

Attachment J.6**PERSONNEL LABOR CATEGORY QUALIFICATIONS. SOLICITATION NO. N0017826R3108****A. TASK ORDER LABOR MIX/LEVEL OF EFFORT**

Offerors' proposals may not deviate from the total number of hours included in the tables below.

Offerors have the latitude to propose the Non-Key labor mix they believe is best to accomplish the requirements identified within the SOW in a high quality, efficient, and cost-effective manner. Nevertheless, the Government has provided the following labor mix estimate in Table A-1 below to serve as a reference for prospective Offerors to better understand the overall distribution of skills throughout this effort. This estimate is based on historical requirements; as such, this estimate will be considered in evaluating proposals. The Offeror may deviate but such deviation shall be explained in the Offeror's Staffing Plan Narrative. If the proposed labor mix differs from the estimate provided in Table A-1, the Offeror shall describe how/why the proposed labor mix will result in a high quality, efficient, and cost-effective solution. If the Offeror does not explain deviations from the Non-Key labor mix it may result in upward cost adjustments or one or more weaknesses/deficiencies during evaluation.

Experience levels for non-key employees are as follows:

Labor Level	Relevant Years of Experience
Junior	>1 year - < 5 years
Mid-Level	>5 years - < 10 years
Senior	>10 years

A Computer Engineer III (Key), Systems Engineer III (Key), Program/Project Manager II (Key) and Program/Project Manager III (Key) are required and shall not deviate within the Offeror's staffing plan. Key labor hours are provided in Table A-2 below.

The Offeror shall calculate an individual's number of years of relevant professional experience based on the proposal due date. The labor mix allocation shall include all Key personnel. The labor category mix allocation does not include Surge requirements.

Table A-1

Labor Category Mix (Non-Key)	BASE	OY1	OY2	OY3	OY4	Total
	Hours	Hours	Hours	Hours	Hours	Hours
Software Engineer I (Junior)	19,200	19,200	19,200	19,200	19,200	96,000
Software Engineer II (Mid-Level)	15,360	15,360	15,360	15,360	15,360	76,800
Computer Engineer II (Mid-Level)	19,200	19,200	19,200	19,200	19,200	96,000
Computer Engineer III (Senior)	9,600	9,600	9,600	9,600	9,600	48,000
Design Engineer I (Junior)	7,680	7,680	7,680	7,680	7,680	38,400
Design Engineer III (Senior)	7,680	7,680	7,680	7,680	7,680	38,400
Electrical/Electronics Engineer III (Senior)	1,920	1,920	1,920	1,920	1,920	9,600
Human Systems Integration Engineer II (Mid-Level)	1,920	1,920	1,920	1,920	1,920	9,600
Mechanical Engineer II (Mid-Level)	7,680	7,680	7,680	7,680	7,680	38,400
Mechanical Engineer III (Senior)	1,920	1,920	1,920	1,920	1,920	9,600
Network Engineer II (Mid-Level)	13,440	13,440	13,440	13,440	13,440	67,200
Network Engineer III (Senior)	7,680	7,680	7,680	7,680	7,680	38,400
System Engineer I (Junior)	13,440	13,440	13,440	13,440	13,440	67,200

System Engineer II (Mid-Level)	11,520	11,520	11,520	11,520	11,520	57,600
System Engineer III (Senior)	7,680	7,680	7,680	7,680	7,680	38,400
Electrical Engineer II (Mid-Level)	1,920	1,920	1,920	1,920	1,920	9,600
Test Engineer II (Mid-Level)	3,840	3,840	3,840	3,840	3,840	19,200
Test Engineer III (Senior)	1,920	1,920	1,920	1,920	1,920	9,600
Fully Qualified Navy Validator II (Mid-Level)	3,840	3,840	3,840	3,840	3,840	19,200
Graphic Designer II (Mid-Level)	1,920	1,920	1,920	1,920	1,920	9,600
Information System Security Manager II (Mid-Level)	1,920	1,920	1,920	1,920	1,920	9,600
Information System Security Manager III (Senior)	1,920	1,920	1,920	1,920	1,920	9,600
Logistician II (Mid-Level)	3,840	3,840	3,840	3,840	3,840	19,200
Logistician III (Senior)	1,920	1,920	1,920	1,920	1,920	9,600
Information Systems Manager II (Mid-Level)	1,920	1,920	1,920	1,920	1,920	9,600
Information Systems Manager III (Senior)	1,920	1,920	1,920	1,920	1,920	9,600
Program/Project Manager II (Mid-Level)	5,760	5,760	5,760	5,760	5,760	28,800
Configuration Management Specialist II (Mid-Level)	3,840	3,840	3,840	3,840	3,840	19,200
Configuration Management Specialist III (Senior)	3,840	3,840	3,840	3,840	3,840	19,200
Information Assurance Compliance Specialist II (Mid-Level)	1,920	1,920	1,920	1,920	1,920	9,600
Information Assurance Compliance Specialist III (Senior)	1,920	1,920	1,920	1,920	1,920	9,600
Information System Security Specialist II (Mid-Level)	1,920	1,920	1,920	1,920	1,920	9,600
Information System Security Specialist III (Senior)	1,920	1,920	1,920	1,920	1,920	9,600
Training Specialist III (Senior)	3,840	3,840	3,840	3,840	3,840	19,200
System Administrator II (Mid-Level)	7,680	7,680	7,680	7,680	7,680	38,400
Electronics Technician I (Junior)	3,840	3,840	3,840	3,840	3,840	19,200
Electronics Technician II (Mid-Level)	7,680	7,680	7,680	7,680	7,680	38,400
Technical, Writer, II (Mid-Level)	3,840	3,840	3,840	3,840	3,840	19,200
Technical, Writer, III (Senior)	7,680	7,680	7,680	7,680	7,680	38,400
DevOps Engineer I (Junior)	7,680	7,680	7,680	7,680	7,680	38,400
DevOps Engineer II (Mid-Level)	3,840	3,840	3,840	3,840	3,840	19,200
DevOps Engineer III (Senior)	1,920	1,920	1,920	1,920	1,920	9,600

