3. The contractor shall provide a technical approach to meet all key steps outlined in the PWS

Request for Quote

* The offeror is not required to use Page 2 and 3 of this RFQ; however, if you choose not to use it, all the information on Page 2 must be included in your offer.

Deadline for receipt of offers: All quotes pertaining to this solicitation shall be sent to the email addresses:

samuel.gonzales.1@us.af.mil and trevor.finch.1@us.af.mil, **NLT 6 MAY 2026, 03:00 PM (CDT)**.

EVALUATION OF OFFERS: The evaluation for this acquisition will be solely based on the best in consideration of technical acceptability and price. To be considered technically acceptable, an offeror's proposal must demonstrate a thorough understanding of and capability to meet all requirements specified in the Performance Work Statement (PWS). In addition, the offeror must demonstrate specialized experience.

Submission Requirements:

1. **Technical Approach:** The offeror must submit a narrative describing their technical approach to fulfilling all tasks outlined in the attached PWS. As a minimum, this must include an acknowledgment that the offeror has read, understands, and will comply with all requirements.
2. **Contractor/subcontractor location.** Contractors will be evaluated for servicing location as part of the technical acceptability evaluation. Contractors must be located within 45 Miles of Dyess AFB, TX. Contractors not located within this range can provide the identified contractor company intended to use for this effort. The Subcontractor must be identified and have the servicing location within 45 miles of Dyess AFB, TX.
3. **Experience with Military Dress Uniforms:** The offeror must demonstrate significant corporate experience in the cleaning and preservation of military dress uniforms (e.g., Service Dress, Mess Dress). Provide detailed descriptions of at least two (2) projects or contracts completed within the past five (5) years, including client names and verifiable references.

Basis of Evaluation:

1. Technical Acceptability

The Government will evaluate the offeror's submission to determine if the technical approach is sound and the demonstrated experience meets the specialized requirements for handling military dress uniforms. Failure to meet both requirements will result in the Quote being rated technically unacceptable.

2. Pricing

The government will evaluate pricing to determine best value, as well as price reasonableness. Pricing will be evaluated by using the estimated quantities and the estimated total cost added for all items. This pricing will be evaluated to determine the lowest price offers providing the best value to the government.

2.1 **Unbalanced pricing.** If unbalanced pricing is found/determined present on the offerors submitted pricing, the government shall remove the offers from consideration for award.

2.2 **Unrealistic Pricing.** If pricing is determined to be too low/high in comparison with other provided quotes, or what would be reasonably expected in the commercial market place, the government shall remove the offeror from consideration.
