**1.5 Period of Performance:** The period of performance for this contract is 7-12 June 2026. This contract request does not contain options years.

#### **1.6 General Information:**

**1.6.1 Quality Control Plan (QCP):** The Contractor’s existing quality assurance system shall be utilized in accordance with FAR 12.208.

**1.6.1.1** The Contractor shall inform the COR of issues that might affect the performance within four (4) clock hours of identifying those issues. Verbal reports shall be followed up by written reports within two (2) days.

**1.6.2 Quality Assurance:** The Government will evaluate the Contractor’s performance under this contract in accordance with the Quality Assurance Surveillance Plan (QASP). This plan is primarily focused on what the Government must do to ensure that the Contractor has performed in accordance with the performance standards. It defines how

the performance standards will be applied, the frequency of surveillance, and the acceptable quality levels (performance thresholds).

**1.6.3 Recognized Holidays:** There are no recognized holidays during the period of performance.

**1.6.4 Hours of Operation:** The Contractor is responsible for conducting business, between the hours of 6:00 a.m. – 10:00 p.m., Sunday through Friday. During this time there are no Federal holidays to interfere with training. Facility closures based on local or national emergencies will be directed by the Contracting Officer (KO). The Contractor shall maintain an adequate workforce for the uninterrupted performance of all tasks defined within this PWS. When hiring personnel, the Contractor shall keep in mind that the stability and continuity of the workforce are essential.

**1.6.5 Place of Performance:** The work to be performed under this contract will be performed at a contracted facility located within a 50-mile radius of Dra. Maria Cadilla de Martinez School in Arecibo, Puerto Rico.

**1.6.6 Type of Contract:** This will be awarded as a Firm Fixed Price contract.

**1.7 Security Requirements:** The following information is provided on security-related matters. Contractor personnel performing work under this contract are not required to have a security clearance.

**1.7.1 Key Control:** The Government will establish and implement effective methods to ensure that all keys and key cards provided by the Contractor are properly managed. These methods are designed to prevent loss, misplacement, or unauthorized use of keys and key cards. For the purposes of these procedures, all references to “keys” include key cards.

Keys and key cards provided by the Contractor shall not be duplicated. The Government will develop and maintain procedures for key and key card control, including the requirement for personnel to return any issued keys or key cards when access to specific areas is no longer necessary.

Any occurrence involving the loss or duplication of a key or key card will be reported to the Contracting Officer without delay.

If a key or key card (excluding master keys) is lost or duplicated, the Contractor, upon receiving direction from the Contracting Officer, will re-key or replace the affected lock(s). Alternatively, the Government may, at its discretion, choose to perform the re-keying or lock replacement. Should the Government undertake this action, the associated costs will be deducted from the Contractor’s monthly payment.

If a master key is lost or duplicated, the Government will replace all locks and keys associated with that system. The total cost of this replacement will be deducted from the Contractor's monthly payment.

The Contractor shall prohibit the use of Government issued keys/key cards by any persons other than the Contractor's employees. The Contractor shall prohibit the opening of locked areas by Contractor employees to permit entrance of persons other than Contractor employees engaged in the performance of assigned work in those areas, or personnel authorized entrance by the Contracting Officer.

**1.7.2 Lock Combinations:** The Contractor shall establish and implement methods of ensuring that all lock combinations are not revealed to unauthorized persons. The Contractor shall ensure that lock combinations are changed when personnel having access to the combinations no longer have a need to know such combinations.

**1.8 Post Award Conference/Periodic Progress Meetings:** The Contractor shall attend any post award conference convened by the contracting activity or contract administration office in accordance with FAR Subpart 42.5. The Contracting Officer, COR, and other Government personnel, as appropriate, may meet periodically with the Contractor to review the Contractor's performance. At these meetings the Contracting Officer will apprise the Contractor of how the Government views the Contractor's performance and the Contractor shall apprise the Government of problems, if any, being experienced. Appropriate action shall be taken to resolve outstanding issues. These meetings shall be at no additional cost to the Government.

**1.8.1** The Contractor shall attend, participate in, and furnish input to scheduled and unscheduled meetings, conferences, and briefings that relate to the functions and services herein as required by the Government to provide effective communication and impart necessary information. The Contract Manager or designated representative shall attend meetings as requested by the Government. Meeting attendees shall at times include Contractor managerial, supervisory, and other personnel knowledgeable of the subject matter. Meetings may start or end outside of regular duty hours.