Facilities Engineer III (Senior)	960	960	960	960	960	4800
Systems Architect II (Mid-Level)	5,760	5,760	5,760	5,760	5,760	28,800
Systems Architect III (Senior)	3,840	3,840	3,840	3,840	3,840	19,200
Systems Technician I (Junior)	11,520	11,520	11,520	11,520	11,520	57,600
Systems Technician II (Mid-Level)	17,280	17,280	17,280	17,280	17,280	86,400
Systems Technician III (Senior)	7,680	7,680	7,680	7,680	7,680	38,400
Total	288,960	288,960	288,960	288,960	288,960	1,444,800
Surge	28,896	28,896	28,896	28,896	28,896	144,480
Total with Surge	317,856	317,856	317,856	317,856	317,856	1,589,280

Table A-2

Labor Category (Key)	Base	OY1	OY2	OY3	OY4	Total
Program/Project Manager II (Mid-Level)	1,920	1,920	1,920	1,920	1,920	9,600
Program/Project Manager III (Senior)	1,920	1,920	1,920	1,920	1,920	9,600
System Engineer III (Senior)	1,920	1,920	1,920	1,920	1,920	9,600
Computer Engineer III (Senior)	1,920	1,920	1,920	1,920	1,920	9,600
Total	7,680	7,680	7,680	7,680	7,680	38,400
Surge	768	768	768	768	768	3,840
Total with Surge	8,448	8,448	8,448	8,448	8,448	42,240

The Offeror's proposed staffing shall comply with the Table A-1 and Table A-2 hours. The Government will treat offers that fail to propose the required hours as non-responsive.

B. GEOGRAPHIC DISTRIBUTION

For proposal purposes, the Offeror should primarily assume that all of the support will be provided at the Offeror's facilities. Government office space will not be provided.

C. TASK ORDER LABOR CATEGORY QUALIFICATIONS

To perform the requirements of the Statement of Work (SOW), the Government requires Personnel with the appropriate experience and professional qualifications. The Offeror shall provide qualified personnel who possess the experience, skills and education needed to perform the requirements of the SOW. Key Personnel qualification levels are considered to be desired for those individuals whose resumes are submitted for evaluation with the proposal. All individuals performing under the Key Personnel labor categories are considered Key.

- Experience – The specific experience for each Key Labor Category must be directly related to the tasks and programs listed in the SOW.
- Formal Education - For each Key Labor Category, formal education qualifications are cited, as appropriate to the requirements of the Labor Category, to establish professional credentials from which applied experience is founded.
- Professional Development - Professional development includes honors, degrees, publications, professional licenses and certifications and similar evidence of professional accomplishments that directly impact the offers' ability to perform the Task Order. The years of experience listed below are in addition to appropriate professional

development. It is incumbent upon the Offeror to demonstrate that the proposed personnel have appropriate credentials to perform the work.

- Accumulation of Qualifying Experience - Categories of experience may be accumulated concurrently.
- The Program Manager shall be an employee of the Prime.

C.1 KEY PERSONNEL

PROGRAM/PROJECT MANAGER, II

Demonstrated Knowledge and Experience in the following areas:

- Conceptual knowledge of U.S. Navy Integrated Training Systems
- Experience with cost, schedule and performance as it relates to program execution
- Program and Personnel Management
- Financial Management
- Risk Management Policies and Assessment
- Successfully managing Department of Defense (DoD)/Department of the Navy (DoN) Contracts/Task Orders of similar size and complexity
- Program Management experience running a large support services contract with multiple Sub-contractors
- Demonstrated ability to interface effectively with customers and to deliver quality products on time and within budget
- Demonstrated ability to plan, design, coordinate, and control the progress of project work to meet sponsor objectives
- Demonstrated ability to manage a diverse technical workforce consisting of multiple skill sets

Education Requirements:

