The 30 calendar rental period will commence upon installation and fully operational status of the generator. Two (2) options to extend rental service for an additional 30 days each are included. The total rental service period of performance will not exceed 90 days.

Limited access: All contractor employees are required to be able to pass a background check to enter the installation and the Restricted Area.

To ensure all responses are received, responses must include the RFQ number (FA25426Q0005) and title (Buckley SFB – CE Generator Rental) in the subject line of the email submission and are to be sent to both the Contracting Officer (TSgt Matt Kennedy, matthew.kennedy.24@spaceforce.mil) and Contract Specialist (SSgt Cody Wolff, cody.wolff@spaceforce.mil).

Quote submissions are due to **both** the Contracting Officer and Contract Specialist (listed above) **NLT 9:30AM MDT, Friday, 15 May 2026.** Questions and quotations received after the submission deadline may not be answered or accepted.

The provision at RFO 52.212-1, Instructions to Offerors – Commercial Products and Commercial Services, applies to this acquisition with the following addenda:

To be considered responsive, please include the following items in your response:

- Must include a quote
- Must include a technical description of how all required items within SON will be accomplished/provided
- Must include details of any warranty, if applicable
- Must include the following information:
 - o Company name, address, and point of contact, with email address and phone number
 - o CAGE Code and/or UEI number

RFO 52.212-2 Evaluation – Commercial Products and Commercial Services

(a) Evaluation Factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

Lowest Price Technically Acceptable evaluation approach criteria:

Price

The lowest price quote will be based upon the Total Evaluated Price (TEP). The TEP is inclusive of all CLINS (base + 2 Options, CLIN 0001-2002).

Technical (Capability of the services offered to meet the Government's need) – The contractor's response must demonstrate the capability to perform all requirements and provide a detailed technical response of how all required items within SON will be accomplished. The contractor must be able to complete delivery and installation of the generator to be fully functional within 7 calendar days and provide the rental for 30 calendar days (up to 90 if both options are exercised) once installation is complete.

Compliance with all other RFQ requirements – The Contractor must include or meet all other requirements set forth within this RFQ to be determined as compliant/responsive. An offeror deemed non-compliant or response to the RFQ may be deemed not technically acceptable and deemed not eligible for contract award.

Evaluation factors other than price when combined are approximately equal to price.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s). Options, if required, shall be exercised IAW RFO 52.217-9, Option to Extend the Term of the Contract.

(c) Notice of Award. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

LPTA evaluation process/steps:

- 1) Upon RFQ submission deadline closing, the Government will order all quotes received from the lowest price to the highest. A review of the lowest priced quote will be conducted to determine if the offeror has met all listed requirements within the RFQ to be deemed compliant/responsive.
- 2) If all requirements within the RFQ have been met/provided, a technical evaluation will be conducted for technical acceptability.
- 3) If determined to be technically acceptable, and the offeror's price is determined to be fair, reasonable, and balanced, the evaluation will end and contract award will be made to that offeror.

4) If the lowest priced offeror is deemed non-responsive for missing any RFQ requirements; or, if the offeror's quote is determined to be non-technically acceptable, the next lowest priced offeror will be evaluated IAW steps 1-3, and this will be repeated until a Lowest Price Technically Acceptable offeror is determined.

DFARS 252.232-7006, Wide Area Workflow Payment Instructions

- (a) *Definitions.* As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing.* The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall-

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) *Document type.* The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

2in1 Invoice

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

2in1 Invoice

(iii) For customary progress payments based on costs incurred, submit a progress payment request.