**1.9 Contracting Officer Representative (COR):** As determined by the Contracting Officer, a COR will be appointed and identified by letter of designation, a copy of which will be provided to the Contractor by the Contracting Officer. The designation letter states the responsibilities and limitations of the COR, especially with regard to changes in cost or price, estimates, or changes in delivery dates. The COR is not authorized to change any of the terms and conditions of the resulting order. The COR monitors all technical aspects of the contract and assists in contract administration. The COR is not authorized to obligate the Government. If the work is not written in the contract, the COR is not authorized to request new work. The COR is authorized to perform the following functions: assure that the Contractor performs the technical requirements of the contract, perform inspections necessary in connection with contract performance, maintain written and oral communications with the Contractor concerning technical aspects of the contract, issue written interpretations of technical requirements, including

Government drawings, designs, specifications, monitor Contractor's performance and notifies both the Contracting Officer and Contractor of any deficiencies, coordinate availability of Government property, and coordinate site entry of Contractor personnel.

**1.10 Key Personnel:** The following personnel are considered key personnel by the Government. The Contractor shall provide a point of contact, Program Manager (PM), who shall be on-site and responsible for the performance of the work. The PM must be bi-lingual, possessing the ability to speak, read, and write fluently in both English and Spanish. The name of this person and an alternate point of contact, who shall act for the Contractor when the PM is absent, shall be submitted to the Contracting Officer and COR in writing. The alternate point of contact must also meet the same bi-lingual fluency requirements as the primary PM. The PM and the alternate point of contact shall have full authority to act for the Contractor on all contract matters relating to the daily operation of this contract. The PM or alternate point of contact shall be available to contact at all times during the performance of this contract.

**1.11 Identification of Contractor Employees:** All Contractor personnel attending meetings and working in other situations where their Contractor status is not obvious to third parties must identify themselves, to include proper marking of signature blocks in correspondence, to avoid creating an impression in the minds of members of the public that they are Government officials. The Contractor shall ensure that all documents or reports, produced by Contractors are suitably marked as Contractor products or that Contractor participation is appropriately disclosed.

**1.12 Protection of Government and Contract Information:** Per Public Use Notice of Limitations stated by Defense imagery Management Operations Center and contained at [www.dimoc.mil/resources/limitations/](http://www.dimoc.mil/resources/limitations/) the Contractor shall not cite any information (e.g., contract information, pictures, locations, etc.) obtained through this contract on any hard copy or digital marketing tools to include its company website.

**1.13 Organizational Conflict of Interest (OCI):** Contractor and subcontractor personnel performing work under this contract may receive, have access to or participate in the development of proprietary or source selection information (e.g., cost or pricing information, budget information or analyses, specifications or work statements, etc.) or perform evaluation services which may create a current or subsequent OCI as defined in FAR Subpart 9.5. The Contractor shall notify the Contracting Officer immediately whenever it becomes aware that such access or participation may result in any actual or potential OCI and shall promptly submit a plan to the Contracting Officer to avoid or mitigate any such OCI. The Contractor's OCI Mitigation Plan will be determined to be acceptable solely at the discretion of the Contracting Officer. In the event the Contracting Officer unilaterally determines that any such OCI cannot be satisfactorily avoided or mitigated, the Contracting Officer may affect other remedies as he or she deems necessary, including prohibiting the Contractor from participation in subsequent contracted requirements which may be affected by the OCI.

## **PART 2 DEFINITIONS, & ACRONYMS**

### **2. Definitions and Acronyms**

**2.1 Definitions:** Although not inclusive of every term used within this PWS, the following provides a list of definitions used throughout this PWS and commonly used in the acquisition field.

**Co-located** – means within a walking distance of 500 meters from the primary lodging area.

**Contractor** – means a supplier or vendor awarded a contract to provide specific supplies or service to the Government. The term used in this contract refers to the prime.

**Contracting Officer** – means a person with the authority to enter into, administer, and/or terminate contracts and make related determinations and findings on behalf of the Government. Note: The only individual who can legally bind the Government.

**Contracting Officer's Representative (COR)** – As defined in DFARS 202.101, means an individual designated and authorized in writing by the Contracting Officer to perform specific technical or administrative functions. DoD Instruction (DoDI) 5000.72, Part II Definitions states the following when defining a COR: “Defined in subpart 202.101 of Reference (f). Any individual delegated responsibilities pursuant to subpart 1.602-2 of Reference (e), regardless of local terminology, must be certified in accordance with this instruction. For example, local terminology can be COR, Contracting Officer’s technical representative, technical point of contact, technical representative, alternate COR, administrative COR, assistant COR, line item manager, task order manager, quality assurance personnel, quality assurance evaluator, or COR management.” In addition, Army Regulation 70-13, Chapter 2, paragraph 2-2g, states, in part, the following when providing other surveillance support personnel to assist the COR when needed, “...These other surveillance support personnel may serve as on-site representatives of the COR in performance of actual contract surveillance if they meet all COR requirements and have been appointed by the Contracting Officer as alternate CORs.”