- Bachelor's degree in one of the following areas:
 - Management,
 - Engineering,
 - Computer Science,
 - Information Systems,
 - Business, or
 - other related scientific or technical discipline

Professional Experience:

- Eight (8) years program management experience with four (4) years of experience managing DoD/DoN programs

PROGRAM/PROJECT MANAGER, III

Demonstrated Knowledge and Experience in the following areas:

- Conceptual knowledge of U.S. Navy Integrated Training Systems
- Experience with cost, schedule and performance as it relates to program execution
- Program and Personnel Management
- Financial Management
- Risk Management Policies and Assessment
- Successfully managing Department of Defense (DoD)/Department of the Navy (DoN) Contracts/Task Orders of similar size and complexity
- Program Management experience running a large support services contract with multiple Sub-contractors
- Demonstrated ability to interface effectively with customers and to deliver quality products on time and within budget

- Demonstrated ability to plan, design, coordinate, and control the progress of project work to meet sponsor objectives
- Demonstrated ability to manage a diverse technical workforce consisting of multiple skill sets

Education Requirements:

- Bachelor's degree in one of the following areas:
 - Management,
 - Engineering,
 - Computer Science,
 - Information Systems,
 - Business, or
 - other related scientific or technical discipline

Professional Experience:

- Fifteen (15) years program management experience with eight (8) years of experience managing DoD/DoN programs

SYSTEM ENGINEER III

Demonstrated Knowledge and Experience in the following areas:

- Demonstrated experience providing requirements to Trouble Reports (TR) and/or Change Requests (CR) written against failed requirements
- Demonstrated experience reviewing architectures, component functional allocation and flows, interfaces, system processing and performance for Combat Systems or Electronic Warfare Navy systems
- Demonstrated experience evaluating design options and recommend solutions to identified Combat Systems or Electronic Warfare Navy systems problems
- Demonstrated experience providing subject matter Combat Systems or Naval Electronic Warfare expertise to develop test plans, test specifications, test reports, and other planning documents
- Demonstrated experience developing procedures to test functional-level and system-level requirements of the Combat System or Electronic Warfare Training software
- Demonstrated experience managing DoD software projects from cradle to grave
- Demonstrated knowledge of IEEE and other industry standards/best practices
- Demonstrated experience in Combat System or Electronic Warfare design, core technologies and Combat System or Electronic Warfare training execution
- Demonstrated experience with DoD navy training systems and training tool development
- Demonstrated experience in the following areas:
 - Computer Architecture
 - Red Hat Linux
 - Virtualization Technologies such as:
 - VMWare and RHEV
 - RTI DDS Messaging
 - RTI-S HLA
 - Model Based Systems Engineering Software such as:
- Demonstrated experience participate in training related test events such as:
 - Advanced Computer-Based Training Systems (ACTS)/Battle Force Tactile Training (BFTT)/Advanced Training Domain (ATD)
 - Fleet Synthetic Trainer (FST)

- Aegis
- Ship Self Defense System (SSDS)
- Navigation Sensor System Interface (NAVSSI)
- GPS-Based Positioning, Navigation, and Timing Service (GPNTS)
- US Navy SLQ-32A, SLQ-32B, and/or SLQ-32(V6) experience

Education Requirements:

- Master's level degree in one of the following areas:
 - Computer, Software, Electrical or Electronics Engineering,
 - Computer Science,
 - Information Systems Management, or
 - Systems Engineering

Professional Experience:

- Ten (10) years of professional experience in systems engineering experience with Combat Systems, or Electronic Warfare Systems

COMPUTER ENGINEER III

Demonstrated Knowledge and Experience in the following areas:

- Demonstrated experience managing DoD software projects from cradle to grave
- Demonstrated knowledge of IEEE and other industry standards/best practices
- Demonstrated experience in Combat System design, core technologies and Combat System training
- execution
- Demonstrated experience in Computer System architecture design and development
- Demonstrated experience with C, C++ and Java
- Demonstrated experience with real time messaging products such as Data Distribution Service (DDS)
- Demonstrated experience with simulation architecture standards such as High Level Architecture (HLA) and Distributed Interactive Simulation (DIS)
- Demonstrated experience managing software version control and/or software source code base management
- Demonstrated experience with DoD training systems and training tool development
- Demonstrated experience in the following areas:
 - Computer Architecture
 - Red Hat Linux
 - Virtualization Technologies such as:
 - VMWare and RHEV
 - Model Based Systems Engineering Software
- Demonstrated specialized experience performing work in each of the following Naval System areas:
 - Aegis
 - SSDS
 - NAVSSI
 - GPNTS
 - BFTT / ATD

Education Requirements:

- Master's level degree in one of the following areas:
 - Computer, Software, Electrical or Electronics Engineering,
 - Computer Science,
 - Information Systems Management, or
 - Systems Engineering

Professional Experience:

- Ten (10) years of professional experience in one or more of the following fields:
 - Software development; or
 - Computer Networks; or
 - Systems Engineering with an emphasis on software development and integration.
