KO. In the event the KO unilaterally determines that any such OCI cannot be satisfactorily avoided or mitigated, the KO may impose other remedies as he or she deems necessary, including prohibiting the contractor from participation in subsequent contracted requirements which may be affected by the OCI.

1.4.15 Phase In / Phase Out Periods: Not Applicable

2.0 Definitions and Acronyms:

2.1 Definitions:

2.1.1 Contractor: A supplier or vendor awarded a contract to provide specific supplies or service to the Government. The term used in this contract refers to the prime.

2.1.2 Defective Service: A service output that does not meet the standard of performance associated with the PWS.

2.1.3 Deliverable: Anything that can be physically delivered and includes non-manufactured things such as meeting minutes or reports.

2.1.4 Key Personnel: Contractor personnel that are evaluated in a source selection process and that may be required to be used in the performance of a contract by the PWS. When key personnel are used as an evaluation factor in best value procurement, an offer can be rejected if it does not have a firm commitment from the persons that are listed in the proposal.

2.1.5 Physical Security: Actions that prevent the loss or damage of Government property.

2.1.6 Quality Assurance: The Government procedures to verify that services being performed by the Contractor are performed according to acceptable standards.

2.1.7 Quality Assurance Surveillance Plan (QASP): An organized written document specifying the surveillance methodology to be used for surveillance of contractor performance.

2.1.8 Quality Control: All necessary measures taken by the Contractor to ensure that the quality of an end product or service shall meet contract requirements.

2.1.9 Subcontractor: One that enters into a contract with a prime contractor. The Government does not have privity of contract with the subcontractor.

3.0 Government Furnished Property, Material, Equipment and Services (GFP/M/E/S):
The Government will provide the property, material, equipment, and/or services listed below solely for the purpose of performance under this contract:

3.1 Property: None

3.2 Materials: None

3.3 Equipment: None

3.4 Services: None

3.5 Utilities: All utilities in the facility will be available for the contractor's use in the performance of this contract. The contractor shall instruct employees in utilities

conservation practices. The contractor shall operate under conditions that preclude the waste of utilities, which include turning off the water faucets or valves after using the required amount.

4.0 Contractor Furnished Property, Materials, and Equipment (CFP/M/E): RESERVED

5.0 Requirements: The contractor shall furnish all supervision, labor, materials, equipment, and supplies and other items of expense required to perform the work specified in this document in strict accordance with the specifications and drawings for this project and provide the government a complete and useable end product.

5.1 Facility 120 BDOC HVAC Repairs:

- 5.1.1 Demo and remove the existing indoor unit and condenser.
- 5.1.2 Recover all existing refrigerant in accordance with EPA standards and prepare for disposal.
- 5.1.3 Furnish and install a new ducted heat pump system. The new system shall be a compatible, like-for-like replacement for the existing PUMY-P48NHMU unit, meeting or exceeding its performance specifications in terms of capacity and efficiency.
- 5.1.4 Rework electrical and controls to accommodate the new system.
- 5.1.5 Reconnect existing ductwork to the new indoor unit.
- 5.1.6 Charge the new system with new, virgin refrigerant.
- 5.1.7 Perform system startup, testing, and commissioning to ensure optimal operational performance.

5.2 Submittals: Submit technical data, catalog cut sheets, samples, test reports or other items as listed below:

- 5.2.1 Technical data/cut sheets for the proposed new ducted heat pump system, demonstrating its compatibility and performance equivalence to the PUMY-P48NHMU unit. Submittals shall also include data for the refrigerant and any major new electrical components.
- 5.2.2 180th FW Ozone Depleting Substances Form for all material & equipment containing refrigerants.
- 5.2.3 As-built drawings – Provide an as-built drawing of new or modified electrical circuits.
- 5.2.4 Operations and maintenance manuals, and operating instructions for all installed equipment.
- 5.2.5 Submittals shall be provided with an AF Form 3000 filled out and signed by the contractor certifying the material is in compliance with the project requirements.