**Day** – means, unless otherwise specified, a calendar day.

**Defective Service** – means a service output that does not meet the standard of performance associated with the Performance Work Statement.

**Deliverable** – means anything that can be physically delivered but may include non-manufactured things such as meeting minutes or reports.

**Key personnel** – mean Contractor personnel that are evaluated in a source selection process and that may be required to be used in the performance of a contract by the

Key Personnel listed in the PWS. When key personnel are used as an evaluation factor in best value procurement, an offer can be rejected if it does not have a firm commitment from the persons that are listed in the proposal.

**Physical Security** – means that part of security concerned with physical measures designed to safeguard personnel; to prevent unauthorized access to equipment, installations, material, and documents; and to safeguard against espionage, sabotage, damage, and theft.

**Quality Assurance** – (or Government contract quality assurance) means the various functions, including, inspection, performed by the Government to determine whether a Contractor has fulfilled the contract obligations pertaining to quality and quantity.

**Quality Assurance Surveillance Plan (QASP)** – means the key Government-developed surveillance process document and is applied to Performance-Based Service Contracting (PBSC). The QASP is used for managing Contractor performance assessment by ensuring that systematic quality assurance methods validate that Contractor quality control efforts are timely, effective, and are delivering the results specified in the contract or task order. The QASP directly corresponds to the performance objectives and standards (i.e., quality, quantity, timeliness) specified in the Performance Work Statement (PWS). It provides specific details on how the Government will survey, observe, test, sample, evaluate, and document Contractor performance results to determine if the Contractor has met the required standards for each objective in the PWS. The QASP, with very few if any exceptions, is an internal to Government document.

**Quality Control** – means all necessary measures taken by the Contractor to assure that the quality of an end product or service shall meet contract requirements.

**Subcontractor** – means one that enters into a contract with a prime Contractor. The Government does not have privity of contract with the subcontractor.

**Work Day** - The number of hours per day the Contractor provides services in accordance with the contract.

**Work Week** - Monday through Friday, unless otherwise specified.

**5.5 Training and Instructional Facilities:** The Contractor shall provide facilities co-located to the lodging and meal services:

**5.5.1** One (1) pool and/or lake with certified lifeguards.

**5.5.2** Ten (10) canoes, each equipped with two (2) paddles and one (1) life vest per person.

**5.5.3** One (1) motorized safety boat or two (2) canoes for every five (5) canoes in the water. The boat/canoe shall be crewed by two (2) certified lifeguards provided by the Contractor at all times.

**5.5.4** Daily access to one (1) archery range.

**5.5.5** One (1) COPES Course with high and low ropes. Training instruction will be provided by Cadre.

**5.5.6** One (1) Rappel Tower. Training instruction will be provided by Cadre.

**5.5.7** One (1) climate-controlled classroom for instructional usage to accommodate 50 personnel per group.

**5.6 Golf Carts:** The Contractor shall provide the eight (8) specified golf carts (4 passenger, 4 cargo) fully fueled and in good mechanical working order at the start of each day (06:00). Performance shall be verified through a daily vehicle sign-out/sign-in log managed by the Cadre leadership. Any cart that is non-operational for more than two (2) consecutive hours shall be considered to have failed this standard for the day.

“Operational” for a golf cart is defined in this PWS as “fueled, safe to operate, and free of defects that would impede normal use.”

**5.7 Medical Support Facility:** The Contractor shall provide a co-located 24/7 fixed, dedicated, climate-controlled first aid station. This facility must include two (2) beds or cots, privacy for treatment, adequate lighting, access to toilet facilities with hot/cold running water, electrical outlets, an Automated External Defibrillator (AED), first aid supplies, and secure storage for medical records. Medical staffing personnel (i.e. registered nurses) will be provided by the Contractor.

## **PART 6 APPLICABLE PUBLICATIONS**

**6. Applicable Publications (Current Editions):** The following publications, manuals, regulations, etc. are applicable to this requirement and the Contractor shall adhere to the most current versions.

**6.1** The Contractor must abide by all applicable regulations, publications, manuals, and local policies and procedures.

**6.1.1** Cadet Command Regulation 145-02 JROTC Organization, Administration, Operations Training and Support

**6.1.2** Army Senior Reserve Officer's Training Corps On-Campus Training and Leadership Development 18 June 2019

**6.1.3** DA PAM 30-22, Food Risk Management Procedures, June 2003. Food shall be prepared, held, and served at temperatures in accordance with DA PAM 30-22. All hot foods must be maintained at an internal temperature of at least 140°F, and all cold potentially hazardous foods (PHFs) must be kept at or below 40°F.