5.3 General:

- 5.3.1 Portable Toilet: Not applicable for this project – use facility bathrooms
- 5.3.2 Some of the work area is adjacent to the aircraft parking apron and is a secure restricted area.
- 5.3.3 Vehicles and equipment going onto the parking apron shall be inspected and checked for Foreign Object Debris (FOD) by the contractor prior to going on to

the apron. All debris and objects which could become FOD shall be removed and properly disposed of or secured.

- 5.3.4 Smoking on base is only allowed in designated areas (smoking sheds are marked with signs).
- 5.3.5 The contractor shall verify existing dimensions and conditions prior to submitting a bid and again prior to beginning work.
- 5.3.6 The contractor shall provide the government project manager or COR 7 days written notice before performing any disturbance of the ground to a depth below 3". The notice shall include a drawing of the area where the work is to be done. Mark the work area and proposed excavations with white flags or marking paint if required by the government, so existing utilities can be properly identified before beginning any demolition or excavation. Contractor shall ensure an approved Air Force Form 103 Work Clearance is issued before beginning any excavations.
- 5.3.7 Provide a minimum of 7 days advance notice in writing to the Contracting Officer or COR prior to the shutdown of any building utility system, street, or parking lot.
- 5.3.8 The contractor shall insure that all work complies with all federal state and local laws and ordinances applicable to the construction of this project. Install all equipment according to the manufacturer's written instructions. If a conflict is found, notify the Contracting Officer for resolution of the conflict prior to proceeding.
- 5.3.9 Prior to performing any operation requiring use of an open flame, or spark producing work obtain a burn permit from the base fire department (419-868-4116). The contractor shall provide and maintain fire extinguishers and other safety equipment at the job site at all times as required to perform the work.

5.6 Service Contract Reporting: Reserved for projects over \$3 million.

TECHNICAL EXHIBIT 1

Performance Requirements Summary (PRS)

This PRS includes performance objectives the Government will use to determine contractor performance and will compare contractor performance to the Acceptable Quality Level (AQL).

Performance Objective	Performance Standard	Acceptable Quality Levels (AQL)	Surveillance Method / By Whom
Removal of Existing System	Existing indoor unit and PUMY-P48NHMU condenser are fully removed. All refrigerant is recovered according to EPA standards.	100% of old unit removed and refrigerant recovered and documented properly.	Visual inspection and review of refrigerant disposal documentation.
Installation of New Heat Pump	New ducted heat pump system is installed per manufacturer guidelines, project requirements, and serves as a compatible, like-for-like replacement.	100% compliance with manufacturer's installation instructions and industry best practices.	Visual inspection and review of service report.
Electrical and Controls Rework	Electrical and control systems are correctly modified and integrated with the new unit.	100% functionality of all controls and electrical connections.	Functional testing and visual inspection.
System Charge and Commissioning	System is charged with refrigerant and is fully operational, meeting performance specifications.	100% system functionality with stable operation and properly dialed-in refrigerant charge.	Commissioning test, operational demonstration, and review of system performance data.

TECHNICAL EXHIBIT 2

Deliverables Schedule

PWS Reference / Deliverable Title	Frequency	Number of Copies	Medium/Format	Submit To
5.1.2 Refrigerant Recovery and Disposal Certification	Once, at with final report	1	Electronic Submission (PDF)	COR
5.1.7 Detailed Service & Commissioning Report	Once, at project completion	1	Electronic Submission (PDF)	COR
1.4.5.3 AT Level 1 Awareness Training Certificates	Provide within 15 calendar days after employee completes training.	1	Electronic Submission	COR
1.4.5.11 OPSEC Training Certificates	Provide within 15 calendar days after employee completes training.	1	Electronic Submission	COR
1.4.10 Identification Media	Return within 14 days of employee's departure from contract performance.	Original(s)	Hard Copy	KO
